

Nebraska LAND VALUATION PUT OVER State Board of Equalization Adjourns Until After Primary.

NANCE COUNTY IN FOR RAISE County Board Had Made Ten Per Cent Cut, but This is Held to Be Against the Law.

(From a Staff Correspondent.) LINCOLN, Aug. 12.—(Special.)—After wrestling with reductions in land values made by county assessors or boards and reworking with the proposition of proposed raises, the state board of equalization adjourned yesterday and will meet again next Wednesday. By that time it is thought that excitement over the primary will have subsided so that the members can pay attention to the matters in hand without letting their minds drift off to the festive voter.

The county board of Nance county thought to take a short cut to a reduction in that county and made a 10 per cent reduction flat on all lands. This is prohibited by law as the statute requires the boards of counties to make equalization of values by comparison in the different precincts. The reason given for the reduction by the county clerk, F. M. Jones, was that the county had all the money it needed in all its funds and did not need a high valuation. This action deprived the state of its just share of taxes and in consequence the board will increase land values in Nance 15 per cent.

Dundy county made a mistake in filing its assessment and filed a new one, which increases the assessed value of lands from \$4.62 to \$5. The board will take further action on the other counties at its next meeting.

Last Year's Wheat Crop. To what extent Nebraska suffered by reason of the partial failure of the wheat crop last year, is evidenced by the reports of the assessors as sent in to the secretary of the state board of assessment.

The number of bushels reported to the assessors in 1913 was shown to be 6,250,414 bushels on hand April 1, 1913. The report this year shows but 5,780,474 bushels reported when the assessors made their returns, indicating that there will be a great deal of a demand for the 1914 crop and that much of it will be needed to fill the shortage.

Edgerton Before Normal. Assistant Attorney General Frank Edgerton will go to Fremont tomorrow, where he will deliver the commencement address at the graduation exercises of the Fremont Normal college.

Board Visiting Sites. Commissioners Gerdes and Kennedy of the State Board of Control visited Humboldt yesterday and looked over the proposition offered there for the location of the new state reformatory. From that place they went to Table Rock this morning to look up a similar proposition regarding a location for the \$150,000 institution voted by the last legislature.

New Aeroplane Company. The Omaha Overland company is a new corporation filing with the secretary of state today with a capital stock of \$100,000. The company will do a general business in the manufacture and handling of automobiles, flying machines and similar machines. The incorporators are James Janison and Helen Compton.

Jobs Appear Satisfied. Lincoln jobbers appear to be pretty well satisfied with the new freight rates which will go into effect September 6 as ordered by the railway commission. Under the new schedule Lincoln will get a lower rate by 4 cents per hundred on fourth class freight, which will make up the added freight charges from eastern points to Lincoln over the rate paid to Omaha, therefore putting the two cities on a nearly equality basis.

Catron Estate Over a Quarter Million. NEBRASKA CITY, Neb., Aug. 12.—(Special.)—An inventory of the estate of the late J. H. Catron has been filed in the county court, showing 4,500 acres of land in Nebraska and Missouri which is valued at \$162,135. The personal property consists of notes and bank stocks, which is valued at \$115,224, making a total estimated value of the estate of \$277,359.

SARPY PIONEERS WILL HAVE PICNIC SATURDAY. PAPHILION, Neb., Aug. 12.—(Special.)—The old settlers' picnic of Sarpy county will be held Saturday, August 15, in the Paphilion park. This will celebrate the one hundred and second birthday anniversary of Judge James Gow, who came to Bellevue in June, 1814, and still resides there. An excellent program has been arranged, with short talks by many of the old settlers. Interurban cars will run every hour between Paphilion and Omaha.

Notes from Beatrice. BEATRICE, Neb., Aug. 12.—(Special.)—Amos Hawkins, an insane man, was taken in custody Tuesday night by Sheriff Schick at his home, Glenover, and lodged in jail. He threatened to kill his family, and, fearing that he would make good his threats, the sheriff was called.

Mrs. Nancy Sanders, for thirty years a resident of this city, died Tuesday in this city a few years ago.

Notes from Franklin. FRANKLIN, Neb., Aug. 12.—(Special.)—Ed M. Husson, superintendent of the Franklin public schools for the last eight years, resigned this week and will take a position as director of manual industries in the city public schools of Astoria, Ore. Mr. Husson, who was re-elected for the coming year, is making the move on account of his health.

