U. S. IS FACING COMPETITION

Canada, India and Other Grain Producing Countries Are Becoming Active in Sales of Wheat to Belligerents.

It has been apparent during the last few days that the bullish news emanating from the war, which has been dished up to the trade for weeks past was becom-ing stale. The action of the wheat mar-ket yeaterday demonstrated this to be a

fact. Efforts to draw the outsider in falled discoulty, and the local trader not only refused to support the market, but only refused to support the market, but pounded it on every opportunity. While it was generally believed that considerable wheat was sold from here for export exterday, there is nevertheless a conspicuous full in the business as far as this country is concerned.

Foreign interest has temporary shifted to Canada for the reason that Canadian wheat for export is now cheaper than the American grain. India is expected to sell more freely, how that its new creat is

wheat for export is now cheaper than the American grain. India is expected to sell more freely, now that its new crop is progressing favorably and taking all in all it seems that the United States will

meet competition of some importance.

There was much unloading of wheat yesterday by holders who were disgusted with the action of the market. Starting out firmer, prices suffered severe reactions. There was a little scattered buying for foreign account, but speculation generally was poor. Export sales of 180,000 bushels were reported, but it was thought that the total business of yesterday amounted to considerably more than this.

Speculation was at an exceedingly low.

this,
Speculation was at an exceedingly low
sob in corn yesterday and the market
was governed by the actions in the wheat
pit. Trading in cash corn was equally unimportant and sales of only 35,000 bushels were reported.

were reported.

Actions in other pits were duplicated in the oats market, there being similar liquidation by longs and general speculative lassitude. There was buying of futures by an export house, which gave rise to the belief that there had been sales for direct export, but nothing to go abroad was reported from here.

Light offerings and some scattered investment buying made provisions firm carly, but the market developed much weakness later and closed materially lower. There was seiling of product by stock yards people and much stop loss pressure on pork. Some improvement in the cash lard trade was reported, but the demand for meats is still on a small scale.

Wheat was let to 2% lower.

wheat was ic to 25c lower. Corn was \$4c to 124c lower. Oats were ic to 55c lower. Clearances were: W nest and flour, equal to \$\$1,000 bu.; corn, none; oats, 2,000

Liverpool close: Wheat, unchanged to 14d lower; corn, unchanged to 1d lower. Frimary wheat receipts were 2,819,900 bu, and shipments 1,373,000 bu, against receipts of 1,686,000 bu, and shipments of \$17,000 bu, last year.

CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade.

Prices on Board of Trade.

CHICAGO, Sept. 25.—Expected enlargement of the domestic visiole supply total Monday handicapped the bulls today in wheat. No important railies took place and the market closed steady at the same as last night to %c decline. The outcome in corn was unchanged to %c lower and for oats a shade off to %c up. Provisions finished irregular, ranging from 40c down to 73% advance.

for oats a shade off to 4c up. Provisions finished irregular, ranging from 40c down to 74c advance.

Arrivals of wheat at primary points today were 2,839,000 bushels, as against 1,886,000 bushels for the corresponding day a year ago. Another bearish circumstance in this connection was the fact that north-western stocks showed an increase of about 4,000,000 bushels for the week, compared with 2,000,000 bushels last year. The outlook adverse to the buils was made more so by absence of export bushess, no sales to foreigners being reported except 240,000 bushels at the guif.

Difficulty in arranging New York exchange was said to be the only impediment to larger shipments of wheat from Winnipeg to Europe. The transatiantic call for cheap cargoes from Canada, however, was discouragement rather than a stimulus to holders here. So also was gossip to the effect that Liverpool was counting on receipts there being liberal in the future from Argentina.

Corn held relatively steady as a result of export sales at Boston and of clearances at New York for Bordeaux. Wheat weakness, though, acted as an offset. Oats, like corn, received support owing to gequirements of the export trade. As much as 1,000,000 bushels was said to be loading to go to Sweden.

Provisions scored fair gains in January contracts for meats and on all deliveries for lard. Nearby options of pork and lard were bearishly affected by smallness of cash call from the south.

New York Cotton Market,

NEW YORK, Sept. 25—COTTON—The
report of the conference committee of the
New York Cotton exchange today showed
that 1,100 bales of the old straddle interest
had been liquidated at 9c for December
as a result of yesterday's operations in
Liverpool. This makes a total liquidation
of 5,900 bales since the pian of the international committee was placed in operation and there were rumors that the outstanding interest had been further reduced through private settlements. A report from the special committee on bylaws suggesting that the market be reopened for trading in government grades
was also taken as pointing to a resumption of business within the next few
weeks. Reports from the south indicated
further declines in the spot markets
which encouraged rather a pessimistic
view of values almong local operators,
while the heavy rains reported in the
eastern belt failed to create any fresh sentiment with reference to the size of the
crop.

LIVERPOOL Sept. 25—COTTON—Spot New York Cotton Market.

