Girls! Girls! You Must Try This! Doubles Beauty of Your Hair

Immediately?—Yes! Certain!—That's the joy of it. Your hair become light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is

scruffy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. But what will please you most will be, after a few week's use, when you see new hair—fine and downy at first—yet—really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 2-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.—Advertisement.

ASKS TROOPS BE NOT SENT TO THE BORDER

Secretary Garrison Tells Governor Hunt Such a Move Would Be Ill-Advised.

WILSON CONCURS WITH HIM

Says Government is Doing Everything Possible to Protect the Lives of Americans from Mexican Bullets.

NACO, Ariz., Oct. 14.—When informed that Governor Hunt had ordered the Arizona state militia to be prepared to proceed to Naco at any time, Colonel C. A. F. Hatfield, commanding the United States cavalry brigade on border duty, said he would keep militiamen out of the danger zone the same as any other non-resident civilians.

Agass Wire Hunt. WASHINGTON, Oct. 14.—Secretary Garrison late today telegraphed Governor Hunt of Arizona, saying that President

CARRANZA SEIZES CITY TRAMWAYS

Government Proposes to Operate the Street Car Lines that Are Tied Up by Strike.

SOLDIERS SURROUND OFFICE Employees Demand Hundred Per Cent Increase, an Eight-Hour Day and Recognition of the Union.

MEXICO CITY, Oct. 12.—(By Courier to Vera Cruz, Oct. 14.)—The seizure of the Mexico Tramways company lines by the Carranza government today was made at the point of the bayonet. The Tramways company, limited, is a foreign corporation capitalized at \$1,000,000. Its home office is in Toronto. Shortly before noon soldiers surrounded the main building occupied by offices and plant, while a delegation of officials entered the premises and served notice on Carranza that all the books, rolling stock and other property of the company, with the exception of the cash in the vaults, must be delivered to the chief of police. The order was given in the name of the supreme chief and was signed by the governor of the federal district. The government explained that the measure was a provisional one taken in the interests of public welfare, and due to the stoppage of the street car traffic of the city on the night of last Thursday, when the motormen, conductors, inspectors and shopmen struck because their demands for a 100 per cent increase in wages, an eight-hour day and recognition of the union were not granted by the company in the four hours' time limit specified by the strikers' committee.

Managers Protest to Legislators.

The principal owners of the property are English, French and Belgian, with some American stockholders. All foreign employees were kept in the building by troops. The management made a vigorous protest to the Brazilian, British, French and Belgian legations. A formal protest was registered also with Carranza. Carranza later designated Tomas Ramos as acting general manager of the system. The lines of the company form a network over the entire federal district, extending for nearly 250 miles and carrying millions of passengers monthly. Due to a depreciation in the Mexican peso, the management informed the government today of its inability to grant the demands of the men for shorter hours and double wages, declaring that passengers were now being transported at less than 1/4 cent per mile. Immediately thereafter soldiers took possession of the property.

Move Causes Sensation.

The act has caused a sensation here, as the Tramways company and the Allied Mexican Light and Power company, limited, supply all the light, power, heat and transportation within a radius of thirty miles of the capital. The joint investment of the allied companies represents nearly \$10,000,000. Passengers arriving from Aguas Calientes say that General Villa is thirty miles north of there with a large force and determined to fight unless the adherents of Carranza agree to a complete form of government.

Mr. Garrison's Message Was in Reply to one from Governor Hunt asking what "new measures" were being taken by the federal government to prevent "a continuation of Mexican outrages against Arizona citizens," and expressing a desire to send the Arizona national guard to the border.

Secretary Garrison conferred at length with President Wilson, showing him reports from General Bliss and border officers. In the meantime another telegram from Governor Hunt arrived, stating that a situation similar to that at Naco had arisen at Douglas, Ariz., and Secretary Garrison immediately telegraphed that two additional troops of cavalry had been ordered from Columbus, N. M. The report from General Bliss, which was placed before the president today by Mr. Garrison, stated that Naco, Ariz., and Naco, Sonora, were practically one town and that 2,000 constitutionalists under General Hill were entrenched in a semi-circle flanking the international boundary. Governor Maytorena, with 3,000 troops, mostly Yaqui Indians, faced them in a parallel line about 1,000 yards away. Neither side according to General Bliss, seemed sufficiently strong to make an attack, but it was reported to him that 2,000 men were coming to the aid of Governor Maytorena.

German Fleet Active.

In the Baltic the German fleet is showing unusual activity. Submarines or torpedo boats, according to the Berlin announcement, recently sank a Russian cruiser at a point distant two days steaming from their base, and a great German squadron flying the flag of Prince Henry of Prussia is today reported cruising about the Aland islands. The ferment over the question of neutrality of the countries of southeastern Europe is increasing everywhere. An exception is found in the case of Italy, where discussion has been checked while the country awaits news from the sick bed of its foreign minister. The famous cruiser Goeben and Breslau again are a source of friction with Turkey on account of the report that they have passed into the Black Sea and are today near the spot where a Russian fleet was reported to be cruising not long ago. In England the controversy over the sending of naval reserves into Antwerp is confined to the press and the public authorities having made no reply to criticism that the reserves were sent too late and in inadequate numbers.

If Back Hurts Begin on Salts

Flush the Kidneys at once when Backache or Bladder bother—Meat forms uric acid. No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complaints.—Advertisement.

ACTRESS TELLS SECRET

A Well Known Actress Tells How She Darkened Her Gray Hair and Promoted Its Growth With a Simple Home Made Mixture.

Miss Blanche Rose, a well known actress, who darkened her gray hair with a simple preparation which she mixed at home, in a recent interview at Chicago, Ill., made the following statement: "Any lady or gentleman can darken their gray hair and make it soft and glossy with this simple recipe, which they can mix at home. To a half pint of water add 1 oz. of bay rum, a small box of Barber Compound, and 4 oz. of glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until it becomes the required shade. This will make a gray-haired person look twenty years younger. It is also fine to promote the growth of hair, relieves itching and scalp humors and is excellent for dandruff and falling hair.—Advertisement.
