Through arrangements made by Harry McHugh, a message was broadcast from the Omaha station telling that the people of Murdock were getting along all right, and which was picked up by the party of Murdock people hunting and fishing in the northwest.

Mr. and Mrs. Simon Schueter have just moved to town and are occupying the new home which they recently purchased from W. H. Rush. The farm is being run by the boys, Messrs. Gustav, Earnest and Willis, who are keeping batchelors' hall there at the present time.

O. J. Pothast of the Farmers and Merchants bank, has purchased a new Essex coach, getting the same in Lincoln, which he and the family are thinking is one of the very best of motor wagons which this day affords. The boat is a very nifty one and will give this family the best of service.

Elmer Miller, of north of Murdock has just purchased a new Ford roadster, getting the same from E. W. Thimgan. Elmer has exercised the best of judgment in making this purchase, for when one makes a purchase of a car from a local dealer, he is sure of the best service for the local dealer stands behind the sale. Mr. Thimgan, who is one of the best of mechanics, himself, and always keeps good men in his place of business, is a man who only makes everything good which he sells and it is to the interest of the one who purchases a car to get it in his own town and not have to go a long distance for service. In view of the free service the home man gives, he is entitled to your business. Give it to him.

McHugh is one of the district officers and was to give a response to the address of welcome thus giving the local camp an active part in the meeting.

Sounds a Warning

The Rock Island magazine of the present month has a very timely sentiment which is well worth reproducing:

One of the greatest dangers confronting the spirit of America today is the cosmopolitan ideals that are being introduced into this country.

America is for Americans and American ideals first, last and always, and anything that tends to destroy these ideals is inimical to the interests of our country and the happiness of our people, and strikes at the very foundation of our liberty.

Excerpt from the speech of Vice President Fritch at White City on August 2.

Has Tonsils Removed

Louis Wendt went to Omaha last week where he had at a hospital at that place an operation for the removal of his tonsils which had been troubling him for some time, removed. Death Calls Earl Buskirk

Some time since Mrs. Milo Buskirk with the children went to Scottsbluff to visit with relatives and after arriving there little Earl sickened and was very serious with and abscess on the brain. All was done for the little four-year-old lad possible and Mr. Buskirk was telegraphed for and hastened to Scottsbluff, departing from Murdock last Saturday and arriving at the bedside of his little son on Sunday morning. While the little man made a most heroic fight for his life he passed away on Sunday evening at 6 o'clock. The funeral and burial were held at Scottsbluff during the first of the week. The grief-stricken parents have the sympathy of their many friends at Murdock in their hour of sorrow.

Are Holding a Camp Meeting

Much interest is already manifested and many are attending the services. The Rev. S. F. Jordan, an evangelist of much power and eloquence, from Elgin, Ill., is with the church here. Rev. Jordan is spoken of as being a most powerful speaker and much good is expected from this united effort for a better condition of society.

GO RIGHT AT IT

Friends and Neighbors in Plattsmouth will Show You the Way

Get at the root of the trouble. Rubbing an aching back may relieve it. But won't cure it if the kidneys are weak and need to be treated.

You must reach the root of it—the kidneys. Doan's Kidney Pills go right at it.

Reach the cause; attack the pain. Are recommended by many Plattsmouth people.

Ask your neighbor! Mrs. F. N. Rauen, 1109 Pearl street, Plattsmouth, says: "I believe Doan's Kidney Pills can't be beat as a kidney remedy. I was in bad shape with my back and was laid up so I had to have hot poultices put on my back and used to relieve the pain. I could hardly turn in bed and was sore through my back. I had awful dizzy spells and specks came before my eyes and many times I had to sit down and wait for these attacks to pass off. A while after I began to use Doan's Kidney Pills, I began to improve. I got several boxes from Weyrich & Hadrabak's drug store and they finally gave me permanent benefit after other kidney remedies had failed. I always keep Doan's on hand and use them when my kidneys need attention and they keep them in a strong condition."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Rauen had. Foster-Milburn Co., Mrs. Buffalo, N. Y.

Visiting Here from West

Mr. and Mrs. C. P. Connelly and their daughter, Miss Charlotte of Sacramento, California, have been visiting at the home of Mr. A. S. Depner, father of Mrs. Connelly for the past few days and on last Thursday evening departed for Fairbury where they visited for a short time before returning to their home in the far west. They were guests at the home of Mr. and Mrs. Geo. S. Mills for dinner on Wednesday of last week where all enjoyed a most pleasant evening. Mr. Depner will consider the matter of removing to the west and making his home there after a few months. The Connellys formerly lived at Ashland but have been in the west for some twenty years, and like it very well.

