Prepared Exclusively for The Journal.

Mrs. H. H. Planck entertained at the parsonage the members of the W. W. girls when all enjoyed the occasion very pleasantly and profitably on last Saturday evening.

Miss Mary Becker was a visitor in Omaha last Monday going to take her friend, Walter L. Havenridge to that place to catch a train for the west, he having been a guest at the Becker home for over Sunday.

John Becker shipped his hogs to the South Omaha market last week, taking them in trucks and found a very satisfactory market.

Messrs. Dimos Gruber and Roy Yonkers and their families were visiting at Nebraska City last Saturday evening and where they were also doing some shopping as well.

The evening services at the Baptist church have been changed to 8:30 for the present and should the weather be very warm the service will be held on the lawn instead of in the house.

A. L. Becker at the farm has been humping with the work and getting things going in fine shape. He concluded the cutting of all the small grain last Monday, having the alfalfa the second time and timothy. He began threshing this week and is feeling pretty well in regard to how the work is moving along.

## Dr. Thomas P. Cogan

DENTIST

622 World-Herald Building  
Omaha, Nebraska

NOTICE---To my old and new patients!

Owing to my rush of business in my Omaha office, for the month of July and August, I will be in Union in Dr. Race's office every two weeks beginning July 26, from 9:30 till the rest of the day.

Don't forget---July 28, 1923, Dr. Race's Office.

## Anti Hog Cholera Serum Reduction!

Owing to the low market price of hogs, the Anti-Hog Cholera Serum manufacturers have reduced the price of serum. This means I can vaccinate your pigs with the best of serum for 1 1/4c per cc, plus 10c per head for administration.

Why not use a licensed graduate Veterinarian in handling such a dangerous enemy as hog cholera, instead of trusting it to untrained hands?

**Murray to Give Program**  
Among the towns to sponsor radio programs by home talent entertainers is our near neighbor, Murray, which will be "in the air" from Station WQAW, Omaha, on the night of August 2nd. Union had one of her talented singers, Lucian LaRue, and station employees tell us that often whole programs are sent out that do not drop as much favorable comment as they should. Individually to this young man who only sang two out of some thirty numbers on the Plattsmouth night program. Lucian will be given opportunity of again appearing before the radio audience in the near future.

**LIKE TO LEAD AN EASY LIFE**  
Delinquency Groups in College Favor It—Too Little Sleep and Too Much Play the Cause.

Evanston, Ill., July 15.—Too little sleep, too much play, not enough study, too much leisure, fast eating and diversified thinking are factors that devitalize students and are responsible for the "delinquent groups" found in every university, according to a report made public by Professor Delton Thomas Howard, of Northwestern university.

In Northwestern alone, out of 1,635 students in the college of liberal arts, Professor Howard has found a "delinquent group" of 265 composed of 136 men and ninety-nine women. In other words, he points out, sixteen out of every 100 students do not "pass."

But delinquency does not necessarily imply lack of intelligence, the professor found.

"No result of our study," the Northwestern professor writes, "is more significant and interesting than the discovery that the average intelligence of the so-called delinquency group is quite as high as that of the general student body."

Students found delinquent are put on probation at Northwestern and have to do good or be dropped from the roster.

"The probationers," the investigator reports, "devote more time, as a whole, to their own confessions, to athletics, social activities, outside work and leisure than do the freshmen; less time to sleep, campus activities, meals, classes and studies."

Among the total group of men interviewed fifteen were thought to be handicapped by "mental immaturity." Commenting on this Professor Howard remarks:

"These are boys who have, for the most part, been reared under very circumstances and who have never been required to view life seriously. Such students have a distinctly childish attitude towards their classroom work, have no intellectual interests, no definite ambitions, no sense of responsibility. In most of these cases, it might be expected, high school preparation has been superficial and inadequate."

Illness, family troubles and financial worries are among other causes leading to students being put on probation.

Professor Howard drew attention to the comparatively high percentage of delinquent students, using his figures to illustrate the serious situation in American university life today.

## JOHNSON NEARLY BEAT PREUS IN HIS OWN COUNTY

New Minnesota Senator's First Statement Takes Whack at the Tariff Law.

St. Paul, Minn., July 17.—Magnus Johnson, United States senator-elect lived up to advance predictions in carrying Ramsey county, in which St. Paul is situated, but the narrow margin victory for Governor J. A. O. Preus in Hennepin county (Minneapolis) in yesterday's elections was a surprise even to farmer-leader.

Ramsey county, complete, gave Johnson 20,293 votes, against 16,623 for Preus and 3,578 for Carley. In Hennepin with four small precincts missing, Preus had 43,853 votes, Johnson, 43,164, and Carley, 2,364. In only sixteen of the state's eighty-seven counties did Preus have a lead.

Mr. Johnson issued the following statement:

"The majority of voters have elected me to the United States senate because of the principles they stand for."

"Government is instituted to promote the welfare of the people, not to protect a few in the special privileges given them. The high tariff on the consumers, the unjust treatment of labor, the plight of the farmers the packing of the judiciary with men favorable to the largest financial and railroad groups, the short-sighted, bungling foreign policy pursued by our government toward other countries and their peoples, and other similar problems will receive my earnest attention and study."

"I want to congratulate the people of this state on their victory. What the organized farmers and workers have, pulling together, accomplished in Minnesota, they can likewise accomplish in other states of the union."

## NEW SCHEDULES ONLY TEMPORARY

Interstate Commerce Commission Tries to Relieve Fears of Shippers.