Nebraska. Cornerstone of New St. Mary's Church is Laid at Schuyler

SCHUYLER, Neb., Aug. 12.—(Special.)—The cornerstone of the new St. Mary's Bohemian Catholic church was laid yesterday. Monsignor Klein, vicar general of the diocese of Lincoln, of Brainerd, Father Nemetz of Ayle, Father Gluba of Omaha, Father Bor of Wahoo and Father Dobson of Schuyler were present. The sermon in Bohemian was delivered by Father Bros, and Father Gluba gave the sermon in English. A parade to the old church headed by the band in the forenoon was one of the features of the celebration. After the services at the church the people went to the place where the new building is in process of erection and there witnessed the solemn celebration of the laying of the cornerstone. The church when completed, together with its furnishings and decorations will cost between \$10,000 and \$15,000. Father Tomasek has 125 families in his Schuyler parish and fifty-seven in his parish in Wilson precinct. He has raised \$5,000 more for the establishment of a parochial school here and has purchased the Nieman property for this purpose. In connection with this school will be an academy. His ambitions do not end here for he hopes to see a fine new hospital here in the near future.

Notary Is Accused of Wrongful Acts

(From a Staff Correspondent.) LINCOLN, Aug. 12.—(Special.)—W. L. Selby has filed complaint in the office of Governor Morehead for the removal from office as notary public of John H. Nagel of Dickinson, in Lincoln county. The charge against Nagel is that he took an acknowledgment of Mrs. Jana C. Blakely of Hastings to a deed conveying 600 acres of land near Dickinson when Mrs. Blakely was not present and, it is claimed, knew nothing of the matter. The land was sold to E. J. Moore of Guide Rock for \$500 and the purchase price paid to the agent. It is alleged that Mrs. Blakely had not received the money and that Moore did not know until the matter was investigated that the deed was not good. Mr. Selby says that a suit is now pending in the district court of Lincoln county for the annulment of the deed and that the agent who made the deal is trying to make a settlement with Mrs. Blakely. Mr. Selby stated that for the last month he has been endeavoring to get Governor Morehead to appoint a commission to investigate this case, but up to date the governor has refused to act, although it is clearly his duty to do so under the statute.

York County Voters Kill 'Phone Plan

YORK, Neb., Aug. 12.—(Special Telegram.)—The first election held in Nebraska under the Bulla law, permitting county ownership of telephone lines, resulted yesterday in York county in the defeat of the proposition 52 to 1,362. Eighteen out of twenty-one precincts defeated it and opposed bond issues for the proposition.

Germany Asks for Permit to Send Code Messages by Wireless

WASHINGTON, Aug. 12.—Haniel von Haimhausen, charge of the German embassy, conferred with Secretary Bryan today on wireless and cable communication between American and Europe. The charge had previously requested that the State department permit code messages to be exchanged directly between the United States and Germany, which are now barred by the military censors in England, through which country all cable messages must pass to reach Germany. The charge also was desirous that the German owned wireless station at Sayville, L. I., and Tuckerton, N. J., be permitted to work with Germany, free from censorship, thereby placing Germany on equality with England and France, which are using their cables without restrictions for transatlantic correspondence. A disposition was shown at the State department to justify the apparent discrimination against the wireless by an article in The Hague convention, which provides that such methods of communication may be barred where the stations were erected for purely military purposes on neutral territory and transmit no commercial business. The German contention is that the prohibition does not apply for the reason that the stations in question have been doing commercial business. Secretary Bryan promised Charge Haimhausen that he would take the subject up with President Wilson as soon as possible and the charge returned to the summer embassy at Newport to await his answer.

Bank of England Has Plan to Avoid Shipments of Gold

LONDON, Aug. 12.—(Special.)—The Bank of England is not to open a branch at Ottawa, Canada, as had been reported. It is understood that the \$10,000,000 of specie which made the voyage almost across the Atlantic and back on board the Kronprinzessin Cecilie is to be sent to Ottawa. The Bank of England will make payments in London against this and other gold, which will be deposited with the Canadian minister of finance. The effect of the arrangement will be to provide means of remittance from North America to London without the necessity of shipping gold across the Atlantic. The plan is said to be capable of extension to other places outside the region which is under control or might come under control of an enemy.

NEW YORK, Aug. 12.—It is denied in financial circles here that the entire amount of the \$10,000,000 and more gold taken from the Kronprinzessin Cecilie is to be sent to Ottawa. J. F. Morgan & Co. it is understood, have recently consigned \$1,000,000 gold to the Canadian capital, but other banks interested in the Kronprinzessin Cecilie shipment, recently returned here, expressed the opinion that only a small part of that sum will be shipped across the border. There were further indications in New York today that any movement looking to large shipments of gold to Canada, whether for the Bank of England or for any other purpose, will be unpopular in banking circles. New York bankers deem it of the highest importance that gold be held here regardless of foreign obligations. There are other ways, it was pointed out, of meeting debts in London, and these, it was argued, should be resorted to.

