HANDIWORK OF CHILDREN

Boys and Girls of Pierce School Make a Creditable Exhibition,

INTEREST IN THE DISPLAY

Awards of Prizes Are to Be Made by the Judges Who Have Looked Over the Garden and Other Exhibits.

Pupils of the Pierce Street school yesterday exhibited some of the results of their summer vacation work. School in their summer vacation work. School in BRADLEY ELECTRIC CO. WIRING all of the rooms of the building was AND FIXTURES. PHONE 38. exhibits for examination by the judges who are to award the prizes. Tables that extended the full length of the main extended the full length of the main hallway on the first ricor were filled with the handiwork of the boys and girls. The exhibits were separated in the center by rows of flowers that extended the full length of the tables.

The exhibit was meant to show the results of the various industrial activities engaged in by the children during the summer. It was brought about by the Mothers' and Teachers' club of the

president of the Mothers' club, talking to the children, pointed out the necessity for useful employment and told how productive work might be made the pleasantest kind of play. She urged the children to select specific things to devote their energies to during vacation time and strive to get results that would attract attention if publicly exhibitel. She then suggested the public exhibition. Superintendent Beveridge joined in the plan and pointed out many practical things the children could do. The garden scheme was taken up and the youngsters urged to keep accounts, showing the expenses and profits of their gardens and to save the choicest projucts, if possible, for the exhibit. Vegetables might be canned, fruits converted into jeilles and evidences given in various ways of the results of the summer's work. The children entered into the scheme with zest and the results were shown on the tables filled with products. There were cakes, jellies, preserves, canned fruits and vegetables, sewing, embroideries and other needlework shown by the girls and all of the garden products that could be pro-

cost and profist of all the work. One boy showed that he had made \$25 out of his summer's work. Another third grade boy feels sure he will win a prize on chocolate cake, which he made and exhibited.

The judges, who spent the whole afternoon testing and examining the exhibits. will announce their awards today. Every exhibit bore a number and no names were permitted to be attached. Miss Prouty, the principal, and the half dozen grade teachers were obliged to express their

CARPENTER, DESPONDENT, TAKES GAS TO END LIFE

Discouraged because he was out of employment, J. H. Roman, a local earpenter, ended his life by inhaling gas in his on the fourth floor of the Ogden hotel. He was found dead in his bed at 16:30 o'clock yesterday morning by employes of the hotel after a chambermaid had reported his door to be fastened and gas to be escaping from his room.

It is known that Roman had been very despondent for several days and was 2,000 three weeks in arrears in his room rent, He had been employed by Anderson Bros. and other local contractors and builders, but had not been working recently. He is survived by one daughter, who resides in the west. Coroner Cutler took charge of the body and will hold it in the hope

of hearing from his relatives. The large number of deaths that have occurred in the Ogden hotel from gas asphyxiation, intentional and accidental, may cause an order for the abolishment of all gas jets in the guest rooms.

Locating Sunday Church. The city council and some of the people of the city are having a lively debate over the matter of location of a tempormeetings next year. There has been an agreement to construct an entire new building for his use, as the coliseum only seats 6,000 persons and a larger hall is planned to build a frame structure as cheaply as possible and to do so in the central part of the city. But the fire ordinances positively forbid any such construction. An effort is being made to have the council grant special permission

to violate the fire ordinances. Des Moines Suffered Loss. Immense loss was done in Des Moines by the storm of last night which did not lifting them. Damage was done on a dozen blocks. The basements of many of

Mother's Friend Before Baby Arrives

During several weeks of expectancy there is a splendid external embrocation in our "Mother's Friend" in which thousands of women have the most unbounded confidence. They have used it and know. They tell of its wonderful influence to ease the abdominal muscles and how they avoided those dreaded stretching pains that are so much talked about. This safe external application is gently used over the skin to render it amenable to the natural stretching which it undergoes. The myriad of nerve threads just beneath the skin is thus relieved of unnecessary pain-producing causes and great physical relief is the result as expressed by a host of happy mothers who write from personal

It is a subject that all women should be familiar with as "Mother's Friend" has been in use many years, has been given the most severe tests under most all trying conditions and is recommended by women who to-day are grandmothers and who in their earlier years learned to rely upon this splendid aid to women. "Mother's Friend" is declared by a multitude of women to be just what ex-

pectant motherhood requires.
You can obtain "Mother's Priend" at almost any drug store. Get a bottle to-day and then write for our little book.

WHY HEADS OF HAIR ARE SO DIFFERENT

"Nature intended that every woma should have a wealth of beautiful hair -hair that can be arranged into an attractive coffure which accentuates her writes Betty Dean, beauty authority. "But so much depends upon the method of care, especially cleansing, that many fall to claim their right. If you use makeshifts instead of something designed for shampooing only, the scalp and hair follicles may suffer injury and the hair grow dull, brittle and fall out. I have found that the easiest to use and most economical shampoo mixture is made by dissolving one teaspoonful canthrox (which I get from any drug store) in a cup hot water. It gently, yet thoroughly, removes every trace of dand-These scalp stimulating canthrox shampoos not only promote a healthy condi-
