## CITY TEAM SHOWS WELL IN OPENER

Football Fans Treated to a Thrilling Contest Yesterday—Local Boys Lose By Score of 7 to 0.

From Monday's Daily—  
Yesterday afternoon the new city football team, which has been coached by one of the best football men that has been here for a great many years, McClintic of Kansas, made its first appearance on the gridiron and in the initial game very favorably impressed the fans with its playing and aside from a fumble, played the fast Glenwood team to a standstill. The visitors won, 7 to 0.

It was in the first few moments of play that the visitors registered their first and only touchdown of the game. On the kickoff the ball was booted to the immediate vicinity of the Plattsmouth goal and on lightning bounced to one side and out of bounds near the Plattsmouth two yard line. On the downs the visitors held the locals effectively and after three successful efforts while Glenwood was in possession of the pigskin they were successful in pushing the ball over the goal line and kicked the goal for their score of seven.

Barring this one feature of the game the Plattsmouth team was on its toes and pounded repeatedly on the enemy line for gains but was deprived of getting the ball over the goal line. Wintersteen and Reed were the greatest gainers for the local team and showed some very brilliant work while McClintic and Bell also secured a part of the spotlight of the game for their excellent handling of the ball.

In the last five minutes of the game Reed made a fifty yard run which caused the hopes of the fans to raise in expectation of the score being tied but the Glenwood team was able to check the advance of the Plattsmouth team until the final whistle saved the day for them.

The Plattsmouth team in its hard fought game suffered several bad injuries. Joe McCarthy, quarterback, had two ribs badly injured which will probably put him on the retired list for some time. While Gibbs, another of the battling stars, was injured in being tackled and for the rest of the game was on the sidelines, being delirious a part of the time.

Manager Guy Morgan is trying to arrange a game with the Ak-Sar-Ben Knights for next Sunday's attraction which is reputed to be one of the teams in Omaha and should be a good attraction for the fans.

The city team started out in fine shape and made an excellent showing in the opener as it had a line of almost all first year men, which in a few games will develop into a wall.

## TRI-CITY BAND CONCERT ENJOYED BY LARGE CROWD

The Glenwood, Pacific Junction and Plattsmouth Bands Unite for Fine Program Here.

From Monday's Daily—  
The concert given by the combined bands of Plattsmouth, Glenwood and Pacific Junction, at the Nebraska Masonic Home yesterday afternoon was one of the most pleasing musical entertainments given in the city in a great many years, both from the point of attendance as well as the beautiful manner in which the members of the band carried out the program arranged by Director Ed H. Schulhof.

The audience at the Home came from a wide range of territory and at the time of the concert there were some 250 cars present at the grounds and the audience on the lawn numbered many hundred more. The residents of the Home who were able to enjoy the midday of the afternoon by assembling on the porches of the home and where they could enjoy in the utmost comfort the program.

The program was well selected and was practically the same as given at Glenwood a week ago and those who had the privilege of hearing the two concerts were of the opinion that the one yesterday was really given with more of the artistic rendition than the first one, although both were very high class in every way.

One of the most pleasing of the selections given was the suite from "Atlantis," comprising four parts and in which the band showed their excellent skill and training in presenting. This number was given on the radio band concert of the Eagles' club of this city last summer and was one of the most popular on the program with the listeners.

## BIBLE CLASS MEMBERS IN SPECIAL 'STUNT NIGHT'

Regular Session Devoted to a Very Pleasant Social Gathering—Large Number Attend.

From Tuesday's Daily—  
The membership of the Young Men's Bible class of the First Methodist church had a very pleasant time afforded them last evening at the close of the regular week "study" at which their music director, Mrs. E. H. Wescott, was the hostess to the boys.

After the regular session the members were invited to the parlors of the church where everything had been arranged for the games and stunts that were to mark the pleasure of the evening. Many very entertaining features were arranged and carried out that proved the source of a great deal of delight to the young men of the class and proved an unending source of real fun.

The members of the party had a real surprise when the matter of "stunts" was brought up as Ray Perkins and Elmer Gaines gave a real clever sketch, "Sambo and Rastus" and the two young men proved real colored comedians that kept the crowd in a great roar all of the time the boys were on the scene of action. Harry White and W. F. Myers were also in the limelight for a few moments when they received special favors from the members of the party. Several were presented with "rings," both large and small, that delighted the crowd and the presentation of the "coat hanger and bachelors' buttons" also brought out a great deal of fun for the bunch. William G. Kieck officiated as the directing spirit of the stunts and evolved some very clever ideas in the way of entertaining that appealed very much to the young men of the party.

When the fun had held full sway for several hours the members of the party were treated to refreshments consisting of doughnuts, pumpkin pie, coffee and pickles and cheese, the serving of which the hostess, assisted by Mesdames Alvin Craig, Fred Stewart and Byron Babbitt, carried out in her usual pleasing manner.

## HOLD FINE SERVICES

From Monday's Daily—  
Yesterday was Godfathers' and Godmothers' day at the St. Luke's church and all of the members of the parish who were sponsors for their children were at the church with the children.

The sacrament of baptism was administered by Father W. S. Leete on the little son of Mr. and Mrs. Rudolph Skalak.

