PRESBYTERIANS ARE READY FOR CONVENTION

Will Hays to Announce \$15,000,000 Program for Ministerial Endowment at Assembly.

Indianapolis, Ind., May 16.—Presbyterians of America will open their one hundred and thirty-fifth general assembly tomorrow with the final sermon of their retiring moderator, the Rev. Calvin C. Hays, and the election of his successor.

Presbyterian leaders from all parts of the country and missionary delegates from two missions in foreign countries are gathered here on the eve of the annual assembly. Dr. Charles F. Wishart, president of Wooster college, Wooster, O., is mentioned as a favorite for moderator, the highest office in the gift of the church.

Four others are also being considered. Dr. William H. Poulcker, New York, general secretary of the New Era movement; Dr. Hugh Kelso Walker, pastor of the First Presbyterian church of Los Angeles; William Jennings Bryan, former secretary of state, and Will H. Hays, former republican national committee chairman and now president of the Motion Picture Producers and Distributors of America.

Mr. Hays, who will make the address at the first "popular meeting" of the assembly tomorrow night, has come into prominence in the conference hall gossip because he will announce then his leadership in a movement to raise \$15,000,000 to add to the endowment fund of the board of ministerial relief and sustentation.

Second to interest in the selection of the new moderator is the establishment of the first council of twenty-seven created by the assembly at Des Moines last year and since approved of the 301 presbyteries. The council will direct the work of the church in the interim between general assemblies.

Preconvention indications are that the overture from the Philadelphia presbytery, proposing disciplining of New York because of a sermon on the doctrine of the virgin birth of Christ, delivered from its pulpit by Harry Emerson Fosdick, will result in a mild reproof and warning to all presbyteries to see that the doctrine espoused from their pulpits conforms to the church's confession of faith.

Dr. Fosdick, who is a Baptist minister, fills the First Presbyterian pulpit occasionally as "stated supply" pastor.

Senator Adams will serve until after the election to be held in the fall of 1924, when a senator will be elected to complete Senator Nicholson's term, which expires in 1926.

The appointment was carried thru by Governor Sweet despite last minute efforts of a group of progressive democrats who opposed Senator Adams.

Senator Adams was born at Del Norte, Colo., October 29, 1875. In 1882, the family removed to Pueblo, where the senator received his early education. He was graduated from the university in 1896, and completed his law course at Columbia university in 1899.

Returning to Pueblo, he has practiced law there since. Senator Adams is a member of the bar of supreme court of the United States. He has been prominent in political and civic affairs in Pueblo for many years. His father, Alva Adams, served three terms as governor of Colorado.

In 1910, Mr. Adams was elected a regent of the University of Colorado. He was a delegate at large to the Democratic national convention in 1916. During the world war, he served as a major in the judge advocate general's department.

Washington, May 17.—Appointment of Alva B. Adams, democrat, to the United States senate succeeding the late Samuel Nicholson, republican, from Colorado, cuts the republican majority in the next senate down to eight members.

The next senate lineup, assuming that a republican successor to the late Senator Knute Nelson is appointed from Minnesota, will be republicans, 52; democrats, 43; farmer-labor, 1.

NEBRASKA STREAMS ARE BEING STOCKED

Lincoln, May 17.—Fish are being distributed by the thousands to the various lakes and streams of Nebraska by the state game and fish department, the smaller fish and fish fry being taken from the overstocked waters and from the hatcheries at Gretna, Valentine and Benkelman and placed in waters which have fewer or no fish.

The rescue of fish from overflows, ponds and streams where the waters have become low, and their restoration to permanent waters is regarded as one of the most important and profitable activities in connection with the fish work. In this way thousands of fish have been kept from perishing, which otherwise would have been a total loss, and their replacement could have been accomplished only at a great outlay of time and expense, according to officials of the department.

