In addition to the Douglas county teach ers, Mrs. Charles Theim and Prof. W. L. Hetherington assisted Miss June Brown in a musical program. Prof. H. C. Filley of the Agricultural college of Lincoln gave an illustrated lecture on "The Farmstead."

#### DON'T USE SOAP ON YOUR HAIR

When you wash your hair, don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain nulsified eccoanut oil, for this is pure and entirely greaseless. It's very and beats soaps or anything else all to pieces. You can get this at any drug store, and a few ounces isst the whole family for months. Simply moisten the hair with water

and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking. fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Advertisement.

## BRIEF CITY NEWS STOP OFF AT OMAHA TO BE ADVERTISED

Systematic Campaign in Centers of Population Decided by Publicity Bureau.

LARGE EXPENSES TO BE MET

A systematic campaign, urging visitors "Stop Off at Omaha," has been planned by the Bureau of Publicity and adopted by the governing committee by unanimous Details of the campaign have vote. been under consideration for the last two months, but final decision was not made until yesterday when the entire plans were accepted.

The plan involves the expenditure of noney, which must be raised to insure the successful outcome of the campaign. The governing committee anticipates no lifficulty in raising the required amount of money, believing that Omaha will respond to the call to permit the city to place itself alongside other represenative cities.

The "Stop Off at Omaha" campaign will be one of the most complete propoof the police it was stated in Friday gandums ever attempted by a city. The campaign will be built around advertisa jitney bus, hindered the progress of ing in daily newspapers in eastern cities, the police patrol. #### CHARLES FOLEY AGAIN SUED BY WIFE ON CRUELTY CHARGE

Mrs. Dora Foley in a suit for separate maintenance against Charles Foley, proprietor of a chattel loan concern, alleges that he struck her and called her vile names and otherwise treated her cruelly. She asks an allowance of \$75 a month, alleging that her husband makes \$300 a month and that he is worth \$10,000 to \$15,000. A former suit filed by her was dismissed following an attempt at a reconciliation made in obedience

### School and College Notes

Chadron Normal. Mrs. Fred Seldell visited the Normal

Mrs. Munkres and Miss Munkres were isitors in the model school last week.

The students in agriculture are engaged
a laboratory work of testing corn for

Miss Clark, Mr. Philipott and Mr. Hargis rere Judges of the high school contest Material for manual training is begin-

day morning.

Last Monday the pupils of the fifth and sixth grades surprised Miss Delzeil by giving her a fruit shower.

Miss Schuebel has returned to the dormitory, which she will make her home during her sister's absence from town. Mrs. McLean and daughter, Jean, Mrs. R. O. Jones, Mrs. Ralph Good and Mrs. Unthank visited the primary room last

The seniors observed phonics in Miss Frazier's room last week. Games were played which gave review, drills and individual test. The students in agriculture III are studying the dairy cow at present. The last week, the laboratory work consisted of testing milk for butterfat.

The advanced chemistry have just begun the study of group four of the bases. This group includes barium, strontium, calcium, magnesium, potassium and ammonium.

The pupils in the fifth and sixth grades asve been much interested this week in the study of the picture titled "Washington Crossing the Delaware" by

Emanuel Leutye. The fourth grade geography class have completed the study of the states of the southern section. The study of coral, turpentine, sugar and cotton have been especially interesting.

Miss Augusta Beckman has found it necessary to leave school on account of the serious illness of her brother. The young women of the dormitory are exceedingly sorry to lose Miss Beckman from their number.

During February, the month of patriots, the third and fourth grades have been enjoying some interesting language lessons concerning Washington and Lincoln under the direction of Jessie Washburn and Ruth Sturdevant.

Friday morning at chapel Prof. Phil-pott gave a very enthusiastic talk on the basket ball game between the high school and normal which was played last Satur-day night. School songs and yells were given also with considerable spirit. Miss Lou Schuebel's class in third grade geography has been making a very interesting study of the natural resources and industries of our country. Margaret Wright contributed some very nice samples of wool in connection with the wool and sheep raising industry.

The high school and the Normal had a remarkably close and hard fought game last Saturday night, with a score of 13 to 11, in favor of the former. As the number of field goals for each side was the same, the high school won on foul throws. For once, Heyer of the high school team falled to throw a basket.

school team falled to throw a basket. The Authors' club of the seventh and eighth grades held its regular monthly meeting last Friday afternoon. The program committee, with Marvel Campbell as chairman, had full charge of the program, which was patriotic, and had to do especially with the life of Lincoln. New officers were elected: James Owens, president: Edy Randall, secretary, and Rita Morrissey, chairman of the program committee. The next meeting will be held on the Friday nearest to Mothers' day, and the program will be along that line.

The advanced physics laboratory is being improved. A large shutter has been provided for the window to make the room dark for experiments in light. The apparatus for Young's Modulus and for determining the time rate of the swing of pendulums by electricity has been set up. The most important piece of apparatus, however, is a large clock, which, by means of an electric connection can be made to give a loud click every second. This will enable students to time any experiment much more easily and If the Bureau of Publicity's plans are accurately than they could with the stop

ond part of the program was "The Daughter of Jairus," rendered by the choir. The soloists were Mrs. E. S. Luce, soprano; Homer Compton, tenor; Leslie Strain, bass.

