NEBRASKA APPLES ARE GOOD

But Orchardists Must First Care for Their Trees Properly.

DUNCAN SAYS THIS IS VITAL

Secretary of State Horticultural Society After Trip Through the Producing Section Advises to View.

(From a Staff Correspondent.)

LINCOLN, Oct. 14.—(Special.)—Secretary J. R. Duncan of the State Horticultural society has returned from a two weeks' trip through southeastern Nebraska, where he visited nearly all the commercial apple orchards in that portion of the state. He says that he is convinced more than ever that Nebraska apples can have no superiors when the orchards are properly taken care of, and the fruit picked and packed as it should be.

Practically all the fruit this year has been produced by orchards which have been well cared for, according to Mr. Duncan. He saw instances of where a good crop of fruit was produced in one orchard which had been well taken care of, while possibly just across the road another orchard which had been allowed to take care of itself produced nothing.

To Form New Battery

Adjutant General Phil Hall has returned from Hastings, where he conferred with business men of that city regarding the establishment of a battery of artillery. The War department has sanctioned its intention to place a battery in this state as a part of the national guard, but demands that it be given a good substantial place to be housed, as the equipment costs in the neighborhood of \$100,000. The business men of the city appear anxious to land the battery and have made General Hall two or three propositions which will be put up to the War department.

General Hall will go to Blair and Holdrege this week to look after the organization of a company of cavalry at each place.

The general has also been advised that a bill is under consideration by the committee of congress which has war problems to solve, which provides for a committee consisting of members of the cabinet and of the house and senate which will look into the condition of the national guard in each state in order to have everything in condition for war should occasion demand. An appropriation of \$30,000 is called for in the bill, which is known as H. R. 1833.

Attorneys General to Meet

Attorney General Grant Martin has come to Washington to attend a session of the attorneys general from each state which will convene there the latter part of the week.

To Face Larceny Charge

A requisition has been issued by the governor's office for the return to Nebraska of Fred and Mabel Shaw, wanted in Omaha for the larceny of a fur coat from the store of Hayden Brothers. The coat was worth \$5. The parties are being held in Chicago.

Anonymous Complaint

"Why is one of the leading hotels of Omaha allowed to violate the female labor law—A Citizen." This is a communication which came to the office of Labor Commissioner Pool this morning and is a sample of many which are received from time to time. "How can I enforce the law on a complaint of that kind," said Mr. Pool. "There are a hundred hotels in Omaha, and how can I find the one referred to in that letter. That is a sample of a large number of complaints which come in of alleged violation of the law, but in no case do I have enough to state where the violations occur or do they tell me who they are so I can find out."

People who write these communications would assist me enough by signing their names, they need not be afraid that I will give them away. I will protect them in the matter and will be glad to do so, but they must take enough interest to help me that much so I can locate the trouble."

Veterinary Examinations

Examinations of applicants who desire to practice as veterinary surgeons are taking place at the State house today under the direction of Dr. Young of Omaha, Dr. McKim of Norfolk and Dr. Anderson of Seward, members of the State Board of Veterinarians. About a dozen applicants are present.

Pardon Board Meets

The Pardon Board will meet tomorrow to hear applications for pardons in two cases. Van Wilson Goodell, sent up from Douglas county for murder and

"Every Picture Tells a Story"

"What's the matter, mamma?"

Not Due to Sex Alone

Many women have come to know that sex isn't the reason for all backaches, dizzy headaches and urinary disorders. Men have these troubles, too, and often they come from kidney weakness. To live simply, eat sparingly, take better care of one's self and to use Doan's Kidney Pills is bound to help bad kidneys get better. There are so many thousands of women who can tell you this from experience.

An Omaha Woman's Experience

Mrs. J. T. Johnson, 1877 1/2 12th St., Omaha, says: "I was cured of kidney trouble by Doan's Kidney Pills. I have kept the remedy in the house since. I think there is nothing equal to them for curing troubles of that kind. Several years ago I publicly praised Doan's Kidney Pills and I am glad to confirm my endorsement."

DUNCAN SAYS THIS IS VITAL

Secretary of State Horticultural Society After Trip Through the Producing Section Advises to View.

(From a Staff Correspondent.)

