'In a word, the Germans have taken unber of our positions, but have wasted fifteen days, in arriving at this result, which is greatly to the honor of our army. It is not a question of single battle evofutions or captures of certain parts of the country or of towns. These matters are dary in regard to the object assigned our troops in the general dispositions. This aim cannot be revealed.

"Fighting is proceeding on the whole front, extending from Basic, Switzerland, to Diest, Belgium, and in these numerous contacts the more the opposing armie approach each other and the nearer com deciding battles, the more one mus expect to hear of an advantage on this side and of yielding on that. GLENWOOD, Ia., Aug. 20 .- (Special.)-The extreme heat of yesterday did not prevent Glenwood hustlers from planning and carrying out a genuinely novel home return from encampment at Dea Moines. Ceremonies incident to the laying of the cornerstone of the \$25,000 armory were carried out after the arrival of the soldiers. The institution hand escorted the ompany from the Burlington station to the armory, where Mayor Genung initiated the program. John Y. Stone, W. 8. Lewis and L. T.
