

AMERICAN SHIPS UNLOAD CARGOES

Yankee Craft in German Port Return in Ballast Because of the British Blockade Order.

GOODS LEFT MOSTLY DYESTUFFS

BERLIN, March 4.—(Via London, March 5.)—In consequence of the projected Anglo-French measures against cargoes in transit from Germany, several American steamers now at Bremerhaven have commenced to discharge cargoes which they had taken on board for the United States, and plan to return home in ballast. The step, which was taken on orders from the owners of the vessels, affects particularly shipments of dye stuffs. Four or five American steamers are now at Bremen.

See Two Freighters Sunk. BERLIN, March 5.—(Via London.)—The destruction of two freighters by torpedoes in the English channel was witnessed by the captain of the American ship, Gulf Light, from Galveston, Feb. 23, which arrived in the West Thursday morning with a cargo of cotton, according to a story printed in the Morgan Post. The captain is quoted by the newspaper as saying the ships were attacked by a submarine. One of them is reported to have been loaded with rice and the other with coal. The captain says the Morgan Post, asserted he passed safely through the mine fields following directions issued by the German admiralty.

French Search Spanish Ship. NICE, March 5.—(Via Paris.)—A French torpedo boat, cruising off here yesterday, spotted a Spanish steamer and an officer inspected the passengers. Among them on board were four Austrian reservists and one German, who had taken passage to Italy in the hope of being able to join their regiments at the front. The men were taken prisoners and have been sent to Marseilles.

Report on Carib and Evelyn. WASHINGTON, March 5.—Commander Gerhardt's supplementary report on the American cotton steamers Carib and Evelyn by mines in the North Sea, received today from Berlin says: "Both boats sunk by mines. No false directions given by the British. Boats simply ran on mine fields." It had been said that the ships were off London; furnished by the German authorities and were following routes given by British officials.

Burning Oil Sprayer Used by the Germans Patented in France

PARIS, March 5.—The effect of the burning oil and chemical sprayed by the German upon the French advance trenches in the woods of Malancourt, which was mentioned in a recent official communication (February 27), is described by a nurse at the front. Incidentally, it has been learned that this new instrument of warfare, which is a German invention, was patented in France.

The nurse was at a railway station when the soldier victims arrived. Their faces were badly burned, their limbs blistered and their clothing charred. A soldier, who acted as spokesman told the nurse of his experience.

He said that at nightfall, after a relatively calm day, the Germans began to attack with flaming liquid. Incredulous at first, the French soon discovered that this liquid was being directed against them from several jets.

"None of us could escape the torrent of flame," said the soldier. "Our clothes flowed with oil and some of us became living torches. Surrounded by flames, we had to retreat, but not until our comrades of the second line were ready to resist the attack of the enemy, which began six minutes after."

County Unit Bill Has Been Postponed

(From a Staff Correspondent.) LINCOLN, March 5.—(Special.)—Representative Tibbets delivered a half-hour speech in the house Thursday afternoon in support of his county unit school bill, H. R. 24. He called attention to the fact that the plan is optional with each county to adopt it or not. Mr. Tibbets admitted that there is widespread opposition to the county unit proposition, but he thought the legislature should give counties, where the people want it a chance to secure it, even if there were not more than four or five such counties. Mr. Tibbets declared that county unit beneficiaries are elected now, because they are good politicians and not because of their professional qualifications. Under the county unit plan, he said, a county board would have charge of all the schools and would choose a superintendent for his ability as an educator.

Washington Affairs

The names of Rear Admirals Fletcher, Howard and Cowles, commanding the Atlantic Pacific and Asiatic Fleets, were brought forward in naval circles as President Wilson's probable selection for three new admirals of the navy, just authorized by congress. Official reports to the United States government through other diplomatic representatives describe an intolerable condition of affairs in Mexico City, where the population is suffering the effects of famine and lack of communication with the outside world.

GERMAN OFFICIAL REPORT

French Attempt to Recover Position in Lorette Hills Lost to Germans is Repulsed.

RUSSIANS DEFEATED AT GRODNO

BERLIN, March 5.—(Via London.)—The war office today gave out the following statement: "Western theater of war: South of Ypres we inflicted considerable losses on the British with artillery fire. In the positions in the Lorette Hills, which we took away from the French, a counter attack was repulsed yesterday afternoon. In the Champagne district yesterday and last night the French continued attacks north of Les 55-551. All their attacks were repulsed and our positions were maintained."