LINCOLN, Oct. 14.—(Special.)—Secretary J. R. Duncan of the State Horticultural society has returned from a two weeks' trip through southeastern Nebraska, where he visited nearly all the commercial apple orchards in that portion of the state. He says that he is convinced more than ever that Nebraska apples can have no superiors when the orchards are properly taken care of, and the fruit picked and packed as it should be.

Wait Gets Some Cards

The name of Secretary of State, Adolph Wait, has been extended to California. This morning he received a present from the Pacific Photo Paper company of a box of 1,000 very beautiful cards containing a fine photo of the secretary on one side and his name on the other. The cards are something new and can hardly be distinguished from the original photo and have the appearance of the photo being pasted on the card. They were sent to express their appreciation of a favor asked of the secretary in the way of a few names of candidates, sent them.

JANE ADDAMS MAKES ADDRESS IN RAVENNA

RAVENNA, Neb., Oct. 14.—(Special.)—Jane Addams of Hull House, Chicago, addressed a gathering of people at Ravenna yesterday afternoon while the passenger train made its regular stop of twenty minutes. Miss Addams, en route to Broken Bow for a meeting this evening, and local parties sent a request several days ago for a short speech here. Although a cold wind was blowing more than 200 people were on hand and gave the closest attention while Miss Addams spoke from an automobile drawn up alongside the hotel out of the wind.

Miss Addams presented the suffrage question briefly, her thoughts being well defined and plainly expressed, but in such a calm, considerate and convincing manner that she made a splendid impression on those who heard her.

The local people who arranged and advertised the affair are more than pleased with the success.

FORMER POSTMASTER OF GRAND ISLAND IS DEAD

GRAND ISLAND, Neb., Oct. 14.—(Special Telegram.)—Dr. H. C. Miller, prominent in the state's dental profession, and for nine years postmaster of this city, passed away this morning of diabetes. He was 75 years old. As the oldest member of the directors of the Extensive Building and Loan association here, as councilman and in various other public capacities, he gave valued services to the community. He played a prominent part in the organization of the state dental board of examiners and the securing of the legislation therefor and has himself served as member of the board and as president of the Nebraska State Dental society.

Farmers Meet at Stockville

STOCKVILLE, Neb., Oct. 14.—(Special.)—The fourth annual meeting of the Farmers' Institute for 1914 was held at this village Monday. The morning session had to be omitted on account of the delay of Mr. Hill of Alma in arrival. The big free farmers' dinner was put on in the court room this evening, and was well attended. The management was somewhat disappointed in being compelled to proceed with the dinner with the speaker's table vacant. The afternoon program was carried out in full, a cooking demonstration being conducted at the court house by Miss Richards of the Nebraska School of Agriculture at Curtis, while the talks to the farmers were conducted by Mr. Hill of Alma. Prof. Hall of the State school of Curtis conducted the stock demonstration during the afternoon. There was a good attendance of town people at the evening session, but the farmers and families, for the most part, were unable to return to the evening session.

Caesarean Section Operation

DUNBAR, Neb., Oct. 14.—(Special.)—Mrs. George Kuntz, daughter of Mr. A. C. Seybert, was hurried to Omaha last Saturday afternoon by her physician, Dr. W. D. Gibben, where she was immediately operated on at the Wise Memorial hospital. As a result, the mother and a little baby boy are doing well at this writing. The operation is known as the Caesarean section, and during Dr. Gibben's twenty years of practice is the first case he has ever had. Several of Omaha's most prominent doctors and surgeons witnessed the operation. The trip was made by automobile, as there was no train service quick enough available, and a few hours meant life or death.

Miller Injured at North Platte

NORTH PLATTE, Neb., Oct. 14.—(Special.)—Since the Lexington company assumed the management of the North Platte flour mill, they have been shipping out of the city ten cars of flour each week. Yesterday morning the second miller, Verne Smith, was found lying unconscious near one of the rollers of the mill, with a bad wound over his right temple and his right arm broken. He had been talking to the engineer about half an hour previous and the day miller found him when he came to work at 7 a. m. It is feared that his injuries may prove fatal.

