

Amazing Facts Given By Well Known Grocer

"My weight hopped from a hundred and fifty to two hundred and two pounds after I started on Tanlac and all my customers compliment me on my good health," said Robert L. Baker, well known grocer of 2025 Vine street, Lincoln, Nebraska.

"Three years ago I was floored with the flu. I was in bed for two weeks and got up weak as a baby, had rheumatic pains all over my body and was so nervous I could hardly sit or stand still. Even my neighbors could see what an awful

condition I was in and said I would be dead in two weeks. "But Tanlac had a surprise for all of us. My appetite and digestion seemed shot all to pieces, but Tanlac gave me a ravenous appetite and built me up to good health in short order. I can't say enough for Tanlac."

Tanlac is for sale by all good druggists. There is no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

100 RAILROAD CARS WILL BRING GIANT CIRCUS

Ringling Bros. and Barnum & Bailey Add Entire Shipload of New European Features

Arriving aboard 100 double-length railroad cars, forming trains more than one and one-half miles long and made even greater than in 1922 by the addition of many big, new foreign acts, Ringling Brothers and Barnum & Bailey Combined will exhibit at Omaha, Friday, Sept. 28th.

Those who read the daily papers or who keep in touch with the movie news-reels need not be reminded of the shipload of acts and animals recently imported by the Greatest Show on Earth. The remarkable cargo included two companies of baby elephants, which are now joined with the forty adults of the mammoth herd. There were also 100 more performing horses accompanied by Europe's greatest trainer, and many wild animals some of which have been added to the scores upon scores of trained jungle beasts, while others have become part of the marvelous menagerie.

More than a million persons saw the mammoth new circus of 1923 during the weeks that it exhibited in Madison Square Garden, New York. Now this mammoth exhibit is touring the country aboard five great trains. It is a third bigger than the Ringling Brothers and Barnum & Bailey show of last season. It is ten times larger than any other circus now on tour.

Big as is this wonderful circus of 1923 with its more than thirty trained wild animal displays in steel arenas, fully 200 wonderfully schooled horses, 700 men and women performers, 100 lions and scores of features—the price of admission is no more than before. An though the trained animal numbers and the immense horse show were circuses in themselves while touring Europe, they are not offered as separate attractions by the Ringling Brothers and Barnum & Bailey Combined shows. Instead all are on one gigantic program. Everything is in one mammoth main tent. One ticket admits to all these and to the tremendous double menagerie. There are more than a thousand animals in the zoo of this circus and these include entire families of hippopotami and giraffes. Another remarkable zoological feature is an armored rhinoceros, the only one known to exist and alone worth \$50,000.

IS OUT OF JAIL

From Saturday's Daily
The skies over old Nebraska never looked more beautiful or alluring to Mike Postello, of Omaha and also near Avoca than they did yesterday afternoon when Mike stepped forth from the county jail a free man after several days imprisonment on the charge of transportation of liquor. The birds singing had a new sense of joyousness to Mike as he emerged from the Hotel De Quinton and it was with no lagging steps that he entered the car that was to hurry

him to Omaha and to freedom from the confines of the prison of Cass county. A party of friends and former countrymen arrived from Omaha yesterday and brought with them the sum of \$200 in good American reserve bank notes with which to ransom Mike from the confines of the jail and the alluring rustle of the "jack" as well as the fact that the county stood to feed the prisoner many months unless the fine was paid, caused Justice Weber to decide that \$200 in the hand was better than \$700 in the bush and especially when the breadwinner was in jail, so he accordingly released the prisoner to his friends with the understanding the remainder of the fine and costs would be paid later. However, under any circumstances the county is ahead that much at least in getting rid of an undesirable visitor.

A FORD STORY

From Saturday's Daily
The local Ford agency has a very interesting report of the sales of Ford cars, trucks and tractors in the period from January 1 to August 31 which is quite interesting as showing the number of autos and farm machines sold by this company as well as other makes during this time. There were, according to the figures shown, 344 Ford machines sold as against 116 of all other kinds in Cass county. This not only shows that the people still have more or less funds for use in buying cars but that they are still helping Henry roll up his wealth in exchange for the Universal cars, tractors and trucks.

FIXING UP HEATING PLANT

From Saturday's Daily
One of the first acts of William Barclay, the new manager of the former Wagner hotel, has been to see that the heating plant was placed in first class shape for the winter season and to have the boilers thoroughly overhauled and put in the best of shape for the coming cold weather so as to assure comfort to his patrons and the traveling public that make the hotel their stopping place when in the city. The heating plant is expected to be in first class shape within the next ten days and be ready for use. It should not only provide much greater heating power but also at a much less cost for fuel than in the past.

PURCHASES NEW TRUCK

The firm of Lorenz Brothers have added a new feature to their delivery system that may replace the familiar two wheeled cart they have used since starting the store for the delivery of meat. The firm has a new Ford roadster of converted type that can be used as a truck and which is of the new 1924 model and is now being used in the delivery of goods to all parts of the city. The new addition to the store equipment should add much to the efficiency of the store.

