Values collapse put on overcoats. Prices reasonable and first class work guaranteed. There will be a special communication of the Bluff City Lodge, No. 71, Ancient, Free and Accepted Masons, on Wednesday evening at 7:30 o'clock, for work in the third degree. All Master Masons are cordially invited. The choir of the Dodge Memorial church will furnish special music this evening at the convention in session at the First Congregational church. The association sermon will be preached by Rev. C. E. Luck of Grayson. Mrs. Mary Frederickson, 33 years old, died yesterday from general decline after a severe illness of only one week. Mrs. Frederickson had been in the city for thirty years. She is survived by two daughters, Mrs. Panson and Mrs. Anna A. Forrester, both of the city. Eight grandchildren, and four great-grandchildren also survive her. The funeral will be held on Friday from the residence, 1815 South Tenth street. October 2 will be the last day for issuing certificates for the November election. Applicants who were admitted at the September term of the district court, if they wish to vote at the November election they must secure their certificates by October 2, as the law specifies thirty full days before the election. The election this year comes on November 3. Deputy Clerk Roy Hardesty yesterday sent out notices to those entitled to certificates, warning them that they must act promptly if they desire to vote. M. F. Cox has been the semi-annual checking of the municipal offices of the city under the direction of the state auditor and expects to have the job finished in about three weeks. He is assisted by H. J. Brinkley, son of the state auditor, and the clerk of the city. It has been considerably more than two years since Mr. Cox checked the city of files, but as the method of keeping the records now are so simple and accurate the work of checking for a two or three-year period can be done in less time than was formerly required for one year's business. The state's present method of accounting has been instituted here in Council Bluffs, and the city's books have the distinction of being modern. All of the departments will be checked, including the city engineer and water board, but not the school funds. The first senior membership rally of the fall season was held at the Young Men's Christian association Friday night, with about forty seniors in attendance. Secretary Hadley of the association outlined the present conditions of the membership and told the members what was necessary to safeguard the membership for the year. It is believed the membership of the organization can come through all right. This would make the membership near the 700 mark. The announcement was made last evening that Clifford Powell had been selected as chairman of the membership committee. The regular gymnasium class starts next Monday night and a special effort will be made to get new members during the month of October. Another rally meeting for seniors will be held next Monday, which will be followed by two more Monday night meetings for all the membership. Today is the last day when taxes can be paid without incurring the penalty. An unusually large number of people neglected to pay the last half of the 1913 levy and the rush today will probably be very great. Tomorrow the penalty is one per cent a month attaches. If it were not for the fact that the work of making up the delinquent tax list has not been commenced at least in the latter part of October, those who incur the first month's penalty might easily let the bill remain unpaid until the last of the month, but if the rush has been sent to the printers for publication the extra cost of advertising will be added. In making up the tax list the names of subdivisions of the city are arranged alphabetically and people owning property in additions represented among the first letters of the list will incur the greatest danger of having to pay the advertising cost if payments are delayed long in October.

Child Killed in Auto Upset. WEBSTER CITY, Ia., Sept. 29.—(Special Telegram.)—In an auto accident in this city this afternoon the only child of Mr. and Mrs. R. C. Tyler, aged 2 years, was killed. The car, coming down a hill, struck sand and turned over in the ditch. The parents were in Chicago visiting and had left the baby with their grandparents. Mr. Tyler is junior member of the auto firm of Hansen & Tyler of Fort Dodge.

Real Estate Transfers. The following real estate transfers filed Tuesday were reported to The Bee by the Pottawattamie county Abstract company: Louis N. Green and wife, to R. O. Williams, lots 11 and 12, except the 855 feet of lot 12 of O. P. 74, w. d. 2,500. T. W. Williams, to R. O. Williams, 250 feet of w. 1/4 of lot 17, block 1, Harrison St. Add., w. d. 2,500. T. W. Williams, to R. O. Williams, Jr. and C. W. Daentler, lot 5, block 6, Williams' first add., w. d. 700. C. W. Bruce and wife, to W. D. Arnold, 80 feet of lots 3 & 10, block 6, Hancock, Ia., w. d. 2,500. Owen J. McManus and wife to Nellie McManus, lot 12, block 4, Wright's Add., w. d. 1. Mary D. Coyle and husband, to James V. Coyle, lot 17, block 10, McMahon, Cooper and Jefferts Add., w. d. 1,000. O. W. Barton to Clarence Barton, all, lot 11 and west one-half of lot 12, block 2, Marquardt's Sub. of part of lot 23 and part of lot 22, Avera, Loan and Loan company's Subdiv. of part of 9-7-39, s. d. 2,500. Total \$4,701.

Cleaning and pressing is an art only known to a few. We are one of the few that know how to clean and press clothes. We bring the cloth out bright and clean and do not injure the texture of the garment. Send your garment to us. You certainly will be pleased with our work and prices. Bluff City Laundry, Cleaners and Dyers. Phone 2314.

