

Notice to the Public!

I take great pleasure in announcing the fact that I have purchased the controlling interest in the Farmers State Bank of Plattsmouth, and together with Mr. Chas. A. Patterson, ex-Plattsmouth citizen and now successful banker of Arapahoe, Nebraska, who has also purchased a large block of this stock, and a few of the original stockholders of the Farmers State Bank, who preferred to retain their stock rather than sell to us, we will immediately proceed to make this bank one of the strongest financial institutions in our city and county.

We will at once pay in \$50,000 new capital and thoroughly cleanse this bank of all bad and objectionable loans, thereby putting the Farmers State Bank of Plattsmouth on an absolutely firm financial foundation.

It shall be our aim to operate our bank on a safe and conservative basis, at all times keeping strictly within the confines of good banking law and good banking practices.

To the Citizens of Plattsmouth and Farmers of the Vicinity—We trust you will have sufficient confidence in our financial responsibility, integrity and business ability to justify you in considering OUR Bank as the bank with which you wish to do business when you are in need of banking facilities.

We shall be glad to have you drop in and see us at any time.

Respectfully,
T. H. POLLOCK.

A Little Group of Big Values

These pictures show garments for little women

It is true that the frock in the center is suitable for all women, but the other two are especially desirable for women to whom Nature has said: "You are too mature for Misses' garments and your lines and curves are too much repressed or held in such bounds that the garments for the great big woman would be unfitted to you."

(The creator didn't design all his work on a mammoth scale. Some of his most wonderful creations show definiteness of design rather than broad strokes. A miniature is as wonderful as a painting that covers thousands of square feet.)

And therefore, these garments, fitted for YOU, give all the expression of maturity while still bringing out the youthful lines.

YOU, LITTLE LADY, can be just as well pleased in garments fitted to your shape, your age, your dignity, your desires, as the woman whom Nature has endowed more generously.

These garments are exceptional quality; exclusive in style; individual.

Left: Coat in Hague Velour cloth. Waist and sleeves are lined. Novelty blouse, back and sleeves cut in one. Collar, cuffs and all stitched harmoniously. String belt ties in front.
Center: Tan polo cloth. Smart contrasting touches of beaver poloon cuffs, collar and side insets. Fancy buckle. Waist and sleeves lined. Other colors if desired. Or in homespun.
Right: Frock in tan crepe. A slightly bloused waist. Sleeves with self frill, waist to elbow. Side panels, hair belt with braid ornament of henna. Many other shades, also.
