In High School Meet Text of Letter Shows Emperor's Love for Children of Nation

Correspondence of the Associated Press.). VIENNA, March 16.-The love for children which always has been a predommant characteristic of Emperor Francis Joseph is exemplified in a letter from him to the boys and girls of his empire and which has just been made public. 14 is as follows:

"To the Dear Children of Our Empire: If I, on the threshold of the grave, address you, dear children, it is from a variety of motives. Once you were the joy, the comfort, even at times during my long life the only comfort and the only joy of your kaiser and your king. When I saw you a sunbeam would penetrate into the shadow of my life. You, dear children, stand nearest to the heart of your kaiser and your king; you are the flowers of empire, the pride of my people, the hope of the future.

"But not alone do you stand closest to your kalser and your king; but to another beside whom the mightiest of this world are only helpless beings, God our Father-in your eye there shines the light of the morning of creation; about you there is still paradise and heaven. God it almighty, in His hand lies the deatiny of all peoples. Everything bows to His will, the stars and man take their course from Him.

"That the all-powerful hand of God may, protect and shelter Austria-Hungary, permit it to triumph over its numerous enemies and strengthen itself in victory, to the glory and honor of Godthat is the sole remaining thing for me to wish after a life filled with sorrow. That was my wish as, young and hopeful, I ascended the throne of my fathers: it will be my wish, which perhaps may soon issue from my dying lips as the last token of my love and thought for my

country and my people "God controls all things, as He wills: We human beings may do nothing against Him, pothing without Him. And since you, dear children, stand nearest to God, your kalser and your king begs that you pray that He may bless us and grant His grace to our cause. God hears the prayer of the innocent because He loves them, because in them He sees His likeness. So do not cease to pray with folded hands,

even the smallest of you. "If the children of the empire will pray for their fatherland, I know that our star will shine propitiously. And you will have played a part in the victory and the honor of the kingdom. You will have brought down blessings upon our flag, upon our army. Dear children, do not forget the kingdom to which you belong here on earth, nor its old emperor.