Money rates and foreign exchange were notably easier today, but actually without material change. All-time rates, continued on a 6 to 8 per cent basis, with some offerings at the lower figure. Exchange brokers were doing a little more business with London, but nothing like a general movement in that direction is probable for some time.

FRONTIER DAYS SHOW AT CHEYENNE NEXT WEEK

CHEYENNE, Wyo., Aug. 12.—Arrangements are complete for the opening next week of the Frontier Days celebration at Cheyenne. Beginning on Tuesday, the cowboy carnival will be continued on the ensuing three days. Two thousand horsemen and horsewomen with their mounts, 300 of the most vicious "outlaw" bronches the equine race has produced, 250 wild horses on which a rope never has been thrown, 150 of the world's best riders, 100 steer ropers of the greatest skill and daring, 100 longhorn steers, seventy-five Indians, 500 other performers await the opening of the west's most famous festival.

Accommodations have been provided for the many thousands who will remain in the city during the nights. The roads are in fine condition for motoring.

Germans Express Their Respect for Little Belgium

(Copyright, 1914, Press Publishing Co.) BRUSSELS, Aug. 12.—(Special Cablegram to the New York World and Omaha Bee.)—Some uneasiness is expressed as to whether Holland will maintain an effective neutrality. The Dutch minister here declares categorically that, whatever happens, Holland will maintain with integrity neutrality in her territory. The German minister leaving here has written the American minister that Belgians know how to show humanity, now that they are combatants, as well as they know how to fight bravely. Expatriated Germans were treated with distinguished kindness here. It is reported, under reserve, that the German emperor telegraphed personally to King Albert before hostilities began, asking for a path through his territory, and threatening otherwise to ravage it.

Greatest of All Human Blessings

The most wonderful thing in the world is love expressed in the helpless infant. And among those aids and comforts for expectant mothers is the well known "Mother's Friend." This is an external application to enable the abdominal muscles to become more pliant, to expand naturally without undue pain from the strain upon cords and ligaments. In almost every settled community are women who have enjoyed the blessing of this famous remedial and helpful embrocation. Their daughters have grown up to learn of its splendid assistance. Applied as directed upon those muscles involved it soothes the fine network of nerves with which all the muscles are supplied. Thus a great share of the pains so much dreaded may be avoided and the period of expectancy passed through in ease and comfort. Anything that adds so much comfort must be counted as a blessing indeed. In a little book sent by mail much useful information is given to inexperienced mothers. It tells how to use "Mother's Friend" and how to avoid caking breasts. Get a bottle to-day and write for book to Bradfield Regulator Co., 409 Lamar Bldg., Atlanta, Ga. Be sure you get "Mother's Friend."

POLITICAL ADVERTISING.

Frank C. Morgan Republican Candidate for JUSTICE OF THE PEACE at PRIMARIES, AUGUST 18TH. Graduate of law department of University of Wisconsin, 1905. Asks support of all college men.

Alfred Sorenson I am a candidate for the republican congressional nomination. If nominated I believe I will be elected. I came to Omaha in 1871. I believe I can efficiently represent this district in congress. I have been told that I have the ability to satisfactorily represent this district in congress. Believe those who have so told me. They are persons competent to judge. If nominated, I shall make a thorough campaign. Believe me. I pledge my word of honor, that if elected, I will attend strictly to the business of the people of this district and state. Believe me. There's no foolishness in my campaign. Believe me.

A. O. Thomas Candidate for State Superintendent PLATFORM IN BRIEF Promises economical and efficient administration; full publicity of the affairs of the office; a square deal to every teacher and to every school; a definite educational policy; greater thoroughness in fundamentals; that public funds shall be made to go as far as private funds, and to relieve the office from politics and favoritism. Believes a public office is a public trust, and will not seek to punish enemies or reward friends, but to render effective service. Points to a successful professional and administrative career of twenty years in all grades of public school work as the best evidence of qualification.

COMMENDED BY THE LEGISLATURE From report of committee on public lands and buildings: ENDORSED BY HIS NEIGHBORS We heartily endorse the candidacy of Dr. A. O. Thomas for state superintendent of public instruction. In his long residence among us we and the people of the entire state have come to recognize in him an educator of unusual qualifications, an executor of high constructive ability, and a gentleman of force and character. He is such a man, with his ideals of life, his broad and sane ideas for the training of our youth for real active service and for true manhood and womanhood, his ability for cutting out waste and his careful and conscientious use of the people's money, as is greatly needed at this time to administer the affairs of the public schools of Nebraska. We recommend him to the people of the state for the good of the schools. —Adopted by Buffalo County Republicans July 29, 1914.

Fetter's Old Age Genuine Old German Double Beer
