**TWO PLEASANT PARTIES**

From Wednesday's Daily.

The Morgan Sweet Shop was the scene of two very pleasant parties last evening given by young people of the city and which were most delightfully enjoyed by the members of the two parties. Wayne Stewart was host to some twelve young friends in honor of the birthday anniversary of Charles Richards, Jr., who spent the evening in dancing at the Sweet shop and the delicious refreshments provided.

Mr. and Mrs. Benjamin Dukes, who were married at Glenwood last week also entertained a party of friends at Morgan's at a dancing party and followed by dainty and much enjoyed refreshments. There were some fourteen in the party to enjoy the very pleasant evening.

**LAP TO OMAHA IS COVERED IN 4 HOURS' TIME**

Pilot Smith, Drafted at Last Minute, Reaches Fort Crook at 11 O'Clock—Crowd Cheers.

From Wednesday's Daily.

A radio message to Fort Crook field told that Pilot Knight had landed at North Platte at 1:47 a. m., taking off a few minutes later. The eastbound plane of Pilot Yager was reported over Grand Island at 1:50 leading officials to expect its arrival at 3 a. m.

Forty-five minutes ahead of schedule, Pilot Dean C. Smith of Omaha landed the first cargo of night air mail at Fort Crook field at 11 o'clock last night, completing the Chicago-Omaha lap of the first continuous postal flight.

Eight minutes later the mail was whisked away on its journey to Cheyenne by Pilot Jack Knight, veteran pilot, who was waiting with engine running.

Called at the last minute to substitute for R. G. Gage, who was taken suddenly ill, Smith left Chicago at 6:58 o'clock last night.

Smith's time from Chicago was four hours and four minutes, counting a seven minute stop at Iowa City. He was within sight of two lights along the air lane all the journey, he said, and saw the Fort Crook beacon 100 miles away. At two places, Montezuma, Ia., and Franklin Grove, Ill., the lights were burning but did not revolve. He was dropped to earth in the face of the field flood lamp. Guards had restrained the 2,000 persons entering the field before the landing but the crowd surged past when they realized that the night plane had landed successfully. Hundreds who expected to witness the landing arrived late and lamented audibly.

Immediately after the plane had landed, officials and employes raced to it. Two men unloaded and checked the forty-five sacks in the cargo, three of which were consigned to Omaha. Colonel Paul Henderson, second assistant postmaster general, and Superintendent C. E. Egge congratulated the pilot, who accepted their felicitations modestly.

"I only flew the plane," he replied to questioners. "It was pretty chilly though."

**A REAL CITY SIGN**

From Wednesday's Daily.

Frank R. Gobelman, the sign painter, has just completed a real city sign for the Farmers' State bank on North Sixth street, just opposite the Hotel Wagner and which is a very artistic piece of work and a good advertisement for this progressive and up to date banking house. The bank also has a sign south of the city on Lincoln avenue on which will be displayed the advertisement of the financial institution.

A wallboard that won't burn—won't warp—won't buckle. Saws and nails like lumber—yet makes walls and ceilings of gypsum plaster, solid, tight-jointed, fireproof, sound-proof, permanent. You'll say it's a different wall-board.

**LOOK OVER THE HEAVENS**

From Monday's Daily.

A number of the friends of Emil J. Weyrich have in the last few nights been enjoying a very pleasant opportunity of looking over the heavenly bodies by the means of the large and high powered telescope that Mr. Weyrich has constructed and from the roof of the building in which the drug store is located the telescope has been trained on the moon and the planets and stars which have been brought out in the finest shape and the view of these bodies has been a real experience and especially to those who have given any study to astronomy and the various planets and stars that surround this old sphere of ours. The telescope is one of the best that can be found outside of the observatories and with the exception of the lens is all the handiwork of Mr. Weyrich. He has prepared and erected all of the brass and metal work and the very delicate adjustments of the instruments and it is a real piece of work in every way and brings out very clearly the formations on the moon and the outlines of the more distant planets.

**CARS HAVE MIX UP**

From Wednesday's Daily.

This noon more or less excitement was occasioned in the vicinity of Sixth and Main streets when the car of Dr. P. J. Flynn, which was standing in front of the office of the doctor on the hill on Main street, broke loose, the breaks not holding and the car gently glided down the hill and had gained quite a little speed when it arrived at the intersection and crashed into the Ford sedan of Percy Field standing near the corner. The cars were somewhat damaged but will be back in first class shape with a few small repairs.

William Balfour, aged 79 years, one of the best known devotees of the violin in this part of Nebraska, and who has been heard often times at the old fiddlers' contests in this section, has added new laurels to his record as a producer of alluring strains from the old time fiddle. Mr. Balfour has won twenty-two out of twenty-eight contests in which he has played in the recent years and ranks high as one of the real old time fiddlers. Mr. Balfour won the first prize at the home coming celebration at the Shenandoah, Iowa, fair last week. H. G. Kiddo of Omaha was the nearest to Mr. Balfour in the contest.

**SOME SINGLE-HANDED CATCH**

From Tuesday's Daily.

While the champion fishermen of the community are being lined up there is a new applicant who certainly deserves admission and this is Albert Rheinnacke, one of the fishermen who enjoys the sport for sport's sake. Mr. Rheinnacke was fishing in the Missouri river a few days ago with a pole and line and the bait used was the old reliable angle worm and with this combination Mr. Rheinnacke succeeded in landing a fine sixteen pound buffalo fish, one of the nicest that has been seen drawn from the river this season. The fish has scales the size of a half dollar and was a fine specimen of its kind in every way and the fisherman is justly proud of his catch.

**SAYS SCHUE OWNED NO LAND.**

Henry Inhelder came down from Moorefield on Thursday of last week and will spend a couple of weeks visiting with friends here and at Cedar Creek. He says he takes no stock in the rumor that Nick Schue, whose death occurred at Amazonia, Mo., last week, was possessed of real estate in western Nebraska. Mr. Inhelder states that Schue homesteaded a piece of land near his farm, but did not comply with the government requirements in making improvements. Another party "jumped" his claim and still holds possession. He has known Schue intimately for more than thirty years and discredits the rumor that he was the owner of land in Nebraska.—Louisville Courier.

**Cut It Out!**

Are you going to build a house, A corncrib or a barn; Or fix a fence or windmill tower? If so, a word to warn.

We'll fix you out with best of stuff, With lumber new and bright, And you will find by inquiring, Our prices, too, are RIGHT.

Now don't forget this little rhyme, If lumber you would buy; And go and deal with someone else, Where prices are too high.

And then get sore and cuss your wife, And kick the dog and cat, Just take the shears and cut this out, And paste it in your hat.
