

MURDOCK DEPARTMENT.

PREPARED EXCLUSIVELY FOR THE JOURNAL.

The Best Our Aim!

Our idea is service first, and the best service at that. Our garage was established in 1916, and since then, we have maintained service the best during the years, day in and day out, whether a week day, holiday or Sunday. But one half day did we close our place of business and have ever been ready for extending service to the public. We are continuing our service. There are instances where it may not bring in the dollar, but the customer must be satisfied, with work, material and courteous treatment.

We will always have the very best workmen and most courteous attendants at your service.

E. W. THIMGAN,
Murdock, Nebraska

Henry Heineman has been working at South Bend, where he is doing some carpenter work.
Miss Amelia Shoeman of Louisville has been visiting for a short time with her friend, Miss Clara Scheel.
John Scheel and wife, with their daughter Miss Clara, were visiting in Omaha last Thursday, making the trip in their auto.
Last Sunday Eddie Craig in his car went to Louisville, where he and Mr. Jacob Pierce enjoyed the ball game which was played there.
E. L. Pothast of Lincoln has been assisting in the work at the Farmers and Merchants Bank during the absence of Mr. O. J. Pothast, who with his wife are visiting in Iowa.
Wm. Meyers has just completed the wiring of the residence of Mr. and Mrs. Roy Goerth, and now they are enjoying the electric lights as well as electricity for other purposes.
You can insure your grain against the hazard of hail for 3 1/2% at the Farmers & Merchants Bank, Murdock, Nebraska.
Miss Bertha Merkie, who has been spending her vacation at the home of her sister, returned home last week and took up her work as operator at night for the Murdock Telephone exchange.
Mr. Jacob Pierce of Liberty, who has been spending some two weeks at the home of his daughter, Mrs. Eddie Craig, returned to his home Sunday.
Mr. Craig took Mr. Pierce to Lincoln in his car in order that he could catch the train for home.
Samuel G. Latta and son James, of Murray were visiting in Murdock, being guests at the home of O. E. McDonald and wife during their stay and also while there had some work done on their auto with which they were making a trip to Hastings and also other points in the west.
Mrs. W. O. Gillespie and Miss Viola Everett who have been spending some ten days in the mountains and at Denver, returned home last week, after having enjoyed a most excellent trip and came back refreshed from their vacation and ready to take up their tasks again.

Charles Woods and family from near Elmwood, were visiting for a short time in Murdock and vicinity.
Misses Ruth and Helen Norton, who have been visiting in Weeping Water for the past nearly a week, returned home last Wednesday.
Edward W. Thimgan was looking after some business matters in Murray and Plattsmouth last Wednesday, making the trip in his auto.
John Paulson has been constructing a porch at the home of Mr. and Mrs. A. A. Rikli, which when completed will add greatly to the convenience of the home.
Henry Meyerjurgan has been making some additions to his home southwest of Murdock and converting a portion into a screened porch, the work being done by John Paulson.
Miss Florence De Larna, of Omaha has been visiting at the home of her friends, Miss Francis Theile for the past week and was joined by her mother last Thursday evening, who also visited there for a short time.
John W. Kruger and wife were visiting last Sunday at Cheney where they were guests at the homes of Louis Hite and wife and John Arris and wife, making the trip in an auto.
Henry A. Tool and family and Harry V. McDonald and family were enjoying a fishing party last Thursday evening at Meadow, where they all went in their auto to spend the night.
Miss Margaret McDonald has been visiting in Plattsmouth with relatives and also at Murray with her grandmother, Mrs. Myra McDonald and cousin, as well as her aunt, Mrs. race Mellinger.
Art Bornemeier of Lincoln has been assisting at the farm in securing the harvest on account of the not very good health of Martin, who has since his siege with the flu last winter not been feeling the best.
Dr. and Mrs. A. C. Blattspeller and the children were short time visitors in Murdock last Thursday while returning from a visit which included a trip to the Black Hills of South Dakota and returned through Sioux City and Omaha. They tell of having a most excellent time while gone.

Mr. Fred Deickman has been assisting in the harvest on the farm for the past week and other work there.
Herman Schliefert and wife were visiting at the home of the former's parents, Andrew Schliefert, for over last Sunday.

