

BRIEF CITY NEWS

Get Married—Minister, 2570 Cuming. Have Root Priest... Fidelity Storage and Van Co. Doug. 1516. Lighting Fixtures, Burgess-Granden Co. Beautiful All Modern Homes For Sale in the easy payment plan. Bankers' Realty Investment Co. Phone Doug. 255.

Equalization Board Meets Wednesday—The Board of Equalization will hold a meeting today to fix sewer tax levies. New Baby Buffalo at Riverview—A new buffalo baby bull has arrived at Riverview park. This is the third new member to the family.

Stauben's Barn Condemned—The city building inspector has condemned the old Stauben's livery barn building at Twenty-ninth and Woodworth avenue. United Clubs to Meet—A meeting of the United Improvement clubs will be held this evening in Commissioner's Hummel's office at the city hall.

Coal Men to Meet—Fifty retail coal men will take dinner together at the Paxton hotel this evening, at which time the winter prices of coal will be discussed. Abbott Convalescing—George E. Abbott, chief ticket agent at the Union depot, has been seriously ill with pneumonia, but is now recovering at his home, the Sherman apartments.

Insurance People to Banquet—A dinner and meeting for fifty of its representatives will be held, given by the Prairie Life Insurance company at the Paxton hotel Thursday evening. Snatches Myer's Watch—A man approached P. C. Myer of Dundee while he was standing on the street at Fourteenth and Douglas and snatched Myer's watch and ran. He has not been caught.

Hamilton Buys Farm—E. O. Hamilton, president of the Omaha Association of Building Owners and Managers, has purchased a 100-acre farm near Springfield and plans to make improvements and add live stock. "Today's Complete Movie Program" may be found on the first page of the classified section today, and appears in The Bee EXCLUSIVELY. Find out what the various moving picture theaters offer.

Davison Undergoes Operation—Freston C. Davison, chief clerk in office of the passenger department of the Union Pacific, has been operated upon at the General hospital for appendicitis. He is reported to be getting along nicely. Davis Succeeds Brinkerhoff—Ralph L. Davis has been appointed superintendent of the Union Pacific, succeeding J. O. Brinkerhoff, deceased. Mr. Davis has been with the Union Pacific twenty years and will have his headquarters in Kansas City, Mo.

Employment Outlook Good—Improvement in the local employment situation is noted by A. A. Remington of the Young Men's Christian association. He says that there is an increased demand for men to fill positions, and the general outlook is bright. Will Hold Annual Election—The Knights and Ladies of Security, Harmony Council No. 1099, will hold an annual election of officers, Saturday evening, at the lodge hall in the Ancient Order of United Workmen's temple, Fourteenth and Dodge streets.

Seller Joins Cleveland Company—N. H. Seller, well known Omaha druggist, has become interested in the W. G. Cleveland company and is now connected with that firm. Mr. Seller has had wide business experience and will add strength to the Cleveland organization. Fontanelle Beauty Looking Up—Some idea of the beauty of the new Fontanelle hotel when finished may now be gained from its present appearance. Some of the terra cotta trimmings near the top have been placed, and they set off the fine brick work to great advantage.

AFFAIRS AT SOUTH OMAHA

Militiamen and Abstractors Are Guests at the Den. Germany and Britain Accept Proposals. WASHINGTON, Sept. 1.—Both Germany and Great Britain have accepted the first of two alternative proposals suggested by the United States in a recent note to the belligerent powers of Europe regarding censorship of wireless communication with Europe. France and Russia are expected to follow Great Britain while Austria is understood to be in harmony with Germany's views, and a prompt adjustment is now believed to be in sight.

The American government's proposals were as follows: First—The wireless stations at Tuckerton, N. J., and Bayville, La. I. should be opened to all belligerents, their embassies in the United States being permitted to send code messages subject to supervision of an American naval officer with whom a copy of the respective codes would be deposited. Second—Germany and Austria should be permitted to send their code messages over British and French cables, but subject to censorship by American officials to determine whether or not the messages were distinctly neutral.

