

Black and Colored Broadcloths Are Given Great Prominence

Our Broadcloth business this season has been phenomenal, not only because of the vogue for this fabric in all fashions, but also because of the beauty and quality of the fabric itself. Sponged and shrunk—guaranteed not to spot with water. It is equal in appearance to any silk fabric. All of the new autumn shades in Wednesday's showing.

HOWARD AND SIXTEENTH STREETS

ALLIES BENDING BACK RIGHT WING OF TEUTON ARMY

(Continued from Page One.)

stationary in the center, seems according to official statements, to gain a little ground on both wings.

If the report that General Von Kluck has moved his headquarters back to Meuse is true, it will be of the greatest significance, as showing his recognition of the danger which might threaten him from an army marching from the west.

The third great battle between the Austrians and Russians in Galicia, starting with a bombardment of Przemyśl, in which 2,000,000 men are said to be engaged, is expected to be in full swing within a few hours, when the whole line along the new positions occupied by the Austrians between Przemyśl and Cracow will be involved.

Official News Scorer.

The death of official news this morning from the long battle front in the western arena of war has raised the usual crop of rumors. These attract interest, and in the minds of some people, are important from the fact that, originating simultaneously at widely distant points, they seem more or less to confirm each other. (It is evident from the text of this dispatch that the recital of the rumors alluded to have been deleted by the censor.)

The unsubstantiated report from Antwerp that General von Kluck, the commander of the German right wing, has removed his headquarters back to Meuse complicated these rumors.

The latest official communication from Paris, even more laconic than usual, declares that the allies are making progress toward Rheims and the Argonne. Although the fighting during the day time yesterday was less violent.

Allies Advance Seven Miles.

A wounded British officer who has returned to Paris from the front has supplemented the official news with the declaration that the allies on their left have advanced seven miles.

Berlin, however, reports that the German counter attacks about Rheims have resulted in their capture of the strong hill position at Craonne, eighteen miles northwest of Rheims and the occupation of the village of Bethany, three miles north of the French city. Berlin claims also a successful attack on the line of forts south of Verdun, surrounded by eight French army corps, as a result of which German troops have crossed the east border. Berlin reports further the defeat of a sortie from the northeast of Verdun but declares there has been no important engagement elsewhere on the western battle front.

Rheims May Be Raised.

The city of Rheims may be raised to the ground, it is felt in London, not because in itself it has any strategic importance, but because it happens to be in the way of the operations directed against the plateau above the city, where the allies undoubtedly will endeavor again to disprove, as did Napoleon, the theory of Steucher, that these heights are impregnable even if defended by only 25,000 men.

The walls and towers of the Rheims cathedral, according to latest reports, are still standing, but it is not believed they are strong enough to endure much more bombardment.

Nowhere else along the battle line is any great effort being made to carry a frontal attack, and unless one side or the other executes an outflanking movement, Rheims may witness the most decisive battle of the war.

Belgian sorties continue from the shelter of Antwerp, but neither the Belgians nor

THE GERMAN BROTHERS

The Germans have brought about any real change in their relative positions in this district.

Russians on Aggressive.

From Petrograd comes stories of the continued flight of the broken Austrian armies in Galicia, while at the same time, Vienna declares that these armies are reorganizing for offensive action. It would seem clear, however, that only Przemyśl is today standing out against the total occupation of Galicia by Russia.

Petrograd reports further that the populace already is fleeing from Cracow, from which city a portion of the unique library has been removed for safety.

Reports received in the Russian capital are that Austrian-Polish volunteers are gathering to serve against the Russians. These give the Russians hope that Cracow may be delivered to them without a struggle.

The Russians claim still further victories against the Austrian forces attempting to reach Cracow, and they predict that there is no chance of the Austrians resuming the offensive before next spring.

That the Austrian army was not so badly demoralized and disorganized as at first reported is indicated by the admission from Petrograd of the determined nature of the four days' assault which preceded the recapture of Lemberg.

New Attack on German Right.

The Times' military expert says that the line of the allies now extends on the east from a point near St. Die, through Lunéville, Pont-a-Mousson, Etain, Convoys, Montfaucou, South Ain, Rheims, Craonne, Noyon, Launay and Reims to Lecaillon.

