Kellar Files Bill of Particulars with House Judiciary Committee - First Hearing Monday.

Washington, Dec. 1.—The attempt to impeach Attorney General Daugherty has now entered its second phase with the filing of a bill of particulars citing fourteen counts against him by Representative Oscar Kellar, republican, Minnesota, with the house judiciary committee of which Representative Andrew Volstead is chairman.

These fourteen counts presented by Kellar, who is the author of the original impeachment resolution introduced in the house September 11th, are chiefly:

- 1.—Daugherty's alleged failure to prosecute war frauds. 2.—His appointment of William J. Burns as chief of the United States Bureau of Investigation; also serious charges of jury fixing have been brought against Burns by former Attorney General Wickersham during the Taft administration. 3.—His "continuing submission to the influence of corporations and individuals of great wealth and power in the administration of justice and the deliberate conniving at the looting of one of the naval oil reserves of the United States of America." This count refers to the Teapot Dome Oil deal in Wyoming. 4.—The issuance of the Chicago injunction against the striking railway shopmen. 5.—The alleged failure to prosecute twenty-three anti-trust cases urged by the Federal Trade Commission and several other New York state joint legislative committees on housing—the so-called Lockwood committee of which Samuel Untermeyer submitted to the United States senate committee on reconstruction and housing.

Other counts included the dismissal of Major O. O. Watts, who had been engaged in investigating war fraud cases; alleged failure to enforce the safety laws of the United States, including the federal locomotive inspection laws; and alleged illegal acts in connection with the Charles W. Morse case.

Although the bill of particulars was signed by Kellar alone, he has had the assistance of Representative Michigan.

Chairman Volstead is expected to consider the bill over the week end and to hold the first meeting on the impeachment hearing Monday at which time Daugherty is expected to testify either personally or through a representative.

NUMBER FROM HERE AT-TEND SHRINE CEREMONIAL

From Saturday's Daily. Yesterday afternoon and last evening Lincoln was the Mecca of the members of the Mystic Shrine when the nobles gathered to witness the journey across the burning sands of a large class of candidates to attain the innermost secrets of the order. From this city William Baird, Searl S. Davis, Luke L. Wiles, W. A. Robinson and H. J. Uter, all members of Seosotis temple, made the journey and enjoyed the wonderful ceremonial which had been prepared. Seosotis temple received into its membership forty-four candidates.

A great parade was a feature of the ceremonial when the nobles marched through the streets of Lincoln, the neophytes closely guarded by the officers of the temple, clinging desperately to the rope as the only salvation in sight as the parade moved along the streets. The drum corps from Grand Island and the De Molay band of Lincoln furnished the music for the parade. Fifty members of the Shine club of Norton, Kansas, members of Isis temple of Salina, were in the line of march to fraternize with their Nebraska brethren.

SOVIET PROGRAM "WE DEMAND"

Berlin, Nov. 30.—The Russian soviet program at Lausanne as outlined tonight by M. Tchitcherin, the Russian foreign minister will be liberally interlarded with "we demand."

After a day spent in getting acquainted with Chancellor Cuno and the other members of the German government, M. Tchitcherin called in the foreign correspondents with whom he freely discussed his government's attitude at Lausanne, repeating in large measure what he had already said in similar interviews in Russia.

He maintained that neither the league of nations nor any international combination of powers should exercise any control whatsoever over the Turkish straits, which should be completely closed to war ships and restricted to commercial navigation.

Russia, he declared, would be prompt to support Turkey in her attempt to overthrow any agreement violating Turkish sovereignty or leaving the straits open, and Russia's program would remain unchanged whatever conclusions were arrived at by the powers at Lausanne.

GET READY FOR THE CHRISTMAS SHOPPING NOW

Plattsmouth Stores Beginning to Put Out Stocks for Inspection of the Early Shoppers.

There are only twenty shopping days remaining until Christmas and it behooves the careful shopper to get busy with their purchases for the holiday season in the next few days if they do not want to be disappointed in making their selections.

Already the spirit of Christmas is prevailing in the stores of the city and the jewelry establishments have out their full lines of gifts in the things beautiful and lasting and in the ladies' furnishings, fancy needle-work articles and in the men's furnishings stores the stocks are being placed for the inspection of the shoppers that they may complete their Christmas purchases early and have the matter off their mind.

An inspection of the Plattsmouth stores is sufficient to convince the shoppers that they can find anything they may desire in this city and at the best of prices for any purse.

The advantages of early Christmas buying are many but chief among these is the fact that it gives the shopper the opportunity of picking the best of the lines of goods offered and also makes it possible to have the matter settled and the gifts packed and arranged until waiting for the last day to buy hurriedly and have to rush through the last hours in order to purchase for the loved ones.

To the clerks in the stores the early shopper is a welcome friend as he saves them the rush and grind of the last few days and is certainly much appreciated.

NEAR EAST RELIEF IS SUBJECT FOR SUNDAY

Urging of Prompt Action will be Keynoted by Churches Over the Nation Tomorrow.

Tomorrow is the day that has been designated by the president of the United States as one in which a special appeal should be made for the Near East relief where thousands of sufferers are feeling the need of the generous spirit of America in relieving their suffering as far as possible.

The churches are urged at one of their services Sunday to call the attention of the public to the need of urgent and prompt relief in the case of the men and women of the suffering countries as well as the thousands of children who are cared for by the American relief societies in that locality.

The local committee has received a number of responses to the call for aid for the needy but the quota needed from this section is still far below what it should be and those who can are urged to get in touch with the committee in the great effort to relieve the suffering of the weak and helpless in the far off countries.