Both Germany and Great Britain rejected the second suggestion as impracticable but assented to the first. Germany's only desire, it is understood, is that the wireless be supervised with equal restriction on all belligerents. Great Britain, however, indicated her belief that the wireless stations should be manned by neutrals and not by the nationals of belligerents. Bee Want Ads Are the Best Business Boosters.

Officers of the state militia and delegates to the 11th men's convention were given lodging at the Devil's hotel at the Den last night by Chief Clerk Samson and were allowed all privileges that guests in that famous inn are accorded. A first-class meal of molten metal, heated to the proper degree, with a little liquid fire to wet their throats, was served, and all lodgers were furnished with feather beds. Despite the fact that the rain was hardly encouraging towards attendance, the crowd of pledged knights present at the show last night was large and they thoroughly enjoyed the initiation of the new members taken into the fold. The militia band added to the musical entertainment of the evening by playing numerous selections.

J. Fred Kerr was chairman during the speaking. He introduced first Colonel Eberly of Stanton. Colonel Eberly thanked the knights for conferring upon his officers knighthood in the royal order. Major Arthur Raynal, acting for Governor Morehead and General Hall, thanked Ak-Sar-Ben for the courtesies extended, as did W. R. Taylor of Kalamazoo and W. C. Morris of Galveston for the abstractors and title men. Jack Prince, who built the Coliseum a quarter of a century ago for the purpose of staging high wheel bicycle races, told the knights of the old days when he was the king pin at the Den instead of Gus Renze and declared the Den show was the best thing of its kind in the country.

It was announced that the membership of Ak-Sar-Ben now is 2,435. About 175 title men and over 100 militia officers were present last night. Three more shows will be given before the culmination of the season. A number of changes of the faculty will greet the students of Creighton Medical college when classes are resumed today. Dr. A. A. Spoor, who came to Creighton from Michigan last year as professor of bacteriology and clinical pathology, has been made resident pathologist at St. Joseph's hospital.

Dr. Spoor will be replaced by Dr. H. L. Connett, who came to Creighton last year from Johns Hopkins as assistant to Dr. Hugo Wightman in anatomy. Dr. R. B. Shaw is a new addition. He comes from the University of Illinois to replace Dr. Connett. Dr. H. F. Gerald, professor of materia medica for the last two years, has surprised his many friends by entering the ranks of the benedictines during the summer months. Announcing quietly that he was going to make a month's visit to his old home in Boston, he returned yesterday, accompanied by the new Mrs. Gerald. They were married August 16.

Both the medical and pharmacy colleges have been completely overhauled and a number of new clinic rooms installed in the former. Killed by Lightning Bolt. PIERRE, S. D., Aug. 31.—(Special Telegram.)—The body of David Fitzgerald of Moenville, Stanley county, was today taken to Grinnell, Wis., for burial. Fitzgerald was killed by lightning last Friday night and his body, with that of his dead horse, was discovered the next day. The bolt evidently struck the top of his head, crushing his skull to a pulp.

Throat and Lung Trouble Will cease to trouble you by the timely use of Dr. King's New Discovery; sure relief. 50c and \$1.00. All druggists—Advertisement. A regular meeting of the fraternal Order of Eagles will be held this evening at the Eagle hall on Twenty-third and N streets. Mrs. Eugene Murrah and her daughter, both of whom are the guests of Mrs. Anthony Smith at her home on Twenty-third and A streets. Del. Pierce, P. J. Martin, John Boyle and Jerry Fitzgerald will leave early this morning for Lake Koronis, Minn., on a ten-day fishing trip. Mr. and Mrs. Fred Elvers have returned from a ten-day outing in northern Wisconsin. Much of their trip was spent pleasantly at Potosi.

