UNDERWOOD TO RETIRE AS THE DEMOCRATIC LEADER

Birmingham, Ala., Nov. 7.—Oscar W. Underwood, Alabama, formally announced that he will not be a candidate for leadership of the democratic minority in the senate after March 4.

"The condition of my health," said Mr. Underwood, "makes it advisable, both in justice to the party and to myself that I should not offer for reelection. I do not want my friends to feel any unnecessary alarm about my health but it is not robust enough for me to continue after March the duties of leadership which require constant attendance."

DRAWS DOWN FINE

From Wednesday's Daily. Last evening when the excitement of the election was warming up and the returns commenced to trickle in, Officer Alvin Jones was in the vicinity of Fourth and Main street and espied a Ford car coming down the street at a very high rate of speed and in a few seconds the policeman accompanied by William Grebe and Frank Dettel put out in the car of Mr. Dettel and came on the party just as they were preparing to run their car into the Burlington shop yards. The two men were taken into custody and a search by Officer Jones revealed the last of the trio in the bunk house and he was aroused and brought on into town.

At the court of Judge William Weber today the men were each handed a fine of \$25 and costs which they paid and were allowed to go on their way rejoicing. The police state that the men had at the time of their arrest a small quantity of liquor.

Although Journal want-ads cost only little the results they bring are wonderful. Try them.

Overcoat Days ARE HERE!

Last year times were "Not so good." More men than usual were sailing close to the wind financially. The old coat had to do another season.

BUT THAT WAS LAST YEAR: Now the old overcoat's day is done—it's worn out. And an overcoat is a necessity—that's where we come in. Our fall stocks of overcoats are complete.

Warmth, Style, Comfort, Wear—all are yours in these de luxe coats, and this season's values surpass all previous standards.

SOCIAL WORKERS ENTERTAINED BY MRS. GOBELMAN

Very Fine Time Enjoyed by Methodist Church Ladies and Splendid Attendance Present.

Yesterday afternoon the pleasant and hospitable home of Mrs. Frank R. Gobelman was the scene of a most charming Kensington given by the Social Workers of the Methodist church, and which was attended by a very large number of the ladies of the society.

The afternoon was spent informally in sewing and a general social time as well as in the enjoyment of an impromptu program of music and readings. Mrs. Allen J. Beeson gave one of her always delightful readings and Mrs. Roy Cole and Mrs. Reed piano solos that proved a real treat to the ladies in attendance at the event.

At an appropriate hour the hostess, assisted by little Miss Edith, Hatt, Margaret Shallenberger, and Alice Crabb, served dainty and delicious refreshments.

WRECKING OF 'Q' TRAIN IS PREVENTED

Two Steel Wedges Wired to Rail at Burlington, Ia.—Slow Time on Hill Prevents Wreck.

Burlington, Ia., Nov. 7.—An apparent attempt to wreck Chicago, Burlington & Quincy passenger train, Chicago-Denver, on the West Burlington hill here last night, was prevented because of an extra freight train running into two steel wedges that had been wired to the south rail while the north rail was soaped, according to railroad officials.

Conductor E. E. Smith and Engineer White of Galburg, Ill., who were in charge of the freight train, stopped it at once without derailment, but it is believed that slow time on the hill was responsible for preventing an accident. It happened about one hour before the passenger train was scheduled to leave the Union station here.

Deputy marshals and railroad special agents hastened to the scene on a switch engine, but found no clue.

PRESIDENT TO LAY WREATH ON GRAVE OF UNKNOWN HERO

Washington, Nov. 7.—President Harding, Secretary of War Weeks and Secretary of the Navy Denby, with military escort, will go to the grave of the unknown soldier on Armistice day and leave a wreath there after a brief ceremony, which is expected to establish a precedent to be followed throughout the years. No national holiday will be proclaimed by the president, who is said to feel the simple exercise at the grave as favorable in expressing official government recognition of the day.

CHILDREN'S BOOK WEEK

Next week is the fifth anniversary of the National Children's Book Week. The object of this book week is to encourage better reading among children, and the use of more and better books in the home. WHY NOT A GOLF CLUB FOR THIS CITY IN 1923?

Great Growth of this Sport Leads to the Expression for Links and Formation of a Club.

The rapid manner in which the popularity of golf has increased in the smaller places of the middle west has led many of the more enthusiastic to urge the creation of golf links in the city and the formation of a club to enjoy the delights of this sport.

