

PUTS IT UP TO GRUENTHER

Columbus Candidate May Block Pic Game by Staying in Race.

W. H. THOMPSON SEES MR. BRYAN

Secretary of State Remains Firm Against Aspirations of Platte County Citizen and Hitchcock Will Back Him.

(From a Staff Correspondent.)
WASHINGTON, Sept. 30.—(Special Telegram.)—Judge W. H. Thompson of Grand Island, chairman of the democratic state committee, and Senator G. M. Hitchcock left for Nebraska tonight. The former goes to his home with the consciousness of having tried, as far as it was possible to try, to bring order out of the chaos that now exists among the leaders of the democratic faith in Nebraska. The senator is called home on account of business.

Judge Thompson just before leaving said that he had had the long-expected interview with Secretary Bryan today and that the whole political situation had been gone over so far as Nebraska is concerned. He found the premier of the Wilson administration open and above board in his desire to bring about a happy solution of existing differences as it concerns the major offices in Nebraska.

Only Partial Progress.
But upon those he could not report progress and he said he was going home measurably contented in what had been done in ironing out certain postoffices and the land offices.

Judge Thompson was not enthusiastic over the situation as it affects the collector of internal revenue, the marshal and the district attorney. If "Chris" Gruenther could see his way clear to withdrawing from the contest the collectorship could be cleaned up in a minute. As long as "Chris" Gruenther remains a candidate there can be no agreement reached on the collectorship.

The other offices are wholly dependent upon the collector ship, and if Mr. Gruenther insists upon remaining in the field, Senator Hitchcock will go with him to the finish.

Up to Columbus Man.
It is up to Gruenther. That is what Thompson will tell the boys in all probability when he reaches home on Friday.

During the interview the chairman of the Nebraska state committee frankly admitted that R. B. Howell had elements of strength which had to be reckoned with, but that the vote in the primaries indicated the farmers were with Governor Morehead, and that he had every reason to believe the governor would be re-elected. As to the congressional ticket he thought the First and Fifth districts could reasonably be classed as doubtful, with, of course, the fighting chances on the side of the democrats.

Americans in Auto Drive Through Hail of German Bullets

LONDON, Sept. 30.—While driving in an automobile from Brussels to Grammont, where they purposed taking a train for Ostend, Edgar Allen Cantrell of Newport, Ky., and his invalid wife went through a hail of bullets, one of which killed their driver. The two Americans were left with their car overturned in a ditch and at the mercy of a German uhlán, who let them pass, however, on seeing their credentials.

Mr. Cantrell, who with his wife, reached London today, gives a graphic picture of the state of Belgium since the German invasion. He says the stench from the shallow burial trenches is unbearable and that the bodies in these graves are often cut up by the heavy wheels of passing artillery. The railroads, generally, are marked by overturned locomotives.

The forts of Liege, Mr. Cantrell said, look as if they had been shattered by a terrible earthquake. He passed German soldiers feeding refugee peasants on bread and soup. The Germans allowed the people to give food and tobacco to the French prisoners, but not to the Englishmen.

Mr. Cantrell talked with a wounded German officer, who said that the English infantrymen were so fond of cover that they were not feared. But he described the English cavalry as devils. He said they charged standing up in shortened stirrups and that the swing of their sabres beheaded their enemies. They handled their horses like ponies on a polo field.

Mrs. Cantrell collapsed in London today as a result of the ordeal through which she has gone.

Roumanian Council Refuses to Order Army Mobilization

LONDON, Sept. 30.—The Rome correspondent of the "Exchange" Telegraph company reports that a message received at Rome from Bucharest says that King Charles has summoned the cabinet in special session tomorrow to decide the attitude of Roumania toward the war.

PARIS, Sept. 30.—(12.06 a. m.)—According to a Bucharest dispatch published in the Journal Des Debats, Germany contacted on the aid of Roumania, but when King Charles asked the cabinet to order a mobilization of the army, one of the ministers replied:

"We are quite willing if it is against Austria."

King Charles turned to him and said: "I have my word to Emperor William and a Hohenzollern keeps his word."

J. J. O. Bratiano, the president of the council, here interposed, saying: "The country knows no Hohenzollern. It knows only the king of Roumania, who does not have to give his word to any one whatsoever."

King Charles then decided to call a council of the crown with the former ministers in attendance, but only one sided with him in favor of Germany. It is then reported that the king applied to General Averaco to try a coup d'etat and arrest the ministers, but Averaco refused, saying: "Sir, you will be the first victim."

It is said also that some superior officers declared they would desert and join the Russian army rather than to fight for Austria.

Anglo-Japanese Secret Treaty is Officially Denied

WASHINGTON, Sept. 30.—Official and diplomatic quarters united in discrediting a published report of a secret Anglo-Japanese agreement under which Japan was to have a free hand in China, was to be permitted to send Japanese emigrants to all parts of the British empire, which would include Canada and Australia, and was to have a British loan of \$200,000,000 while Japanese troops were to assist in putting down disaffection in British India.