The Ideal Purgative

As a purgative, Chamberlain's Tablets are the exact thing required. Strong enough for the most robust, mild enough for children. They cause an agreeable movement of the bowels without any of that terrible griping. They are easy and pleasant to take and agreeable in effect.

WOMAN'S CLUB HAS VERY FINE MEETING

Years Starts Most Pleasantly With Interesting Meeting at Parlors of Methodist Church.

From Saturday's Daily.
Guest night at the Plattsmouth Woman's club proved a very enjoyable occasion. The parlors of the M. E. church were tastefully decorated with vines and garden flowers in autumn's most vivid tints. In the absence of the president, Mrs. John Gorder presided at a business meeting of the club members was augmented by the Alvo Reading club to help celebrate its twentieth anniversary on October 4 was, by a unanimous vote, heartily accepted.

By special request, Mrs. Thomas F. Murphy, the corresponding secretary, in her own gracious manner, announced the program. The first number was a vocal solo by Mrs. Ed Roman with Miss Helen Westcott as accompanist. This selection awakened tender memories of days long gone by. Miss Helen Ceder, teacher of history and music in the junior high school, rendered a difficult piano solo with artistic execution. The speaker of the evening, Superintendent DeWolf, gave a pleasing and instructive talk on the constitution. He dwelt chiefly upon the historical elements involved and showed the progress of evolution from charter to constitution. The concluding number was a violin solo by Mrs. A. D. Caldwell with Mrs. George Farley at the piano. Mrs. Caldwell was heartily encored and responded with another choice selection.

Dainty refreshments were served by the entertainment and courtesy committees. A large attendance of the club members was augmented by the presence of many guests, whom we hope to welcome as new members. The next meeting of the club will be held Oct. 1 at the library auditorium with Mrs. Ghrist as leader.

CASS CO. FARM BUREAU NOTES

Grasshoppers

The calls came for the formula to poison grasshoppers on young alfalfa. This should be spread as early in the morning as possible, before 8 o'clock. The formula is as follows: 100 lbs. bran and 6 lbs. refined white sawdust. Mix these two ingredients together dry. 3 oz. any acetate and 15 or 16 gallon of water. Mix these two and then mix with the dry ingredients. Spread on the ground where the hoppers are thick, along edge of field, the thinner the better. Five pounds of the wet mixture should cover one acre.

Hessian Fly

The Hessian fly station at the farm of Glen Perry, near Plattsmouth, is getting results and it will pay you to visit it. We will make reports to the different banks in the county and they will post them. Watch for results and the safe date to sow. Cooperation will eliminate the fly and nothing else will.

County Fair

The week of the county fair, which is September 26, 27 and 28. It will be almost impossible to do any work in the county, so arrange for work before or just afterwards.

Free Trip to Chicago

The Chicago, Rock Island and Pacific railway will give a free trip to the International Livestock Exposition in Chicago, December 1st to 5th, to one boy or girl in each county through which the road operates, provided only that the county must have a full time Extension agent. Watch and see who wins the trip in Cass county.

Rosebud Sewing Club

The Rosebud Sewing club met on Monday evening at the Farm Bureau office. Some very fine work was on display and in the judging of Princess slips, Gertrude Brown won first and Nora Rhodes second and Dorothy West third. The girls who completed the first course and on Saturday, Sept. 15th, the club met to judge the kitchen apron and bungalow dress as well as make plans for the county fair. Mrs. Lee Brown has been leader of this club and under her direction the club has done some splendid work.

Fruit and Vegetable Budget

Tuesday afternoon the Fairview club met at the home of Mrs. S. I. Turk. Each lady made out a Food Habits score card. The cards showed fairly good food habits but room for improvement. Next the Fruit and Vegetable budget was taken up and reasons were discussed for having a canning budget. Later the women will have a meeting on how to use the fruits and vegetables in various ways. At the close of the demonstration, the women made plans for an exhibit at the county fair.

Sunshine Band Holds Meeting

The members of the Sunshine band met at the home of Mrs. Fred Meisinger Saturday, Sept. 8th. The kitchen apron and bungalow dress were judged. The demonstration team made plans for practicing on demonstration at the county fair.

A Pronounced Success

The uniform success that has attended the use of Chamberlain's Colic and Diarrhoea Remedy in the relief and cure of bowel complaints, both for children and adults, has brought it into almost universal use, so that it is practically without a rival, and as everyone who has used it knows, it is without an equal.

SEND GREETINGS TO OLD FRIENDS HERE

Attendants at Methodist Conference at Lincoln Send Words of Friendship to City.

From Saturday's Daily.
At the Methodist church conference that is meeting at Lincoln this week are a large number of former residents of this city, many of whom have grown gray in the service of the church and who spent a number of years of service here in Plattsmouth. To those who were here at an earlier day the memory of the associations in the old church that stood for years on South Sixth street is very much alive and although many have been gone from here for more than two decades, they still feel a keen interest in the welfare of the church and the old friends here whom they knew so well in the past.

