APPEALS FOR THE SUFFERING PEOPLE OF THE NEAR EAST

National Citizens' Committee Ask Assistance for Stricken City of Smyrna in Near East.

Through the president of the United States the citizens committee are appealing for aid for the Near East and particularly the refugees at Smyrna where the conditions have grown intolerable owing to the great influx of the people, fleeing before the onrushing hordes of the Turkish army and in this support of the east is being enacted another of the seasonal famine and destruction that is slowly but surely driving the Christian people of the former Turkish empire to death and extinguishing the cross of Christ in the mission fields to be supplanted by the Moslem robes, and death is the sweetest release to the women and children who have fallen victims of the Turks.

The conditions in Smyrna are such as to sicken the heart. An Omaha boy, petty officer on the U. S. S. Destroyer Lawrence, wrote his sister: "We were close to shore * * * Docks were filled with refugees * * * Turkish soldiers were killing people all around * * * Refugees, mostly women and children * * * The Turks raised hell all thru the day again and all thru the night * * * Buildings along the docks caught fire and people were jumping into the water and trying to swim to the ships and the Turks shot a great lot of them, and lots of them drowned. We took a lot of them on board, about 800, but some of them were badly burned * * * Turk cavalry were still chasing them along the beach; lots of bodies strewn along the road."

The American Relief Commission is caring for as many as possible but the fact that the old world town, with a 300,000 population, now has 400,000 refugees points the difficulty of the task. The funds that were available from the Red Cross and Near East commission were wholly inadequate and the rationing of the inhabitants has not allowed them to be cared for in the way of food let alone the clothing and other supplies.

Anyone who desires to give aid may do so by mailing funds to E. H. Wescott, local chairman of the Near East commission, or F. M. Bestor, treasurer.

A Timely Suggestion

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is almost certain to be needed before winter is over and results are much more prompt and satisfactory when it is kept at hand and given as soon as the first indication of a cold appears and before it has become settled in the system. There is no danger in giving it to children as it contains no opium or other harmful drug. Weyrich & Hadraba.

REMOVES TO CALIFORNIA

From Saturday's Daily. P. E. Ruffner of near Myraud has received word from his son, Will Ruffner, who has for several years been residing at North Yakima, Washington, announcing that the family were removing from that place to Santa Monica, California. Mr. Ruffner was in California and was surprised when arriving at a garage at Santa Monica to find Frank Benfer, formerly of Plattsmouth, in charge and while there also met Will Stedemann, Sam Hinkle and a number of other old time Plattsmouth people.

WHO WERE NEBRASKA'S GREATEST WOMEN?

Committee to Decide on Twenty-Five to Have Place on Tablet of Honor at Washington

Who were the twenty-five greatest women of Nebraska? The woman's universal alliance with national headquarters in Washington, is endeavoring to solve the problem in order to select the names of Nebraska's twenty-five greatest women—not now living—to place on a tablet in the temple of womanhood the alliance plans to build in Washington.

All citizens of the state will have a chance to send in nominations of the women to be named for the honor. As a preliminary step a contest has been announced and a prize will be given for the best list of twenty-five great women not now living from this state, accompanied by brief descriptive matter of their careers.

Anyone over twelve years of age is eligible to compete. The final selections of names will be in the hands of a special historical research committee of one hundred, not yet complete, which will include the following Nebraskans: Charles J. Norval, Seward; Rev. E. F. Jordan, York; Ulysses S. Conn, Wayne; Asher H. Dixon, University Place; Wilbur F. Hoyt, Peru; Dean Walter G. James, Omaha; Keene Abbott, Omaha; Addison E. Sheldon, Lincoln; Dean L. A. Sherman, Lincoln; H. R. Drummond, Kearney; R. Bertram Crone, Hastings; George H. Sutherland, Grand Island; Bess Streeter Aldrich, Elmwood; W. P. Ayersworth, Bethany; John G. Neider, Baneroff; George E. Shedd, Ashland; H. A. Morrison, College View; Dr. Samuel Avery, Lincoln; W. A. Selleck, Lincoln; A. D. Harmon, Bethany; Mrs. D. D. Miles, University Place; Mrs. George H. Wentz, Lincoln; Mrs. Elizabeth Anne O'Linn Smith, Chadron and Mrs. Charles F. Spitzer, Lincoln.

Mrs. Charles Crittenden Calhoun of Washington, D. C., president of the alliance says of this feature of its work:

"The history of every country and of every state in the United States is permeated by the names of great women, patriotic and constructive, who have achieved either in poetry, art, drama, philanthropy, national or civic service.

"The woman's universal alliance intends to honor these great women as a duty to the past and incentive to the present and the future. These women were the torch bearers of the world and passed on the light of civilization and progress to succeeding generations. In our women's hall of fame in Washington we will place their names in the order of time, some as pilgrims from afar may see the famous names of history.

"We want the selection of these names to represent the ultimate choice of each state and country honored. Each representation will be limited to not more than twenty-five names."

When Mrs. Calhoun was asked to give her personal choice of candidates for the position of the twenty-five leading women of the world's history she consented to do so unofficially and her tentative list follows:

Ruth, Cleopatra, Miriam, Judith, Dido, Sappho the Greek poetess; Aspasia, Mary the mother of Jesus, Saint Elizabeth, Catherine II of Russia, Saint Hilda of Whitby, Queen Oshurga mother of Alfred the Great, Joan of Arc, Queen Elizabeth of England, Pocahontas, Mary Bell the mother of Washington, Flora Mac Donald, Florence Nightingale, Jenny Lind, George Sand, George Eliot, Rosa Bonheur, Elizabeth B. Browning, Dr. Anna Howard Shaw and Phoebe A. Hearst.

