

Receipts From Merchants on This Page Are Valuable

OUR COLLARS CAN'T CRACK

With the use of the up-to-date machine used in our laundry your collars are molded into shape while wet, with an "easy slip" tie space and a nicely rounded top on turndown collars.

What Is This Fact Worth To You?

We are safe in saying that your collars will last three times longer than they have heretofore if you send them to us.

How to Win a Free Trip to the Panama Exposition

Rules of Contest.
1-The Bee offers and will award three round-trip tickets and expenses to the Panama Exposition, the total cost of each trip to be \$500, as prizes to the three contestants having the greatest number of points at the close of the contest.
2-This contest open to everybody except employees of advertisers on this page and of The Bee.

3-The contest page will be published one day each week and will run for a period of one year.
4-Points will be figured on the basis of one point for each 1 cent shown on cash checks or receipts for purchases made from advertisers on this page.
5-Cash checks must be deposited at or mailed to "Panama Contest Editor" The Bee not later than thirty days from date of payment of same and receipts will be issued for them.
Contest to close November 7, 1914. All cash tickets and receipts must be turned into The Bee office not later than 9 p. m. on closing day of contest, or if mailed, must be postmarked not later than that hour.

Grand Canyon to Be Exhibited at the Fair

A panoramic reproduction of the Grand Canyon of Arizona is being built at the Panama-Pacific International exposition at a cost of over \$200,000, over 50,000 square yards of linen canvas, imported from Scotland, are being used for the set pieces. Visitors in this concession will view the panoramas from observation parlor cars, moved by electricity on an elevated trestle, seemingly along the rim of the canyon. The observer will be enabled to see eight of the most distinctive points of the canyon and the ride will last over half an hour, including, apparently, a journey of more than 100 miles of the great gorge. Every resource of modern science is employed in the work of reproduction.

French Wounded Are Cheerful in Their Afflictions

VICHY, Aug. 24. (Via Paris, 6:30 a. m.)—The president's palace and all the hotels have been converted into hospitals and are now filled with wounded. All branches of the service are represented, the patients including artillerymen, infantrymen, chasseurs, dragons and hussars.

They are a cheerful lot for men who have been carried from the fighting line. Many make light of their wounds, joke about their experiences and all are said to be anxious to go back to the field. "Isn't that hard luck?" said one with four bullets in his thighs, "to have hooked all four. Still, that may mean three comrades left in the fighting."

Another was greatly exercised for fear fragments of a shell which had struck his arm had obliterated a tattooed butterfly of which he was extremely proud. A gunner who was in the battle at Bonhomme Pass told this story of a comrade: "He was a marvelous pointer and got the bulls-eye every time, but they got him at last. His legs were crushed but he asked to be carried to another gun point for one last shot."

In the court of one of the hospitals three infantrymen with their heads swathed in bandages were found by a visitor to be playing marbles with bullets extracted from their wounds. "They don't roll as well as agates," said one with a grin, "but in times of war one must not be too particular."

Let's Get STARTED on Your WINTER WORK!

Sounds unusual—even weird—to think of winter NOW, doesn't it? Yet, you would exhibit the utmost reason, logic, common sense, if you WERE to get together ALL of your winter work and send it to US NOW, BEFORE the annual winter RUSH!

You see, our expert force will then have TIME to clean, dye, alter, press, reline and revet-collars your winter clothes, furs, etc. Instead of CROWDING us to death at the last moment, you'll have everything in readiness for COLD weather wear.

Yes—it's the proper time to PREPARE for winter. Ask the coal dealers. They'll tell you that any number of people prepare for winter in SUMMER.

Remember—We are amply prepared to do ANY sort of work on winter clothes—and—that winter isn't so VERY far away, after all.

Australasia Selects Site for Panama Fair

Australia and New Zealand recently selected a joint site for their national pavilion at the Panama-Pacific International exposition. Joint ceremonies were held and were participated in by exposition officials, former and present residents of the countries and commissioners. A luncheon was given to Commissioners Niel Nielson, chairman of the delegation from Australia; Edmund Clifton, representing New Zealand; F. T. A. Fricke, representing Victoria, and P. E. Quinn of New South Wales. Australia will make a marvelous exhibit.

Los Angeles Enters Yacht in Regatta

Los Angeles sportsmen have subscribed \$20,000 for the construction of a twelve-meter yacht to be entered in the international regatta of the Panama-Pacific International exposition. Victoria, Vancouver, Seattle and San Francisco are some of the cities that are to have yachts entered representing the municipalities.

SAYS 'FRISCO EXPOSITION WILL BE GREATEST OF ALL

"I have seen every exposition since the Centennial in 1876 and I am sure that this exposition will be far greater than all others," said Commissioner W. M. Conoley of Florida when Florida dedicated the site of its state building on the grounds of the Panama-Pacific international exposition. Other Florida commissioners present were F. P. Felt and J. W. Sample. Preceding the program on the grounds there was a luncheon at the Palace hotel given by the president and directors of the exposition, and a review of troops at Fort Winfield Scott.

CHINA TO HAVE EXHIBITS OF MACHINERY AT BIG FAIR

For the first time in the history of China that nation will have machinery exhibits at a world exposition when the Panama-Pacific International exposition opens in 1915. China has asked and has been granted 4,000 square feet in the Palace of Machinery, the largest of the exposition structures. Workmen have been at work for several weeks on the Chinese pavilion on the exposition grounds and the structure promises to be one of the most interesting of those being built to represent forty foreign nations.

JAPS PERFECTING FAIR EXHIBITS FOR THEIR SITE

Commissioner General Yamawaki to the Panama-Pacific International exposition has promised that Japan's magnificent exhibit will be perfected in every detail when the exposition opens in January 20, 1915. Japan has appropriated \$600,000 and the pavilion will be built by Japanese workmen. One of the features of the Japanese site at the exposition will be a garden of 150,000 square feet which will be stocked with plants, rocks and soil brought from the land of the mikado.

ART EXHIBITS GIVE WAY TO PANAMA EXPOSITION

So comprehensive is to be the display of paintings and statuary embraced in the international loan collection at the Panama-Pacific International exposition that many annual art exhibits are to give way to the exposition in 1915. The Carnegie Institute of Pittsburgh has notified the exposition that it will not hold a 1915 exhibit and this will be the first time in eighteen years that there has been no annual display.

GOVERNMENT TO SHOW IN ONE EXPOSITION PALACE

Officials of the Panama-Pacific International exposition have received notification from the government at Washington that all United States government exhibits will be shown in the \$200,000 government building. The available space in other exhibit palaces has been greatly oversubscribed and this will relieve the congestion for the exposition palaces.

Wash and Iron Day--
