

BAKER ACCUSED BY WEIGHT INSPECTOR

Ortman Charged with Selling Bread Under Weight Prescribed by City Ordinance.

DISTRICT COURT CASES PENDING

John Grant Pegs, city sealer of weights and measures, has served notice on C. W. Ortman, proprietor of a bakery at 212 North Sixteenth street, to appear in police court Tuesday morning to answer to charge of selling bread under the weights prescribed by the ordinance, which is to be tested in district court at an early date.

In connection with the general bread situation, Mr. Pegs says he has furnished information to City Prosecutor Fred W. Anheuser and is now awaiting action by the prosecutor.

It is understood that Mr. Anheuser will file various charges within the next twenty-four hours.

Railroads Clear Line Blocked by Heavy Snow Banks

According to morning reports, the storm that was general over practically all of the central west all last week, has passed. Snow has stopped, the wind has gone down, but in localities throughout Nebraska, South Dakota and eastern Wyoming, real winter weather is the rule.

Generally, according to the railroad reports, temperatures in the territory Monday morning indicated a turn from zero to 30 and 20 degrees above, with 3 below at Sidney, 4 below at Ericson and Belmont, 5 below at Ardmore, S. D., and 7 below at Moorcroft, Wyo.

Main line trains are running close to on time. Most of the branches north of the central portion of the state are still closed, or partially so, with indications that they will all be open and trains running on schedules Tuesday.

Out on the branches the rotary and wedge snow plows have been running night and day and large forces of men have been employed shoveling the snow from the switches, stock and station yards, but until Sunday night, the wind blew the snow back about as fast as it was cleared away.

The Northwestern has had the most trouble of any of the roads and since early last week its line from Norfolk northwest to Bonesteel and Winner has been tied up most of the time. Sunday a rotary plow was sent out from Bonesteel and during the twenty-four hours from 7 o'clock Sunday morning to 7 o'clock Monday morning it had bored a hole through thirty miles of drifts, ranging from four to fifteen feet in depth. The bucking of snow was continued without cessation, the trainmen working in eight-hour shifts. Monday morning there remained about ten miles of track to clear before reaching Winner.

Keeps Promise, but Soon Again Arrested

Bert Dugan, 30 North Sixteenth street, convicted of vagrancy and paroled by Judge Britt to visit his sick wife, returned to complete his sentence Monday morning, and because of his having kept his promise the sentence was suspended. About an hour after leaving the city jail he was arrested by Officer Rogers at Fourteenth and Farman streets, charged with the theft of a bundle of clothes from a Puritan laundry wagon. Dugan was forced to fire a shot from his revolver before he could get the fellow to stop running.

In police court last Tuesday Dugan told a pitiful story of his wife's serious illness and his plea to be allowed to go home and care for her until Monday was granted by Judge Britt with the proviso that he would make some arrangement for her welfare to enable him to return to the city jail Monday morning to complete his sentence. His promise he carried out to the very hour.

Upon being brought to police headquarters after his arrest, yesterday morning Dugan said he did not steal the bundle of clothes, but had merely picked it up from the pavement where it had fallen and placed it back in the wagon which was standing at the curb.

DELAYED FRUIT TRAINS AT LAST PUSHED THROUGH

During the storm of last week the Union Pacific had ten fruit trains in the storm area of Wyoming and Nebraska, enroute from California to the Missouri river and east. The first of these trains reached Omaha yesterday morning, and three of four of them, arrived during the day. The contents are none the worse for the delay.

Had the weather been intensely cold, it is asserted that the fruit from the Pacific is moving east would have been seriously damaged, but it being in refrigerator cars, it is claimed that it has not even been chilled.

THROAT CUT BY HUSBAND IS FATAL TO MRS. MUSEK

Mrs. Emil Musek, whose throat was cut by her husband during a family quarrel Friday morning, died Sunday at the South Omaha hospital. Mrs. Musek was 35 years of age. The police are holding Musek, who was said to have been drunk at the time of the quarrel. Mrs. Musek leaves a 6-year-old daughter, and Cousin John Kuba and wife may adopt her.

Self-Reliant Home Doctors

In what women are called who all over this broad land make their annual collections of roots and herbs, and rely upon recipes which our pioneer mothers found indispensable for different family ailments. In one of these recipes, Lydia E. Pinkham's Vegetable Compound has its origin and so successful has it proved that there is hardly a city, town or hamlet in America where some woman who has been restored to health by its use does not reside.—Advertisement.