"The news of the day," this expert says, "is the appearance of fresh forces around Perennes, seventeen miles northwest of St. Quentin, attacking the German extreme right at St. Quentin.

"The English army is near Soissons. On the British left are French troops who have been rushed through to Launay toward Ham, twelve miles southwest of St. Quentin, and are endeavoring to close in upon La Fère, fourteen miles northwest of Laon."

Wilson Peace Policy "Watchful Waiting"

WASHINGTON, Sept. 22.—While President Wilson told his callers today that he was "prayerfully working for peace in Europe," it is known that for the present he will take no further steps either to sound the belligerents or otherwise press the offer of the American government to mediate. The president indicated that he was studying the best method and most opportune time for the United States to exert its influence for a cessation of the conflict.

The general view among administration officials is that none of the belligerents is receptive yet as to a discussion of peace terms.

BOER ARMY CHIEF RESIGNS OFFICE

Brig. Gen. Beyers, Commander of Union's Defense Forces, Opposes Invading German Africa.

SAYS DUTCH PEOPLE WITH HIM

Surprised that Parliament should O. K. Resolution to Conquer the Teuton Territory Without Provocation.

LONDON, Sept. 22.—Brigadier General Christian Frederick Beyers, commander general of the Union of South Africa's defense forces, has resigned his post, because of his disapproval of the action of Great Britain in sending commandoes to conquer German southwest Africa.

The official press bureau tonight gave out the letter of resignation of General Beyers and the reply of General Jan Christian Smuts, minister of finance and defence of the South African Union.

No Provocation.

General Beyers reminds General Smuts that in August he disapproved of the sending of commandoes (forces of Boer troops) to conquer German southwest Africa and expresses surprise that Parliament confirmed the resolution of the government to conquer the German territory without any provocation by the Dutch people in the union disapproved of crossing the German frontier.

Referring to a statement that Great Britain had taken part in the European war for the sake of justice and to protect the independence of smaller nations and comply with treaties, General Beyers points to the resignation of two British ministers as evidence "that a strong minority cannot be convinced of the righteousness of war with Germany." As to the protection of smaller nations, General Beyers says:

Two Statistics Differ

State Board's Collection and Those Sent Agricultural Secretary Not Same.

INSTANCE FROM DOUGLAS CITED

Anti-Suffragists Will Hold Meetings in Lincoln Wednesday—Republicans Continue State Auto Tour.

(From a Staff Correspondent.)

LINCOLN, Sept. 22.—(Special.)—It is evident that the present method of gaining statistics is not very reliable, judging from the reports of assessors sent in to the secretary of the State Board of Assessment and the secretary of the State Board of Agriculture.

Blank reports similar in nature are furnished the assessors of the different counties, and they are supposed to furnish to the State Board of Agriculture the conditions as they find them as accurately as they furnish them to the secretary of the State Board of Assessment.

The reports sent in by the county assessors of Douglas county, which show about the same conditions as those of many other counties disclose that to the secretary of the State Board of Assessment the number of automobiles in Douglas county is given as 2,306, while to the secretary of the State Board of Agriculture the number is given as only 123. To the State Board of Assessment the number of horses is given as 10,259, while to the State Board of Agriculture they are given as 4,381. Cattle are given in the State Board of Assessment as 14,710 and to the other board as 10,134.

Dogs have a better chance with the Board of Agriculture, the number in Douglas county being 60. However, the number of canine inhabitants drops off to 24 when one consults the reports sent to the State Board of Assessment.

Royce Corrects Impression.

Secretary Royce of the State Banking board rather objects to a statement made this morning that he believes the Home Building association of Omaha carries a plan which is "legitimate and within the law."

"The impression I meant to convey," said the secretary, "was that the plan given to me by the president of the association was one which did not in my opinion come under the jurisdiction of the State Banking board, and therefore did not require a license. I do not care to appear as endorsing any plan as legitimate when I have not had a chance to investigate it. There are many home building plans that do not come under the jurisdiction of the board which are perfectly legitimate perhaps, and there are others which are not. The fact that they do not come under our supervision does not mean that they are all right. I did not intend to create that impression yesterday, though I can readily see that it might have been taken that way through a misunderstanding of the scope given to the board by the law."