Donne College. The college library has just received a complete file of the "Engineering Magazine from 1892 to date. This is the gift of A. C. Gaylord of Himsdale, III., a former student of Donne.

The piano pupils of Mrs. Jean Lindsav Carlson will give a recital of music for two pianos at the conservatory Tuesday evening, March is, They will be assisted in their program by the girls' quartet. The Phi Kappa Delta worked an in-novation here last Friday evening with their inid-year party. The couples as-sembled at the home of C. B. Anderson early in the evening and spent a social hour and were served with light refresh-ments. They then adjourned to the Bon-Ton the server of the process of the con-Ton theater, where the guests were enter-tained with a well prepared program be-fore going to the Blust Cafe where a delicious five-course banquet was served. The Phi Sigma Tau society's annual ban-quet took place in the pariors of the Congregational church Saturday evening. The entertainment was planned as a journey in a railway train and the ban-quet rooms were arranged to represent cars. After securing tickets for the journey, the guests went into the obcars After securing to the objourney, the guests went into the observation car, where they were entertained by shadow pictures and limericks. From here they were ushered into the dining car and a three-course dinner was served. In the sleeping car the young women staged a short comedy by W. D. Howells. The Sleeping Car.

Hastings College.

The German club met last Monday eve-ning at the home of Miss Lucille Keith. The debaters are getting in readiness for their home contest preparatory to the debate with Grand Island to be held in the spring.

President Crone returned from the trip to Beaver City and Wilsonville on Tues-day. He will be at Loup City the next Sabbath and the following week at Superior

The Giee clubs are getting in readiness

The young people's conference, consist student volunteers and gospe places were crowded.

York College,

The annual Young Women's Christian association banquet was held in the dining room of the United Brethren church Thursday evening. About seventy-five girls were present. A four-course dinner was served by the domestic science department of the college.

Educational day was observed by the inited Brethren church. February 28. President McLaughlin spoke at the morning service and again at α mass meeting of the students in the college chapel in the afternoon. Dean Ashcraft spoke at the evening service at the church. Nine York college students attended the Young Men's Christian association and Young Women's Christian association convention held at Hastings. Monday evening at the regular meeting of the Young Women's Christian association Miss Clark, Miss King and Miss Harner reviewed the convention before the local

association.

Friday morning a basket ball rally was held at the chapel hour preceding the accurately than they could with the story watches.

President Sparks arrived home last Monday morning from his trip east. He was in Lincoln where he met with an education committee of the house, relative to Normal school appropriations. He reports that everything appeared then to be in good condition for the spipropriations for the Normal schools and the stage and presented with a large floral horseshoe in the college colors. February 28 Central City college house, relative to Normal school appropriations. He reports that everything appeared then to be in good condition for the spipropriations for the Normal schools and the stage and presented with a large floral horseshoe in the college colors. February 28 Central City college house in the Weirick Fixture company, and to-morrow the Burgess-Cranden company will begin putting the electric lighting fixtures in place.

The Castle is Omaha's newest hotel, a hazdsome structure, six stories high and absolutely fireproof in every respect. Even york was able to win both games. The boys won, 50 to 4, and the girls 14 to 1.

The subject of Prof. A. Softiey's ad-dress for Saturday morning literature was a sketch of the life of President William McKinley Miss Rose Cerny has organized a good sized class in violin at Columbus and left for that place today. She will be greatly missed about the college.

On Wednesday evening Edmund Vance Cooke delighted an audience of college students and citizens of Fremont, who filled the auditorium to its capacity. President Clemmons was called to Ver-digre for an address Friday evening and Saturday morning before the teachers' amsociation which convened at that place. Mr. Hancock and Mr. Barnes, who attended the Young Men's Christian association convention at Hastings, gave their reports before a union meeting of the association Sunday morning in college

An informal reception was given him in the college parlors following the enter-tainment. Mr. Cooke left on an early train direct for his home at Cleveland, O.

The German club held a meeting Thursday evening. Miss Carter, head of the department of German, read some of the poems of Heinrich and gave a short talk on his life. Miss Margery Diddock sang two songs from Heine.

Carleton Yoder and John Bloomquist attended the Young Men's Christian association convention held at Hastings college the last three days of February. Helen Allen and Helen Heydon represented Bellevue at the Young Women's Christian association convention held at Hastings at the same time.

At the request of Cotner university the triangular debates between Bellevue, Doane and Cottner have been postponed from March 12 to March 18. Each school in the league has an affirmative and a negative team. The affirmative teams remain at home and the negative teams alternate in their trips each year between the two other colleges in the league.

Nebraska Wesleyan University. About twenty students attended the dissionary convention at Hastings last

Dr. Schreckengast is back from a cam-paign of several days in the Grand Island district in the interests of the endowment fund.

