

INDICTED PARTIES PLEA ON WEDNESDAY

SHERIFF QUINTON UNABLE TO BE PRESENT BECAUSE OF TRIP TO NELSON.

HEARINGS LARGELY ATTENDED

Petit Jury Will Hear the Cases on Assembling on December 10 or as Soon as Time Set.

From Saturday's Daily— This afternoon at 2 o'clock in the district court a part of those indicted by the grand jury were present to enter their plea before the court and to be bound over to trial before the jury term of the court starting on December 10.

There was a large crowd that filled the district court room to its utmost capacity to attend the arraignment of the parties charged with the indictments and pleas in abatement were made by Attorney A. L. Tidd, representing Holmes, Grebe, Jones and Mrs. Kaufmann and for County Attorney Cole and the hearings set for Wednesday at 11 o'clock.

In the case of the indictments against Mr. C. C. Parmele, Fred Wright of Omaha, representing the defendant, filed pleadings that will be heard before Judge Begley on Wednesday morning.

The bonds of all of the defendants were continued and a bond of \$2,000 for Mr. Parmele, signed by W. H. Tritsch and John F. Wehrbein, was filed in the court and accepted.

Those pleading at this time were William Grebe, contable, indicted on two charges of assault and battery and malfeasance in office; Fred A. Holmes, charged with usurpation of office; Chief of Police Alvin Jones, who was charged with intoxication, possession of liquor and perjury, and Julia Kaufmann, charged with liquor law violations; Charles C. Parmele, charged with two forgery counts and one of embezzlement. Sheriff C. D. Quinton, who was also indicted, was not present as he is on his way home bringing with him Carl G. Fricke, also indicted by the grand jury, from Nelson, Nebraska, and their arraignment will be made at a later date.

The parties are represented by Attorneys A. L. Tidd, C. A. Rawls and Fred Wright of Omaha who appears for Mr. Parmele in the hearing.

OIL MAGNATES AT NEHAWKA

We were visited last Friday by several of the men who are interested in the drilling of an oil well in the vicinity of Nehawka. A Mr. Faxton and Donnon of Delaware, the former is vice president of the company who expect to put down the well, were here. Also Glen Ruby the geologist of Denver; R. Stewart of Lincoln; a Mr. Anderson of Kansas who is operating in Oklahoma and Mr. J. T. O'Hara who has been with us most of the past six months

securing leases of the land near Nehawka. While nothing definite was learned during their visit prospects seem to be bright for a well here in the future. As we all know, it takes considerable time to get an undertaking of this kind started, and while many of us are more or less restless regarding the outcome, those who should know, state we will have a test well in the course of time.—Nehawka Enterprise.

LOSES STOCK OF BRUSHES

From Saturday's Daily— Roy Craig of Mynard, who is traveling representative of the Miller Brush Co., of Chicago, is today mourning the loss of his stock of brushes. The result of the attentions of some party unknown. Mr. Craig was on his way home and stopped at the home of Tom Ruby in Mynard to talk over some business matters with him and left the suitcase full of brushes just outside the door of the Ruby home while he was in the house for a period of some fifteen minutes. On his coming out he found the suitcase gone and no trace of the party taking it. The suitcase and its contents were valued at something like \$50 and the loss means a delay in getting a new line of the brushes and accordingly a loss in his profits as well as the value of the brushes themselves.

GOVERNOR NOT TO REMOVE OFFICERS

Dispatches From Lincoln Indicate That Governor Bryan Will Not Act in This Matter.

From Saturday's Daily— The reports from Lincoln state that Governor Bryan is not at this time at least contemplating any action toward the removal of officials indicted by the Cass county grand jury and yesterday the state executive indicated that he would take no cognizance of the indictments made. The matters have not been brought to my notice formally or officially and I see no justification for executive interference at this time with the work of the courts," the governor said. "More indictments, without any other documentary evidence to support them, would not furnish a sufficient basis for action by the governor."

WILL TAKE SPECIAL WORK

From Saturday's Daily— This afternoon Dr. H. C. Leopold departed for Kirksville, Missouri, where he expects to remain until the Christmas holidays taking special post graduate work there under Dr. Edwards, who is one of the most widely known professional men of the nation and a famous eye, nose and ear specialist, and also the originator of the finger surgery which has been largely adopted by members of the medical profession in the last few years. Dr. Edwards has been in Europe on two occasions lecturing before the large medical bodies there and Dr. Leopold feels that he has a great opportunity in being able to study under him.

NEBRASKA CITY HIGH WINS HARD FOUGHT CONTEST

Takes Our Team to Defeat on Home Grid Yesterday by Score of 12 to 3—Large Crowd.

From Friday's Daily— Yesterday afternoon before the largest crowd that has been present at any of the high school games of the season, the Nebraska City Purple and Gold triumphed over the Plattsmouth high school team in a hard fought battle that resulted in a score of 12 to 3 in favor of the visitors.

