Society matrons and maids have also been interested for the last Lenten weeks in lectures, musicales and art exhibits to the exclusion of more frivolous entertainments. The success of the Fine Arts display and the branching out of the Tuesday Morning Musical club will bring noticeable changes in the working of the clubs. The Tuesday Musical feels the need of enlarging its scope. For this reason a committee to reorganize it has been appointed and has been working on a plan to be submitted at the annual meeting next month, when it will be voted upon by the members. The reorganization committee will recommend enlarging the membership list very considerably and holding the meetings at some public place, preferably at the Fontenelle, instead of at private houses as heretofore, with a slight increase of dues. The increased membership and dues will enable the club to attempt the ambitious work in the future and bring the best musicians for its programs. The slate offered by the nominating committee, to be voted upon at the annual meeting at Miss Jessie Millard's April 4, includes Mrs. S. S. Caldwell for president, Mrs. Arthur C. Smith for vice president, Mrs. T. J. Mahoney for treasurer, Mrs. R. Beecher Howell for recording secretary, Mrs. Will Poppleton for corresponding secretary, Miss Helen Millard for auditor and Mrs. Herman Kountze, Mrs. C. T. Kountze and Mrs. C. M. Wilhelm for directors. A meeting will shortly be held at the Fontenelle to organize an auxiliary association of the Omaha Society of Fine Arts, composed entirely of men, each of whom pledges himself to pay annually for a period of five years a sum not less than \$5 per year to create a fund to purchase works of art. These pictures are to be loaned to the Fine Arts society and ultimately to be donated to an art gallery. The men of Omaha who are fond of pictures have been found very willing to aid in this movement and the membership may total 100, as over fifty have already signed up.

Flower Sale for Charity. The ever popular and attractive way of raising funds for charity, the Flower Day sale, will be given this year for the benefit of the Child Saving institute, on Saturday, May 14. Charles Harding has charge of the arrangements and plans to have fifty young women assist her in selling the flowers. This method of raising funds has been successfully tried before by other institutions, but it is the first venture of the Child Saving institute. The men of Omaha who are fond of pictures have been found very willing to aid in this movement and the membership may total 100, as over fifty have already signed up.

Sage Tea Turns Gray Hair Dark. It's Grandmother's recipe to bring color, luster and thickness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggy, just an application or two of Sage and Sulphur enhances its appearance a hundredfold. Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyethe's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and luster of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyethe's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.—Advertisement.

Johannes, who have been in La Jolla, Cal., are now at the Burlington apartments in Los Angeles. The Quick Secret of a Lily-Like Complexion And Other Beauty Formulas

Secrets of Beauty that No Woman Should be Without. Made Public by Vaseka Suratt, the Brilliant Actress, Famed for Her Beautiful Beauty. By VALESKA SURATT. THERE is a garden in every woman's face, where roses and lilies can grow in all their purity and loveliness. The trouble is most of us do not realize how untidily our skin may be. The skin may be made so beautiful by the proper method pursued, and how quickly it may become so. Years of plump effort are spent, with low-powered oils of exquisite loveliness, pure in tint, spotless as a lily, soft as velvet, and nothing but the generous use of this formula is necessary. Simply mix two tablespoonfuls of glycerine in half a pint of hot water and add

of eggol in half a cup of hot water. This makes a shampoo that cannot be excelled, for its lather and cleansing properties are such that you can get enough soap at the drug store to last you several months. MRS. M. V. L.—With all face powders there is a chalkiness which makes the powder visible. That's why I use my own formula. It is so liberal, it gives an extraordinary tint, and smoothness to the skin. I would be lost without it. This the skin. I would be lost without it. This the skin. I would be lost without it.

MISS FANNY T.—Your hair will very soon stop coming out on your comb or brush, and you will notice a tremendous difference in the luster of your hair, in its fast increasing length, and its firmness. If you will make up the following formula, you will find it a most valuable hair restorer. Mix half a pint of water with half a pint of bay rum, if you prefer it, and add to this one ounce of beta-quinol, which is sold at any drug store. This makes over a quart of the best hair restorer you can get. A quantity which would cost you many dollars if you could buy it at the store.

MISS SPECKLED—Few realize that it is possible to rid the face of blackheads in a few minutes' time by simply spritzing some powdered norexin on a sponge made wet with hot water, and rubbing this on the face on the parts affected with blackheads. There is no use pinching out these persistent blemishes, as this spots the skin. MISS R. G. M.—By using many of the superfluous hair burners advertised, one can easily detect the fact that you are afflicted with wild hair. They have a red spot or burn, or irritate the skin, and sometimes remove the hair unevenly. I've almost madly dissolved the hair, leaving no mark or injury. If you cannot get it straight, add a little of the following simple sulfur solution to the drug store. Then get the sulfur powder, which is the safe mixture, except that you wet it with a little water before applying.

MRS. B. L. R.—Am sorry you couldn't get the simple sulfur solution at the drug store. In such a case, my secretary will get it and send it to you, if you will address "Secretary to Vaseka Suratt, Thompson Bldg., Chicago," and enclosing the price, which is one dollar. FRIENDLESS—Try this for developing the bust. It is admitted to be the most effective for the purpose, though you understand it is at a test a difficult matter to produce such development. Avoid mechanical instruments. Mix together two ounces of ristone, half a cup of sugar and half a pint of cold water. This makes a safe mixture, of which take 2 teaspoonfuls after each meal and at bedtime.

MRS. T. R. W.—You certainly can get rid of pimples in a hurry. I would advise you to continue the blood tonic you mention. Use the following which is a powerful blood purifier. Dissolve twelve ounces of sugar and one ounce of arsenic in a pint of water. Of this, take one or two teaspoonfuls after each meal, or the arsenic in the original package, by the ounce, at any drug store.
