BERLIN SUGGESTS U. S. SOUND ALLIES

Germany Thinks America Ought to Get Statement from Them on Peace Terms First.

PRESIDENT IS LIKELY TO ACT

Wilson, It is Believed, Will Instruct Envoy to Britain, France and Russia to Communicate Teuton Views.

(From a Staff Correspondent.) WASHINGTON, Sept. 18.—Germany has suggested informally that the United States should undertake to elicit from Great Britain, France and Russia a statement of the terms under which the allies would make peace.

A suggestion was made by the imperial chancellor, Von Bethmann-Hollweg, to Ambassador Gerard at Berlin as a result of an inquiry sent by the American government to learn whether Emperor William was desirous of discussing peace as Count Bernstorff, the German ambassador, and Oscar Straus recently had reported.

No reply was made by Emperor William himself nor did the imperial chancellor indicate whether or not he spoke on behalf of his monarch. Ambassador Gerard cabled President Wilson the chancellor's remarks from recollection, which were substantially as follows:

Chancellor's Remarks.

"Germany was appreciative of the American government's interest and offer of services in trying to make peace. Germany did not want war, but had it forced on it. Even if it defeats France, it must likewise vanquish both Great Britain and Russia as all three have made an agreement not to make peace except by common consent. Similarly, England has announced through Premier Asquith and its diplomatists and newspapers that it intended to fight to the limit of its endurance.

Wants Lasting Peace.

"In view of that determination on the part of Great Britain, the United States ought to get proposals of peace from the allies. Germany could accept only a lasting peace, one that would make its people secure against future attacks. To accept mediation now would be interpreted by the allies as a sign of weakness on the part of Germany and would be misunderstood by the German people who, having made great sacrifices, had the right to demand guarantees of security."

Way Possibly Opened.

The foregoing is all that Ambassador Gerard communicated as to his conversation. He added only the brief comment that he, himself, thought the way might possibly be opened to mediation. President Wilson did not regard the message, however, as bringing anything tangible. He referred to the chancellor's conversation as noncommittal and incidental in the acknowledgment of the American government's inquiry.

The president indicated that he rather expected a reply to the inquiry to be sent eventually from the emperor himself, though he realizes that the imperial chancellor may have consulted his monarch by telegraph before talking informally with the American ambassador.

LABOR FEDERATION FOR LAW

State Body Takes Action in Favor of Compensation Act.

AFTER TWO DAYS OF DEBATE

Lincoln Delegates Generally Endorse Measure, While Omaha Delegates Oppose—Next Session to Be Held in Omaha.

(From a Staff Correspondent.)

LINCOLN, Sept. 18.—(Special Telegram.)—After a two days' debate on a resolution recommended by the resolutions committee denouncing the workmen's compensation law, the State Federation of Labor, in session here this afternoon, voted down the resolution and adopted another favorable to the law. The vote stood 28 for the law and 13 against.

The fight was very warm and was led by F. M. Coffey of Lincoln and A. C. Weitzel of Omaha for the act and Louis V. Guye and H. C. Norman, both of Omaha, against it. A majority of the Omaha delegates appeared to be against the bill, but there were several strong supporters of the law in the delegation.

Delegates George L. Looker and J. W. Light of Omaha attempted to get a joker into the resolution which would have had the effect of killing its efficiency, but Coffey saw the point and, after a warm speech denouncing the proposition, it was defeated by a vote of 31 to 6.

It was voted to make the federationist, the official organ of the organization, and make it a weekly instead of a monthly. The per capita tax was raised from 2 to 2 1/2 cents a member, affiliation fee from \$2 to \$3, and local fees from \$5 to \$8.

The election of officers resulted in the re-election of President Thomas P. Reynolds of Omaha and of Secretary-Treasurer F. M. Coffey of Lincoln. Other officers are: George F. Wright, Fremont, first vice president; Fred Essler, Lincoln, second vice president; Henry H. Beaul, Omaha, third vice president; and Swan Bjork, Omaha, sergeant-at-arms. The legislative committee selected is composed of George Quick, Lincoln, and H. Bidwell and Louis V. Guye of Omaha.

The next convention will be held in Omaha.

Demos Meeting in Secret Because of Impending Row

(From a Staff Correspondent.)

LINCOLN, Sept. 18.—(Special.)—An executive session of the democratic state executive committee was held today at the Lincoln hotel, where headquarters of the state committee will be maintained.

The meeting was secret because Chairman W. H. Thompson had been forced to accept an executive committee against his wishes and one which is said to not be in harmony with the head of the committee, and therefore no person could tell what might happen.

No hair pulling was indulged in to any great extent at least and the committee decided to allow chairmen and secretaries of the different county committees in districts where there is more than one county to act as members of the legislative committee.

A vacancy on the democratic ticket in the senatorial district composed of Madison, Colfax and Stanton counties will be left to the committees in those counties to fill.

A state finance committee was appointed, consisting of Charles Fanning, Omaha; J. C. Byrnes, Columbus; C. E. Harman, Holdrege; T. S. Allen, Lincoln, and W. S. Ridgell, Alliance.

Publicity affairs of the committee will be in charge of C. Q. DeFrance of Lincoln. He will be assisted by N. J. Ludi of Wahoo and Sterling Muir of Lincoln. Mr. Ludi will also have charge of the speakers' bureau.