A number of the nearby places have well kept golf links and there is no reason why the city of Plattsmouth should be behind the procession in this respect and there are a number of fine locations near the city that could well be used for this purpose.

The popularity of the business men's athletic club that has for the past two winters been engaged in weekly meetings at the high school gym, has shown that there is a desire on the part of the business men and others who have not the opportunity of getting their full amount of exercise, for some form of sport that will give them the change needed and many have suggested that golf links would provide the necessary outlet for the pent up energies of the tired business man.

This is offered as a suggestion and those who favor a proposition of this sort should get busy and prepare in the coming winter to start the ball rolling in the bright and festive springtime for a golf club and links.

ENJOY A FINE TIME

Last evening following the "sing" at the rooms of the Y. M. B. C. of the Methodist church, the members of the class and their friends were entertained by a very instructive and interesting address by Dr. H. C. Leopold on the subject of "Auto Intoxication," and in which the doctor stressed the care of the body, the kind and manner of eating food and the place of nature in the diet of the human race as well as the manner of treatment afforded. The address was very much enjoyed and the members of the class were more than pleased with the kindness of Dr. Leopold in affording them this unusual treat.

WOMEN HAVE INNINGS IN THE SENATE OF FRANCE

Paris, Nov. 7.—Women had their innings in the senate today when the first two speakers in the suffrage debate signed the act granting the vote of women, which the chamber approved three years, but the conservative senate opposed.

The senators were coldly silent, but the women crowding the galleries, applauded heartily. Senator Gourju said that 138,000,000 women had been given the right to vote, but France was backward. He cited the Colorado juvenile court as an example of the power of women. The debate was adjourned temporarily.

The women are hopeful of victory because M. Viviani, always their friend, is now in the senate, and the cabinet discussion this morning indicated that the government favors some form of suffrage.

OPPOSING OPINIONS ON RAIL STRIKE STATUS

Chicago, Nov. 5.—Opposite views on the present status of the shop-crafts strike were presented before Federal Judge James H. Wilkerson, counsel for the shopmen contending that the strike no longer exists, while assistant Solicitor General Backlund, Estelino, representing the government, filed affidavits that the conditions complained of when the bill was filed still exist. Further hearing of the case was continued until Wednesday morning, when Attorney Estelino will resume his argument.

SOAP MANUFACTURERS ARE BOOSTING WAGES

Cincinnati, Nov. 6.—An increase in the wages of employees of the Proctor and Gamble company, soap manufacturers, in the four plants in the United States, was announced here today. K. K. Schoepf, general superintendent of the company, and the employees' committee. The increase will amount to over \$250,000. Upwards of 10,000 persons employed in the plants will be benefited by the increase.

MISSOURIAN EIGHT FEET TALL CONTINUES HIS GROWTH

16 Year Old Lad Finishes Season with Carnival Company—Hopes to Grow Another Foot.

On a farm near Chillicothe, Mo., three years ago, says the Kansas City Star, George Kennedy, at the age of 13, was telling the folks: "We have to get bigger implements if I'm to do any good here, I have to let my feet drag on the ground when I'm on our plow and my legs get all tangled up in the forks on the hay rake and the hay tacker is too little. I can't do anything on these toys. We have to build some real man-size implements."

George was tall, immensely tall, those days, but the family believed he was at the lanky age. But George carried on, and today, says the Star, he is 8 feet tall. He has grown 5 feet, 11 inches tall, although he weighed 245 pounds. Mrs. Kennedy was 5 feet, 8 inches, and a daughter was 5 feet, 5 inches. George was then around the 7 1/2 foot mark and going on up.

George became adept at shorthand and typewriting and was figuring on a commercial career, if higher doors could be constructed.

Last summer the S. W. Brundage carnival threw up its tents at Chillicothe and George was a frequent caller. John C. Aughe, an executive of the show, could vision crowds paying dime to see a 16-year-old Missouri lad over eight feet tall (George had attained that mark.)

George Goes with Show. Mrs. Kennedy was induced to let George go with the carnival for a season. Aughe is hopeful of signing George for next season. But George is undecided. He could go into business or back to the farm. Perhaps vaudeville. Before he decides he is going to visit Chillicothe. It's been a long summer of cramped sleeping and open mouthed faces since he has seen them.

