By MELLIFICIA. Wednesday, September 30, 1914.

I HAVE been cleaning house this morning (that is, the society editor's desk), so I have just ten minutes to write a Mellificia story.

And the club editor is home today, too. They have lost their cook, so she is having her troubles.

How they happened to lose their cook you would never guess. This proverbial jewel is married to a worshiper at the shrine of Bacchus, or, as the police reporter would say, "a booze fighter."

I thought of the "younger sons" of Europe's noble families scattered on lonely ranches in the far west, or in the heart of Africa, or perhaps they would move to some flourishing little town where the dipso would become interested in the progress of the place and wish to be in the rush for success and forget his past.

The old story, out of the frying pan into the fire.

For Child Saving Institute.

FIRST DAY PIONEER REUNION

Local Committee Greet Old-Timers and Welcomes Them to Omaha.

GOOD PROGRAM THURSDAY

First of the Three Days' Meeting of the Pioneers Finds Large Number in Attendance.

Men and women who came to Nebraska when most of the country west of the Missouri river was a wilderness are arriving for the reunion of the Nebraska Pioneers' association, to be held Thursday, Friday and Saturday.

While Wednesday was the first day of the reunion, there was no regular program, the time being given over to the reception of the visitors and seeing that they are comfortably located for their stay here.

A register was opened for visitors, and among the first of the out-of-town people to inscribe their names and date of arrival in Nebraska were:

C. H. Gustafson, Clark, 1878; W. H. Donaldson, Springfield, 1877; D. A. Omerman, Norfolk, 1882; J. M. Kelley, Monroe, 1877.

The program today will start at 10 o'clock in the morning with A. N. Yost presiding over the round table. This will

occupy all of the morning session. At 2:30 in the afternoon Mayor Dahlman will deliver the address of welcome, which will be responded to by A. N. Yost, president of the Nebraska association.

PLANS COMPLETE FOR THE STADIUM RACES

Full plans for the week of motorcycle racing to start Saturday at the Stadium Speedway have been completed. Several improvements will be made. The running board of the track will be widened and the seating bleachers will be moved back seventy-five feet from the wire surrounding the infield.

the course: C. King Denman, starter. Mogy Bernstein has announced that the company to project the automobile speedway here will be incorporated as the Omaha Speedway company.

LOCAL BRITISHERS SEND MONEY FOR BELGIANS

John Dale and John L. Kennedy, representing the British Relief association, have sent \$500 to England for the benefit of the Belgian refugees who are now on the Isle. The association was recently formed by ex-subjects of Great Britain, and since the amount mentioned has been given by various interested persons.

L. R. Sabine to Make Run for School Board

Another entry for the school board from the seventh ward will be Leslie R. Sabine, for whom petitions are circulating. Mr. Sabine is city salesman for M. E. Smith & Co., a well known resident of the ward, with children in the schools, and his candidacy is being pushed particularly by the people living in the eastern part of the ward who look to the next school board to deal with the demand for a new building for the Park school.

1/2 Ton Less Weight

THE NEW LIGHT BAKER ELECTRIC
Weights a Full Half Ton Less Than Many Other Electrics

Easy Steering: High Speed and Mileage: Reduced Upkeep Cost:
Steering is no effort. Imagine the relief in being rid of 1000 pounds when driving over a rough pavement through a jam of traffic. And speed! 23 miles per hour—probably the greatest ever built into an electric coupe. Better speed and just as good mileage with 32 cells of battery as heavier electrics with 40 to 42 cells—weight is the greatest handicap to both speed and mileage. Much lower cost of upkeep—weight is the most expensive thing about a motor car; it wears out tires, consumes power, grinds out bearings, increases repair bills. Longer life of car—excess weight pounds itself to pieces. Rides with unusual comfort—light body hung low on long chassis equipped in the rear with Cantilever springs. Light, graceful exterior impossible with heavy bulky cars.

Unique Seating Arrangement: 98 per cent of the time electrics carry four passengers and under, 71 per cent of the time, one or two passengers. The new light Baker is designed to meet these actual conditions. It is a roomy four-passenger Coupe, instantly convertible into a two or a three-passenger car merely by folding back the front seats (new disappearing type) out of sight and out of the way. Think of the pleasure of riding without empty front seats.

Advanced Equipment: Frameless windows throughout; front window drops way down. Invisible drip moulding; fixed rain visor. Mechanical window lifts; automatic circuit breaker; automatic door switch for interior lighting; combination eight-day clock and odometer. Worm drive axle; crown metal fenders. Exquisitely rich interior upholstered with exclusive imported fabrics in beautiful Poiret colorings. From every standpoint this new light Coupe is the finest Baker Electric ever made.

Have Your Jacket Re-Lined

We re-line jackets with Belding's satin and guarantee it to wear two seasons. We guarantee it to you and Belding Bros. guarantee it to us, and will replace any lining that does not wear two seasons. Cotton back satin costs \$1.00 per yard, and all silk costs \$1.25 per yard. It requires two yards for a short jacket and from 3 1/2 to 4 1/2 yards for long jackets. Our price for doing the work is \$3.00 for short and \$3.50 to \$4.00 for long, plus cost of material. Those who wish may furnish their own lining. Your old jacket cleaned and re-lined will look about as good as new. We also make alterations and put on new collars and cuffs.