In the opening half of the game, Nebraska City showed much speed in their end runs and their offensive was successful in the opening quarter in forcing back the Plattsmouth line until in striking distance of the locals' goal, when they drove through in a line smash for the first score of the game. The try for goal failed.

ACCIDENT NEAR FAIRVIEW

As we did not wish to disturb Mr. E. T. Comer to get the particulars in regard to the auto accident occurring last week, in which he was injured, we only gave it a brief mention, and were in error as to the other party living in Dunbar.

Mr. Comer was crossing the road going north in his Ford truck, two miles south and one mile east of Elmwood, near the Fairview school house. Dr. D. H. Schall of Otoe, Nebraska, was going east driving a large Cadillac car. It happened that the left end of the bumper and the end of the left fender struck Mr. Comer's rear wheel and side of the truck box, completely demolishing both wheels and damaging the car otherwise. In the crash Mr. Comer was thrown forward and against the left upright post that supports the top and windshield, breaking and splintering the molar bone of the left side of his face, cutting his head and face in several places and wrenching his back quite severely. Mr. Comer was brought to town by a traveling man who happened along soon after the accident.—Elmwood Leader-Echo.

HAS HAND INJURED

From Saturday's Daily— Ervin Meyer, one of the employees in the Burlington lumber yard, is wearing his left hand in a sling as the result of a very painful accident that befell him on Wednesday. Mr. Meyer was engaged in moving some timbers when he had his left hand caught beneath a very large timber and before the hand could be extricated from its position, the ring finger of the left hand was almost severed and made necessary having a large number of stitches taken in the finger before it could be secured back in place and Mr. Meyer wears the hand in a sling for some weeks before he will be able to use it to any extent.

By order of committee.

TAKEN TO HOSPITAL

From Saturday's Daily— Yesterday afternoon J. M. Young was taken to Omaha where he was placed in the University hospital to receive treatment for a very severe infection of the left hand from which he has suffered for several days. Mr. Young has been cared for at the home of Mr. and Mrs. C. M. Manners for the past week but his condition growing worse it was decided to have him taken to the hospital for treatment. The many friends are hopeful that he may soon recover and be on the highway to recovery from the effects of his affected hand.

DR. F. H. MILLENER VERY ILL IN A COAST HOSPITAL

From Saturday's Daily— Dr. Frederick H. Millener, who with his mother, left last June for a six months tour in the west, is seriously ill with heart trouble in a hospital at Los Angeles, according to word received from his mother yesterday.

Dr. Millener for years has been noted for his work with radio and in 1919 had charge of radio instruction at Fort Omaha. In April, 1920, with Harvey L. Gamer, electrical expert, unsuccessful attempts were made by both men near Cedar Creek, Neb., to catch "signals" from Mars, by means of huge radio apparatus which they established on the Gamer ranch.

In 1907 Dr. Millener made a wireless telephone with a range of over a mile. In the same year he made a three-speed truck which was controlled by the same medium. And in 1909 he arranged a block signal device inside the cab of locomotive, which received its directions from a distant wireless station. In all these accomplishments he was assisted by Mr. Gamer.

The young folks who enlivened the affair were Misses Henrietta Gaebel, Elsa and Luella Heil, Frances, Freda and Mildred Gauer, Edna Heil, Clara and Alma Scheel, Myrtle Wendt and Messrs. August and Herman Wendt, Freddie Schoeman, Elmer Hennings, Raymond Jardine, Arthur Hartman, Martin Stohman, Otto Heil and Elmer and William Wendt.—Louisville Courier.

PACKERS DEVELOP MANY BY-PRODUCTS

A Use for Everything but the Squeal Still Motto of Meat Industry—Grows in Importance.

Washington, Nov. 28.—"A use for everything but the squeal" is still the motto of the meat-packing industry, and truer than ever before, but there is that in that motto which the Institute of American Meat Packers. Not only are many unique and interesting uses found for every part of the slaughtered animal, but the by-products industry, as a financial proposition rapidly is growing in importance.

The hides and bones long have furnished important returns in the shapes of leathers and fertilizers, but the bones now have an important use also for medical purposes. Blood is one of the first important by-products, and serum for use in research work as a culture for growing bacteria, is obtained by separating the corpuscles from the blood in dry forms the serum is also used to clear the composition used in coating photographic papers.

Blood albumen is used in the manufacture of water-proof glue for veneer work, aeroplane wings and other special uses. Blood from which the fibrin has been removed is employed to set colors in gingham and other cotton goods. Leucocytic extract is made from the white corpuscles and is injected in human veins to stimulate production of these corpuscles.

Blood cooked, pressed, dried and ground is a specific for "scours" to which calves fed on skimmed milk are subject. Tanners use it as a surface filler for some kinds of leather, and it is used in plaster as an agent to prevent setting or hardening too quickly.