Anti-Suffragists to Speak.

Three addresses will be given Wednesday, September 23, in Lincoln by Miss Lucy Price of Cleveland, O., and Mrs. J. W. Crumpacker, Nebraska representative of the Anti-Woman Suffrage association. Miss Price will speak at the noon day luncheon of the Lincoln Commercial club and also at an outdoor meeting near Thirtieth and O streets at 7 o'clock. Both will speak at a meeting at 7:45 in the convention hall at the Lindell hotel. Colonel John G. Maher will introduce the speakers.

Republicans on Tour.

A number of republican candidates for state offices this morning went out in search of the cavalcade of autos which left yesterday morning for a 1,000-mile tour of the state. The main party left in Columbus last night. Today they travel along the Union Pacific, reaching Kearney this evening, and the candidates leaving this morning expect to overtake the main party somewhere on the way. When together the party will include R. B. Howell, candidate for governor; Walter V. Hoagland, for lieutenant governor; Charles W. Sears, for attorney general; W. T. Minor, for auditor; A. O. Thomas, for state superintendent; Fred Beckman, for land commissioner, and Thomas L. Hall, for railway commissioner. Local candidates will accompany the autolists along the way.

Clarke Goes to Stanton.

Railway Commissioner H. T. Clarke has gone to Stanton, where he will conduct a hearing brought against the Northwestern Railway company to compel the putting in of a sidetrack for loading purposes at a place midway between that place and Norfolk, where there is now a passing track for trains.

The South Omaha Stock yards complaint brought by R. B. Howell, which was to have had a hearing next week before the State Railway commission, has been postponed until October 20 to accommodate President Buckingham of the Stock Yards company, who has been called to the home of Ak-Sar-Ben and cannot attend at the king business, and attend a hearing at one and the same time.

Department Orders.

WASHINGTON, Sept. 22.—(Special Telegram.)—On recommendation of Democratic Committee on Ways and Means, the following orders were issued by the department at Washington, D. C.

Nebraska pensions granted: Wenceslaus Smith, Stevens (military act), \$12; minor of Henry J. Hads, Elgin, \$12; minor of Anna Leff, Omaha, \$12.

Postmaster at Lockridge, Jefferson county, Iowa, vice W. L. Bankhead.

French War Office Says Attempts of Germans to Advance Repulsed

PARIS, Sept. 22.—The following official announcement was made in Paris today: "Along the entire front, from the Oise to the Woivre, the Germans manifested yesterday (Sept. 21) a certain activity, without, however, obtaining appreciable results."

"First, on our left wing, on the right bank of the river Oise, the Germans were obliged to fall back before the French attacks. Between the Oise and the Aisne, the situation remains unchanged. The enemy has not delivered any serious attack, contenting himself yesterday (Monday) evening with a continued cannonading."

"Second, on the centre, between Rheims and Soissons, the enemy attempted an offensive movement, which was repulsed, while on the right, between the Argonne and the Meuse, the situation remains unchanged. Between the Argonne and the river Meuse there has been no change."

"In the Woivre district the enemy made a violent effort. He attacked the heights of the Meuse along the front between Tressauvaux, Vignoulles and Hendicourt, without, however, succeeding in gaining position on these heights."

"On our right wing, in Lorraine, the enemy has again crossed the frontier, using in this operation a number of small columns. Donestre, to the south of Blamont, has been recaptured by the enemy."

"During the days of September 20 and September 21 we captured twenty automobiles used all the men attached to them. We also captured on these days numerous prisoners belonging principally to the Fortieth, Sixtieth, Seventieth, Eightieth, Ninetieth, 106th, 160th and 169th German corps, to the Bavarian landwehr and to the reserve corps."

"Concerning the Russians in Galicia: "The rear guards of the Austrian army have been pursued by the Russians and have suffered considerable losses. Russian troops have come in contact with the Austrian garrison near Przemyśl. The heavy Russian artillery is bombarding the fortifications of Jaroslav."

GERMANS ADDING TO THEIR DEFENSES ON WEST FRONTIER

(Copyright, 1914, Press Publishing Co.)

