School Notes

A new map is being used in the study of Europe in fifth grade geography.

The agriculture class judged beef cattle at Fred Shoemaker's on Wednesday.

The eighth grade learned the "American's Creed" for their grammar lesson.

The home economics girls are doing some refinishing, enameling some chairs.

The Hot Lunch club is now in its second week and is proving a success. Six gallons of soup are made on the days that soup is served.

The chicken pox seems to have run its course and most of the children are now back in school. The primary children are learning Thanksgiving songs.

The seventh and eighth grades had examinations Thursday and Friday. The Better Speech Club is tagging this week for mistakes in posture and grammar.

The high school class in American history are doing considerable debating, the next one to be taken up is the question, "Resolved that Alexander Hamilton was a greater man than Thomas Jefferson."

The Sunny Side Girls' club met at the home of Dorothy Sturm on Tuesday, Nov. 21. The grade teachers invited the club to meet with them next time at the school house. After delicious refreshments were served, the Sturm boys took the girls home.

Mrs. J. M. Palmer announced to the high school on Wednesday that the D. A. R. had decided to offer a prize of a D. A. R. medal to the member of the American history class who made the best grade in the year's work. It will be given at commencement time and should prove a stimulant for good work in the class. Mrs. Palmer outlined the organization of the D. A. R. and told of its purpose.

R. A. M. HOLD THEIR ANNUAL ELECTION

Nebraska Chapter No. 3 of this City Selects Officers for Ensuing Year at their Session.

The members of Nebraska Chapter No. 3, Royal Arch Masons, held their annual election of officers at their session Monday evening and which was quite largely attended by the membership.

The newly elected officers named were: High priest—W. F. Evers. King—Dr. R. P. Westover. Scribe—Glen Perry. Treasurer—H. A. Schneider. Secretary—F. P. Busch.

The newly elected high priest will announce his appointive offices later to the chapter.

WANTS CONGRESS TERMS TO END WITH ELECTIONS

Washington, Nov. 28.—The present practice under which senators and representatives continue to sit in congress for four months after they had been defeated for reelection would be abandoned under an amendment to the constitution reported out today by the senate agricultural committee. By unanimous vote the committee decided to bring into the senate a resolution providing for such an amendment, which would require that a new congress take office immediately after it had been selected instead of in the March following.

AUDITOR OPPOSES CLAIM

(Omaha News Radio Service) Lincoln, Nov. 28.—The attorney general's office, representing State Auditor George W. Marsh, who is resisting the payment of \$935.31 to Lieutenant Governor P. A. Barrows, filed answer in the district court today. Marsh contends that Barrows as lieutenant governor and McKelvie as governor, were paid for their services in advance and without promise of any further payment. Mr. Barrows is suing for salary for the time he served as governor during the absence of Governor McKelvie from the state.

STUHR STOPS AREA WORK OVER STATE

No Funds for County Eradication of Tuberculosis—Awaits Action of the Next Legislature.

On account of lack of funds Secretary Leo Stuhr of the Nebraska department of agriculture announced Saturday that the intensive co-operative work of the state and government in the eradication of tuberculosis in cattle will cease. Ten to twelve state employees and probably as many federal employees engaged in this work will be released.

The work has been known as area work because an entire county had been used as the field of co-operation. The work must cease until the legislature provides funds. The legislature will meet January 2 and some action is expected soon thereafter.

The fees of the agricultural department for this week have been exhausted but the testing of cattle used for dairy purposes will continue because that is compulsory. Secretary Stuhr will set aside enough of his funds for this purpose and for the purpose of administration of the activities under his control. The state veterinarian's divisions under Secretary Stuhr will be deprived of several employees but enough will be retained to perform duties not connected with eradication of tuberculosis.

Mr. Stuhr said twenty-one counties where area work has been done will be affected. The counties mentioned by him are: Adams, Buffalo, Butler, Clay, Dodge, Douglas, Gage, Hall, Hamilton, Lancaster, Madison, Nance, Otoe, Platte, Polk, Sarpy, Saunders, Thayer, Wayne and Webster.

In October alone 18,872 cattle were tested in these counties. Of that number 318 reacted and four were suspicious.

There is no money available now for indemnity of reactors. Some counties have asked that the work be continued and express a desire to waive indemnity for cattle found afflicted with tuberculosis. They are willing to waive indemnity for cattle if the testing of cattle can be continued, but Mr. Stuhr does not believe this can be done.

The legislature of 1921 appropriated \$285,000 for eradication of tuberculosis and glanders, but the special session of that body cut this down to \$235,000. This amount had to be apportioned by Mr. Stuhr for three purposes. A portion had to be used for expenses of administration. Another part had to be set aside for indemnity of cattle under a compulsory dairy law. The balance was used as far as it would go for area work in eradication of tuberculosis. The federal government will probably lay off its men engaged in this co-operative work with the state because the federal government will pay no indemnity if the state does not.

Mr. Stuhr regrets all this because of the fact that it will release ten or twelve state employees and probably as many federal employees and because it will result in the disorganization of this body of trained men. If the work is resumed under legislative action this organization must again be built up. It will also disrupt co-operative work in counties which have been formed between county agents and farmers.

Anton Toman, Jr., departed today for Wakefield, Nebraska, where he will visit for a short time with his sister at that place. Tone is just over a long sick spell and treatment for stomach trouble and is now feeling as fine as he ever did.

ST. LOUIS WINDOWS BROKEN BY QUAKES

Strong Tremors Reported in Southern Illinois, Eastern Indiana and Western Kentucky.

St. Louis, Nov. 26.—Earth tremors strong enough to break windows, shake buildings and homes and rattle dishes were felt in St. Louis, southern Illinois, eastern Indiana and western Kentucky about 9:30 tonight, according to reports received here.

At St. Louis university seismographic observatory, where the tremors were recorded, attendants described them of moderate intensity between 9:31 and 9:39. They said seismographic indications pointed to the tremors occurring in a southeasterly direction.

A shock which experts say was "sudden" and of sufficient intensity to cause slight damage in homes, was recorded at 9:32. No actual damage other than the breaking of windows was reported up to a late hour.

A dispatch from Eldorado, Ill., said chimneys on several residences were toppled to the ground by the tremors, although no serious damage was reported there. Many residents of the town are said to fear more tremors and were remaining awake during the night.

MANY MINERS DEAD DUE TO EXPLOSION

Seven Dead and Thirty Injured as a Result of Blast Underground Near Santa Fe, N. M.

Santa Fe, N. M., Nov. 25.—A gas explosion in anthracite mine No. 4 of the Albuquerque and Cerrillos Coal company at Madrid, N. M., twenty-five miles south of here, late this afternoon, resulted in the death and injury of a large number of miners, according to meager reports reaching here tonight. Local physicians were summoned and a baggage car is being rushed from Albuquerque to take the dead and injured to that city.

Albuquerque, N. M., Nov. 25.—Seven men were killed and at least thirty injured in an explosion in mine No. 4 of the Madrid Cerrillos Coal company at Cerrillos, N. M., today, according to Manager McKnight. Thirteen of the injured were brought to hospitals here, and Mr. McKnight said there were thirteen or more injured being cared for at Madrid, near where the explosion occurred.

Ambulances, doctors and nurses were sent from here and from Santa Fe. The cause of the explosion has not been determined, McKnight said.
