Lean Company Employe Admits that Notes Are Assigned to a Man Who in Fact Does Set Mairt.

Mrs. Churles Danbow would have paid cour Fo to a loan abase for only 50 she borrowed, if the matter had not come to light and been stopped by Judge Entton in district court. The Beliable Credit company loaned her the 160 some months age. The claims also paid 54 already in installments on this doot, and that in return the Reliable Credit company gave her receipts for only 50, aciding that the still owes 17 on the principal and 181 interest.

Club Complains

Determined to shake herealf free from the olatches of the sharks at any cost, she mounted the stairs to the office of the Abbott Lean company and asked to bettor if. This would pay all that the Railroad would release her from further trouble with them, although the knew she had already mail tak for a 440 debt.

The effort to negatiate a new loan brought out the fact that the furniture was already mortgaged to the Reliable company, and gradually the story of her dryerisance with thom was drawn from