The formation of the international honorary committee of one thousand notable women selected from various states and countries for the woman's universal alliance is going forward rapidly. Among the people who have joined most recently are Madame Riano, wife of the Spanish ambassador; Madame Varela, wife of the Minister of Uruguay, president of the Pan American committee in Washington; Mile. Stepanek, sister of the Czechoslovakian minister; Senora di Balkvian, wife of the minister of Bolivia; Senorita Romana Le Favre, sister of the charge d'affaires of Panama, Countess d'Audouert, of France; Mrs. William C. Gorges; Mrs. Barrett Browning, daughter-in-law of the poet; Mrs. James M. Thompson, daughter of the late Speaker Champ Clark; Mrs. Charles Worthington; Mrs. Mayhew Walkwright, wife of the Assistant Secretary of War; Mrs. H. L. Rust and Miss C. E. Mason, director general of the Pan-American Round Table.

How Not to Take a Cold

Some persons are subject to frequent colds, while others seldom, if ever, have a cold. You will find that the latter take good care of themselves. They take a shower or cold sponge bath every day in a warm room, avoid over heated rooms, sleep with a window open or partly open, avoid excess, over eating, becoming overheated and then chilled and getting the feet wet. Then when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over. Weyrich & Hadraba.

A WORD WITH WOMEN

Valuable Advice for Readers of the Plattsmouth Journal.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter. It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed such aches and pains follow. Doan's Kidney Pills will help the weakened kidneys. Don't expect them to get well alone. Doan's Kidney Pills have won the praise of thousands of women. They are endorsed at home—Read this Plattsmouth woman's convincing statement:

"Mrs. S. L. Coiner, Marble street, gave the following statement February 23, 1916: 'I am glad to recommend Doan's Kidney Pills for I know from personal experience that they are a remedy of merit. I have taken Doan's on several occasions for backache and kidney trouble and they have always done me good. Doan's have been used in our family for a long time and the results have been very satisfactory.'"

On May 13, 1920, Mrs. Coiner says: "The Doan's Kidney Pills made for me has lasted."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Coiner had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

WHY NOT PAY YOUR DUES?

Regarding the condition of the Horning cemetery which was spoken of in the Journal of last week, we are of the opinion that the condition is not as it should be, but the weeds have not been mowed three times during the past and the expenses which are incurred in the care of the grounds are expected to be met by the dues which all members of the cemetery association are expected to pay and which some do not pay and many do not. Step up and pay your dues and the grounds can be kept in better condition. It is the duty of all members to look after the payment of their dues and they should do this before they seek to criticize. Board of Directors.

FORD COMPANY ISSUES OFFICIAL PRICE REDUCTION

Cost of the Universal Car Made Much Less by Order of Oct. 17—Result of Business.

According to a statement just issued by Edsel B. Ford, president of the Ford Motor company, Detroit, a general reduction of \$50.00 a car has been made in the prices of Ford Model T cars and the Ford 1-ton truck, effective October 17. "The revision in prices," said Mr. Ford, "is the result of the increased volume of business which our company has enjoyed during the present year, and also, to the fact that we now operate many of our own sources of raw material, which enables us to continue increasing the quality of our product and at the same time keep the price so low that Ford cars are in reach of everybody.

"Our production for 1922 is already in excess of a million, which has been an important factor in bringing down costs. Our present daily output is averaging better than 5,000 cars and trucks, which means a complete Ford car or truck every 5 1/2 seconds of each eight-hour working day. It is in anticipation of this continued demand that price adjustments are again being made in order to keep in effect the policy of selling Ford products at the lowest price consistent with quality. "Quality, as usual," said Mr. Ford, "will continue to be a prime consideration in the building of Ford cars. As our business has increased we have constantly increased our equipment and manufacturing facilities, so that this price reduction merely reflects the progressive methods which come as a result of increased volume.

"This reduction, which is the sixth since March, 1920, brings the price of the Ford touring car from \$575, the price in effect early in 1920, to the present extremely low level of \$298, which is nearly 50 per cent less. Corresponding reductions have been made on all other types."

The new prices by types are as follows: Touring, \$298; roadster, \$269; chassis, \$235; coupe, \$336; sedan, \$395; truck, \$380.

Quality Value Price!

The most Abused words in the Dictionary.

VALUE is our store motto—You see it with our firm name always—

The Thrifty Buyer always considers QUALITY as well as PRICE because it requires both to determine VALUE.

TO OUR NEW FRIENDS, as well as old: We want to sell you on this statement—

"We carry no junk, seconds or 'cheap stuff.' We are proud of the lines we carry; they mean quality at a fair price."

STETSON HATS—The cheaper hat lacks quality. Result—It costs more per month to own, regardless of purchase price.

MANHATTAN SHIRTS—Because they fit, don't shrink, are extra full cut and will not fade.

INTERWOVEN SOCKS—Because they have style; they fit. The Interwoven toe and heel of lisle make them the best wearing sock made.

VASSAR UNDERWEAR—Because the garments fit. They are not cut from a flat piece of goods and sewed up—they are knitted to fit the form. They are comfortable and well made, because quality is built into them.

HOLEPROOF HOSE for Women—Because there is no better wearing stocking made. Full reinforced lisle foot, retains the snug-fitting ankle, is made extra long and has the extra stretch top feature.

VAN HEUSEN COLLARS—Because they do not shrink, will not wilt, and will not wrinkle—need no starch. In other words, a soft collar, with the appearance of a starched one.

KUPPENHEIMER GOOD CLOTHES—The standard for half a century. Finest in styles, away to the front in fabrics, fit and expert tailoring, they are excelled by none.

WORK GLOVES—Carhartt overalls, Hansen work gloves and Osh Kosh overalls.