Four Men Hurt by Fall

BEATRICE, Neb., Oct. 14.—(Special.)—Four Italian laborers were injured, two of them seriously, by falling from a twenty-five-foot trestle on the Burlington road over Turkey creek Tuesday evening. The work train on which the laborers were riding stopped at Turkey creek for water, and the men as they stepped from the side door of their bunk car missed their footing and fell to the bottom of the creek, a distance of twenty-five feet. They were brought here and placed in the Lutheran hospital for treatment. They gave their names as Russo and Piccola Antonio, G. Spharosa and A. Matters. The two first named are hurt internally.

Hastings Working Well

HASTINGS, Neb., Oct. 14.—(Special.)—Under Coach Max Towle, the Hastings college football team is showing real class. In Prince and McCarty Towle has a strong pair of tackles and he has worked late and hard with Porcari as quarterback, and has rapidly developed him. This week the team is working hard for the Grand Island game next Friday, to be played in Grand Island.

Bishop Thien at Falls City

FALLS CITY, Neb., Oct. 14.—(Special.)—Columbus day was observed here Monday by the Knights of Columbus at the fishing theater. The Rt. Rev. J. Henry Thien, D.D., bishop of Lincoln, Neb., was the speaker of the evening. Several local artists, aided by the convent chorists, rendered a splendid musical program preceding the address of the evening.

Nebraska

Durand Urges Posts to Bring Sons Into Field

Posts to Bring Sons Into Field

(From a Staff Correspondent.)

LINCOLN, Oct. 14.—(Special.)—Department Commander G. H. Durand of the Grand Army of the Republic lays special stress upon the members of the department in Nebraska to encourage the organization of Sons of Veterans camps in this state in an order just issued from department headquarters, which says:

In general orders No. 3, series 1914 and 1915, your department commander and the comrades everywhere to encourage and assist the Sons of Veterans in organizing camps. He felt that the time has come when we, the survivors of the great struggle for the preservation of the union, can do but little more to perpetuate the memory of our own achievements. Certain it is that in our declining years we can render no more effective service to our posterity, and the nation as well, than by falling upon the sons and grandsons of all our soldiers to enroll themselves in the organization of the Sons of Veterans, and emulate the example of their brave ancestors by dedicating themselves to the principles of patriotism.

The time has come when we need their assistance, and they are now in many localities proving their worth by work on Memorial day and serving as active pallbearers at funerals of veterans, the comrades officiating as honorary bearers.

Your department commander therefore earnestly insists that each post commander take the matter up with his post at once, and that each adviser look up, prepare a list and report to the local commander the number of sons and grandsons in the vicinity of the post eligible to membership.

Camp application blanks should be ordered from Colonel George A. Kierley of Stanton, Neb., who will be very glad to serve you, as there has, perhaps, never been a time when so much interest in our sons and daughters has developed as during the last year.

North Platte Man Killed by Fall

NORTH PLATTE, Neb., Oct. 14.—(Special.)—Grover Dean, a laborer in the employ of Clyde Lake, was killed Monday afternoon by falling from a wagon load of sand. He was subject to fainting spells and it is thought that one of these came on and caused him to fall in front of the wagon. An eye-witness observed that he did fall under the wagon and that the wagon passed over him. He was taken at once to a hospital in this city, but it was impossible to render him any assistance. He leaves a wife and four children.

Bryan and Senators At Sword Handles Over Canal Treaty

WASHINGTON, Oct. 14.—Swinging the handles of swords, whose blades, by order of Secretary Bryan, had been turned into miniature plowshares, Senators William Alden Smith and McCumber made an ostentatious entry into the senate chamber today after a meeting of the foreign relations committee, in which their attitude toward the Nicaraguan treaty had been anything but peaceful. In the committee meeting each member had been presented with the handle of a discarded army sword and a note stating that the blades had been made into plowshare paperweights for ambassadors and ministers of foreign nations who had signed peace commission treaties with the United States. The republican members refused to make peace with the secretary in the war over the treaty with Nicaragua whereby the United States would obtain the Nicaraguan canal route and naval station rights in the Bay of Fonseca for \$5,000,000. The committee lacked one of a quorum, and the democrats vainly sought unanimous consent to poll absent members in a vote on the treaty.

