Mrs. A. H. Humble who has been taking a double course at the summer school at the state university during the summer, will complete the last one this week. She was at home for over the week end last week and returned to her studies Sunday evening, being driven over by Mr. Humble in his auto.

Herman Dall, manager of the Manley Implement company, who has been carrying an ad in the Journal for the past few weeks has just concluded the sale of three of the famous Fairbanks lighting plants, one of which has been received for August Rughe and which Mr. Dall will have installed in a few days.

Mrs. W. J. Rau, who has been at Omaha for the past two weeks or more, where she has been convalescing in the hospital at that place, was able to return home last Wednesday and is feeling much improved though still very weak. Miss Ben Christensen is doing the housework and caring for Mrs. Rau.

A young man came to the home of Mr. and Mrs. Herman Dall on last Thursday, August 2nd, just 64 years however after the coming of the writer, and will make his home with the Dall family. That every one is well pleased is a fact beyond dispute and the young man will have to remember in the years to come that he arrived on the day when President Harding passed away.

Some Good Wheat

While the yields of wheat throughout the county and country as to that have been rather disappointing, and have not been what was desired, some pieces have yielded very well, and among these are two pieces near Manley, they being one piece of Arnold Schliefer, a field of 20 acres, which made an average yield of 21 bushels, while Willie Carper also had a field which brought a yield of 29 bushels to the acre.

Mrs. Grover Will and daughter, Virginia of SanEauNys, California,

LOSE ON MARKS

From Thursday's Daily. The record low price on the German mark was reached today when they were quoted at 5,000,000 for one American dollar, and practically wiped out the hope of the stabilizing or redemption of the vast sums of paper currency that have been placed in circulation in Germany in the last few months.

In the reputation of the vast amount of currency by the Germans in an effort to stabilize monetary values and to place the future money on a solid gold standard that will insure it taking its place with the money of the other large countries of Europe.

Following the descent of the mark the French franc also reached a record low mark of 13 to the dollar.

DOINGS IN THE DISTRICT COURT

From Thursday's Daily. This morning an action entitled Martha Celestia Reed vs. David T. Griffith et al, was filed in the district court in which the plaintiff seeks to have the title quieted in her name to certain real estate in Cass county. A. L. Tidd appears as the attorney for the plaintiff.

Attorney C. A. Rawls today filed in the office of the clerk of the district court the petition of his client, Lena Dyke, in which she asks for a decree of divorce from Charles F. Dyke alleging as the cause of action cruelty. The petition also recites that the parties to the suit were married at Glenwood, Iowa, April 10, 1919, and have since made their residence in Cass county.

PRESENTED WITH JEWELS

From Thursday's Daily. Last evening Cass chapter, Order of DeMolay held a special session of the chapter at their lodge rooms in the Masonic temple, and on which occasion two of the past master counsellors, Raymond Rehal and Edgar L. Peterson were given a very pleasant surprise by their associates in the chapter. The two past masters were presented with very handsome jeweled emblems of their office, the presentation speech being made by Edgar L. Peterson, present master counsellor. The two past masters were in charge of the chapter the first part of the year and have been active in its work since the organization in June, 1921. Other business matters were taken up and handled by the chapter.

LEAVE FOR INDIANA

From Thursday's Daily. Last evening Mrs. J. E. Douglass and son, Dean, departed for Bloomington, Indiana, where they were called by a message announcing the serious, if not fatal illness of Ewald O. Stiehm, well known athletic director. The illness of Mr. Stiehm has covered the greater part of the past year and has compelled him to lay aside his work at the University of Indiana, where he was engaged as athletic director. He has sought relief at the Mayo hospital at Rochester, Minnesota, but without success and has gradually been failing since his return to his home.

FROM OUT OF THE ETHER

Radio News Broadcasted each Saturday by Station E7AO.

Well, who's next? Sidney, Iowa, Tuesday night. Plattsmouth's next program will be given the latter part of Sept.

And like its two predecessors, it will surely be "hard to beat."

Next week we will give you the date and the name of the organization sponsoring this one.

The radio business will begin picking up soon after a period of comparative quiet during the past several months.

If you expect to overhaul or rebuild your set for the winter, now is the time to do it for you will be wanting it again soon after the first of September.

The fight between the Music Publishers association and the broadcasting stations has commanded attention in the columns of the Literary Digest. It is interesting to note the opposing viewpoints regarding payment of royalties for broadcasting copyrighted songs.

One of the biggest problems of the broadcasting stations is to supply their listeners with the kind of programs they like. And that is where we as listeners, can render valuable service and at the same time get something out of it. There isn't a broadcasting station in the country but that will appreciate suggestions and criticism. So, if you like or don't like their program tell them about it. It's mighty easy to write a letter or a postal card.

Broadcasting Bargain Bills Plattsmouth merchants are again broadcasting from Station E7AO, the big monthly Bargain Wednesday announcement which will be of interest to all our readers. Look for it in today's Journal.

More DX Theory Advanced Is radio getting worse with the increasing number of stations? Last year at this time, when they were practically the only late hour broadcasters in the county, WSB, Atlanta, was coming in fine through all kinds of static. But we haven't been able to learn of their being picked up so far this summer with any degree of satisfaction. Some have advanced the claim that the new Omaha station here so close to us fills the air with radio energy that continues long after their broadcasting period, and counteracts the weak incoming waves from DX stations. What is the answer?