Former Citizens Visit Here

D. W. Rager and wife of Fort Scott, Kansas, who have been in the south for some time and who formerly made their home in Murdock, where they were engaged in business, were visiting here for some time last week and with Mrs. Ralph Rager where they have been visiting while here, they went to Greeley Center where they visited for a few days at the home of a sister, Mrs. Robert Kyles and returned to Murdock where they visited again for a short time and on last Friday morning departed via their auto for their home at Fort Scott.

Depart for the South

During the early portion of last week a party consisting of Mrs. G. V. Pickwell, John P. Pickwell and Miss Viola Everett and another car from Elmwood with two gentlemen named Miller departed for Harlingen, Texas, where they will expect to make their home unless it be Miss Everett who is making her first trip to the south. This will make a number of Cass county people who have gone to that place. We are hoping that prosperity and happiness, blessed with good health may be their portion.

Death of Mrs. Bornemeier

The death of Mrs. Henry Bornemeier on Friday cast a profound sorrow over the community of Murdock where for a half a century the deceased lady had made her home and the family have felt the tender sympathy of the old friends in their hour of deep sorrow. The death came after an illness covering a month.

The deceased was formerly Miss Lena Klemme, a daughter of Mr. and Mrs. Henry Klemme, pioneer residents of the vicinity of Murdock, and was at the time of her death aged sixty years, practically all of her lifetime having been spent in the vicinity of Murdock. They are as follows: Alvin, Anna, Helen, Elsie, Herbert, Marie, and Carl. Two brothers, Henry and Fred Klemme, also survive here.

LAND ALL LEASED; WELL TO BE STARTED

Nehawka People are Elated Over the Prospects—Test Well to be Put Down on Heebner Land.

Wednesday one of the last pieces of land in the oil territory adjoining Nehawka was leased from C. E. Heebner west of town and Mr. O'Hara, who is promoting the proposition says that a well will be sunk in a short time. He is with local men, have been leasing the land since early spring, and now with almost every acre signed up, we are promised a test well near this place. Mr. O'Hara was here the first of the week, left Wednesday afternoon for Lincoln, where he says final arrangements will be made for signing an oil rig into this district.

As near as can be ascertained, the test well will be bored west of town, on, or adjoining the C. E. Heebner farm. Residents in this vicinity have been very anxious to see a well put down in this locality to ascertain for certain whether or not there really is oil here.

STUNTZ IS OPPOSED TO CHURCH MERGER

Omaha Bishop Says Union of Organizations Would Lessen Their Present Effectiveness.

Ames, Iowa, Sept. 14.—A union of churches, even the union of Protestant churches, is opposed by Dr. Homer C. Stuntz, bishop of the Omaha area of the Methodist Episcopal church, he declared, while presiding here today over the conference of the Des Moines area.

"There should be competition among churches for the benefit of all forms of religious work," said Bishop Stuntz. "To merge the churches, even of one denomination, would make them self-satisfied and greatly lessen their effectiveness."

Pencil Boxes Free!

We have a limited number of Metal Pencil Boxes which are just the thing for the student and children going to school and which we are giving free, one with each purchase of a pair of shoes for the next ten days.

instances and, instead of uniting the boards of the two churches, provides only for a general conference once every four years.

Bishop Edwin A. Hughes, of Boston, who is attending the conference here, is a member of the committee advocating the merger. Bishop Stuntz favors giving Iowa a bishop of its own.

WILL MANUFACTURE WILSON COLLANDERS

Co-Partnership Formed with Number of Prominent Residents of Murray Interested.

Some months ago the Wilson collander, a device patented by Mrs. Elizabeth Wilson, residing south of this city, was first brought to the attention of the public by its apparent usefulness to the household in doing a great many things in the way of assisting in preparing fruits and vegetables for canning or cooking, and not a little interest was created in the device.

At the state fair Mrs. Wilson, who had a number of the machines there, was asked to sell a number of them and some thirty-eight were sold right on the spot and this called the attention of the friends of the inventor to the fact that it could be made a paying investment, if the collanders could be turned out in quantities.

Last evening a number of those interested, together with the inventor, Mrs. James Wilson, met at the offices of the Murray State bank and perfected the organization of a co-operative company to handle the manufacture of the collanders.

The officers elected were as follows:

W. G. Boedeker, president. W. H. Puls, secretary-treasurer. Harrison L. Gayer, manager. Mrs. Elizabeth Wilson, George Nickles, G. M. Minford, John Farris and W. A. Hull, directors.

The members of the company decided on ordering a number of the collanders manufactured at Lincoln at once to be placed on the market and to later take up the proposition of the manufacture of the device in large numbers and possibly the securing of a factory for this purpose, but this will be left to future developments.

VERY PLEASANT PICNIC

From Saturday's Daily. One of the very pleasant social events of the early fall was the picnic party held this week at the attractive grounds near the standpipe by a number of the young people of the city.

Warren, Raymond Rebal, William Schlatter, Claire Hudson, Otto Triletz and Jack McCarthy.
