MURRAY STATE BANK

MURRAY NEBRASKA

C. A. Trent was enjoying a visit from Omaha friends last week. Albert Young was shipping some stock to the South Omaha market last Monday.

Herman F. Gansmer was a visitor in Omaha last Tuesday, making the trip in his car.

J. A. Scotten, with his force of workmen, have been making repairs on the garage of Uncle Robert Nickles.

Robert McLannahan of Plattsmouth was a visitor in Murray and a guest of M. G. Churchill and wife while here.

Miss Bertha Nickles was visiting with friends and also looking after some business matters in Plattsmouth last Tuesday.

The family of Louis Wickum which has been suffering from the scarlet fever is reported as being much better at this time.

Walter Sans has been busy for the past few days erecting and repairing the fences on the place of Grandmother H. C. Cramer.

W. A. Scott with his radio is keeping the farming community and all who are interested in the markets posted as to their movements.

J. V. Pitman was looking after some business matters in Plattsmouth last Monday, driving over to the county seat in his wagon.

Dr. G. L. Taylor is feeling pretty fine, thank you, as he has just purchased a new auto, trading in his old one for part payment on the new.

Harvey Greer and Jesse Chambers are busy on the new home of Mrs. Bessie Bourne near Myward, and are making rapid progress with the building.

J. T. Brendel and Henry Heebner were looking after some business matters in Plattsmouth last Tuesday, they making the trip in the auto of Mr. Brendel.

D. C. West and A. C. Munn, both of Nebraska, were looking after some business in Murray last Tuesday evening, coming over in the auto of Mr. West.

D. C. Riedel, who has not been feeling very well for some time, is able to be about, but is not feeling very strong, but is hoping with the warmer weather to be better.

Alfred Gansmer and son Lester were visiting in Plattsmouth last Tuesday evening, making the trip via the train, where they were looking after some business matters.

T. H. Pollock of Plattsmouth was a visitor in Murray and also at his farm east of town, looking after matters there. He was accompanied by his little grandson, Master Minor.

Art Reed was in town last Tuesday morning and took home with him a small load of lumber for the purpose of constructing some chicken house for the flock on the farm.

The farmers have mostly been getting ready for the spring work, and this is a factor in making the town just a little quiet. Still it seems like

the business keeps up just the same. J. E. Gruber placed a new awning in front of the H. M. Soennichsen & Co. store last Monday, and which will be an added comfort, especially when the weather gets a little warmer.

Dr. J. E. Brendel has been called to the neighborhood of Union to see patients a number of times during the week, and the bad roads of Monday were a handicap to the traveling.

See the ad of Oscar Nailor and Earl Lancaster, which is a unique way of introducing themselves to the buying public, and also a demonstration of their fairness in doing business.

Mr. and Mrs. E. L. Peterson were entertaining a number of friends from Omaha and Millard last Sunday and all present, both host and hostess and guests, enjoyed the day greatly.

Mr. J. A. Scotten and his force of men have been making good use of their time on the house which they have been working on for C. R. Troop and have the structure now ready for the shingles.

John T. Bates and Grant Burrows of Plattsmouth were visitors in Murray last Tuesday, driving over to look after some business matters for a few hours and were meeting their many friends.

The busy place of Murray is the store of H. M. Soennichsen & Co. Messrs. Hint and Tuit are kept busy and going all the time which surely is doing business well for their manner of doing business.

Misses May Brown and Kelly are no mean artists when it comes to interior decoration, for we were pleased with the appearance of a room which they papered and it sure is looking very nice.

Hans Christensen and son, John, living southwest of Murray, shipped a car load of hogs from Murray to the South Omaha market and was assisted in getting them to Murray by their neighbor, J. O. Bramblet.

We were attracted by the display in the window at the Murray garage, which is neat and shows many attractive signs as well as some goods this institution is handling—a fine lot of auto goods and accessories.

C. R. Troop and wife of Plattsmouth were visiting at the home of W. O. Troop and family southwest of Murray and also looking after the house which is being built on the place which is farmed by Will Kruger.

Font Wilson and family are now enjoying farm life in earnest, they having moved from Murray about a week ago and are working just like they formerly did, early and late, and we are sure they will make a success.

Mrs. Will Seybold, Mrs. Oscar Doljar and Mrs. John Stones will entertain the Ladies Aid society at the Christian church in Murray on next

-J. A. Scotten- General Contractor and Builder.

hours from 6:30 until 8:30, when they departed for their homes. All those present are loud in their praise of the excellent time which Mrs. Smith gave them.

RIVER CUTTING ITS BANK AWAY NEAR ATCHISON

Railroad Track Between There and St. Joseph Menaced by Water, Says Atchison Globe.