Woodmen Drill Team Wins Another Prize

The drill team of Omaha Camp No. 126, Modern Woodmen of America, invaded St. Joseph last week and returned home Sunday with one more prize added to its already long list. The Omaha men were the last to drill on Saturday afternoon, but they easily won first place. The occasion of the fraternalists' convention, all fraternal orders in Missouri, Kansas, Iowa and Nebraska, being represented, and the Omaha men were drilling against some of the best teams in the country. Camp No. 126 team has won something like twenty-five first prizes now.

OMAHA DEPOSITS SHOW GOOD GAIN

Banks Register Gain Over Both Last Call and at This Time One Year Ago.

LOANS ARE UP ONE MILLION

Omaha banks show a good healthy gain in deposits both over the last call and over the call at the corresponding time a year ago. The call from the United States comptroller reveals that on March 4 the total deposits in Omaha banks were \$61,707,067, as against \$54,526,609 on December 31. Bankers attribute the gain to what is known in financial circles as the "March flood."

BREEN PICKS FOUR TO LEAD THE RACE

Names Sutton, Saunders, Bedford and Ed Howell as Winners in the Primary Election.

SUTTON HAS NOTHING TO SAY

With the last day of filing fixed as Friday, March 26, interest in the city commission primary of April 6 is taking on added zest. The annexation matter and the possible appointment of the mayor to a federal position, are two factors which lend more or less uncertainty to the situation.

James Richardson, ardent proponent of the suffragist movement, today announced that he will not consider being a candidate, notwithstanding that leaders in the affairs of women have importuned him.

HABEAS CORPUS ASKED FOR SISTER LOUZETTA

Demand for release of Lillian Quinn, known at the Home of the Good Shepherd as "Sister Louzetta," is made by J. W. Barth in a petition for a writ of habeas corpus filed in district court. Mother Superior Raphael is made a defendant, it being alleged that she is detaining the young woman at the home.

BABY MADDEN DIES WHILE MOTHER IS FAR FROM HOME

Of increased sorrow is the death of wee Mary Elizabeth Madden, 5-month-old daughter of Mr. and Mrs. John Madden, which occurred Monday morning. Three weeks ago, Mrs. Madden and little Joe, who is 3 years old, were ordered to New

Feel Fine! Keep Bowels Active, Stomach Sweet and Head Clear. No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and clogged-up bowels—you always get the desired results with Cascares.

Mr. Breen says he has no ambitions to be commissioner himself.

James W. Metcalfe is out with a statement, signed by his own hand, announcing his candidacy for the city commission. The gist of his platform is: "Officers of city commissioner should be in the hands of men who will give a business administration; service first should be the guide of all candidates; only way to determine whether a law is good or bad is through the strict enforcement of such law; a city official should not be a judge of the merits of any particular law; city government should and can be conducted with as much efficiency as any private enterprise; establishment of better relations between Omaha and the state should be a prerequisite for office of city commissioner."

Before deciding to file Mr. Metcalfe wrote hundreds of letters to citizens asking them for opinions regarding his availability as a candidate.

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

Standard Remedy for Many Homes

Indigestion and constipation are two conditions closely related and the cause of much physical suffering.

IT PAYS TRY HAYDEN'S FIRST IT PAYS

The World's Gold Pouring Into America

The United States has its first great victory to record as a result of the war in Europe. It is a peaceful victory that will shed its practical benefits into every channel of American industry and commerce.

For the first time in many years the balance of gold exchange is in favor of this country. In other words, European purchases of American commodities have greatly exceeded American purchases of European commodities during the past year. This is a condition which must benefit the United States because Europe's purchases must be paid for with European gold. This gold coming into the United States will be distributed through all trade channels. Such a situation should result in great business prosperity.

Read THE LITERARY DIGEST of March 6th (on sale everywhere to-day) and you will find a complete description of this important development, including a reflex of public opinion as shown by the newspaper press of Europe and America, regarding it. THE DIGEST makes plain to every reader the tremendous importance of this rare situation in its relation to the business conditions of the United States.

Has Japan Designs Upon China?

THE LITERARY DIGEST of March 6th, also sheds a flood of light from authoritative sources upon this phase of world-politics in the Eastern Hemisphere which had nearly escaped comment because of public attention being focused upon Europe and the war.

If you would have an interesting, impartial chronicle of the war in its many-sidedness, by all means join the million American readers who eagerly read THE LITERARY DIGEST each week.

It is not only for war-news that it is so widely appreciated in American homes, but because it deals with all other news of importance in the fields of foreign and domestic Politics, Science, Invention, Religion, Literature, Music, Drama, Sports, Trade, and Commerce.