ROTTERDAM, Sept. 22.—(Special Cablegram.)—All transport of merchandise to Mannheim, Baden and beyond has been stopped by Germans, according to information received from Utrecht today. This traffic would of necessity go along the Rhine and the whole western frontier of Germany.

This edict, read in conjunction with a report from Amsterdam that Germany is seriously reinforcing its fortifications at Cologne and Düsseldorf and making every preparation for defending the towns, suggests that the whole right bank of the Rhine is being prepared for defense and that the Germans are anxious that even the Dutch shall not see their preparations.

French Nurse Makes Report of Germans Shelling Hospital

BORDEAUX, Sept. 22.—Mme. Paul, head of the French women's ambulance corps, has reported to the government from Etain in the Department of Meuse, describing the bombardment of a hospital at that place by the Germans on August 24. The first shot from the German artillery, Mme. Paul said, brought down the Red Cross flag on the roof and a fragment of this shell shattered a basin beside a table on which Dr. Froust of Paris was operating on a serious case. The doctor then moved into another wing of the building, in which there were five wounded German soldiers. The shells began to fall faster and finally this section of the hospital had to be abandoned. The wounded were moved to Verdun, twelve miles away.

Attempt to Wreck Plant of Newspaper

TONAPAH, Nev., Sept. 22.—The office of the Bonanza, an afternoon newspaper, was damaged at 12:15 o'clock this morning by the explosion of three sticks of dynamite under the corner of the room occupied by the job printing plant. A corner of the building was torn off, a garage adjoining was wrecked, and windows a block away were broken by the concussion.

The damage to the job plant was slight. The newspaper plant is located in an adjoining building, and this was not hurt. The Bonanza has a cylinder press in its job plant, plainly visible from the street. It was near this press that the explosion occurred.

There has been friction between the members of the Western Federation of Miners and Industrial Workers of the World in Tonapah and Goldfield lately, and the Bonanza has taken an active part in the controversy, favoring the side of the Western Federation of Miners.

Bull Kills Many German Soldiers

PARIS, Sept. 22.—(7:10 a. m.)—The Petit Parisien prints a story of a bull which it says killed eighteen Germans. It appears that when the peasants in the neighborhood of Sens were warned of the approach of the Germans they opened the gates of the cattle pens and endeavored to drive the cattle to a place of safety. One enormous bull, it is said, becoming enraged by the sound of the cannon fire, broke away and charged the Germans, who looked on in stupefaction, believing it some trick of the French. At the first dash the bull gored six, throwing them high in the air. Others shot and wounded the animal, which, however, gored a dozen more before succumbing.

Six Injured as Rock Island Train Wrecked

KANSAS CITY, Mo., Sept. 22.—Six persons were injured when Chicago, Rock Island & Pacific passenger train No. 21 was derailed at Yale, Mo., twenty-five miles east of here.

W. L. Williams, engineer, and Fred Mayor, fireman, both of Elder, Mo., were fatally injured, it was believed. Four passengers, George Mullen of Chillicothe, Mo., and Arthur Anthony, J. S. Hamilton and Mrs. F. W. Paund, all of Kansas City, Kan., were injured.

Several hundred feet of the roadbed, undermined by heavy rains, gave way under the weight of the train, which was running at full speed. The engine, baggage car and one coach were overturned. The train was of solid steel equipment.

CRISIS IN BRAZILIAN COFFEE SITUATION ACUTE

RIO JANEIRO, Sept. 22.—The crisis in the local coffee situation is becoming aggravated as a result of the closing of European markets. The government is considering means of protection.

It is reported that Germany is negotiating with the state of Sao Paulo for the purchase of its stock of 2,300,000 sacks at prices quoted now in Hamburg.

AUSTRIA REELING BY TRAITOR BLOWS

Russia Two Years Ago Bought Valuable Military Secrets from Vienna Staff Chief.

BEAR GRIP ON GALICIA TIGHTENS

Przemysl Invested, Danki's Retreat—Army Surrounded, Dubiecko Captured, According to Petrograd Reports.

VIENNA, Sept. 22.—(Via Paris.)—The belief is growing in official circles here that Austria reverses in Galicia were, to a large extent, brought about by exact knowledge held by the Russian war office of Austria's mobilization and campaign plans, which have been obtained through an elaborate system of espionage.