Do the Rock Island, Santa Fe and the Missouri Pacific railroads intend to remain idle until their tracks between Atchison and St. Joe topple into the river?

This is the question puzzling the Missouri farmers who are hard at work attempting to save their farms from the Missouri river which is depressing land with almost unprecedented rapidity.

The point where the river is closest to the tracks is northeast of Mud lake and the river is not more than 250 feet distant, and is cutting away the sandy soil at a rate of between 15 and 20 feet a day.

As the river is coming up and the current is striking the bank with redoubled force, something must be done right away—that is within the next two or three weeks at the most.

About a mile and a half above the point where the river is the closest to the tracks, the Missouri farmers are putting in the Silver Lake jetties. The first strings of them were dropped into the current this morning.

But the work being done by the farmers will not protect the railroad tracks at the place where the river is cutting much more rapidly.

Interested in the unusual should visit the river at the point where it is running like a mill race, carrying away the great chunks of soil, as they splash in, and also they should see the Silver Lake jetties being installed by the farmers.—Atchison Globe.

A PRISON CELL FOR SUGAR SPECULATOR

Louisiana Congressman Says That is Where He Belongs and He Proposes to Put Him There.

Washington, April 21.—On the heels of a statement by Democratic National chairman Hull, charging the administration with efforts to "shield the infamous Fordney-McCumber tariff rates" as they apply to sugar, Representative Aswell, democrat, Louisiana, said tonight that neither injunctions nor attempts to change the tariff would help the present sugar situation and that the extension of the grain futures act to sugar would be undertaken in the next congress.

Mr. Aswell said the tariff question was beside the point of discussion because it had been eliminated by declarations of the executive departments of the government.

"Reckless criticism of the sugar producer is wholly unjust," he said. "The sugar producers of the south and west have not been parties to the present sugar gouge, nor have they profited one penny in the outrageous inflation of sugar prices."

"After consulting my colleagues, I am preparing drastic legislation to be presented to the next congress, which, I believe, will make it impossible for the sugar gambler again to succeed in another such raid upon the American home. If he tries, he will land in jail, where he properly belongs."

Phone us the news. We want to publish everything of importance that happens in Cass county.

SLUMP OF MARKS IS MAIN EVENT IN BERLIN MARKET

Reichsbank Plans to Peg Price at Between 25,000 and 30,000 to Dollar; 150,000 to Pound.

Berlin, April 22.—The outstanding event of the past week was the abrupt drop of the mark exchange to 30,000 to the dollar, or 150,000 to the pound sterling.

There is a steady demand for foreign bills from manufacturers and speculators. France offers large quantities of confiscated mark notes at European centers which rapidly increases the pessimism regarding the mark.

The reichsbank at first made great sacrifices, but afterward was obviously powerless to keep the mark steady. The reichsbank will now try to peg the dollar at a point between 25,000 and 30,000 marks.

Remittances of gold marks to London in the week totaled 135,000,000. Permanent success in stabilizing the mark is doubtful, as the daily issue of notes is nearly 80,000,000,000 marks and the floating debt is rapidly increasing.

Firms Increase Capital. In dustrial companies are rapidly increasing their capital. From January to March, inclusive, there were issued 11 billions of new capital shares against five billions for the same period in 1922. In this sum the banks shared to the extent of nine billions.

The industrial situation has further deteriorated. The Rhenish textile industrial works two days weekly and many factories are shut down. The slump of the mark may revive German exports. There are remarkable events transpiring in German agriculture. The reichstag has "decontrolled" grain. Before the mark took its new plunge, the German grain prices had reached the world market price. Presumably the home prices will now keep on a level with world market prices. Considerable grain importing is probable. There is already a brisk demand for Argentine and Canadian wheat and United States flour.

NEW INNOVATION IN BROADCASTING

Artists Remain in Own Homes—Ordinary Telephone Line Instead of Special Wire Used.

To "hear one's self" by radio is a seemingly impossible thing, but with the plan of broadcasting tried out last week by WSB, the Atlanta Journal station, it actually was done. By a special device worked out by that paper's technical staff, artists on the program remained in their home while listeners heard the telephone click, central answer, the number given and repeated and then the voice at the other end of the line. After being told to "go ahead," they would begin the song or instrumental number, which transmitted to the station on an ordinary telephone line into the air. Incidentally, the artist in his or her own home, by means of a simple receiving set, could again pick the voice out of the air and hear themselves via radio.

This differs materially from the "private line" method of broadcasting by many of the stations, and is the first successful attempt to broadcast a program coming in on ordinary telephone lines.