At the various hatcheries there are being produced brook trout, rainbow trout, striped perch, croppies, black bass, sunfish, rock bass, bullheads, catfish, bullfrogs, chain pickerel, German carp and gold fish. Most of these fish are of hardy species and have been found suitable for planting in any of the waters of the state.

The vote was: Wishart 451; Bryan 131. The election was on the third ballot after the Rev. Frank W. Sillsley of Oakland, Cal., and the Rev. Hugh K. Walker of Los Angeles, had withdrawn from the contest.

Dr. Calvin C. Hays of Johnston, Pa., retiring moderator, opened the assembly here this afternoon by preaching the moderatorial sermon, which is designed to sound the keynote for the sessions of the assembly to continue through May 24. Moderator Hays' text was Isaiah 52:1, "Put on thy strength, O Zion," and he gave his sermon the title "The Appeal of God to a Faltering Church."

Covers Wide Range Dr. Hays covered a wide range of subjects, a summary of which together with some of his most striking utterances, follows: On Heresy—"No appeal to force, no recourse to law, no ecclesiastical bull, will drive out heresy where heresy appears."

On Ministers—"We should be clean who bear the vessels of the Lord."

On Prohibition—"Hell has enlarged herself in the effort to recover her lost stronghold."

On Finance—"One difficulty about our finances is that we have so much dead timber on our rolls and too many deadheads."

On the Church—"It is not an ark for the mere saving of an elect few. Nor is it a ferryboat, all obligations settled when the fare is paid. It is not an insurance company, organized to insure against loss in the world to come. The church exists for work as well as worship, for service as well as sociability, for this world rather than the next."

On Spirituality—"We have lost the power to work miracles; but heaven forbid that we should lose the power to supply spiritual need."

"Church is Not Dying" On the Gospel—"God pity us if we are long delivering the message of salvation."

On Presbyterianism—"Our first moderator was a signer of the Declaration of Independence, and we have been asserting our prerogatives ever since. It cannot be said that we ever have been afraid to speak our minds."

On the Future—"The church is not dead or dying. She is the liveliest institution the world knows anything about. The world's criticism and the world's need are the church's challenge."

The retiring moderator declared the church was not providing adequate financial support for the needs of educational and missionary work. He said the current annual benevolence budget of \$15,000,000 should be increased to \$20,000,000.

PRESBYTERIANS ELECT WISHART AS NEW MODERATOR

Retiring Chief's Sermon on "Appeal of God to a Faltering Church"—"Put on Thy Strength."

Indianapolis, Ind., May 17.—Dr. Charles F. Wishart, president of Wooster college, Wooster, O., was elected moderator at the 135th general assembly of the Presbyterian church in the United States in session here late today, on the third ballot.

The vote was: Wishart 451; Bryan 131. The election was on the third ballot after the Rev. Frank W. Sillsley of Oakland, Cal., and the Rev. Hugh K. Walker of Los Angeles, had withdrawn from the contest.

SECOND LABOR BANK STARTED IN NEW YORK

New York, May 18.—Labor's second venture in banking in New York City was dedicated today at the formal opening of the Federation Trust company at Thirty-fourth street and Eight Avenue. The new institution jointly organized by the Central Trade and Labor council of this city and the State Federation of Labor, starts with an authorized capitalization of \$1,000,000, according to its officers, 1,000,000 stockholders.

Two other labor banks for which charters have been applied, will charter the number in this city to four all launched this year, and the number in the United States, where three years ago there were none, to twenty-three.

There is a Brotherhood Investment company in Cleveland with a capital of \$10,000,000, which finances business and for other union groups and the \$2,000,000 Coal River collieries, known as "the mine with a soul," which digs and transports fuel to the homes of union men.

Now there are banks in operation or authorized in many cities, including Spokane and Los Angeles.

WILL HELP GET JACK DEMPSEY IN SHAPE FOR BOUT

Andy Schmader Will Join String of Heavyweights Who Will Train the Champ at Shelby.

