

CHANGE AMAZING SAYS MRS. RAMBO

After Years of Suffering, Omaha Woman is Again in Fine Health, She Avers

"I was so weak and sick even a little housework was a burden to me, but I've gained twenty-four pounds by taking Taniae and feel so well and strong I believe I could spade up the ground for a garden," said Mrs. Eliza Rambo, 4123 South 25th street, Omaha, Neb.

"For three years I had indigestion so bad I could eat but very little, and even the lightest diet caused me hours of suffering after meals. I had awful headaches and nervous spells; pains all through my body, my sleep was restless and broken, and I was so run down and weak I couldn't do all my housework.

"Well, Taniae has given me such a wonderful appetite that anything from ham and eggs to apple pie tastes delightful to me, and everything, even potatoes, agrees with me perfectly. In fact, I haven't an ache or pain of any kind, and even a hard day's housecleaning doesn't tire me out. I sleep well and my friends all say I look fine. It's all due to Taniae."

Taniae is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

SOME NIFTY PICTURES

The scenes of the first May Day festival held at the high school campus on Tuesday afternoon, have been preserved in pictures by Emil J. Weyrich, one of the city's rabid kodak enthusiasts and whose firm, Weyrich & Hadraba, are the representatives of the Eastman Kodak company. Mr. Weyrich was at the festival and secured some very fine pictures of the various dances and the coronation of the queen and the gathering of her court. From the originals several enlargements were made that show up the small details of the pictures in fine shape.

REPORTS TREASURER OF IOWA IS INEFFICIENT

Former Deputy Lists Five Charges Against Hawkeye State Official in His Report.

Des Moines, Ia., May 4.—State Treasurer W. J. Burbank is incompetent and inefficient, according to the report of Quincy A. Willis, former deputy state treasurer, whose report on the condition of the treasurer's office was made public to the executive council Friday. The report says in part:

"I don't attempt to fix responsibility, but there is much evidence that unmistakably speaks of incompetence and inefficiency in both management and execution. With proper supervision and directions no such regard as is found would be possible."

Mr. Willis lists five charges indicating inefficiency in the treasurer's office and includes in his report a large number of exhibits to back up the charges.

One of the charges relates to the drawing of money from one bank and depositing it in another bank by means of counter checks. In commenting on this practice of Treasurer Burbank the examiner says that such a practice would enable an individual to draw large sums of money from each of several depositories and depart on an extended vacation.

Another charge made by Mr. Willis is that Treasurer Burbank has drawn large sums from other Des Moines banks and deposited them in the Des Moines National bank, with the result that this bank at one time had \$1,237,851.44 out of a total of state deposits of \$5,266,611.00 or about one-fourth of the state's funds.

The third item related to the over-drafting of depository accounts which occurred five different times.

And the fourth charge blames the treasurer for his failure to keep led-
