Reasons Why

the next time you order "corn flakes" you should specify

Post Toasties

They are perfect flakes—thin as paper—each flake the "sweet meat" of the choicest white corn grown in the Mississippi Valley.

This food comes to you fresh, in sanitary packages, sealed tight, and with an Inside Container to keep contents right.

Post Toasties have a dainty, corn flavour—unusual to common corn flakes—this due to skillful cooking and toasting, which imprisons the oven-fresh goodness and saves it for your breakfast or lunch—

Toasties are good hot or cold; served with cream and sugar—also fresh fruit in season. To get a special richness of flavour in this distinctively American dish, warm in open oven before serving. Heat unseals this dainty flavour for your appetite. A superb food—always appetizing!