George says he hopes he grows at least a foot. "Every inch higher means more dollars." He has not stopped growing.

WOMAN ON A HUNGER STRIKE

Dublin, Nov. 6.—A bulletin issued by the republicans states that Miss Mary MacSwiney, who was arrested by the Free State military on Saturday, has been hunger striking since she was taken into custody. A letter said to have been found after her arrest reads: "If imprisoned, I will hunger strike. I don't know whether they will let me die, but if they do, pray for me that I may be as brave as those who have gone before me."

Mary MacSwiney is a sister of the late Terence MacSwiney, lord mayor of Cork, who died in Brixton prison, in London, on October 25, 1920, after a hunger strike lasting seventy-three days.

WANDERS FROM HOME

(Omaha News Radio Service) Helen Markowitz, 19 years old, daughter of Mr. and Mrs. H. Markowitz, left her home Monday morning for school but failed to reach her destination. Police in the neighboring cities are asked to be on the lookout for the child.

NORTHWEST RECOVERING FROM SUNDAY BLIZZARD

Alliance, Neb., Nov. 6.—Northwestern Nebraska is recovering from a blizzard which swept down from the northwest Saturday night and Sunday, leveling telephone and telegraph lines, tying up railroads and blocking telegraph.

Heavy, wet snow, driven by a forty-mile gale, was spread over the entire northwest section, following a twenty-four hours steady downpour, which started Friday night.

Temperatures were reported rising Monday after a rapid drop of many degrees, and Monday night the snow had almost disappeared.

Roads are in bad condition, however, and the rural vote is likely to be reduced in several counties Tuesday.

FIVE HUNDRED IN ATTENDANCE AT G. E. CONVENTION

Large Delegations From the Southwest and Omaha—Gate City After 1923 Convention.

Hastings, Neb., Nov. 3.—About 500 delegates are attending the thirty-fifth annual state convention of the Christian Endeavor of Nebraska. The largest delegations are from Southwestern Nebraska, and especially from Beaver City, Funk, Trenton and McCook.

Omaha has a large delegation, and is out to capture next year's convention.

"Omaha next" is the slogan of this five group of Endeavorers. The societies of the state number 10,000, it was stated by M. D. Wight Higbee, state secretary, which is an increase of 4,000 in the last two years.

The Christian Endeavor societies are a training school for general church activities. Officers for next year were elected Thursday night as follows: President, Dean C. E. Ashcroft, York; first vice president, the Rev. N. P. Patterson, North Platte; second vice president, the Rev. George E. Newell, Hastings.

The office of secretary-treasurer, occupied by M. Wight Higbee of Hastings was left open for the present.

The great parade of delegates in costume thru the main streets of the city is scheduled for 1:45 o'clock Saturday afternoon.

The delegates immediately after the parade will go to Hastings college to witness the football game between the college and the Friends college of Central City.

MORE THAN HALF AT CHURCH

More than half of the University of Nebraska students attended Lincoln churches on a recent Sunday when an accurate count was made by a committee of the university. M. C. A. University pastors estimate that, taking the year as a whole, every student attends church at least once a month and that some attend every Sunday. Out of 4,200 students in 1921-22, when registration in the university was 4,781, 2,647 students were members and 553 were affiliated members of some denomination or sect. Special consideration is given students by Lincoln churches by extending them affiliated church membership while they are in college without losing their membership in their home church. A campaign, terminating November 26, is being made by Lincoln churches to enroll students as affiliated members.

NATIONAL MARRIAGE LAW IS OBJECT OF WOMEN

General Federation Seeks Uniform Statutes in all States on Marriage and Divorce.

Washington, Nov. 6.—Preparation of a bill establishing national marriage and divorce regulations for introduction in the next congress was announced today by the General Federation of Women's Clubs, which has authorized Mrs. Edward Frankling White, deputy attorney general of Indiana, to draft the bill and a resolution amending the constitution of the United States if such a course is necessary to make a possible federal marital law.

Provisions of the bill would make marriage more difficult, the announcement stated, and would allow divorce on only one of five grounds, enumerated as follows: Infidelity; incurable insanity; abandonment for one year, cruel and inhuman treatment, or conviction of an infamous crime. Once granted, such a divorce would be valid in every state, but neither party to a divorce would be permitted to remarry until one year after the interlocutory decree was granted. The bill would provide also that applications for marriage licenses be posted two weeks prior to the ceremony.