Plattsmouth Talent in Demand Even when Plattsmouth artists do not give entire radio programs, the talented musicians from this city are frequently called upon to appear in conjunction with other entertainers of Omaha for numbers. Recently Christine Coughlin rendered a piano solo on an Omaha musicians' program. Edna Marshall Eaton has been requested several times but never found it convenient to go at the particular time she was wanted; and last night Miss Anna Knoflicek, one of the talented violinists of Plattsmouth and a sister of Agnes Knoflicek, whose fame as a Lyceum entertainer has spread all over the country, appeared on the memorial service program given in commemoration of the passing of President Harding.

Are You Hearing Them Now As we announced last week, WOC, Davenport, is again coming through quite satisfactorily, especially on the Wednesday night late program. Following is WOC's mid-summer schedule now in effect: Sunday—Church service, 8 p. m. Two hour musical program by P. S. C. orchestra and soloists, beginning at 9 p. m. Wednesday—Pipe organ recital at 8 p. m. Late musical program, 10 to 11 p. m. furnished by Blackhawk Hotel orchestra. Tourists' road report immediately following this program. Saturday—One hour dance program, 9:30 to 10:30. Baseball scores and weather forecast every night except Sunday and Tuesday, at 8:50 p. m. Sunday night at 8:30 and Tuesday night at 6. Chimes concert every week night except Wednesday at 5:45. Sandman's visit every week night except Tuesday at 6:30.

Some Aerial "Don'ts" Do not expect best results from a loose aerial. Place a coil spring at one end just outside the insulator to keep it drawn taut at all times. Especially will this be needed if you have it attached to trees, as their swaying with the wind will require it to be kept very loose otherwise in order to prevent it being broken. Do not let your lead-in wire touch the siding, window sill or other part of the frame work on your house, even though it may be insulated. Although it might work well in dry weather, in a wet season the dielectric loss would be enough to cut down the efficiency of your set a good deal. Do not use a poor lightning arrester that isn't moisture proof. If you do you are apt to set up a circuit to the ground in advance of your lead-in wiring that will carry away much of the radio energy before your set gets a chance at it. Do not splice your aerial unless it is absolutely necessary. An unspliced wire offers the least resistance and you don't have to worry about correctly soldered out-door connections. Do not neglect paying as much attention to your ground as to your aerial. A poor ground connection is often the cause of many difficulties in correct reception.

RAISES QUESTION OF WHETHER THE STATE PAYS ENUF

Dr. Stewart, Head of State Institute, Resigned Because \$2,500 Year Was Insufficient Pay.

When Dr. Stewart, superintendent of the state institution for the feeble minded at Beatrice, resigned a few weeks ago, he said that his chief reason was that the salary of \$2,500 a year was not sufficient. This has been more or less debated among the doctors and laity. One of the answers is found in the large number of physicians who are applicants for the position.

State officers think that the pay is enough and several of them have been heard to declare that outside surgeons and some of the specialists there are not half a dozen general practitioners in Lincoln who fare so well, when it is taken into consideration that the state furnishes these things:

Quarters for the superintendent and his family no matter how large the latter may be. Furniture and fixtures. Food for the whole family. Telephone service. Books and magazines. Exemption from payment of personal taxes.

The state does not furnish an automobile, but it pays the superintendent 8 cents a mile for every mile he travels in it on state business. All of his maintenance, therefore, is for whatever pleasure trips he takes.

A doctor in the city must maintain an office of at least two rooms in a downtown business block, must have a girl to attend to calls and take care of his books and must pay for telephone service and all supplies. He pays his own living expenses, buys his own medical books and magazines, maintains his own automobile.

NATURE TELLS YOU As Many a Plattsmouth Reader Knows Too Well.

When the kidneys are weak, Nature tells you about it. The urine is nature's index. Infrequent or too frequent passage. Other disorders suggest kidney ills. Doan's Kidney Pills are for disordered kidneys.

Plattsmouth people testify to their worth. Ask your neighbor! M. Lauderback, contractor, painter and paper hanger, Locust street, Plattsmouth, says: "I had lumbago and kidney trouble. I believe the turpentine fumes from the paint was responsible for it. I could hardly bend or lie, and I couldn't even turn in bed without help. I had no control over my limbs and when I tried to walk, I could not lift them—I just had to scuff along. My kidneys acted irregularly and the secretions were highly colored and passed with a burning sensation. I used Doan's Kidney Pills and before finishing the first box which I got at Fricke & Co's drug store, I felt better in every way. I used three or four boxes and they gave me fine relief. I had another little attack this spring, but I went to Doan's the first thing and they straightened me out again in quick order."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lauderback had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

PLEASE RETURN ARTICLES The parties taking the tire, rim and motor from my car at the Murray bathing beach are known, and, to avoid trouble, they should return the same or suffer the consequences.—Burnie Rakow. a13-1tw, 2td

Mrs. Clarence Cotner and son, Donald, and Mrs. Myrtle Roberts were out in the county today visiting with friends, making the trip by auto.