The little tots of the font roll were presented with their certificates and those who were of more advanced years given certificates of promotion to the primary department.

The sermon of the day was addressed to the young folks by Father Leete and consisted of a very noteworthy appeal to the youth to forsake the idea of selfishness and to give their lives to the following of the teachings of Christ and the unselfish life.

The choir of the church gave several very inspiring hymns during the service.

## HAS DISCOLORED OPTIC

Charles E. Martin, the genial attorney, has been subjected to much questioning the past few days due to the fact that the right optic of the barrister has a mourning aspect and is badly discolored. Mr. Martin states to the public, "Yes, we have had no fight," and to the press he gave the story of the incidents that led to the disfiguring of the eye which bears out our contention that the men have no business working around the house. Charley was preparing to start the furnace at the home Sunday and while out in the coal shed preparing the kindling for the big blaze struck one rather tough piece of wood that resented the blow of the axe and flew up and of course struck Charley in the eye.

## HAS A CLOSE CALL

From Tuesday's Daily—  
Harry Shiffer and family had a very close call from a serious accident Sunday morning when they were starting out in the family auto for a short ride over the city. The car was going down the hill just south of the Bach store in South Park and the descent of the hill being rather steep Mr. Shiffer tried to get the brakes only to discover that they would not work and even the emergency failed to do business as the car sped on down the hill, gaining speed with every turn of the wheels. The driver was fearful lest the car be overturned as he continued on down the hill, but successfully made the turn into Lincoln avenue and the party continued on their way, feeling that they had had a real narrow escape of it.

Leopold, she was taken to Omaha this morning at 3 o'clock by auto and placed in the Nicholas Senn hospital for an operation. Mrs. Sydebotham has in the past been a sufferer from gall stones and was operated on at one time for this malady and it is thought that this may be a recurrence of the trouble but the exact case will be determined at the hospital. Dr. Leopold, the husband of the patient, C. P. Sydebotham, and her daughter, Mrs. J. R. Stine, accompanied the patient to Omaha and will remain until after the operation.

## WAITED TILL THE FLIES WERE GONE

Most Cass County Farmers Took Advantage of Expert Supervision of State Entomologist.

Ninety-five per cent of the farmers of Cass county did not sow their wheat this fall until they were advised by the state authorities who had charge of the Hessian fly station at Plattsmouth that all danger from the fly had passed, estimates County Extension Agent Snipes today. October 1 was the date set by the investigators as the safe sowing date. Wheat is coming up nicely now and with the abundance of moisture and unusually warm weather, it should make a good growth and be safe for the winter, think Mr. Snipes.

Since the Hessian fly lays its eggs within a period of two or three days after it emerges and it is these eggs that will make the pupa which live over the winter and do the damage the next year, wheat that is not up when the flies are laying their eggs will be safe from the fly next year. Flies do not travel far to lay their eggs nor do they lay them on other kinds of plants. By establishing a station at which the progress of the fall fly crop could be carefully watched, the state entomologist, Professor M. L. Stark, of the agricultural college, Lincoln, was able to tell the farmers of the state exactly when it would be safe to sow their wheat.

## STATE AGENT MAKER RAID ON WINE MAKER

Home of John Zolalla in South Part of the City is Visited by the State Agent Today.

From Tuesday's Daily—  
This morning, State Agent F. A. Holmes accompanied by William Grebe, visited the home of John Zolalla in the south part of the city and made a raid on the wine that had been prepared by Mr. Zolalla for the winter season and which was found to consist of a large quantity of the varieties of the sparkling beverage. The press used in the extraction of the juice was also taken by the state agent.

At the time of the raid there only Mrs. Zolalla and a lady friend were at the home and they did not clearly comprehend just what was going on in the visit of the officers who were compelled to await the arrival of the man of the house to place the matter before him and to take up the question of the violation of the prohibition law with which he will probably be charged.

It seems that Ray Herring had come down Main street from the west and turned the intersection at Fifth street to go north while Mr. Arnold who had a number of shopmen in his car, was coming west on Main street and apparently did not notice the fact that the car of Mr. Herring was passing the intersection and the two cars met with considerable force and the car of Mr. Arnold suffered a badly bent axle that will take some time to repair. Fortunately, however, no one in either car was injured as the result of the accident.

The car ran into ditch north of Weeping Water in the early part of the evening and thereby hangs the tale of woe and trouble. The matter was reported to the authorities at Plattsmouth and State Agent Fred Holmes and Officer William Grebe motored out to the scene of the mix up and there placed Henry Sudman under arrest, charging him with being drunk and brought him on to the county seat where he was given a hearing last night before Justice William Weber and received a fine of \$25 and costs for being intoxicated.

This morning a complaint was filed against Harrison Wade charging him with having used vile and profane language and attempting to provoke an assault from Dr. F. W. Kruse of Weeping Water who had happened along the road just shortly after the accident occurred. Mr. Wade at his hearing this morning stated that he and Mr. Sudman had been over in Sarpy county and that the liquor that they had consumed had been purchased there and that returning they had come by the way of Louisville and all had gone merrily until the car ran into the ditch.
