## ELMWOOD LADY WAS MARRIED AT GRAND ISLAND

Miss Gay Lean Married to Mr. Ray Yauney at Grand Island on December 23, 1922.

On December 23, 1922, Miss Gay Lean of Elmwood was united in marriage to Mr. Ray Yauney of Hyannis, Neb., at Grand Island, Neb., at the home of the Rev. Stitt, who performed the wedding ceremony.

Miss Lean is the daughter of Mr. and Mrs. John Lean of this place, and is a graduate of the Elmwood public schools and fitted herself for teaching. She has filled some important positions in public schools in the state and this year was teaching at Hyannis, a little town in Nebraska reputed to be the richest in the world per capita.

The groom has been in the ranching business at Hyannis for some time and is a young man of splendid character and sterling worth.

At the present time the happy couple are visiting at the home of the bride's parents here. The groom will return soon to take up the duties on his father's large ranch there. His father will go to California to spend the winter. The bride will spend the remainder of her vacation here and will then return to Hyannis. She will finish her school year, after which they expect to go to Montana where they will operate a big ranch.

The best wishes of the many friends of the bride go with her and her husband for a long, happy and prosperous married life.—Elmwood Leader-Echo.

### THE RACING MENACE

During the past few days there have occurred in the vicinity of Murray three auto wrecks, which have demolished a number of machines as well as injuring a number of people more or less and in the main more.

The number of auto wrecks which are of daily occurrence is alarming as last year or rather for fourteen months there were over 91,000 people killed with the auto, while during the World war but little over 40,000 Americans were killed in battle. Something should be done to prevent drivers of automobiles taking such a fearful toll of human life.

Some laws which would save human life should be enacted and with penalties attached which would insure the enforcement of them. It looks as tho some restraint should be had in the securing of license to run a car which would show the driver competent to handle the machine as well as an adequate knowledge of the laws of the road as well as the laws governing the automobile.

### SAW A METEOR

From Saturday's Daily.

Last evening the residents of this locality saw one of the most beautiful illuminations of the heavens, when a large meteor made its way across the northern skies and disappeared. Those who were out in the streets about 11:30 were treated to this exhibition of nature's fireworks and state it was most beautiful. The blazing tail of the meteor was quite long and it was some little time in passing.

It is quite probable its appearance was responsible for the static conditions that existed in the radio field throughout the evening and well into the night. With clear skies and maximum distance stations plainly audible, there was an intermittent crackling in the head sets not unlike the summer-time static.

### HAVE FINE TIME

The home of Mr. and Mrs. C. F. ### VISITS IN GLENWOOD

Hon. Edgar Howard, elected in November to represent the Third Nebraska congressional district, visited in Glenwood Friday with his cousins members of the Daniel family. Mr. Howard, as many know, was once for a short time a resident of Glenwood. He is editor of the Columbus (Neb.) Telegram, known all over the west because of its editor.

Mr. Howard has served his state as lieutenant governor, and now he will serve as one of Nebraska's congressmen. Edgar Howard, in a broad sense, will serve the entire west. He is heart and soul with the movements destined to put the farmer's interests to the front.

Mr. Howard has been given the distinction of climbing from a tramp printer's stool into a seat in congress. He learned the printing trade partly in Glenwood. The distinction of advancement from a "tramp printer" to congressman is also accorded to W. D. Jamison, who some years ago represented the Eighth Iowa district in the house of representatives. Mr. Jamison was then editor of the World at Shenandoah. Both Howard and Jamison are democrats. Howard will be one of the striking personages in the next congress and we will miss our guess if the country does not sit up and take notice when he gets into action.—Glenwood Tribune.