Convocation Thursday morning was given over to a rousing jollification over the result of the basket ball victory in the Nebraska game Wednesday evening. The Summer School Bulletin is being mailed from the Registrar's office to all who apply. An unusually large number of college courses are being offered in addition to the regular work for teachers' ertificates.

Chancellor Fulmer issued a statement Friday morning to the effect that the average grades of the varsity basket ball quintet for the first semester was \$4 per cent and that one member of the team had a semester average of \$2 per cent. The statement was made to show that athletics need not necessarily be divorced from echolarship.

# WATSON TO BE IN OMAHA

Man Who Heard First Spoken Word Over Telephone to Visit Local Men-

### TO SPEAK AT COMMERCIAL CLUB

The man who heard the first spoker word over a telephone wire is to be i Omaha this week. He is Thomas A. Wat on of East Baintree, Mass. He built the first telephone line also. That was after Alexander Graham Sell, the inventor, had spoken to him over the first ittle wire through a crude box-like trans mitter the two had built in Boston in 1876 Mr. Watson is to speak at the public affairs luncheon at the Commercial club Thursday noon, March 11.

It was Watson who was at the California end of the wire a few weeks ago when the American Telephone and Telegraph ompany formally opened its first transcontinental long distance line. There Watson sat at the San Francisco end o the wire and heard again the voice of Alexander Graham Hell, this time 3.40 miles away, in New York.

Besides being a builder of telephone ines, he has superintended the building f some of the great dreadnoughts of the United States navy.

To Visit Local Men. Mr. and Mrs. Watson have been it California since January III, when he participated in the formal opening of the cross-continent line. They are now on their way back to the east. stop in Omaha to visit with Casper Yosi and other officials of the Nebraska Tele

phone company From 1876 until 1881 Watson worked now working under the wing of Gus steadily developing the principles of the initiation contraptions for this fall. Gus and only engineer of the Bell Telephone Renze announces that he will be ready company. Today this company has more than 500 engineers devoting their exclu Watson took a trip down to Washington and persuaded Theodore N. Vail to go which hopes to have nearly 1.000 delegates into the telephone business. Mr. Vail is now president of the Bell system. In 1881 Mr. Watson's connection with the telephone industry ceased and he went abroad for a two years' rest. From 1884

until 1900 he was a member of the shipbuilding firm of F. V. Wellington & Co. By 1900 he had become one of the lead ing of the student volunteers and gosper team bands, held their largest state convention at Hastings last week. Fewer than 300 delegates were expected, but almost 300 were in attendance. They represented all the colleges and normal schools of Nebraska. Their meetings were thoroughly inspirational and all their meeting.

To be here in a few weeks when members to be here in a few weeks when members to be here in a few weeks when members to be here in a few weeks when members to be here in a few weeks when members to be here in a few weeks when members to be here in a few weeks when members to be here in a few weeks when members to be here in a few weeks when members to be here in a few weeks when members to be here in a few weeks when members to be here in a few weeks when members to be the shipbuilding industry. It was the support of the lead to be a few of the shipbuilding industry. It was the support of t of shows and carnival features who are of the largest in the country, has conto meet the officers of some twenty state structed many of our navy's dreadnoughts

In 1968, when the batticships Vermont ing for the very choicest in clean features and New Jersey, the protected cruiser and shows for the King's Highway this Des Moines and the destroyer McDonough had been completed under Mr. Watson' direction, Rear Admiral Francis T Bowles, head of the naval construction work, was called to the presidency, and Mr. Watson retired from active business Mr. Watson is now living at East Baintree, Mass. He is a member of the American Association for the Advancement of Science, the Boston Society of Natural History and the Massachusetts Horticul tural society.

Ras Used Chamberlain's Cough

Remedy for Twenty Years. "Chamberlain's Cough Remedy has been sed in my household for the last twenty years. I began giving it to my children when they were small. As a quick relief for croup, whooping cough and ordinary colds, it has no equal. Heing free from opium and other harmful drugs, t never felt afraid to give it to the children. I have recommended it to a large number of friends and neighbors, who have used it and speak highly of it," writes Mrs. Mary Minke, Shortsville, N. Y.

Nemo is the only corset that has held its own during War's depression. The demand is now greater than ever-sales exceeding even our vast output.

#### THE REASON:

Nemo is a real corset; creates perfect style, preserves health, outwears all others two to one. It has seen the absurd "corsetless" mode fade into oblivion. and is the first to give sensibly fashionable women the new-

#### MILITARY SHAPE For "Tailor-Mades"

Each of the forty Nemo models gives you this new and healthful

silhouette. THESE TWO MODELS are for different STOUT types

Nº:322 Self-Reducing No. 322 This model (with No. 326same with longer skirt) is worn by at least a million women who won't wear any other. Strong, stylish, comfortable and durable.

Long skirt, Lasticurve-Back. Nos. 322 and 326 \$2.00

Coutil, sixes 21 to 38) "Invisible" Self-Reducing The new model with tapestrap reducing bands concealed the corset-skirt. Improved Nemo "bridge;" free breathing.

No. 341 (short full) | \$3.00 No. 342 (tall full) -Instantly popular with women who object to outside straps and like a corset a little lighter.