While at the conference, this week, E. H. Wescott of this city, the lay delegate from the local church, and who has been a lifelong worker in the church met many of the old time friends and through him they are sending the message of remembrance to the old friends here. Among those who have served here and still have a warm spot in their hearts for Plattsmouth and the local church are Rev. and Mrs. W. N. B. Alexander, of Greeley; Rev. and Mrs. Peter Van Fleet, of University Place; Rev. and Mrs. John Calvert of the Mother's Jewels Home of York; Rev. W. L. Austin, of Grand Island; Rev. Frank M. Drulinger, of Carroll, and Rev. A. A. Rankald, of Friend.

The lay members present embraced among others "Father" C. W. Green, of University Place, who came to Plattsmouth more than a half century ago and who is now in his nineties, but is still active in his church work as in the past. Others are Mrs. Stephen A. Davis, of Lincoln; Mrs. Elizabeth Polk, of Lincoln, and Judge George M. Spurlock, of York, all of whom were active workers in the church here in a bygone day.

NEBRASKA WILL STAGE STATE RIFLE TOURNAY

What will be known as the Nebraska state rifle championships will be held at Plattsmouth Saturday, September 22, under the auspices of the Russell G. Hughes, American Legion Rifle club of Douglas county post, Omaha.

The meet will be open to any rifle shot in the state. Any military rifle with metallic sights may be used. Ammunition will be issued at the range.

The match will consist of the following:
200 yards, slow fire, off hand, Target A 10 shots.
200 yards, rapid fire, standing to prone, Target A, 10 shots, 1 minute.
300 yards, rapid fire, standing to prone, Target A, 10 shots, 1 minute 10 seconds.

600 yards, slow fire, prone, Target B, 2 sighting shots and 10 shots for record.
A trophy will be awarded the highest individual, to remain his permanent property. Medals will be given for first place at each range, and for second and third individual, total score.—Omaha Bee.

The shoot will be held on the government rifle range north of this city where the companies of the Seventeenth infantry have been shooting the past summer and the targets used by the troops will be used in the legion shoot.

STATE CAN'T PAY CLAIMS IN FULL

Hail Insurance Losses Exceed the Amount of Premiums—August Hail Went Over the top.

he head of the state hail insurance division, Department of trade and commerce, reports the prospects good for payment of from 90 to 93 per cent of every loss under the state hail insurance policies. Private hail insurance companies are said to have been as hard hit as the so-called state hail insurance. Private companies will be compelled to pay out more for losses than they collected in premiums in Nebraska this year.

The head of the division says the hail storms of August 26, long after hail storms are supposed to do much damage, are what broke the state insurance. These storms resulted in seventy losses to policy holders of state hail insurance. These losses amounted to \$18,000. The premiums which will be collected this year on state hail policies total \$84,331.25. A balance of \$6,000 in addition was on hand, but this balance will probably be used for payment of expenses of the state hail division. The premiums are not all due in the state treasury until November 1. The hail losses now adjusted amount to \$93,315. Ten other losses are to be adjusted and added to this total. It will not exceed \$94,000, with about \$84,331 to pay it. The payments are to be pro-rated among those having losses.

PREPARE TO ATTEND FAIR

The observance of Plattsmouth day at the Cass county fair on next Friday will be one of the big events of the week and the clearing skies and warming weather points to the fact that the roads will be in good shape by that time and unless something unforeseen occurs there ought to be a great crowd of Plattsmouth people in attendance at the big fair and to extend greetings to our neighboring city and its annual fall festival that advertises the many fine agricultural interests of Cass county.

"ON THE CORNER"

ENTERTAINING THE PUBLIC
and these machines are kept in the pink of condition by the careful work of the operators, no dirt or dust being allowed to gather on the machines when in operation. The use of the two machines gives the public the benefit of an uninterrupted showing and eliminates the long waits which often used to mar the enjoyment of the movie fans. While the films are running the operator must give the machine his closest attention and watch carefully that every part of the machine is in perfect operation and the showing on the screen perfect in every way and this is not as easy a task as might seem to those sitting watching the picture flashing on the screen.
The Parmele machines have three-quarter inch carbons used in the machines for the production of the intense light and to avoid all danger of fire the booth is of tin and asbestos construction and nothing that might cause a fire is permitted in the booth.
The machines have a running power of from nine to fifteen minutes per reel and it is very seldom that there is anything to mar the excellent running of the pictures at this popular playhouse.

- Cass County Fair -

Weeping Water, September 26th, 27th, 28th

Wednesday! All Exhibits Open. Good Health Judging. Farm Sewing Clubs. Baseball Game.	Thursday! All Exhibits Open. Judging All Departments. Pig Club Judging. Base Ball Game.	Friday! All Exhibits Open. Fall Styles

- ☞ The outstanding features in Fall styles are the free and easy lines. Coats are loose, the designers have given us plenty of freedom in our dress and business clothes.
 - ☞ Shoulders are slightly wider. Trousers are fuller and straight hanging. Vests with blunt ends are seen, as well as the peaked points.
 - ☞ Many new novelty weaves and textures are introduced or Fall; Stripes and Checks are still the thing.
 - ☞ How much will they cost?
- New Fall Models \$30 to \$45**
Not so new, \$18 to \$27.50.
