

Mrs. Thompson Says It Ended Rheumatism

"There's something in Tanlac that makes a person speedily throw off that depressed, don't-care feeling and gives new strength, clear brain and self-confidence," declares Mrs. E. Thompson, 1618 Burt street, Omaha, Nebraska.

"Before taking the Tanlac treatment, I was about the worst run-down, nervous, tired-out woman you could imagine. Indigestion, calling for constant dieting, spoiled even vacation time and everything went wrong. Heartburn, splitting headaches, palpitation of the heart, backaches, no appetite and loss of sleep took the joy out of life.

"The Tanlac treatment brought me new health and pleasure after pleasure, ridding me of indigestion and all other troubles and making me feel the stamina and alertness of a girl athlete. Tanlac also relieved my mother of rheumatism and built up my brother, so it holds a high place in our family."

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

STATE COAL ON THE WAY, SAYS BRYAN

TWO SHIPMENTS EN ROUTE TO SUPPLY CITIES DESIRING TO RETAIL IT.

BIG PRICE DROP AT WYMORE

Dealers Cut from \$12.50 to \$8.25 a Ton if City Will Stay Out of Business—Mayor Says No

From Thursday's Daily.

Two shipments of coal ordered by Governor Bryan for sale by municipalities in Nebraska are now on the way, according to a statement of the governor Wednesday morning, and many others will be on their way in a short time.

The governor says that he is receiving calls for coal from all quarters of the state and he now has a personal representative in the Illinois coal fields to see that coal of the quality contracted for is furnished by the mine operators.

The governor's personal representative spent last week in Colorado completing arrangements for Colorado coal which, the governor says, can be supplied to municipalities and citizens' committees in the western part of the state to better advantage than the Illinois coal can on account of the difference in freight rates.

Dealers Would Drop Price

Governor Bryan said that last week Mayor B. O. Youll of Wymore called at his office to complete arrangements for the furnishing of coal through the city officials in that city.

Mayor Youll, he says, again called at his office Wednesday morning and reported that coal dealers in that city had since offered to retail coal at \$8.25 for which they had previously been asking \$12.50, the concession being made provided the city would stay out of the coal business.

Mayor Youll, however, according to the governor, will continue his plans for furnishing the citizens of Wymore with state coal through the municipal officers of that city, at least until assured that the coal retailers have made an honest determination to reduce the price.

Governor Bryan says that he has received no notice of the reported intention of Governor Pinchot of Pennsylvania to call a conference of the governors of the various states to protect the consumers against a possible coal combination to maintain present prices. In fact, Bryan expressed small faith in the Pinchot plan, declaring that "it is only another one of those schemes to pass the buck to the various governors and spare the face of the federal government, which should be taking a hand in the coal price situation."

INSTALL NEW CHARGING DEVICE

From Thursday's Daily.

The Willard battery station has just completed the installation of a modern charging generator, to replace the old style rectifiers and as a result will be enabled to offer an eight hour battery service. The new system provides for each battery being hooked in parallel with the generator instead of in series as heretofore, and for the first few hours, a battery will take its charge at the rate of 20 or more amperes per hour, gradually tapering down as it becomes more fully charged to almost zero, and can be left on the line indefinitely without overcharging or heating. Under the old system with all the batteries hooked in series, it was necessary to hold down the charging rate to 3 amperes or less per hour to prevent overheating of the partially charged ones, and from 36 to 48 hours were required to complete the charging process. The new system will prove a decided advantage to car owners and radio fans, and reduce to a minimum the rental business, which at best is conducted at a loss to the service station.

NEBRASKA CHILDREN'S SOCIETY TO HOLD CAMPAIGN

Mrs. Ona T. Baird of This City is Chairman of Cass County in Forthcoming Campaign.

From Saturday's Daily.

"Bring the homeless children to the childless home!"

That is the task of the Nebraska Children's Home society. That is what the society has been doing in Nebraska for thirty years. In that time it has cared for over ten thousand children, 1,146 for the year ending May 1, 1923, alone.

Hundreds of its child-wards have grown up under the guidance and inspiration of foster parents until today they are respected citizens of their community.

But now the society's work has expanded beyond its capacity. It needs a home—a private station—where its wards may be cared for during the few weeks that may elapse between the time of their reception and the finding of a home for them. This home is not to be an orphanage; it is strictly and solely a temporary refuge.