Attacks Fail. "Attacks on our positions at Vouques, east of the Argonne, and in the forest of Consenvoye, east of the Meuse, failed. All attempts to dispute our possession of ground captured in the last few days in the district of Badonviller failed. An attack undertaken last night with considerable forces, on the heights northeast of Cellas, broke down with heavy losses to the French. Several night attacks also were unsuccessful and over 1,000 Frenchmen are lying before our entanglements."

"Eastern theater of war: The situation around Grodno (northern Poland) is unchanged. Russian attacks to the north-east and north of Loma failed with heavy losses to the enemy. Many prisoners of the first and second Russian divisions of guards are in our hands. "Progress on the front of the Vistula, the situation is unchanged. A few advances by Russians east of Plock were unsuccessful and strong night attacks executed by the enemy east of Ekternicwick failed completely."

French Version of Affairs in West. PARIS, March 5.—(Via London.)—The developments at the front yesterday are recorded as follows, in a statement this afternoon from the war office: "To the north of Arras, near Notre Dame de Lorette, we have recaptured most of the advance trenches lost the day before yesterday. We took 150 prisoners. The enemy again bombarded the Rheims cathedral.

"In Champagne, to the north of Souain, Meunin and Beaulieu, there has been nothing fresh to report since yesterday evening's communication. "In the Argonne, at Vouques, we have repulsed two counter attacks and made new progress, inflicting appreciable losses on the enemy and taking many prisoners. We are masters of the greater part of the villages."

PORTER AGAIN FAILS TO OBTAIN HABEAS CORPUS

Following two unsuccessful attempts before different judges to gain his liberty through habeas corpus proceedings, Harry B. Porter is still in the county jail, a federal prisoner on the charge of obtaining lodging by pretending to be a government secret service operator. Both Judge Morris and Judge Page refused to issue the writs asked for, on the grounds that the federal authorities had ample reasons for holding Porter.

OMAHA OFFICERS NOT TO SHARE IN REWARD MONEY

No Omaha police officer will share in the reward given for the capture of the Mexican bandits who shot Detective Tom King. Chief of Police Henry Dunn is now making up a list of those who are entitled to a share of the reward and has made that announcement. The chief declares the Omaha force is glad to waive any claims. No reward will be paid for the capture of Sanchez and less than one-half of the total for the capture of Peral. Dunn believes that the farmer boys and Sheriff Condit will draw the largest sums of reward.

JUDGE MORRIS HEARS FEW CASES BETWEEN TRAINS

In spite of the snowstorm, Federal Judge Page Morris and Mr. Morris of Omaha, are so far successfully traveling toward California. They were in Omaha for a few hours between trains, during which time the judge passed on several minor cases in the Omaha division of the Nebraska federal court. From the time they left Mankato, Minn., it snowed constantly, the judge said. He and Mr. Morris will be in California for the remainder of the winter and part of the spring in California visiting the two expositions.

OLDFIELD AND THOMPSON STATE FAIR ATTRACTIONS

LINCOLN, March 5.—(Special.)—Barney Oldfield, regarded as the king of automobile drivers, and De Loss Thompson, the tumbler boy of the air, will be the star attractions at the next Nebraska State fair. These two men have been engaged for fair week by the Nebraska State Board of Agriculture.

Oldfield and Thompson will pull off an auto-aeroplane race every day.

Mr. and Mrs. S. F. Girard and Mrs. S. W. Orton have returned from a trip to Zephyrhills, Fla. Mr. and Mrs. W. A. Davis have left for an extended trip to Fullerton and other points in California. Mr. and Mrs. Beal Deerson are moving into their cottage this week. Herman Otis moved with his family to a farm south of Gretna this week. Miss Ella Deerson of Fairbury was here a few days visiting her mother. A. H. Hansen of Omaha, who formerly lived here, is sick. Mr. Hansen is 87 years old. Mr. and Mrs. J. C. Mangold arrived this week with their household goods. Mr. Mangold contemplates starting a bank here.

Mr. Otto Plambeck is here this week taking care of his parents, Mr. and Mrs. Joachim Bull, who are ill with the grippe. A surprise party was given for Philip Soetis Wednesday evening at the home of Mrs. Grogger. A pleasant time is reported. Philip leaves soon for Greeley, Neb., near which place he will farm.

"I Don't Know How You Can Do It, But I Don't Care; These Shirts Look Good to Me!"

remarked a customer the other day, as he selected eight of the best shirt bargains we are confident, he ever purchased. He didn't stop there, either. When he left he was quite a number of dollars short in pocket book, but almost doubly long in value of merchandise.