COTTON EXPORTS WAY OFF

Domestic Consumption for Two Months Decreases 75,000 Bales.

SUFFERS BECAUSE OF WAR

Figures Compiled for August and September Give Idea of Extent of the Inroads Being Made.

WASHINGTON, Oct. 14.—Some idea of the extent to which the cotton growing industry has suffered as a result of the European war was disclosed today in a census bureau report, showing that for the first two months of the cotton year exports fell off more than 1,000,000 bales compared with the same period last year.

Domestic consumption of cotton during the same period decreased more than 75,000 bales. Imports of foreign cotton, however, increased 42,000 bales, having been brought from abroad, compared with 15,250 bales last year, Egypt sending 15,340 bales, or 3,988 bales more than a year ago. Cotton consumed during September was 45,314 bales, exclusive of linters, compared with 44,445 in September last year, the census bureau announced today. The consumption for the two months ending September 30 was 738,574 bales, against 874,783 last year.

Cotton on hand September 30 in manufacturing establishments 556,068 bales, compared with 614,881 a year ago and in independent warehouses 1,661,550, compared with 1,285,135 a year ago.

Exports were 125,778 bales, against 500,338 last year, and for the two months 145,988, against 1,187,500 a year ago. Imports were 15,215 bales, against 7,445 last year, and for the two months 42,403, against 15,234 a year ago.

Cotton spinnings active numbered 39,922, against 31,634,331 a year ago. Linters consumed totalled 27,580 bales, against 27,927 a year ago, and for the two months 52,609 bales, against 54,227 last year; on hand in manufacturing establishments 63,544 bales, against 52,481 a year ago, and in independent warehouses 25,822, against 24,981 a year ago.

Linters exported numbered 1,388 bales and for the two months 2,408 bales.

DUTCH STEAMER CHASED BY BRITISH CRUISER

NEW YORK, Oct. 14.—Officers of the Dutch steamer Prins Willem V, which arrived today from the West Indies, reported that the vessel had been chased by a British cruiser while off Ashbury Park. Two German citizens were aboard the steamer. When the British cruiser approached the steamer was headed in shore. It ran well within the three mile limit. The war vessel then turned and steamed out to sea.

HEADACHES

Thousands of men and women suffer from headaches every day, other thousands have headaches every week or every month, and still others have headaches occasionally, but not at all intervals. The best doctor is often unable to find the cause of many of these headaches and in most other cases, knowing the cause, he does not know what to remove it, so as to give a permanent cure. All he can do is to prescribe the usual pain relievers, which give temporary relief, but the headache returns as usual and treatment is again necessary. If you suffer from headaches, no matter what their nature, take Anti-Insomnia Tablets, and the result will be a factory in the highest degree. You can obtain them at all drug stores in any quantity, the worth of the worthier money. Ask for A-K Tablets.

SICK-HEADACHES

Sick-headache, the most miserable of all sicknesses, loses its terrors when A-K Tablets are taken. When you feel an attack coming on, take two tablets, and in many cases, the attack will be averted off. During an attack take one A-K Tablet every two hours. The rest and comfort which follow, can be obtained in no other way. Genuine A-K Tablets bear the K monogram. At all druggists.

The Hupmobile Car of the American Family

'1200 F. O. B. Direct Spasenger Touring Car and Roadster

What You Get

Values are relative; that is, the worth of what you get depends on what you pay for it, says the Cadillac Company. In this new Hup, for instance, it's plain that the value you get is greater than the value in other cars of higher price and no greater capacity, size or comfort.

And you won't have trouble finding cars that are no larger, carry no more than five passengers, yet cost more than the Hup.

In this car five persons ride in perfect ease.

Its look wheelbase affords plenty of room in the driver's seat and in the tonneau—room for all to relax and rest, with soft cushions and good springs to smooth the road's rough spots.

Your first ride in the new Hup—and you ought to take it as soon as your car will let you. You'll see that it has, in addition to its generous passenger capacity, plenty of power, smooth-running, silent motor, transmission and axle, and a perfect wealth of high grade equipment and conveniences.

Telephone, and we'll send the car for that ride. Sedan and coupe bodies especially built at the Hup factory; can be fitted to touring car and roadsters at very reasonable cost.