Heretofore children have been housed in private homes during this period, but the number has reached a point where this is not an adequate arrangement.

The work of the society is state wide; it has taken homeless children from almost every county and placed them in nearly every county. Once a child is placed the society watches over it until it becomes twenty-one, against abuse and neglect.

A campaign was launched last winter to raise the funds to construct this new receiving home, and each county was given a quota of five cents per capita, making \$1,000 as Cass county's quota.

Mrs. Ona T. Baird of Plattsmouth has been appointed county chairman to look after Cass county's quota. She in turn has appointed the following local chairmen throughout the county:

- Mrs. A. O. Ault, Cedar Creek.
- Mrs. E. H. Worthman, Louisville.
- Miss Edith Gliebe, Weeping Water.
- Mrs. J. P. Bredel, Murray.
- Mrs. Ernest Pollard, Nehawka.
- Mrs. Elsie Porter, Union.
- Mrs. Merle Lanning, Eagle.
- Mrs. A. J. Tool, Murdock.
- Miss Nora Eveland, Elmwood.
- Mrs. Nellie Carlson, Plattsmouth.

EX-CHANCELLOR CUNO COMES TO VISIT THE U. S.

Denies Here to Help German Loan—Won't Be Ambassador—Is Unchanged as to Ruhr.

New York, Sept. 14.—Dr. Carl Joseph Wilhelm Cuno, former chancellor of Germany and president of the council of the Hamburg-American line, arrived today on the Reliance for a visit of several weeks in this country as a private citizen and shipping man.

Denying that he was here in the interest of a proposed \$1,000,000,000 interallied loan to Germany or to arrange extension of the Hamburg-American line, Dr. Cuno declared the sole purpose of his trip was to renew personal and business relations with his American friends. He had no connection with politics, he said, which he definitely left behind him when he resigned the office of chancellor.

Due to the fact that conditions had changed since he left Germany, Dr. Cuno would not discuss recent developments in France and Germany looking to a settlement of the Ruhr question. Fundamentally, he said, this was an economic and financial problem of a business man, he thought it impossible of settlement if looked at purely from the political viewpoint.

"The Germans realize that Germany lost the war," he said in a formal statement, "and that Germany thereafter must pay for the war. Germany is willing to pay to the limit of her capacity. Life in the Ruhr districts, the industrial heart of Germany, is at a standstill, and until the Ruhr conflict has been settled no one can estimate Germany's capacity to pay."

Although his three proposals for a settlement of the Ruhr difficulty were declined, Dr. Cuno said that they had not been withdrawn, and the German people stand by them today. He said, too, that he held to his original estimate of \$30,000,000,000 gold marks as a settlement.

Before he became chancellor, Dr. Cuno said, he refused the offer of the ambassadorship to the United States and added that he would refuse the post if it were offered to him now.

DISTRICT JUDGES' EXPENSE FUNDS

State Auditor Marsh Apportions \$20,000 Among District Judges of State of Nebraska.

From Saturday's Daily.

State Auditor Marsh has apportioned the \$20,000 appropriated by the last legislature to pay traveling expenses of judges of the district court. This apportionment is arbitrary but is to be enforced as early as possible. Lancaster and Douglas county judges do little traveling on official business, but judges in districts containing many counties are put to large expense and some of them have spent more than the auditor's apportionment and the expenditures exceeded the appropriation two years ago.

The auditor two years ago apportioned \$1,820 to the supreme court to pay expenses of district judges called to Lincoln to assist that court. The auditor allowed the supreme court to draw a total of \$2,133.07 the past two years. This year the auditor reserves \$1,575 for the supreme court to pay expenses of judges called for duty at the capital.

Judge J. H. Raper of the first judicial district, living at Pawnee City, has a deficit of \$89.91 for expenses paid during the past biennium. Other judges have deficits and all must look to the next legislature for reimbursement. Judge Draper's apportionment of the \$20,000 expense fund for the next two years is \$950. Judge James T. Begley of Plattsmouth is to be allowed \$825. The four Lancaster county judges were allowed \$400 by the auditor two years ago. They are to be limited this biennium to \$200. They spent none of the \$400 apportioned to them two years ago except \$28.75 except by Judge J. H. Raper who was called to Judge Raper's district at Falls City to hold court. This expense should have been paid by the first judicial district, but it had exceeded its apportionment so the expense of Judge Draper's trip was taken out of the expense set aside for the Lancaster county district.

