Mr. Gobelman, who is a practical workman of years of experience knowing the business from A to Z as well as being an expert sign writer, has about approximately what he has been striving for years, "a real honest-to-goodness paint store."

### SHOP STRIKE ON NORTHERN PACIFIC IS DECLARED OFF

St. Paul, Feb. 9.—Formal announcement was made late today by the Northern Pacific railway that the strike of the federated shopcrafts on its system had been "declared off" by the voluntary action of the strikers and their leaders.

As a result of permission given local lodges by the strike leader last week, the announcement said, "the strike of the federated shopcrafts has been officially declared off on the Northern Pacific by overwhelming votes."

It was stated at Northern Pacific headquarters that comparatively few places remained to be filled, and instructions have been issued, it was said to give preference to married men and heads of families.

### CIRCUS MAN GETS SURPRISE OF LIFE

Declares Tanlac Not Only Ended His Stomach Trouble But Added 20 Pounds to His Weight

"Running into something new and different is part of the circus business, but last year the thing that surprised and pleased me most was when I took Tanlac and gained twenty pounds," declared Earl Ashley, concessionaire with Sell's Brothers' circus, who resides in Metropolis, Ill.

"I was in pretty bad shape, not exactly what you would call sick, but all run-down and just able to look after business. Stomach trouble and indigestion was my main bother, and although we had the best of food, I had very little appetite and hardly a thing would agree with me. Sourness, pains and heartburn struck me every time I ate, my nerves were badly unstrung, I couldn't sleep well and kept losing weight."

"We came to a town in Indiana one day and I saw a lot of Tanlac advertisements, so I decided to try it. Well, sir, you can just ask the chef what kind of a appetite I have. I never have a trace of indigestion, and sleep, well, I can sleep like one of those well-conditioned acrobats, and can do the biggest day's work that comes. I'll always pass along the good word for Tanlac. It's a wonder."

Tanlac is for sale by all good druggists. Over thirty-five million bottles sold.

### DEATH CLAIMS AN ESTIMABLE LADY

Mrs. John C. Spangler of Louisville Answers Summons Monday in Omaha Hospital.

The people of Louisville and vicinity were greatly shocked and grieved on Monday evening to receive word from Omaha of the death of Mrs. John C. Spangler at the Reichstadt hospital where she had been for several weeks for treatment of throat, pharyngitis and other ailments of a serious nature.

Several times word had come that she seemed to be improving and her friends were beginning to hope she might recover sufficiently to return home, even though she was not fully restored to health. Then she was taken with pneumonia and from the first the physicians and the special nurse held out very little hope for her recovery and after a few days of suffering from this, she passed away on Monday evening, at about eight o'clock.

The remains were brought to Louisville and taken to her home in the country, and on Thursday the funeral occurred at the Methodist church, Rev. C. L. Elliott officiating.

Mrs. Spangler was a daughter of Theodore Helm, one of the early pioneers of Cass county. She was born in Wisconsin October 12, 1869, and at the time of her death she was 53 years, 3 months and 23 days old. She leaves a husband and five children—one daughter, Ruth, and Dewey, of Merna; Elmer, Theodore and Ivan, living at home. The youngest son, Ivan, is eleven years old. Another son, Clyde, passed away over a year ago.

Mrs. Spangler spent most of her life in this vicinity. She was a lover of home and was a faithful wife and loving mother. She was always kind and gentle to all and was greatly loved by all who knew her and her death has cast a shadow of sorrow over the entire community.

The Courier joins with the host of friends throughout the county in extending heartfelt sympathy to the family in their great loss and sorrow.—Louisville Courier.

The house vote was on an amendment to the existing funding statute which not only would specifically approve the agreement reached with the British government, but would authorize the American debt commission to make settlements "similar, but not more favorable in terms," with the other debtor nations. The amendment will be formally transmitted to the senate tomorrow and immediate consideration by the finance committee is planned. The time of senate action, however, still is promiscuous.

There was no effort in the house to attach a soldiers' bonus rider to the legislation and attempts to amend it otherwise failed.

### FORMER RESIDENT OF THIS CITY DEAD

Attorney H. H. Clairborne of Omaha, Who Resided Here 35 Years Ago, Died Yesterday.

The older residents of this city will recall Henry H. Clairborne, well known Omaha attorney, at the time when a young man, thirty-five years ago, he made his home in Plattsmouth where his father, Richard Clairborne, was engaged in the newspaper work, and is sorry to learn of the sudden death of Mr. Clairborne yesterday in Omaha.

