### **BOARD OF GOVERNORS NOT** TO TAKE STOCK IN SPEEDWAY

The Ak-Sar-Ben organization has no desire to take stock in the Stadium Speedway, promoted in East Omaha this year. | thing This was decided by the board of governors of the Ak-Sar-Ben, at a meeting last evening. The promoters of the speedway had offered the governors stock in the company and had offered to make it a regular Ak-Sar-Ben affair. It was decided by the governors that whatever of this kind is to be taken up by the Ak-Sar-Ben, will be initiated and developed by Ak-Sar-Ben as an organization, and that it is not best for the organization to get into this speedway this year. It was pointed out, however, that in another year the organization might promote some such an enterprise as a speedway for automobiles or motor-cycles.

To lestify freely, and were protected in it. In view of the fact that Miss Stegner in no way reflected upon Mr. Rusmisel in no restimony, her removal could not be connected in any way with her presence as a witness, but the proceedings disclosed a spirit of disloyalty on the part of Miss Stegner that was demoralizing to the entire service, and which culminated in an active and persistent effort on her part to discredit not only her principal, but the superintendent of schools and the Board of Education. As individuals the board and the superintendent could well overlook the oftense, but to ignore it as officials would simply mean that the effort to mahtain any discipline among the large teaching force was abandoned.

The board knows and Miss Stegner probably claims that she was and is the company and had offered to make it.

camp of Spanish war veterans decided to to whether six is a majority of eleven is postpone its Wednesday night meeting referred to Attorney Herring for solution

Report of Teachers' Committee. Dr. J. J. Foster of the teacher's committee reported on Miss Stegner's letter asking for reinstatement. He said Miss indiscreet as principal of the commerce Stegner gossipped and would not recognize the authority of school officials. Voting on the report that Miss Stegner's dismissal be sustained, the members of

missal, as follows: Against reinstatement: Dr. J. J. Foster, W. A. Foster, Dr. E. Holovichiner, F. J. Taggart, E. F. Leavenworth, R. F. Williams >

Warfield, C. T. Walker, T. J. Streitz. Warfield asked that the matter be deferred, but Walker insisted on a vote. President Walker declared the vote void because, he said, the law probibited the board from dismissing any teacher unless the full board was present, among other things, and A. C. Kennedy was not present.

Appeal from Decision.

the vote stood 6 to 4 against the chair. Walker declared his decision had been sustained, because a two-thirds vote was necessary to overrule the decision of a presiding officer.

Attorney Carl Herring was appealed to for advice, but said the point Mr. Walker raised was beyond him. He said the ruling of the president did not alter the fact that if the board had legally dismissed Miss Stegner and sustained the report of the teachers' committee, Walker's rulings were without force.

Text of Committee's Report. The report of the teachers' committee follows:

ter of Miss Louise Stegner, beg leave to report.

That the examination made into the charges against Mr. Rusmisel was thorough and exhaustive. Every opportunity was given and every witness examined who could possibly throw any light on the subject.

There was not a shadow of evidence of immorality against Mr. Rusmisel. No one makes the claim that there was. Evidence of what might be termed familiarity is shattered by such impeaching evidence as to give it no value. Under the evidence there was but one honest thing to do, and that was to wholly exonerate Mr. Rusmisel.

Why She Was Removed.

Miss Stegner was not removed because

The board knows and Miss Stegner probably claims that she was and is the moving spirit in this active disloyalty. The question of Miss Stegner's retention became a question of school policy, no longer related to her antagonism to the principal of the high school of commerce, but even in the narrow circle of her relation to the principal, the board could not acquit Mr. Rusmisel and appliand Miss Stegner for trying to undermine him, nor could Mr. Rusmisel and appliand Miss Stegner for trying to undermine him, nor could Mr. Rusmisel be retained and at the same time be presented with a teaching force convicted of unwarranted disloyalty. We cannot expect loyal service, nor can we hope to win men and women of shilliy to the service of teaching, if every cabal oganized against a teacher is permitted to thrive on the tongue of gossip.

Evidence is Full,

evidence was properly received in the interests of a just decision.

Your committee has given this matter its most careful and dispassionate consideration and if the question is to be decided from the standpoint of the welfare of the schools, we must recommend no further action, and that this report and the letter be filed. Six women appeared, ostensibly to find out what would be done with Miss Steg-