The military authorities, it is claimed, two years ago discovered that Colonel Alfred Redl, chief of the general staff of the Eighth Austrian army corps, had betrayed information of vital importance to Russia, and although it is thought probable the Austrian general staff later made changes in their plans, the military experts believe the modifications would not have greatly affected the general basis of campaign as worked out.

Colonel Redl was found guilty of being a traitor and on the advice of brother officers committed suicide.

Austrians in Way.

LONDON, Sept. 22.—The Russian grip on the scattered Austrian forces in Galicia is holding relentlessly, according to Petrograd advices. The fortress of Jaroslav is being bombarded; Przemysl has been invested and General Danki's army, which is retreating toward Cracow, has been surrounded. The capture of the town of Dubiecko, on the river San, by the Russians, has cut Przemysl off from the western armies, so that it must now rely for defense upon the Austrian and German army corps which are there.

General Danki is believed to be in a difficult position. Driven out of South Poland and separated from the main body of the Austrian army, he has been compelled to make a race for Cracow, in which he was, according to Russian accounts, beaten by the Russian army coming southward from the Vistula to Baranow.

Germans Retaliated.

The Germans have retaliated to some extent by penetrating the territory of Suwalki, in Russian Poland, and farther to the north. But the Russians are contenting themselves with defending their fortresses until their work in Galicia is completed.

The Montenegrins and Serbians are reported to be meeting with success and the Montenegrins are approaching Sarajevo, capital of Bosnia.

Marconi Company Ignores Demand of Secretary Daniels

WASHINGTON, Sept. 22.—Secretary Daniels said today he would give the Marconi company until tomorrow to give assurance that it would observe the naval neutrality regulations in the operation of its wireless station. Mr. Daniels served notice Saturday that unless he received a prompt assurance that the company would observe the department's rules, he would order Siasconet station closed to all communication. Counsel for the company has been quoted as saying that he would not make further answer to Secretary Daniels' communication and would resort to the courts to determine the controversy.

Crew of German Ship Trafalgar is Saved

LONDON, Sept. 22.—(9:35 a. m.)—The admiralty has issued an official list of the casualties on the Carmania which sank an armed German merchant steamer off the South American coast. It shows that nine men were killed. No other names appear among the dead or seriously wounded.

BERLIN, Sept. 22.—(Via Rotterdam and London 11:47 a. m.)—The report of the sinking of the German armed merchant cruiser Trafalgar, September 24, off the east coast of South America, by the Cunard line steamer Carmania, carried in a British auxiliary cruiser, has been confirmed in an official statement given out here today. This communication adds that the crew of the Trafalgar was saved by the steamer Elenore Wooman.

British Ship Sinks Off Asia Minor

TREBISOND, Asia Minor, Sept. 22.—(Via London, Sept. 22, 10:37 a. m.)—Twenty-two persons lost their lives by drowning as a result of the sinking of the British steamer Belgian King near Cape Kubell yesterday.

The Belgian King carried 120 passengers and crew. Ninety-eight of them were saved by a Russian steamer.

It is surmised this accident was due to a mine, but the real cause has not been revealed.

Internal Revenue Bill is Reported

WASHINGTON, Sept. 22.—The administration internal revenue bill was reported out of the ways and means committee today with all the democratic voting in its favor and all the republicans in opposition. Progressive Leader Murdock was not present. The tax of 2 cents a gallon on gasoline was extended to cover "motor spirits." A tentative agreement was reached with republican leaders for a vote at 4 p. m. Friday.

Stops Headache, Pain, Neuralgia

You can clear your head and relieve a dull, splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old-time headache relief acts almost magically, send someone to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. Be sure you get what you ask for—Advertisement.

German Official Report Says Army in West Advances

WASHINGTON, Sept. 22.—The German embassy today received the following wireless from Berlin:

"Headquarters reports September 21 that the attack against the French and English army makes progress. Rheims lies in the French battle line and we are being forced to answer their fire. The city suffers, but orders have been given to spare the cathedral.

"In middle Alsace the French attacks have been repulsed.

"The subscription to the German war loan up to the present time reaches 4,300,000,000 marks."
