Bowlers Are Well Tuned Up for A. B. C., for Which Entries Close Soon.

LOCAL TOURNEY BIG SUCCESS

Last week marked the close of Omaha's seventh annual city tournament, the most successful one held by the local association of bowlers. The entry was the largest of any previous scratch tournament ever held and the scores were higher than those of past tournaments. Competition was keen from start to finish and no high scores were sure of their place in the standing until the last ball was thrown. The prize fund was a good one and when Secretary Cain sent out the checks Tuesday night several bowlers were due to receive a neat sum for their showing in the matches.

Krug's Luxus team made the best showing in money winnings, while the Storz team took all honors by being declared city champions. Learn was the individual star of the meet, winning the most money and also the city championship in the singles and all-events, and shared with Goff the two-man championship. Both Learn's and Goff's rolling was of the sensational variety.

Coupled with the attainment of high speed production within the short space of three months' time, officials of Dodge Brothers are receiving the additional satisfaction that comes from the perfect performance of the car in the hands of dealers and owners throughout the country.

Practically every dealer in the sales organization has been supplied with cars. and trainload shipments are now the daily order at the big Detroit factory. FORD SETS NEW RECORD FOR AUTO SHOW SALES

Ford sales up to noon yesterday eclipsed all previous records ever made in any one week by the local branch. More than three times as many Model "T's" were sold as during the show last year. and more than twice as many as were ever sold in one week, before.

The new Ford runsbout with the cowl dash, electric lights, new windshield, etc., was responsible for some of the increase in sales; although a large number of touring cars were also sold. The new Ford coupelet and sedan came in for a large share of the attention of the automobile show visitors, and it is said that a great many sales were consummated on these enclosed models.

Among the Omaha purchasers of Ford day, were: Kirkendali Shoe Co., J. W. Hutchins. (4 cars). Carpenter Paper Co.