Farm Loans made at the rate of 5%. Option to pay at any time. If you desire a farm loan see O. J. Pothast at Farmers & Merchants Bank, Murdock, Nebraska.

Miss Selma Schliefert, who has been making her home in Lincoln for some time was a visitor in Murdock and at the home of her father, Mr. Andrew Schliefert for a number of days last week, and was accompanied by her friend, Miss E. Roessler.

Royal Neighbors Hold Meeting. Mesdames V. A. Mockenhaupt, J. W. Kruger and Jess Landholm, at the home of the latter as hostesses, entertained the members of the R. N. A. Kensington club last Thursday and demonstrated beyond peradventure of any doubt that they were adepts at the art of entertaining.

The program which was given was one eminently worth the while and following this and the sociability of the luncheon was served which added to the pleasure of the excellent afternoon.

Camped on Weeping Water. At the place where the old historic Weeping Water creek empties its waters into the Missouri river, a number of the young men of Murdock and vicinity spent last Saturday and Sunday in camping and just having a real good time with rest and time to enjoy the scenery.

John Gray sells business. John Gray, who has been conducting the cream station in the Farmers Union building and also running a restaurant business, has disposed of his business here and is visiting with friends in Lincoln. The business was sold to Mr. W. H. Warrell, who with the family have come to Murdock and taken charge of the business. Mr. Worrell was formerly with Swift and Company and is a very nice young man, whom we are certain will make a success of the business in Murdock.

Camp Fire Girls Take Hike. A number of the Camp Fire girls took a hike last Wednesday and had their supper at the grove near Wm. Deickman's home, where they prepared their meal in the open and enjoyed the occasion very pleasantly. The girls are good cooks, both at home in the kitchen and in the open as well and know how to have a good time as well. Those present on the occasion were Miss Margaret Tool, guardian and Misses Elsie Deickman, Irene McDonald, Mary Isabel Tool, Thelma Kelly, Marvel Amgwert and Hildegaard Baumgartner.

Sure Did Some Running. Lacey McDonald, the carrier of the rural route out of Murdock and who has been on the job for a number of years, has made a record with a Goodyear tire which he purchased from E. W. Thimgan, on March 10, 1919, and which he ran on the mail route every day until September, 1921, covering a distance of 16,510 miles, after which he laid it away and after having worn out other tires picked this one up again and put it in service. After it had made 24,385 miles he took it off again and Mr. Thimgan now has it at his garage, where it can be seen any time. It looks like it is good for some time yet. This is surely a good long run for the money.

Could Not Adjust the Team. In order not to injure anyone's reputation, either as a driver of horses or performer of farm work, we will withhold the name of the man who always blows about what he can do with a team, but who it is reported when he took an outfit to the field a short time since to cut wheat had put the extra horses on the wrong side of the tongue and assayed to cut the wheat, but could not get the binder nearer the standing grain than to cut a swath of more than three inches in width. His many friends are joshing him considerably about the new way he has of doing his work.

Entertain Eastern Star. The Kensington of the Order of Eastern Star of Elmwood, who have many members of the order at Murdock, were entertained last Wednesday at the beautiful home of Mr. and Mrs. A. J. Tool of this place. A most excellent program was given by the committee in charge and after the delightful afternoon a luncheon in keeping with the occasion was served by Mrs. Tool and her two accomplished daughters.

Horse Taken Up. About March 20th there came to my farm north of Murdock a bay mare with a mark "V2" on left jaw. Owner can have same by proving ownership and paying for keep and other expenses. If not called for within thirty days from July 1st, this animal will be disposed of according to law.
ALBERT BLUM,
32-4M.
Murdock, Nebr.

Farm for Sale. My 160 acre farm located 1 1/2 miles southwest of Murdock and known at the old John Connely farm. Price \$200 per acre.—Mrs. W. Bornemeier, 1201 A street, Lincoln, Nebraska. j16-4M

Albert Theile has completed his harvest and has been assisting in the work of the same at the farm of Henry Klemme, his neighbor.