The fourth judicial district, comprising Burt, Washington and Douglas, with nine judges, is allowed \$1,000 traveling expense fund.

The apportionment for the present biennium to other districts is as follows:

- 5. George F. Corcoran, York, \$800.
- 5. L. S. Hastings, David City, \$800.
- 6. F. W. Button, Fremont, \$600.
- 6. Louis Lightner, Columbus, \$450.
- 7. Ralph D. Brown, Crete, \$750.
- 8. Guy T. Graves, Pender \$600.
- 9. Anson A. Welch, Wayne, \$600.
- 9. W. V. Allen, Madison, \$300.
- 10. W. A. Dilworth, Holdrege, \$1,100.
- 10. Lewis H. Blackledge, Red Cloud, \$1,100.
- 11. E. P. Clements, Ord, \$800.
- 11. Bayard H. Paine, Grand Island, \$1,100.
- 12. B. O. Hostetler, Kearney, \$500.
- 12. George C. Gillan, Lexington, \$800.
- 13. J. L. Towell, Sidney, \$800.
- 14. C. E. Elrod, McCook, \$800.
- 15. Robert R. Dickson, O'Neill, \$500.
- 16. W. H. Westover, Rushville, \$1,100.
- 17. P. J. Barron, Scottsbluff, \$850.
- 18. L. W. Colby, Beatrice, \$300.

The deficits incurred by judges for traveling expenses the past biennium are: Judge A. Welch, Dilworth, \$734.38; Judge Blackledge, \$259.29; Judge Paine, \$228.62; Judge Towell, \$652.65; JWestover, \$65. — State Journal.

MATRIMONIAL STORM CLOUD

From Thursday's Daily.

Frank Detlef, merchants' police, was engaged this morning in trying to unravel the status of a couple claiming Lincoln as their home and to get in touch with the husband of the lady in the case. The husband lives in Lincoln where he is reported to drive a bread wagon there for the Tip Top bakery and had called here for the authorities to apprehend his wife who was supposed to have come here on a "stealing" party with another man. The complications of a domestic triangle was too deep for Officer Detlef and he turned the parties over to Sheriff C. D. Quinton who left them at his office to enjoy themselves while he tried to get in touch with the husband to see whether he cared to prosecute the parties or was content to let them go and call himself lucky.

The husband has a jealous disposition the lady confided to the sheriff as he does not think anything about stepping out with the Shebas that decorate the streets of the capital city, but is very much sore when she would glimpse a little of the great world with a friend and enjoy a journey into new fields.

The two parties had come to this city to visit with friends and denied any wrong doing aside from having left Lincoln without the consent of the husband of the lady in the case.

FIGHT ATTRACTS ATTENTION

From Saturday's Daily.

The fistic mill at the Polo grounds in New York in which William Harrison Dempsey and Luis Angel Firpo, otherwise known as the Wild Bull of the Pampas, were the participants, attracted a great deal of attention here last night and every owner of a radio set was busy entertaining their friends with the returns from the scene of the battle.

Down in the main part of the city the Weyrich & Hadgra drug store with a special loud speaker kept the fans informed of the progress of the battle as did also the Mauzy Drug Co., and the sidewalk in front of the Weyrich store was crowded with those anxious to receive the returns.

The WAAW station in Omaha, the Omaha Grain exchange, was the first to broadcast the final result and beat the Woodmen of the World station, WOAW, by seven minutes on the announcing of the knockout of Firpo in the second round.

RECEIVES LETTER FROM MRS. FLORENCE HARDING

From Saturday's Daily.

At the time of the death of President Warren G. Harding, Miss Helen Warner of this city sent to the widow of the late president a letter of sympathy in the loss that had come to her as well as to the nation, and a few days ago a reply was received in which the former gracious mistress of the White House expressed her appreciation of the words of sympathy and comfort coming from the little lady in the middle west, and which was representative of the general feeling of the nation. Miss Warner is treasuring the letter from Mrs. Harding as a priceless remembrance of the wife of the lamented president who has found time to respond to the many letters in personal reply.