Culls From the Wire. Announcement of the failure of Cowperthwait & Clark, a small stock exchange firm, was made yesterday. Three occupants of an automobile, which collided with a tree east of Fortland, Ore., died several hours later as a result of their injuries. The dead are W. E. Hendricks, W. H. Thurston and Allen Cook. Four directors of the New York, New Haven & Hartford Railroad company, William Rockefeller and George F. Baker of New York, Charles F. Brooker of Ansonia, Conn., and James T. Elton of Waterbury, Conn., resigned at a special meeting of the board of directors at New York.

Military authorities emptied the "wet goods" of one of Butte's latest saloons into the gutter. The saloon of Jack Crowley and Harry Lockhardt was raided after Crowley had been convicted in the military court of having violated military regulations in having his saloon open Sunday. Crowley was fined and ordered to jail until the fine is paid. A novel method of distributing "votes for women" literature was inaugurated at Philadelphia when the balloon "Great Philadelphia" made its initial ascension carrying 30,000 pieces of suffrage literature as ballast and four suffragists. Mayor Blankenburg christened the balloon by breaking a bottle of champagne over the balloon, and many suffrage leaders witnessed the ascension.

A Hint for Coming Maternity. In a little book designed for expectant mothers more complete instruction is given in the use of "Mother's Friend." This is an external embrocation applied to the abdominal muscles for the purpose of reducing the strain on ligaments, cords and tendons. In thus bringing relief and avoiding pain great good is accomplished. It serves to ease the mind, indirectly has a most beneficial effect upon the nervous system and thousands of women have delightedly told how they were free of nausea, had no morning sickness and went through the ordeal with most remarkable success. "Mother's Friend" has been growing in popular favor for more than forty years. In almost every community are grandmothers who used it themselves, their daughters have used it and they certainly must know what a blessing it is when they recommend it to young girls. It is used very successfully to prevent caking of breasts. "Mother's Friend" is prepared in the laboratory of Bradford Regulator Co., 404 Lamar Bldg., Atlanta, Ga.

Four Hundred Asked to Inspect New Plant. Four hundred special invitations were issued yesterday by Secretary Mitchell of the Commercial club to members of the club to spend a portion of Friday afternoon inspecting the city water plant in accordance with the invitation that has been extended by the Water board and Superintendent Etnyre. The executive committee of the Commercial club is anxious for every member to accompany the inspection party and get out as many automobiles as possible. The trip planned will include visits to all of the producing units of the plant, including the reservoirs and subsidiary stations in the hill districts. Experts will be present to fully explain anything that may not be understood at a glance, and an hour or two of very profitable, as well as pleasant, time will be spent.

Council Bluffs

GOING OUT FOR MEMBERS

Committee of Knights of Full Moon is to Make Canvass.

TO INSURE FUTURE SUCCESS

Organization Hopes to Get Great Acce- sion of New Names on List to Make It Vital Force in Community.

The Knights of the Full Moon will today begin their active campaign for a membership of 1,000 for the purpose of raising the \$10,000 necessary to properly carry forward the great plans that have been made for the winter season. Three committees will start out this morning and expect to meet a pleasant welcome from every business and professional man and every other live man in the city who wishes to see his town placed in closer and closer touch with the spirit makers of western Iowa. The Full Mooners have done more to arouse a friendly interest in Council Bluffs than all other organizations in the city, and are doing for Council Bluffs a proportionately greater amount of effective work than the Ak-Sar-Ben knights are doing for Omaha, for the Full Mooners entertain their visitors every week during the trade season.

The knights give their time and un- takable talent freely and without any thought of compensation, for a period of more than six months each year and they naturally expect the business men and capitalists, who receive the benefit of increasing good will toward the town, to do their share by at least becoming members. The \$10 fee, however, will be invested in an amusement enterprise that will return many times the cost. Membership tickets will also be issued by the Commercial club and no one need wait for the solicitors.

KAISER'S NEPHEW TRIES TO ESCAPE FROM PRISON

LORIENT, France (via Paris, Sept. 30).—Count Von Schweinitz, the German emperor's nephew, who was made a prisoner at the battle of the Marne attempted to escape from Belle Isle, where he was held and as a consequence has been transferred to the Chateau at Fort Laissac, fortified town three miles from Lorient, where he is being kept under a strong guard.

Benefit Ball Game Today. A benefit ball game will be played this afternoon between the local Barrows team and the Council Bluffs Young Men's Christian association team to determine who is the champion in the Church league. The game will be staged at Chris Lyck's park and the receipts will be given to the City mission.

Echoes of the Strife

Never Can Be Restored. PARIS, Sept. 30.—The artistic beauty of the cathedral of Rheims, which suffered in the German bombardment of that town, never can be restored, in the opinion of Whitney Warren, the New York architect, who has just returned from Rheims, where he made a thorough inspection of the famous structure.

Aid for Wall Street Poor. NEW YORK, Sept. 30.—A committee was formed this afternoon to protect the poor of Wall Street against want. The committee is composed of wealthy brokers and the persons who receive its attention are the army of clerks and employees of stock exchange houses, who have lost their places, or who are working at reduced salaries, because of the closing of the world's stock markets.