Washington, July 16.—In allowing railroads on July 1 to make effective new rate schedules applying to canned goods, iron and steel articles, agricultural implements, wagons and furniture, when shipped into or thru some of the southern Mississippi valley territory, the interstate commerce commission announced today, no approval of these rates "as a satisfactory permanent adjustment" was granted. Shippers in protests have indicated an unjustified fear that the rate levels prescribed on the commodities named would govern the commission in fixing class freight rates thruout the area concerned, the commission statement said. The new rate schedules, the statement added, were drawn up by carriers to remove conditions in the old schedules by which rates had been higher on short hauls than on long hauls in the territory concerned. They resulted in some reductions and in some increases from the levels of the old rates and it was held desirable to allow them to become effective temporarily, the commission's conclusions reached in the general southeastern investigation, it was said, may require their early alteration.

## CHRISTEN THE PASSAGE AS HARDING ENTERS IT

On Board U. S. S. Henderson With President Harding, July 13.—As the transport Henderson was entering Resurrection bay, shortly before noon today, President Harding, Governor Bone of Alaska and other members of the presidential party gathered on the superdeck forward for a ceremony which was concluded by christening the passage taken by the Henderson and the destroyers Corry and Hull "Harding Gateway to Resurrection Bay."

The president responded saying the scene was the most impressive he had yet witnessed on his northern trip and that he accepted the honor gratefully, as he preferred that his name be given to that passage way rather than to any mountain or body of water yet visited by the party.

## WIDOW OF WALLACE REID THREATENED WITH DEATH

New York, July 17.—Thirty letters threatening death to Mrs. Wallace Reid, written to her manager, Ed Hurley, have been received from drug users in widely separated sections of the country. Hurley stated today. The letters will be turned over to the postoffice authorities within 48 hours. The writers of the letters threatened to "get even" with the widow of the noted film star, who died as a result of his addiction to drugs, because of her fight against the drug traffic.

## DEMPEY-GIBBONS FIGHT FILM SEIZED AT LOS ANGELES

Los Angeles, July 17.—Department of justice agents visited the Horsley studio today and confiscated the motion picture films of the Dempsey-Gibbons fight at Shelby, Mont., July 4, which they declared, had been brought here in violation of the federal law making it a felony to transport, in interstate commerce, pictures of prize fights.

Monroe Lockwood was a passenger this afternoon for Omaha where he will consult a specialist in that city for a few hours.

## BANKERS WILL FIGHT REDUCTION IN TARIFFS

Washington, July 13.—Notice was served upon the tariff commission today by the newly organized American Bankers' league that it will be represented at all hearings of the commission to oppose reduction in duties affecting productive industries. The plans of the organization were placed before the commission by Charles B. Claiborne, a New Orleans banker, who is the president of the league. He informed members of the commission that he spoke for 9,000 bankers.

## TRY TO HOLD NEBRASKA DELEGATES SOLID FOR HARDING

Dr. Bass Declares G. O. P. in State Solidly Behind the President.—No Fear of 3rd Party.

Lincoln, July 17.—Efforts to hold the Nebraska G. O. P. delegation for President Harding at the next republican national convention are now strenuously under way.

Crawford Kennedy, official of the national house of representatives and candidate for secretary of state at the election last November, left this week for Washington and New York, where he will attend a conference of high republican managers and where he will be asked to present the Nebraska situation, Kennedy said before he left.

Dr. Bass of Broken Bow, secretary of the state republican committee, returned last week from Chicago, where he attended a conference held by Chairman John T. Adams and representatives of state committees.

"There will be no republican presidential primary, practically speaking," Dr. Bass said upon his return. "The party in Nebraska has no other thought than to work for the re-nomination of President Harding. I don't think the sentiment is any different in any of the other states. There is no fear of a third party next year."

Kennedy is also a staunch supporter of the Harding regime.

## COLORADO TOWNS FLOODED MONDAY

Five Feet of Water in the Streets of Portland and Two Feet Reported at Florence.

Pueblo, Colo., July 16.—Five feet of water was reported at Portland, Colorado, cement manufacturing community eight miles east of Florence, tonight, but all communication with the town is cut off and the extent of the damage cannot be ascertained.

The Denver & Rio Grande railroad bridge at Florence was taken away and the bridge over the Hardacre creek was also taken out, while a third bridge over Chandler creek was weakened to such an extent that it is unsafe. Thus the western lines of the railroad are blocked.

Approximately two-thirds of the town was flooded with two feet of water which filled every basement and got into the first floors of the residences. In some places houses were moved from their foundations.

The floods at Florence were caused by a cloudburst in the hills about five miles south of the town. There was practically no rain in Florence and the high water struck the town without warning.

Mrs. Frank Downey of Lincoln, who was here to enjoy a visit at the home of her parents, Mr. and Mrs. Chris Wohlbach, returned this morning to her home.

TENNIS IS POPULAR

Of the summer sports, tennis seems to be the most popular among the younger residents of the city and the courts of the Plattsmouth Tennis club as well as the courts at the high school hill grounds and the tourist park are patronized very extensively by the devotees of the game and each afternoon and evening games are being staged there that are developing some good talent for the participation in the annual city tournament this fall. The new court at the school ground affords a very pleasant and convenient place for the residents of high school hill and vicinity to play and the tennis club courts at the Larson home and on lower Main street are also well patronized especially in the early evenings.
