A REBUILT CADILLAC It's a Safe Used Car to Buy SPECIAL VALUES NOW

A rebuilt Cadillac is superior to any new car at the same price. They are the truest values on the street. By rebuilt we mean that the cars have been entirely taken apart, each part examined and, if necessary, replaced by a new part made at the Cadillac factory, the entire car repainted and refinished like new; all equipment put in first-class condition—the whole car, in fact, carefully reconstructed until it is as good as new in every detail.

We offer Cadillacs exclusively as we do not accept them in trade. Consequently we are as interested in the performance of these rebuilt cars as you are. In fact, we are so interested in their actual values these cars are worth a great deal more than we ask for them. They are usually in a variety of body styles to select from. See them before you buy.

LEARN STENOGRAPHY ON OUR MACHINES

Boyles College, always leaders in the profession of progress, has introduced into its school a new feature which means more to the student who puts a big cash value on his education.  
Boyles College is one of the very first educational institutions in America to install for the benefit of its students its own equipment of Stenotypes, that marvelous little machine which has helped thousands of young people to choose their own development and profession, which is helping thousands more and which has shattered all world's records for speed and accuracy in recording dictation.

BECOME PROFICIENT AT OUR EXPENSE

This new equipment of Stenotypes now makes it possible for every young man and woman to share in the many opportunities which come to Stenotypists.  
You may enroll for a course in Stenotype, try it, see how you like it, watch your own development and profession, which is helping thousands more and which has shattered all world's records for speed and accuracy in recording dictation.

JOIN THIS CLASS

We are arranging now to start a new class in Stenotype, the "Machine way in shorthand." These bright young men and women will become proficient operators of the Stenotype with one of the machines which we have installed for this purpose. And when they do, in just a few months, prepared to serve the biggest men in business or to secure a choice professional position in civil service.

FREE DEMONSTRATION

See a demonstration of the Stenotype. See students write whole words—often with pen and ink—then read them back to you with the speed and accuracy of experienced stenographers.  
And in plain alphabet type, perfectly legible now or ten years hence to any stenographer.

STENOGRAPHERS WANTED

Everywhere business and professional men are calling for stenographers. They want Stenotype speed, Stenotype accuracy and Stenotype efficiency.  
In many of the service organizations in the country. Many of these concerns had their first stenotypist only a few months ago. Now many of them have five, ten, fifteen, and are standardizing their stenographic class—both day and evening—starting now. Join one of these classes.  
Call, write or phone for catalogue.