At the British embassy it was stated that official warning had been sent from London some time ago to be on the watch for such a report. British officials in China having advised the home government that the report would be set in circulation for the purpose of arousing antagonism. Nothing is known of the alleged loan, but it is said that if any funds had been raised through the London market it would be in the natural course of financial transactions and without the slightest bearing on the alleged agreement as to Japan's activity in China.

WELSH AND TAYLOR BREAK TIME-HONORED OBSERVANCE

For the first time in a number of years Government Weather Forecaster Welsh and Collector of Customs Cadet Taylor did not eat lunch together today, as is their annual custom on September 30, the birthday of both. Both are also the same age, 36 years, but they look younger. Colonel Welsh was feeling indisposed, so he went home instead of enjoying his usual observance of the day with Mr. Taylor. The latter took his office force, Deputies James Burness, J. C. Thomas and George R. Porter, to the Commercial club for lunch.

CORONER MAKING INQUIRY INTO BRUNO HANSEN'S DEATH

Official inquiry into the death of Bruno Hansen and the shooting of Mrs. Emma Hickins is being made by Coroner Crosby. Mrs. Hickins is still in a precarious condition, and her version of the affair will of course be missing. Her condition is such that attending physicians deemed it unwise to disturb her even long enough to obtain a signed statement.

Dr. J. T. Dwyer, attending her, says he thinks Mrs. Hickins has a slender chance of recovery.

New Auto Firm to Sell Dodge Bros. Car

BERT MURPHY T.J. O'BRIEN

Official announcement is made by Dodge Brothers, Detroit, of the selection of the Murphy-O'Brien Auto Co. to handle the forthcoming Dodge Brothers car in Omaha and vicinity.

The rivalry on the part of dealers to represent the new car has been intense, not only in Omaha, but throughout the country—as high as 31 applications having been received from dealers in some of the larger cities. It is therefore a distinct compliment to the Murphy-O'Brien Auto Co. that they have been successful in securing this agency.

Dodge Brothers are widely known in the automobile industry as the largest manufacturers of parts in the world. It is stated on good authority that they have supplied the vital parts to over 500,000 of the 1,200,000 cars now in use in this country.

Because of their tremendous manufacturing facilities, their high financial standing, and their wide experience in the manufacture of parts, it is generally conceded that the car they will market this fall will set a new standard in automobile values. Their car has been called the "Car of Mystery" because of the fact that no word has been given out as to price, dimensions, or equipment. In spite of this fact, the reputation of Dodge Brothers is such that the best dealers throughout the country are taking on the line, "because," as Mr. Murphy says, "it is inconceivable that a concern of the character of Dodge Brothers should manufacture a car that would not play a very large part in establishing automobile values for the future."

The members of the new firm in Omaha are men of wide business experience and acquaintance. T. J. O'Brien is proprietor of the Henshaw hotel and is one of Omaha's most substantial and successful business men. Bert Murphy, of the firm of Andrew Murphy & Son, is one of the best known and thoroughly experienced automobile men in the west. Dodge Brothers are fortunate in securing such representative dealers in Omaha.

The success of the new car in the hands of the Murphy-O'Brien Auto Co., is assured.

Soldier Describes Defeat of Russians in East Prussia

NEW YORK, Sept. 30.—A soldier's story of the four days' battle between Germans and Russians at Neidenburg was told by Christian Smith, who fought with the Seventy-fifth Bremer Infantry and who was a passenger on the steamship United States, which arrived here today. His was the first detailed account available here of the fighting in the eastern theater of war.

Smith is a coffee planter in Guatemala and a German by birth.

"When war broke out, I was in Germany and immediately enlisted. He was sent to East Prussia with his regiment."

"There I took part in the battle of Neidenburg," he said, "which started on August 22 and lasted for four days. The Russians sent masses of troops against our line in close formation. We had a few uhlans, but they were used only for scouting and outposts. The Russians used many Cossacks in their main attacks."

"The Russian bases were at Vilna and Grodno and they attacked in great force from both these directions. Our troops retreated before them until they had passed the Masur Lakes. Then, with the help of reinforcements we outflanked both their columns and turned them in on the lakes. Thousands of Russians were killed, wounded or drowned in the swamps around the lakes and we took thousands of prisoners."

Official army reports contained the announcement that on September 19 a French aviator was brought down at Frankfurt and another at Muelhausen. They both had dispatches from President Poincare to the Russian commander, demanding that he attack at once without fail, as the French could not hold out much longer if some of the German troops attacking them were not diverted to East Prussia.

Nelson Denounces Conference Report Upon Clayton Bill

WASHINGTON, Sept. 30.—Senator Knute Nelson, a republican member of the conference committee on the Clayton trust bill, joined today in the attack on the report on that measure being led by Senator Reed. He assailed the deletion of drastic provisions.

"Both men and women lobbyists have approached me since the Clayton bill came to the senate," declared Senator Nelson, referring particularly to exclusive contracts. "Never before in all my experience in congress have I seen such lobbying, but it has become mild indeed since the conference report came out."

"Haven't you been approached since the conference report?" asked Senator Overman, a member of the conference committee and chairman of the lobby committee.

"Not at all," Senator Nelson replied. "No one is afraid of the bill as drawn by the conferees. They know it won't hurt them."