Mr. Clairborne was visiting his old time friend and associate, Mayor James Dahlman, at the Omaha city hall yesterday afternoon at 4 o'clock when he was stricken down and died in a very few hours at the Clark hospital where he had been taken.

Mr. Clairborne was fifty-four years of age and born in Missouri and lived in Plattsmouth for a short time in his youth when his father was here engaged in the printing business and a number of the associates of the years gone by recall him very distinctly, although it has been something like thirty-five years since he left this city for Omaha to make his home.

On going to Omaha Mr. Clairborne was engaged as reporter for the Bee for some time and later, as day editor, followed this line of work until 1908 when he was appointed clerk in the office of Robert Smith, clerk of the district court for Douglas county, and remained there until he was admitted to the bar and started the practice of law. He was for a number of years a justice of the peace in Douglas county.

Mr. Clairborne leaves a widow, a brother, James, of Lewiston, Idaho, and one son, Harry, an air service instructor at Chanute field, Ohio. The deceased was a relative of the Tutt and Ruffner families of this city.

### WORLD ANTI-WAR PACT MAY APPEAR AT GENEVA MEET

Proposed Treaty Expected to Provide Mutual Guarantees by Continents—Reduce Arms.

Geneva, Feb. 8.—When Lord Robert Cecil arrives here tomorrow for the meeting of the league of nations mixed commission for the reduction of armaments, he is expected to have in his pocket for presentation a detailed draft of a general treaty providing for guarantees for the prevention of war and suggesting also practical measures for disarmament.

It is understood that the proposed treaty stipulates that if any nation is attacked, the other signatories of the pact may adopt stated measures, provided there is a reduction of military forces effected, on a scale to be determined. If any state feels that it is menaced it may call for a special meeting of the league council, which, if it deems that a menace actually exists, may arrange protective measures against the danger.

Similarly, if any state violates the armament restrictions agreed upon, another state may appeal to the council. In case of actual attack, the league will decide which country is the aggressor and will work out effective restraining measures, perhaps even recommending to the members of the league joint military action against the convicted aggressor.

The mutual guarantees would operate by continents; thus, no European state would furnish troops for aggressions in the Americas, and the North and South American members would be relieved from furnishing policing troops for Europe.

The league leaders are not optimistic of definite action at present. Great Britain and France seem to be approaching a treaty of mutual guarantees from opposing standpoints, Great Britain desiring disarmament first and a guarantee pact afterward, while France is disposed to demand guarantees first as a necessary condition of any disarmament arrangement. It is presumed that in these discussions military reductions would be in inverse ratio to the strength of the guarantee pact. The more nations that rallied to the guarantee treaty, the less would be the authorized strength of national armies.

### BASKET BALL GAMES ARE HOT AND FURIOUS

Close Struggle With School Teams—Morgan's Team Hands Nebraska City Hard Jolt.

Last evening the football fans of the city were treated to an exhibition of football rather than basketball in the two games staged at the high school gym but this was due rather to the slackness of the referee's rulings that permitted the team to reach the extent of manhandling that they did. However, everyone enjoyed them and no one was damaged.

The preliminary between the freshmen of the high school and the eighth grade of the junior high was really the most exciting of the evening as the young players played a close battle altho in the final score the freshmen had acquired 29 while the eighth graders had 23. The freshmen used Fred Rebal, one of the first team men, against the graders and who was accountable for twenty of the points scored by the freshmen. In team work the eighth grade team showed much more skill but the younger players were handicapped by the rough house tactics used by some of the freshmen. This game was refereed by Stewart Chase.

In the main event the Morgan Sweet Shop team clearly showed their superiority over the Thorpe Athletic club of Nebraska City and piled up the score of 64 to 19 ere the final whistle of Referee Frank Marshall brought the contest to a close. For the visitors Thorpe was the bright and shining star and made several goals from more than half way the length of the hall. The Thorpes showed some very clever work but were outclassed by the local team. Carl Thomas, former Plattsmouth high school player, officiated at center for the Thorpe team.

For the Morgan team all of the players showed their usual speed and skill and were kept busy dumping baskets and in floor work the stellar crown probably should cluster around the classic brow of G. E. Brubacher who showed great speed in covering the plays as guard as well as garnering a number of goals. In securing the scores of the evening the honors were well divided, as in the field goals Burkel secured eight, Martin and Ofc six each, Brubacher five, Sprecher four, Schubeck three and McCarty one. Martin also threw two foul goals.
