27 Champions AND Prize Winners AT Chicago International Show, 1922 153 Champions AND Prize Winners AT Ill., Ia., Nebr., Kans. State Fairs 1922, Were Fed Acme Minerals

Acme Minerals are made according to the Complete Mineral Mixture formula as worked out by the Iowa Experimental Station, and made from NINE INGREDIENTS (including potassium iodide) and is fed in self feeders for 3/4 to 1 lb per month.

J. W. Weidast, Ohio State University, says: "Ordinary rations are far from supplying the mineral requirements of hogs. None of the common grain feeds or their by-products contain a sufficient amount of mineral matter. The sooner hog feeders and breeders recognize that MINERAL ARE A FEED and not a tonic or something extra which needs only to be fed occasionally, then we are going to have better toned hogs, fewer piglets down in the back and in their feet."

Corn is 300 per cent deficient in Calcium (lime). It requires:

Nine Mineral Elements for fattening hogs and growing pigs to supply the mineral elements which increase gains, reduce feed cost and grow the bone and frame and

Nine Mineral Elements are also required by the brood sow to farrow more pigs, stronger pigs, with more bone and frame. A Mineral Mixture containing 4 or 5 ingredients only feeds half of the mineral elements. We will sell you ACME MINERALS containing all the mineral elements for \$2.00 to \$5.00 per hundred pounds less than all others.

We will ship you ACME MINERALS mixed or will ship the 9 ingredients packed separately, and you can mix them yourself. The Mineral salts contained in ACME MINERALS gives the free intestinal worms successfully.

Need a Night Watch

With no night watch to patrol the streets of Union those who care to can easily enter the business houses of this place during the late hour of the night and appropriate anything they want. One day last week some one hurled a rock through the window at the Hathaway restaurant and then attempted to reach in and unlock the door from the inside but a faithful bird dog stood on guard and frustrated the would be burglars. However, Orville Hathaway had to expend some \$2.75 for a new glass to copy the hole made by the vandals. Looks as though the need of a night watch was apparent.

M. E. Church Notes

This is the first and biggest and most important item right now of all for the church. The revival will start next Sunday morning at 11 o'clock. Letter from the evangelist, Miss Clara A. Meeker, says "I'll arrive in Alvo Saturday afternoon ready for the meeting. I'm praying God will give us a glorious revival in Alvo."

Now, friends, this is not merely a Methodist revival; we hope that this entire community will rally to the best interests while the meeting is in progress. Let us all join in our prayers for this meeting. Everybody cordially invited.

The Nebraska Wesleyan has asked that the pastors remember the subscriptions as made by the various churches and if possible assist in any collections that may be due. If there be any subscriptions in our Alvo community church of course you care for the same to the best of your ability without the aid of any preacher.

Rev. and Mrs. Galloway of Nickerson, Neb., are visitors at the parsonage. Brother Galloway has a notion of moving to Alvo in the near future providing he can find a house. Such folks are always made welcome. Rev. Galloway gave us a good sermon last Sunday morning. They will be good help in the meeting.

Choir practice met at the Brother and Sister Nickel home last Saturday night and the next practice will be in the Costman home.

Be sure to be present in full force and ready for duty next Sunday.