LIVERPOOL, Sept. 25.—COTTON—Spot, limited business; sales, 4.200 bales. Coffee Market.

Coffee Market.

NEW YORK, Sept. 25—COFFEE—Reports that the steamer overdue from Brazil with a coffee cargo of 34,000 bags had been captured and destroyed by a German cruiser, served to increase confusion regarding the war risk situation in the local coffee market today. Cost and freight offers from Brazil were a shade easier on Rios and about unchanged on Santos, but there was very little business and the apot market was also quiet, with Rio 7s quoted at 6%c and Santos is at 10%glic, according to description.

At a special meeting of the members of the Coffee exchange today the board of managers was authorized to empower the voluntary liquidation committee to liquidate existing coffee exchange contracts at quotations acceptable to buyers and sellers, irrespective of the ring and margin prices of 1:30 p. m. July 30. This action is expected to result in more rapid liquidation of old commitments.

OMAHA, Sept 25.—Bank clearings for today are \$5,100,122.52 and \$5,002,140.46 for the corresponding day last year.

BHEEP—There was practically no change in sheep and lambs from yester-day and receipts were light, showing considerable falling off, as no more than some 4.40 head were reported in against 18,164 a week ago and 21,386 on the corresponding day a year ago. The bulk of the offerings was made up of lambs, and while some pretty good strades were of the offerings was made up of lambs, and while some pretty good grades were at the disposal of buyers there was nothing strictly choice of any kind on sale. The best lambs here brought \$8.45, and the range of all the sales was at \$1.150 \$7.45. Ewes, such as were here, moved around \$4.7504.90 and a car of yearlings was picked up early at \$5.90. The market was fairly lively, resulting in a good clearance in good season.

There were no new features in the feeder trade and prices were practically steady.

trade and prices were practically steady. Most of the feeder lambs changed hands at 16.2507.00 and a bunch of feeder ewes at 16.307.00 and a bunch of feeder ewes brought \$4.15.

The features of the week have been liberal receipts, and a decline of 55c on fat lambs from a week ago, and 50c on mutton. A decline of 10glisc on the best grades of feeder lambs brought in a grades of feeder lambs brought in a goodly number of buyers from the country and as a result the number of lambs bought on feeding account has been as large as any week thus far this season. The common to medium grades of feeder lambs are 18920 cheaper than a week ago, but feeder yearlings, wethers and to the continued scarcity of such offer-

ings.

BRADSTREET'S TRADE REVIEW Evident that Fall Trade is Below Normal.

NEW YORK, Sept. Z.-Bradstreet's will say tomorrow: It is evident that fall trade is below normal; that industrial operations are quiet; that bank clearings with stock markets closed continue on the downgrade; that failures are numerous and that the general rule is to buy for nearby pressing needs rather than to cover future requirements.

Perplexities arising from high or low prices, as the case may be, upset calculations, while the difficulties encountered in getting ready money at reason-

tered in getting ready money at reasonable rates checks buying in a great many lines. On the other hand it must be conceded that farmers in the surplus wheat of the Coffee exchange today the board of managers was authorized to empower the voluntary liquidation committee to liquidate existing coffee exchange contracts at quotations acceptable to buyers and sellers, irrespective of the ring and margin prices of 1.30 p. m. July 35. This action is expected to result in more rapid liquidation of old commitments.

Dry Goods Market

NEW YORK, Sept. 25.—DRY GOODS—Heavy purchases of towels, sheets, pillow cases and blankets for war purchases reported today. Cotton goods irregular Yarns steadier. An embargo has been placed on the shipment of wool from Turkey and Persia and Indian ports are closed against jute shipments.

Street Car Service to Speedway

Persons visiting the speedway in East Omaha to witness the motorcycle races Saturday and Sunday afternoons, September 26th and 27th, can reach the same by taking either Carter Lake cars running over the route of the Sherman Avenue line from 14th and Howard, or northbound 24th and Ames Avenue or 42d and Grand Avenue cars.

The first named line runs direct to the speedway, while the second named lines transfer speedway passengers at Sherman Avenue and Locust Street, where extra cars will take them direct to the speedway.

Omaha and Council Bluffs Street Railway Company

Would Your Widow Have a Home?

The man at the head of the house with the responsibility of caring for a family should have an eye out for future years. There are ways of providing for the future in a substantial manner and with very little difficulty if you will give the matter a little careful thought.

One thing that you can do right now that will be really worth while is to find out what other people know about real estate conditions and values in Omana. It may be that you have never thought seriously about owning a home or a farm of your own because somehow the words "real estate" are associated in your mind with an investment of big money.

This is not the case. There are hundreds of good chances to purchase a fine piece of property on very small payments-probably even less than you are now paying for rent. Find out more about it. There is every reason in the world for your future prosperity why you should look into this suggestion a little farther.

A real step forward would be to start reading the real estate ads in The Bee today and keep it up for awhile. They are mighty interesting reading to the man who wants to get ahead in worldly goods.