Among the heavyweights boxers who are going to Shelby, Montana, to attend the big world championship bout on July 4 is Andy Schmader of Omaha, well known boxer of these parts. Andy is expecting to leave Monday for the west and will go to Great Falls, Montana, where the Dempsey training camp is located and up to the time of the fight will assist the Utah Mauler in getting ready for the bout.

Andy has met with many of the best ones in the ring and only recently met Tommy Gibbons, who is to be the opponent of Dempsey at Shelby in July and his experience and skill makes him a good man for the workout. Andy will return to Omaha June 2 for a few days as he has a bout scheduled for that date at Council Bluffs, but his opponent has not as yet been announced. As soon as this scrap is over Andy will return to Great Falls to resume work in the training camp and continue there until after the fight.

NATURE TELLS YOU

As Many a Plattsmouth Reader Knows Too Well.

When the kidneys are weak, Nature tells you about it. The urine is nature's index. Infrequent or too frequent passage. Other disorders suggest kidney ills. Doan's Kidney Pills are for disordered kidneys.

Plattsmouth people testify to their worth. Ask your neighbor. M. Lauderback, contractor, painter and paper hanger, Locust street, Plattsmouth, says: "I had lumbago and kidney trouble. I believe the turpentine fumes from the paint was responsible for it. I could hardly bend or lift and I couldn't even turn in bed without help. I had no control over my limbs and when I tried to walk, I could not lift them, just had to scuff along. My kidneys acted irregularly and the secretions were highly colored and passed with a burning sensation. I used Doan's Kidney Pills and before finishing the first box which I got at Fricke & Co's drug store, I felt better in every way. I used three or four boxes and I gave me fine relief. I had another little attack this spring, but I went to Doan's the first thing and they straightened me out again in quick order."

Price 60¢ at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lauderback had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

LETTERS CAUSE TROUBLE

From Saturday's Daily. Yesterday afternoon a deputy from the office of United States Marshal Denis Cronin at Omaha, came down and took into custody Carl Renner, who was taken to Omaha to undergo examination in regard to certain letters supposed to have been sent by him to Hale Holden, president of the Burlington lines and N. C. Allen, the division superintendent of the railroad at Omaha. It is alleged that the letters sent over a common carrier, contained matter that was in violation of the postal laws.

RHEUMATISM IS ENTIRELY GONE

"Tanlac Surely Delivers the Goods," Declares Omaha Citizen—Put Him Back on His Feet.

Ills like rheumatism, which are often caused by a disordered condition of the stomach, frequently disappear once the digestive organs are again properly functioning. A striking illustration of this fact is furnished in the statement of Clayton Willis, bridge constructor, Midland Hotel, Omaha, Nebraska, regarding his experience with the Tanlac treatment. He says:

"Last spring I had indigestion so bad I couldn't eat a bite without suffering. Rheumatism swelled my feet until I had to wear shoes far bigger than my regular size, and I finally got so weak and sick I lost a lot of time from work.

"But Tanlac fixed me up to where I now have the appetite and digestive powers of a Kansas farm hand, and even my rheumatism has cleared out so I can work with steel or concrete all day without tiring. Tanlac delivers the goods."

Tanlac is for sale by all good druggists. Accept no substitute. Over thirty-seven million bottles sold.

COMMISSION DENIES PLANNING OF INTRASTATE SUIT

Says Wrong Conclusion in Report, But that Adjustments are Contemplated in the Rates.

Lincoln, May 18.—The Nebraska Railway commission today denied the reported prospect of an increase in livestock freight rates between Nebraska points and Omaha. The prospect of an increase was announced this morning in a special dispatch from the World-Herald Washington bureau.

The question of intra-state livestock tariffs, an old one in Nebraska, represent chiefly competition between the Kansas City and Omaha markets. Kansas City must receive all its livestock rates from Nebraska at the intra-state rate fixed by the Interstate Commerce commission at Washington. Shipments to Omaha from points out-state fall under the intra-state schedule fixed by the state railway commission at Lincoln.