Aside from one or two mishaps occasioned by the familiar report of "Line's busy" from central, the entire concert went off smoothly and most successfully.

WSB is one of the pioneer broadcasting stations of the country and the technical staff has never let a grass grow under their feet to provide new and novel stunts of entertainment for their listeners, of which the foregoing is the latest. However, we look for more and even greater surprises to come from their experiments.

WHEELER DEMANDS NAME

New York, April 21.—Wayne B. Wheeler, general counsel of the anti-saloon league, demanded that the Hon. Father John L. Eastford of Brooklyn, who said recently he had heard that a United States senator had received \$150,000 for voting for the eighteenth amendment, furnish the proper authorities with the name of the senator.

RAIL MAINTENANCE MEN ASK WAGES OF JULY, 1921

Chicago, April 24.—Request for a return to wages in effect prior to July 1, 1921, was made of the railroad board today by the United Brotherhood of Maintenance of Way Employes and Railway Shop Laborers. The petition affects twenty-eight railroads and 175,000 employes.

The union already has successfully negotiated for wage increases with fifteen railroads, but failed in negotiations with twenty-eight roads, including many of the larger systems.

Maintenance men now are paid a maximum of 37 cents an hour, A. F. Stout, vice president, said, as a result of 15 cents, under wage decisions of the labor board July 1, 1921, and July, 1922. The maximum wage prior to the first cut in 1921 was 43 1/2 cents an hour.

We are paying for eggs, 21c cash. George W. Olson, South 6th St.

MEXICO SEEKS RECOGNITION BY UNITED STATES

Defines How Far She Will Go to Meet Demands—Harding and Hughes Hope to See Way.

Washington, April 21.—A complete statement on the negotiations between the United States and Mexico for recognition of the Obregon government is likely to be made soon by this government.

This statement, which probably will be made by Secretary of State Hughes, may even bring about American recognition of Obregon, which is now believed nearer than at any time during the Harding administration. Officials today said the present status of negotiations was extremely delicate.

The present favorable situation was brought about by a note from the Obregon government to the United States outlining how far Mexico will go to meet American conditions.

Washington, April 21.—Mexico has sent the United States a communication outlining how far she is ready to go to meet conditions of the Washington government for American recognition, it was learned today.

This communication, understood to have been dispatched a few days ago, signals a resumption of negotiations. A preliminary agreement between the two countries.

President Harding and Secretary of State Hughes are now giving active consideration to the subject with the hope of effecting a settlement with Mexico, and the president has let it be known that he believes the situation is growing promising every day.

The communication from Mexico is understood to deal particularly with what the Obregon government is doing and intends to do further toward meeting the position of the United States, that lasting guarantees must be given against the reiteration of article No. 27 of the Carranza constitution.

Perhaps the greatest event of the roundup will be the laying of the Memorial stadium cornerstone Friday afternoon. The detailed program for these exercises has not been announced. Fraternities and sororities will hold their annual reunion banquets Friday evening.

Saturday morning will include the class of 1902 reunion, alumnus meeting at Ellen Smith hall, class reunions on "The Midway," the alumni parade through the streets of Lincoln, and the luncheon at Memorial hall. The afternoon program is as follows: Annual alumni business meeting and alumni address, class starts and award of alumni day class trophy and the Kansas-Nebraska annual commencement baseball game. A dance will be held at the armory Saturday evening.

Commencement Exercises. Rev. Herbert Gray of Scotland will deliver the baccalaureate sermon Sunday morning, and Mrs. Carrie R. Raymond, directing the university chorus, will present a sacred concert.

Rev. Timothy Stone of Chicago will deliver the commencement address Monday.

LODGE WILL LEAD FIGHT ON COURT

Republican Leaders Will Urge President to "Soft Pedal" Issue in Speech Before Publishers.

Washington, April 23.—The president definitely led the fight of republican senators against the court. He outlined the preliminaries of the fight in conference with Senators Watson, Borah, Brandegee and others, who met in his office in the capitol this morning.

Urged Not to go "Too Far". In these conferences it was decided that an effort would be made, first of all, to endeavor to persuade the president not to go "too far" in announcing his support of the court proposal in his New York speech. It was arranged that either Lodge or Watson would seek an audience with the executive before his speech was delivered and undertake to convince him against making any outright declarations which might be in the nature of a "challenge" to the republicans opposed to the court idea.

It was stated after the conference that little hope was entertained by any of the senators of being able to induce the president to "soft pedal" the court issue, as it was generally understood he president planned to go the limit in giving the court proposal his full endorsement.

Lodge Standing Firm. In view of the situation, plans were formed to take the question up