THINKS HAS FOUND EDEN. For nearly two weeks W. H. Rush and wife and John Murley and wife of Cass county were in the sunny southland where, before their return they made purchase of some ten acres each of the land in the Rio Grande valley.

Mr. Rush, with whom we talked, is greatly impressed with this new country. He tells of his impressions of the south, when he says that Texas in extent is almost a country itself. They all took a ride on the gulf and found it a sight to gaze upon with a deep green color and Mr. Rush describes it as being like a large meadow clipped like a lawn, and when the wind came up slightly, made white caps which resembled white flowers dotted over the bosom of the gulf. He also tells of looking out over the river into Mexico and of a barbecue of roast ox. He says also of the corn fields the corn is growing probably a foot high, also waist high, in roasting ears and corn ripened for the gathering.

Mr. Rush expects to depart for the south a short time to put his land under cultivation.

HAIL DOES MUCH DAMAGE TO CROPS. About Forty Square Miles of Small Grain Land Near Randolph is Very Badly Hit.

From Saturday's Daily.
Randolph, Neb., July 13.—The heavy rains of this week have been accompanied by some hail and the oats crop is badly damaged in localities near here. A strip about 10 miles southwest of Randolph, seemed to be hit hardest and farmers there estimate the loss to be nearly one-fourth of the crop.

The hailed strip was two to three miles wide and extended west and northwest nearly twenty miles. The corn has made a prodigious growth in the last few days. It has been practically all laid by. Hay land is doing well with the recent rains. Oat harvesting will begin next week.

Washington, Kas., July 13.—Four and one-half inches of rain fell here here in the afternoon and about 1 o'clock Friday morning. Water was running over the Burlington railway tracks five miles east of here for some time and all creeks are out of their banks. According to Missouri Pacific railway authorities, that road has a washout near Clifton, Kas., breaking there the line running between Stockton and St. Joseph. Water this morning is reported running five feet deep over the Missouri Pacific tracks near Palmer. The Rock Island railway has much high water near Clifton and Clyde on their Bellevue-Topeka line, but is operating trains on late schedules. A shower reported over two inches of rain, while only one-half inch fell at Concordia.

TO OPEN NEW ESTABLISHMENT. Another new institution is to be added to Plattsmouth in the next few days and will be the establishment of a Keister dressmaking parlor in the Coates block by Mrs. Esther Carley of Omaha. This is a national system of dressmaking and designing of garments and Mrs. Carley has had a parlor in the City National bank building at Omaha for the past few years and has been very successful in her work. Many will be greatly interested in the fact that Mrs. Carley is a former Plattsmouth lady having formerly been Mrs. Esther Olson, a sister of C. R. Olson of this city. The new parlor will be open for business by Monday it is expected and will then be ready to look after all kinds of work in this line.

SHINES WITH NEW PAINT. The front of the City Cafe, owned by Fred Wagner, has been beautified by the addition of new paint which has been placed upon the building by Frank Gobelman and his force of workmen and adds much to the appearance of the new restaurant.

REDALL CLOTHING CLUB. Five Redall clothing club girls met at the home of their secretary, Louise Rummell, July 11th, to discuss Problem II of Course I. Miss Ida Wilkins was present at the meeting. After attending to all business matters, the meeting was adjourned.

They were invited by Mrs. Will Rummell to delicious dinner after which they departed having had a delightful time.

Four of the members were absent and those present were Edith Todd, Dorothy Lister, Louise Rummell, DeLores Wiles, Mable Rummell, and Miss Wilkins.

One Dollar Saved Represents Ten Dollars Earned. The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents and a bottle of it in the house often saves a doctor's bill of several dollars. Weyrich & Hadraba.

TO VISIT TOWNS OF THE COUNTY ON SOCIAL CALL

Plattsmouth Merchants and Citizens Plan Event For the Not Too Distant Future.

From Saturday's Daily.
The members of the Ad club and Chamber of Commerce of this city are planning for the not too distant future a social call and "get acquainted" trip to all of the neighboring towns of the county and to meet at first hand all of the residents of the fine little communities that are a part of the great prosperous country—the best in the state of Nebraska.

