## LEGION POST TO HOLD LUNCHEON - SMOKER

Monday Evening, December 17th is Date Set for First Get-Together Under New Officers.

Monday evening, December 17th, is the date set for the first get-together meeting of the local American Legion post under the new officers for 1924, elected at a recent meeting of the post.

The club rooms have been fixed up considerably and made nice and comfortable for the accommodation of the members during the winter, and at the forthcoming meeting a lunch and smoker will be held. The "feed" committee is busy arranging a "come and get it" luncheon that will far eclipse anything ever handed out by the mess sergeants in the army days. Every member of the Legion is invited to attend, and the club and smoker will be well attended and made to feel at home. Of course, they will be urged to sign up for membership in the Legion for next year, but that is merely something every ex-service man should do anyhow.

## BOY SCOUTS TO MAKE CHRISTMAS SERVICE

The Boy Scouts of this city are planning their Christmas "good act" this year as that of assisting in the Near East drive that will be staged this week in an effort to raise funds for the children of the lands across the sea, which has been creating more or less interest in the last few days.

The Near East Relief committee is arranging a circular letter that is to be distributed to the Plattsmouth people and in this the Boy Scouts will have their part, as the boys are to see that a letter is delivered to each home in the city and to the residents of the city, in order that the public can fully appreciate the need of action in the relief work and the conditions that exist in the country overseas. This act of the Scouts shows that they are doing all that they can to aid in the good work. The letters will be distributed on Thursday evening, it is planned.

On Saturday the girls of the high school will conduct a tag day on the streets for the relief of the Near East children and next week a campaign will be made to secure clothing that is still serviceable for the use of the Near East relief depots in Turkey, Greece and Angora. This campaign will be under the direction of Mrs. John P. Gorder.

## YOUNG PEOPLE ARE WEDDED IN COUNCIL BLUFFS

Miss Fern Noble United in Marriage to Mr. Joseph H. McMaken, Jr., Saturday Afternoon.

### From Monday's Daily—

The many friends in this city of Miss Fern Noble and Mr. Joseph McMaken, Jr., were greatly surprised yesterday to learn of the marriage of these two very popular young people on Saturday afternoon at Council Bluffs, Iowa.

The wedding was very quiet and there were only a few of the near relatives that were aware of the intentions of the young people and it was not until they motored home yesterday that the friends were aware of the happy event.

Last evening a number of the friends gathered at the home of the bride's parents and tendered the newly weds a fitting reception that was enjoyed by all of the party and following which Mr. and Mrs. McMaken returned to Omaha where they expect to make their home in the future and where Mr. McMaken is engaged in the operation of a truck line.

Both of the contracting parties are well known here where they have grown to manhood and womanhood and their friends are limited only by the scope of their acquaintances.

The bride is a daughter of Mr. and Mrs. A. R. Noble and is a graduate of Plattsmouth high school.

The groom is a son of Mr. and Mrs. Joseph H. McMaken and was born and reared to manhood here and is a young man of industry and held in the highest esteem by a very large circle of friends.

## APPOINTED SHERIFF WILL HOLD OFFICE

E. P. Stewart Receives Long Distant Telephone Advice as to His Standing as Official.

### From Wednesday's Daily—

The question of the standing of E. P. Stewart, appointed sheriff of Cass county by Governor Charles W. Bryan, pending the outcome of the indictments voted against Sheriff Quinton, which are to come up for trial later, has been the subject of much interest and especially to Mr. Stewart who has been in a unique position of an official without an office.

Last evening Mr. Stewart was in telephone communication with the office of Attorney General Spillman relative to his duties and states that he was informed by the head of the state legal department that the appointment stood and that Mr. Stewart was the de facto sheriff of the county, pending the outcome of the trial of the sheriff on the charges preferred against him. With this information Mr. Stewart stated this morning to a representative of the Journal that he would rely on the information and the appointment of the governor to serve the office of sheriff until such time as the disability of the elected sheriff removed or different appointment made by the governor.

Members of the board of county commissioners state that they rely on the action of the governor to fill the office until definite court action is taken in regard to the indictments against Sheriff Quinton and in the event of his acquittal he would be restored to office while in the case of his conviction and permanent removal from office the board of commissioners would elect a successor to serve until the time of the next general election in 1924.

There are many rumors today that in event that Mr. Stewart would resign and decline the appointment or other complications arising that Nelson Jean would be named for the position of sheriff pro tem. Both Mr. Stewart and Mr. Jean are republicans in politics, from which party the successor of the sheriff would probably be made.

## BOTULINUS GERMS ARE IN SOIL OF NEBRASKA

Chicago, Dec. 11.—Samples of soil from the garden of the Morrill, Neb., family attacked by botulinus poisoning were declared today to show evidence of class A botulinus, according to announcement of Dr. John C. Geiger, epidemiologist of the United States public health service and professor at the University of Chicago. Samples from the soil of tow other nearby gardens also were examined and one of these, Doctor Geiger said, showed botulinus present, the other absent. Twenty per cent of the soil of the state of Nebraska, Doctor Geiger said, showed the presence of botulinus germs, a rather higher percentage than that Rocky mountain states, where, he stated, the botulinus outbreaks were most frequent. It was the class A botulinus, he said, which was also found in the samples of the home-preserved string beans which caused the deaths in the Morrill family. It is in the Rocky mountain states, especially, he said, where every precaution must be taken in home-preserving vegetables and meats to insure absolute sterilization.

## GOVERNOR COMPLAINS HE LACKED LEGAL ADVICE

Asserts Spillman Failed to Answer Query on Rights in Suspending Sheriff Quinton.

Lincoln, Dec. 10.—Governor Bryan today voiced a complaint against the attorney general's office. In suspending Sheriff Quinton at Plattsmouth, he said, he had to act "without advice of counsel."

The relations between the governor and attorney general should be that of counsel and client, the governor said. In his letter to Attorney General Spillman he asked if the facts at Plattsmouth justified him removing the sheriff, but said he failed to get an answer to this query.

The attorney general's office had the facts on which the indictments were drawn and the attorney general's office was the only one in position to tell the governor if he would be

legally justified in removing the sheriff, Governor Bryan asserted.

Two remedies were suggested by the governor. Either arrange the law so that the governor would appoint the legal department or give the chief executive control over the appropriations so that he may engage counsel when needed.

## CAPTAIN HOBSON FOUND NOT AWARE HE WAS LOST

Los Angeles, Dec. 11.—Capt. Richmond F. Hobson, Spanish-American war hero and prohibition worker and Capt. J. Hobson, a brother of Captain Hobson.

Miss Gertrude Morgan was among those going to Omaha this morning to spend the day visiting with friends and looking after some business matters to tell the governor if he would be