Registration of incoming freshmen students is going on daily at the High school under the direction of Principal S. W. Moore. The Myrtle Workers of the World will meet this evening at the Independent Order of Odd Fellows hall at Twenty-fourth and M streets. There will be dancing and refreshments will be served. Mrs. Mary A. Stuehling, aged 48, died last Sunday afternoon at her home, 710 North Twentieth street. The funeral services will be held at her home Wednesday afternoon at 2 o'clock. Interment will be made at the Laurel Hill cemetery. Bee Want Ads Are Read and Used by Ambitious Men and Women.

AVERAGE IS FORTY-FOUR CENTS

Principal Moore Announces Students Will Have Control of High School Paper—Heavy Run of Cattle. The members of the Board of Education listened with evident satisfaction last evening at its regular board meeting to a concise report on the average cost per student of the manual training department by Prof. R. O. Bagbey of the department. It was found that the average cost per student in that department, including the machine shop, was 44 cents. This is very small, when the amount of material used and the benefits derived are considered.

A long list of articles to be purchased for the domestic science department was referred to the board and will be favorably acted upon before the opening of school. The board seemed entirely satisfied with the development of the manual training and domestic science departments and gave evidence of continuing its present attitude. New Plans for Tooter. Principal S. W. Moore of the high school has announced definite plans in regard to running the Tooter, the high school paper, during the coming school year. The paper will be placed in the hands of two senior students who will appoint their own assistants and run the paper with practically no faculty censorship. There will be an advisory board of three members of the faculty, but they will have no power as censor.

The action of the principal is the result of the disruption and rebellion that has existed among several of the past boards in command. Submitting the paper entirely into the hands of the students is expected to create enthusiasm for their paper and also to bring the paper to its original standard as a financial success in the hands of two efficient managers. The business men of the city are generally in sympathy with the action and their co-operation is with the young men in charge. There will probably be two commencement issues of the paper this year, one for the mid-year graduating class and one for the June graduating class. Big Run of Cattle. Up to noon yesterday over 15,000 head of cattle were shipped into the stock yards. The immense shipment of live stock, which is the heaviest run of the season, came in 608 loads. This makes the total import of cattle for the month of August 75,300, which is about the normal of a year ago.

The cattle were mostly grass fed and were of poor grade. The price of cattle took a sudden slump of over 15 cents in consequence of the big run. Entertainment Postponed. Because of the heavy electric storm that swept over the city last night, the big entertainment that was to have been staged by the Centurion club last evening on the club festival grounds at Twenty-fourth and F streets was postponed until this evening. It was impossible for the committee in charge to either receive Governor John H. Morehead, who was to have been the speaker of the event, or to continue any of the plans.

However, just as elaborate plans have been made for a duplicate event this evening and Governor Morehead has consented to remain in the city and make a short speech. The festival will go on this evening with the regular program. To Prosecute Glass Throwers. That too much refuse and glass is being thrown on the streets of the city, and especially the downtown streets, was the decision of the council in session last evening at the city hall. With practically no other "business" before them, the council deliberated long and thoughtfully upon the above proposition and finally decided that an ordinance, providing a penalty for the unthoughtful "glass thrower," should be passed. Immediate action on the matter was postponed.

Office space for rent in Bee office, 218 N. street. Terms reasonable. Well known location. Tel. South 27. The local Order of Redmen will hold its regular meeting next Thursday evening at its hall on Twenty-fourth and O streets. A regular meeting of the fraternal Order of Eagles will be held this evening at the Eagle hall on Twenty-third and N streets. Mrs. Eugene Murrah and her daughter, both of whom are the guests of Mrs. Anthony Smith at her home on Twenty-third and A streets. Del. Pierce, P. J. Martin, John Boyle and Jerry Fitzgerald will leave early this morning for Lake Koronis, Minn., on a ten-day fishing trip. Mr. and Mrs. Fred Elvers have returned from a ten-day outing in northern Wisconsin. Much of their trip was spent pleasantly at Potosi.