With the advent of the automobile and its very extensive use it is possible to make this trip and reach every section of the county where a few years ago it was prohibitive by train service and would have required a period of days to make what can now be accomplished in at least two good days. The residents of the county are becoming more and more in touch with each other and it is a very pleasing suggestion that has made that the Plattsmouth business men get out and meet their friends and neighbors in the parts of the county where they have not a frequent opportunity of visiting.

While the plans have not been fully matured it is safe to say that there will be many attractive means of entertaining taken by the Plattsmouth bunch on their trip and which will help make the occasion one of the greatest pleasure to the visiting party as well as to the different towns that they meet and en route the party expects to stop at as many of the farm homes as possible and meet the good, substantial citizens who constitute the backbone of the county.

HARVEST BEGINS NORMALLY. Harvest conditions in Nebraska are more normal than any we have found as we came north from Texas," says George L. Tucker of the central employment agency of Kansas City, who is assisting Charles Boles in the government office at Lincoln this month. "The crop is ripening unevenly, which is an advantage, and weather conditions have been more normal than in other states."

"About 3,000,000 acres of wheat and the same acreage of other small grains means plenty of work, and so far there is no condition of man shortage, as workers are drifting north from Kansas in sufficient numbers. From 5,000 to 8,000 men will be needed for the Nebraska harvest. The wage scale is from \$3.50 to 64."

RAIN QUITE HEAVY IN THE MURRAY NEIGHBORHOOD.

From Friday's Daily.
One of the heaviest rains of the summer visited Union yesterday afternoon and while of short duration the rain was exceptionally heavy the reports from that locality state and the roads in that vicinity were made quite muddy. The rain appears to have been in streaks as a section of the country between this city and Murray was quite heavily soaked and the motorists found a great deal of mud last night along the highway between this city and Murray and also west of Plattsmouth there was quite a little rain reported by those who drive in from that locality and the use of chains on the autos were necessary. From this city north there was no evidence of rain and only the banks of clouds lying in the west and south gave any evidence of the nearness of the storm.

WERE MARRIED ON FOURTH. On the Fourth of July Mr. LaRue Williams and Miss Geneva Schoeman of Louisville were united in marriage they both being most estimable young people of near Manley. The account of which marriage will appear elsewhere in this paper. On last Thursday a miscellaneous shower was given the young people by their many friends at the home of Mrs. Eddie Stander where they gathered in the afternoon and enjoyed the occasion very much. Many and valuable presents were presented to the bride and groom while the afternoon was spent in a very pleasant social conversation interspersed with music and concluded by a most delicious luncheon served by the hostess, Mrs. Stander.

RETURNED FOR VISIT AFTER AN ABSENCE OF 32 YEARS. W. A. Haase, at one time a business man in Weeping Water, dropped in for a few hours Tuesday to see the old town and look up old friends.

He was not greatly changed in appearance, a little gray, but looked very natural. He took dinner with Mr. and Mrs. George Olive, and George and Ben Olive took him to Murray to catch the afternoon train. He was on his way from Los Angeles, Cal., to Portland, Me., to meet some old friends and go on a camping trip.—Weeping Water Republican.

A Splendid Medicine for the Stomach and Liver. "Chamberlain's Tablets for the stomach and liver are splendid. I never tire of telling my friends and neighbors of their quality," writes Mrs. William Vellmer, Eastwood, N. Y. When bilious, constipated or troubled with indigestion, give them a trial. They will do you good. Weyrich & Hadraba.

Home Again!

I have completed the work which was so urgent in Omaha, and am home again, ready to take care of your work and also figure on what you're needing in our line. We are also selling varnishes, the very best made. EFFECTO, the Auto Enamel which will allow you to refinish your car.

See us for estimates and specifications for your work.

The Dusterhoff Shops
Distinctive Decorators and Paper Hangers
Murdock, Nebraska

Phil Batcheller and Vern Bridgwater, who have been out in the vicinity of Hartington, Nebraska, for the past few weeks, returned this morning and this afternoon Mr. Batcheller departed for Thurman.

Mrs. Julius Nielsen and little son departed this afternoon for Omaha to look after some matters of business.

Lost anything? Advertise it.