Toulouse, France, Sept. 30.—(Via Bordeaux.)—Ex-Premier Georges Clemenceau's newspaper, Home Libre, which was transferred to this city from Paris, has been suspended for eight days by General Bailloud, military governor of Toulouse, because M. Clemenceau refused to take out several passages of an article which the general considered too violently worded.

Iowa

I. W. W. INVADE DES MOINES

City Officials Throw Five in Jail for Talking Without Permits.

COUNCIL TO PASS ORDINANCE

Agitators Threatened to Bring Host Down Upon City and They Were Given Certain Streets on Which to Talk.

(From a Staff Correspondent.)

DES MOINES, Sept. 30.—(Special Telegram.)—War is imminent between the city officials and orators of the Industrial Workers of the World. Following the arrest of five of them for speaking on the streets without permits, threats were made to bring in hundreds of speakers to invade the city and fill the jail and force the city to care for them all winter. But today a temporary arrangement was made by which the industrial workers are to remain only on certain streets assigned to them and to Salvation Army and other organizations. The city council will pass an ordinance defining the limits in which they can speak. It is supposed the agitators will go out for a time and until they secure reinforcements and then spread their movement all over the city.

They say they have nothing to agitate about, but simply want to talk on the streets and have the right to make whatever talks they please.

Bluff Votes Light Bonds.

BLAIR, Neb., Sept. 30.—(Special Telegram.)—Blair today voted to issue \$35,000 bonds for building a municipal electric

light plant to be operated in conjunction with the water works, the bonds carrying by sixty-five votes. A year ago when the same question was voted on the bonds issue lost by seventy.

"WE'LL SPEND CHRISTMAS IN BERLIN." RUSS BOAST

PARIS, Sept. 30.—"Cheer up, we'll spend Christmas in Berlin" is the encouragement which General Rennenkampf has offered to his men, according to a report received from Russian headquarters. The general professed this word of cheer for the purpose of helping his officers and soldiers stand fast during the discomforts and sufferings of war.

Washington Affairs

The rivers and harbors appropriation bill, in the form of a senate substitute, carrying only a general fund of \$20,000,000 for confining present projects in the discretion of the War department, was passed by the house. It now only needs the president's approval to become law. Senator Reed of Missouri concluded a two days' speech in opposition to the conference report on the Clayton anti-trust bill with a final bitter attack upon his colleagues for eliminating specific penalties from the measure. He predicted that the time soon would come when they would be compelled to write into the law more severe penalties for violation of trust laws than had been contemplated originally in the Clayton bill.

POSTOFFICE TO HAVE NEW ELECTRIC SIGNS

To help patrons finding the various departments, windows and mail chutes in the corridor of the postoffice custodian, Cadet Taylor plans to install some sort of electric signs over the various chutes, doors and windows. It will not only aid in getting mailed matter into the right boxes, but will save visitors time and trouble in finding the department sought.

N. Y. FINANCIAL SITUATION

District Finds Encouragement in Record of Exports.

MORE THAN THE WEEK BEFORE

Five Reserve Cities Announce Willingness to Subscribe More Than Their Quota of Hundred Million of Gold Pool.

NEW YORK, Sept. 30.—The financial district found encouragement today in the record of exports of merchandise from this port for the last week. The figures exceed by almost \$3,000,000 the total for the previous week and show an increase of \$3,222,000 over the same week of 1913. To this important factor and increased offerings of cotton and grain bills were attributed the diminished activity in foreign exchange at lower rates.

The gold pool continued its activities with intimations of a definite statement of its accomplishments before the end of the week. It was learned that at least five of the reserve cities have announced their willingness to subscribe more than their quota to the \$100,000,000 fund if necessary.

Steel trade advisers offered little encouragement, incoming business being reported as the smallest in some years.

Approval by the Interstate Commerce commission of the application of the eastern railroads for an increase in passenger mileage from 2 to 2 1/2 cents served as a partial offset to the announcement that shippers in western and central states intended to combat the proposed freight rate increase which comes up for rehearing in the coming month.

Fireworks Explosion Wrecks Building and Kills Three Persons

CHICAGO, Sept. 30.—H. B. Thearle, president of the Pain Fireworks Display company of America, and two employees were killed here today in a fire and series of explosions which destroyed a one-story brick building occupied by the company. One missing employee is believed to have lost his life. Four persons were injured and taken to hospitals. The dead: H. B. THEARLE, president of the company; E. M. CONNOR, a salesman; FLORENCE HILL, stenographer. Missing: R. P. Vioft.

The victims had scarcely a chance to stir out of their tracks, so rapidly did the explosions follow, and the building became wrapped in flames. The north wall of an eight-story building on the south was blown in, causing a panic among the occupants, who, however, reached the pavement safely by fire escapes.

Across the street similar scenes were witnessed, when flaming debris was shot by the explosions shattered the windows, but there was no loss of life. Monetary damage is estimated at \$50,000.