Echoes of the Strife. Rounding Up Reservists. CAPE TOWN, (Via London), Sept. 1.—The process of rounding up Australian and German reservists from the different parts of the union of South Africa and sending them to prisoners of war has been proceeding for a fortnight. Some 5,000 are now detained in a special camp at Johannesburg. Wheat and Flour Shipped. PHILADELPHIA, Sept. 1.—One of the largest cargoes of wheat and flour to leave this port since the outbreak of war in Europe was shipped on the British steamship Myra Fell today for Leigh, Scotland. The cargo consists of 1,062,000 pounds of flour and nearly 10,000 bushels of wheat. Seek to Encourage Recruiting. LONDON, Sept. 1.—Premier Asquith and Arthur J. Balfour, one of the leaders of the opposition in the House of Commons, will speak in the historic Guild hall in the city of London this week in an effort to encourage recruiting. The Guild hall will be used as a recruiting station. Oats and Cheese. LONDON, Sept. 1.—The official press bureau has an announcement this morning says the government has gratefully accepted an offer from the people of Alberta of a half million bushels of oats for the army and of the government of Quebec of 430,000 pounds of cheese. Candidates to Bermuda. HALIFAX, N. S., Sept. 1.—Eight hundred British regulars will be withdrawn from service in Bermuda and replaced by an equal number of Canadian volunteers. Later the Canadian may also be sent to the front in Europe. The duke of Connaught, governor general of Canada, so announced today in reviewing the Royal Canadian regiment, which has been selected for service in Bermuda.

Germany and Britain Accept Proposals

WASHINGTON, Sept. 1.—Both Germany and Great Britain have accepted the first of two alternative proposals suggested by the United States in a recent note to the belligerent powers of Europe regarding censorship of wireless communication with Europe. France and Russia are expected to follow Great Britain while Austria is understood to be in harmony with Germany's views, and a prompt adjustment is now believed to be in sight.

The American government's proposals were as follows: First—The wireless stations at Tuckerton, N. J., and Bayville, La. Vulcan By-Product THE PERFECT FUEL. Vulcan fits the weather like a glove—a thin glove for mild weather, a thick one for cold. The weather has played many tricks on you—but it has never caught Vulcan napping. A light, quick fire, quickly kindled for the little cold snap, or a steady, hot fire for the long cold spell—it's all in the day's work for Vulcan. The real difference between the best hard coal and Vulcan Coke is that Vulcan is a smokeless fuel—does the same work with less dirt and ashes, less looking after, and charges you less for the service. Vulcan Coke does not burn out fire-pots or grates and is adapted for use wherever hard coal can be burned. Produced by Coal Products Mfg. Co., Joliet, Ill. Exclusive Domestic Sales Agents, Atwill-Makomson Coal & Coke Co., McCormick Bldg., Chicago. Nebraska Fuel Co. Telephone Douglas 430.

Daniel O'Connell—"The Liberator". ERIN has given the world many a genius and many a Lover of Liberty, but none greater than the eloquent O'Connell. This noble Irishman unselfishly devoted every moment of his life to regain the Freedom of his Fatherland. His oratory, because of its flaming earnestness, exercised a powerful influence over the House of Commons and hastened many reforms for Ireland. Daniel O'Connell was the first to realize the irresistible strength of a union of millions of Irishmen, and to this end he labored night and day. Huge mass meetings were everywhere organized throughout Ireland and addressed by the masterful O'Connell. When confident of success and with victory in sight he was arrested and condemned to prison. When liberated his splendid constitution was shattered, but he continued until his dying hour to work and pray for Irish Liberty. It is needless to say that Daniel O'Connell was opposed to any Prohibitory legislation which invaded the Natural Rights of Man. He would no more vote for such tyrannous enactments than will our millions of Irish-American citizens. They know that there is no evil in the barley brews and light wines of their fathers—EVIL ONLY IS IN THE MAN WHO MISUSES THEM. For 57 years Anheuser-Busch have honestly brewed honest beers, and they are proud of the popularity their great brand Budweiser enjoys with those of Irish blood. Our Irish citizens have helped to make our nation great among the nations of the world. Seven thousand, five hundred people are daily required to keep pace with the natural demand for Budweiser.