The complaint has always been that intra-state rates from Nebraska at the Interstate Commerce commission at Washington. Shipments to Omaha from points out-state fall under the intra-state schedule fixed by the state railway commission at Lincoln.

The report of the examiner has not yet been received at the office of the Nebraska commission, but the conclusion of the commission, based on frequent conferences with the Interstate Commerce commission is that the report when analyzed will show no increase in revenue from shipments of Nebraska livestock, although there will be many readjustments in rates involved.

The press dispatches coincide with the information in possession of the Nebraska commission that the examiner of the federal commission believes the only solution of the problem presented by the complaints and quarrels between the markets is the establishment of distance scales as a maximum on livestock from Nebraska points of origin to various Missouri river markets. In conference so far held a majority of the Nebraska commission has taken the position that no such extensive readjustments are necessary to correct the inequalities complained of. Commissioner Browne has agreed with the federal examiner that the situation calls for the application of distance scales.

It is quite probable that the argument on this case will also be listened to by the Nebraska commission under a plan which, unless it goes astray, will call for concurrent action by the federal authorities on the interstate shipments and by the Nebraska authorities on the intrastate shipments so that the rate scheme from Nebraska stations to Missouri river markets will coincide whether the shipment is intrastate or interstate.

CALL TO PRAYER FOR METHODIST MISSIONS

Chicago, May 18.—A call to prayer to all Christian men, laymen, and ministers, issued by the Laymen's Missionary movement of the Methodist Episcopal church, through its executive secretary, F. J. Michel, was made public here today. The call is in commemoration of the thirtieth anniversary of the first National Missionary Congress, held in Chicago, May 3 to 6, 1910.

The call follows: "Give thanks that representatives of thirty-four different denominations have their interest in the proposed resumption of activities and agreed to co-operate therein, in the unofficial manner made possible by the nature of the organization.

"Make intercession that all remaining forces necessary to the efficient, harmonious and most extensive conduct of the work may soon be fulfilled to the end that the gospel of service and good-will as given by the Lord Jesus Christ, may be speedily made to permeate the life of laymen and ultimately of nations throughout the world."

TRADE BALANCE TO VEER AGAINST U. S. FOR A TIME

Washington, May 18.—Commenting on the fact that because of heavy imports during the first four months of 1923 the balance of trade had been turned against the United States, Secretary Hoover today said he thought it probable that the excess would have to continue some time before America began to export its surplus gold. He was not certain, he said, whether the relationship between imports and exports would continue. This, it was pointed out, depends upon internal condition of the United States.

The great bulk of the imports, it was explained, arise from heavy incoming shipments of crude and semi-finished materials. This was accounted for by the activity in industries of the United States which were taking and consuming these classes of imports, and likewise, it was pointed out, exports are limited by the large domestic consuming sources.

DEMO GOVERNOR SNUBS WILSON

Colorado Executive Ignores Recommendation in Naming Alva B. Adams U. S. Senator.

Denver, May 17.—Alva B. Adams of Pueblo is Colorado's new United States senator. He was appointed today by Governor William E. Sweet. Senator Adams is a democrat. He will succeed the late Samuel D. Nicholson, republican, who died in April. The new senator is ranked as a conservative. He is an attorney. He was born in Colorado and is a son of Alva Adams, three times governor of Colorado.

Governor Sweet ignored recommendations of Ex-President Woodrow Wilson, William G. McAdoo and William Jennings Bryan, in making the appointment. Huston Thompson, member of the federal trade commission, was urged by the former president, while Mr. McAdoo and Mr. Bryan asked the governor to appoint Morris Shafroth, son of Ex-Senator Shafroth.

Senator Adams will serve until after the election to be held in the fall of 1924, when a senator will be elected to complete Senator Nicholson's term, which expires in 1926.

The appointment was carried thru by Governor Sweet despite last minute efforts of a group of progressive democrats who opposed Senator Adams.
