FARM & BANCH LANDS FOR SALE PROFIT AND PLEASURE IN FARM LIFE in the genial climate of Stanislaus county,

in the genial climate of Stanislaus county, california.

No. 82-A very desirable little 20-acre farm, 10 acres in alfalfa, balance in cultivation. Located 2 miles from Patterson, and ½ mile from passenger stop on railroad, with three passenger trains each way daily. The soil is deep and very rich, and cement-lined canals bring a plentiful supply of water for irrigation. So easy is this land to irrigate that farmers say they can irrigate 20 acres in a day. This little farm, with a few cows and hogs and a nice flock of turkeys and chickens and a garden, will make you a good living while you wait for your fruit and nut trees to come into bearing. Engilsh wainuts yield \$300 to \$250 per acre, and peaches, cherries, apricots and other fruits are very profitable. Aifalfa, melons and truck can be grown between the rows of young trees. The big markets of San Francisco and Oakland are

REAL ESTATE-SUBURBAN Do Not Delay

Many unpleasant things have been caused in this world by delay. There is an old saying, "Never put off till tomorrow what you can do today." It is a safe rule to follow, for one day's delay change or spoil the plans of a life-

time.

One of the most important things a man has to consider is providing a home for himself and those near and dear to him if he rents a house he is not giving them a real home. Consequently they do not have a fair chance in life. Nothing can bring out the best in us like a home of our own. July 10 50 10 52% 10 45 10 47% 10 47%

was at figures that were hardly a nickel lower than yesterday's average.

After a trading basis was once established there was litte change in prices, and in the end the bulk of the offerings moved at figures that were right around be lower than yesterday's average trade. Owing to the crowded condition of the yards it was late before everything was yarded, and for this reason the market is dragged over into the afternoon.

The biggest string moved at \$6.60, as against Monday's long bulk of \$6.65. Quite a good many of the more destrable kinds reached \$6.524, and there was pretty fair showing as high at \$6.65. SHEEP—The receipts continue of liberal proportions, as 17.000 head were reported in. The bulk consisted of Colorado lambs, and the aged sheep supply amounted to about a half dozen loads. Quality was a little different from Monday and most of the offerings were of desirable weights. The receipts for the two days thus far make up a liberal supply, footing up some 36,701 head, against 12,500 for the same time last week and 27,300 a year ago.

In many respects the general market was a repetition of Monday's trade, as not much was doing until late in the forenoon, and when a movement did finally get under way lambs sold on a basis of weak to a dime lower and sheep fully steady. The big run of lambs and bearish advices from outside points naturally had a depressing influence as to prices. The scarcity of mutton offeringa held prices up on that kind of stock. Some early sales of lambs were made at \$9.65, as compared with a top of \$9.75 on Monday. A consignment of fall clipped lambs moved at \$9.60, which was considered a good price, though few of that kind have been coming.

NEW YORK STOCK MARKET

Quoted Values Undergo Moderate Readjustment, Prices Becoming Unsettled Early.

UNFAVORABLE RUMORS HEARD

NEW YORK, March 18.—Quoted values inderwent moderate readjustment teday, he market becoming somewhat unsettled in the early dealings on heavy selling of

the market becoming somewhat unsettled in the early dealings on heavy selling of Reading, to the accompaniment of unfavorable dividend rumors. The Reading, board is to meet tomorrow for action on the dividend. Inasmuch as earnings for the first seven months of the fiscal year have been far from satisfactory fears were entertained that a cut in the present rate might result.

Lehigh Valley also lost ground for the same reason that governed the setback in Reading, the latter interests being in control of Leigh Valley. Canadian Pacific was another heavy feature of the rallway division, and other active issues receded substantial fractions. Selling ceased in large measure later in the session, but the list manifested little recuperative power, final prices leaving a large proportion of net losses.

Most of the automobile shares were under pressure and Analagamated Copper and National Lead were offered at concessions. A noteworthy exception to the declining tendency was Bethiehem Steel, which advanced almost 2 points to 57%, a new high record. United States Steel was relatively firm and such inactive specialities as American Sugar preferred. Montana Power and Texas company ross 1 to 2 points.

Reichemarks were the feature of the

to 2 points. . Roichsmarks were the feature Reichsmarks were the feature of the exchange market, their increased strength being coincident with open offerings of new German war bonds. Other continental exchange held at recent prevailing rates, remittances on Rome being again in fair demand. Circumstantial rumors of the piacing of additional war contracts on a large scale falled of confirmation in authoritative quarters.

Another small amount of gold was received from Canada, with negotiations in progress for additional sums. Private cables from London announced further sales of gold by the Hank of England, presumably to our bankers.

Total sales of stocks amounted to 120 500 shares.

Bonds were sazier with pronounced weakness in New Haven, Rock Island and Missouri Pacific issues. Total sales, par value, \$1.915,000.

United States bonds were unchanged on call.
