Wilson's Vacation Will Be Over Today

WINDSOR, Vt., Sept. 1.—President Wilson tomorrow will bring to a close his short vacation which began last Friday.

He plans to leave Windsor in the afternoon, arriving in Washington Wednesday morning in time to begin his usual work.

He has enjoyed his stay here and his health has been benefited. The president has practically decided the ship registry question, while here. Soon after his return he will issue an executive order suspending for a stated period, probably three years, the provisions of the navigation laws requiring vessels flying the American flag to have mates and masters who are American citizens and to be manned by Americans.

He will do this in accordance with the recent amendment to the Panama canal act. He has been assured that about 300 vessels now flying foreign flags will take out American registry as soon as he issues the executive order.

REV. W. J. CORBOY MADE CREIGHTON DIRECTOR

Rev. W. J. Corboy, S. J., is to be the faculty director of athletics at Creighton university this year, according to an announcement given out by the athletic board yesterday.

Father Corboy arrived recently from Cleveland where he was a member of the faculty of St. Ignace college. He was before going to Cleveland, athletic director for Marquette university, Milwaukee, for five years.

Practice will begin on the Creighton gridiron this week with coaches Harry Miller and Chester Dudley in charge. Miller is at present spending his vacation with his parents on Lake Erie.

Father Wise, the popular director who is replaced by Father Corboy, may take charge of the glee club, although this matter has not been settled.

The student manager who will assist the athletic director at the college this year probably will be chosen from the arts college.

AMERICAN RED CROSS CHARTERS GERMAN SHIP

WASHINGTON, Sept. 1.—The American Red Cross announced today that it had chartered the steamer Hamburg of the Hamburg-American line, which will be renamed "Red Cross" and sail on Saturday for Europe.

A dozen hospital units will be placed on the ship, which will be manned by an American crew and commanded by retired American naval officers. It will fly, by a special act of congress, the American flag and the Red Cross flag.

Ambassador Jusserand today notified the Red Cross that France would recognize the neutrality of the ship, although the primary owner is a German line.

Secretary Cecil Spring-Rice, the British ambassador, already had informed the Red Cross that England would recognize the neutrality of the vessel.

Many Postoffice Clerks Are Expected Here Next Monday

Delegates from every state in the union are expected to attend the convention of the National Association of Postoffice Clerks, which meets in Omaha September 7. It is estimated that 200 delegates will be here. The bureau of publicity has received no end of inquiries regarding details of the city and the convention, such as hotel accommodations and rates.

German Lead Pencils May Become Scarce

Lead pencils are among the commodities that may become somewhat scarce on account of the war in Europe. The big Faber factories in Germany are exporting none of their pencils now. This company, however, has for years maintained a small factory in New Jersey for emergency. That emergency has arrived and whether or not the American factory will be enlarged and its output increased is not known.

BAN ON RESIDENTIAL RESORT

Police Uncover and Oust Immoral Rendezvous in Home District.

NEIGHBORHOOD IS SHOCKED

Even Though Place Had Been in Existence a Year It Was So Orderly that No Suspicion Was Ever Aroused.

A "society raiding squad" is being organized by Chief of Police Dunn this week as the result of finding a flourishing resort in the West Harney district and the subsequent information that other places are running in neighborhoods heretofore believed beyond reproach.

The police following up a clue last Saturday, found a sumptuously furnished home near Dewey avenue. No arrests were made because the place looked so respectable that the officers were afraid they might make a mistake. Later they learned that their first "hunch" was right and the proprietress was ordered to close up and leave the city.

While the police have been giving their attention to reports down town, the places in residential districts have been quietly flourishing, Chief Dunn believes.

Neighbors are shocked. When neighbors learned of the police visit last Saturday they were shocked beyond measure. So quietly was the resort run so respectable did the women appear, and so quiet was everything that never once did they hold any suspicion, even though the place has been in operation for nearly a year.

Neighbors are shocked. It is a case of negation or scatteration, I guess," said Chief Dunn.

Food Prices Tumble When New Municipal Markets Are Opened

NEW YORK, Sept. 1.—Housewives armed with market baskets stormed the four municipal markets opened today by the mayor's citizen committee in an effort to stem the rising cost of food. In such numbers that many farmers and dealers had sold out within an hour.

Farmers from the surrounding country, including northern New Jersey, push cart merchants, commission men and representatives of one department store, invited by the committee to occupy the new markets, rent free, were on hand in force. They sold their goods under supervision of the committee's inspectors, who were furnished with the latest retail and wholesale quotations.

Prices tumbled. Bread sold as low as 4 cents a loaf and other staples correspondingly cheap. Thousands of pounds of sugar, at 7 cents a pound, were sold during the first hour of trading. The price of potatoes was cut more than one-third; new corn sold for 40 per cent less than the price demanded at shops directly across the street; apples, peaches and other fruit, freshly gathered, were cut in price from 20 to 25 per cent.

Germans Extend Every Courtesy to American Refugees

Chauncey M. Depew Rode Out of Paris in a Live Stock Car

NEW YORK, Sept. 1.—The friendship of the German people for Americans is deep-seated and took concrete form in many acts of kindness during the early days of the great European conflict, according to Mrs. Benjamin Harrison, widow of the former president, who reached New York today on the steamer Ryndam from Rotterdam.

Mrs. Harrison and twenty-four other American refugees who were in Germany at the outbreak of hostilities drew up a statement embodying their view before the Ryndam reached port. Among the signers were Prof. Harry H. Love of Cornell university and Prof. Carl D. Fehr of Lafayette college.

"As Americans returning from Germany," the statement read, "we feel it our duty as citizens of a friendly country to set forth the truth concerning our treatment in Germany and to contradict any false impressions that may now be current."

"While the German people always treat the Americans with great courtesy and kindness in times of peace, this was especially emphasized in times of war. "This spirit was especially well shown, even in the midst of their great sorrow, by a public meeting for Americans in the Rathaus in Berlin."

"Again the kindly spirit of the nation was shown by providing special trains, even though these trains were needed for the transfer of soldiers and munitions of war, to convey the Americans from various parts of Germany to ports where passage home could be secured."

The cellars and underground passages are still filled with refugees, who are unwilling to come out, although the bombardment ceased long ago."

A dispatch to the Reuter Telegram company from Amsterdam says that the Brussels correspondent of the Algemeen Handelsblad gives the following description of the situation in Brussels:

"The German garrison in Brussels now numbers not over 10,000 men. Batteries of field guns and rapid fire guns guard the streets and German sentries are posted at all the public buildings. The duke of Brunswick, the German governor of Belgium, has taken possession of the royal palace of Laken."

WASHINGTON, Sept. 1.—Attorney General McReynolds will return to private life for a month after his retirement from the cabinet. He decided today not to take his oath as associate justice of the supreme court until the tribunal convenes October 12.

Wealthy Americans Arrive from Italy on Chartered Ship

NEW YORK, Sept. 1.—The Italian steamer, Prinzessa Mafalda, chartered by John E. Jones, American consul at Genoa, at a cost of \$10,000 reached New York today from Italy with 38 wealthy Americans aboard, and unoccupied cabins with space for 300 more. Some of the passengers paid \$50 for a cabin; none paid less than \$20, and the average cost to all aboard was approximately \$300.

The presence of empty cabins was explained by the declaration that, although there were many Americans in Italy who wanted to return home, they were unwilling to pay the fares demanded for the voyage.

Reaching port at almost the same hour as the Prinzessa Mafalda was the Italian-American liner Ryndam with 1,235 passengers—22 in the steerage of whom 1,002 were Americans.
