MAKES APPEAL FOR SUFFERERS OF THE NEAR EAST

Miss Catherine McCormick and Miss Catherine Sedgwick Speak in Behalf of the Needy.

From Monday's Daily—
Bringing the message of the need of relief work among the children of the Near East, Miss Catherine McCormick, returned relief worker, was heard yesterday at the Christian, and Presbyterian churches and in the evening at the Parmele theatre in behalf of the movement for the saving of the lives of the thousands of the children of the Near East who have been for the past two years almost wholly dependent on the relief received from the United States.

At the churches Miss McCormick as well as Miss Catherine Sedgwick were heard in very strong appeals of the public for the assistance that is now so badly needed among the sufferers of the regions ravaged by the Turks since the close of the world war.

At the Parmele theatre last evening Miss McCormick spoke in addition to the showing of a special film and these two served to bring close to the auditors the real facts that exist in the Near East and the great part that the United States has had in the saving of lives. The pictures showed the ruined villages that mark the one time home of the Armenian people who have for years suffered from the brutality of the Turks; the population of these countries being driven from their homes; the long hikes under the rays of the desert sun; the ships crowded with the refugees and the thousands of orphan children who are now cared for under the beneficence of the American people in the camps established.

There are 115,000 children cared for directly by the American relief and partial aid given to 100,000 more of the children.

One of the interesting and pitiful scenes showed the little orphans being fed on corn grits sent from Nebraska, Iowa and Kansas to their relief.

Miss McCormick stated that last year Senator King of Utah visited the Near East and was converted to the great work that is being carried out in that section and proud of the part that his nation has played in the saving of lives among the children.

Locally the Near East relief is being looked after by E. H. Westcott and Frank M. Bester and contributions that may be made to the cause can be paid to either gentleman. Any gift no matter how small will assist in the great work of saving the children, and is a cause well worth while.

CAR STOLEN IN OMAHA

From Monday's Daily—
This morning word was received here that auto answering to the description of one stolen in Omaha was reported as being headed for this city and the officers warned to be on the lookout for the car. Officer William Heinrichsen, who is on duty at night was called and turned out to try and locate the car but the auto either changed its direction or had passed through the city before the officer could reach the main section of the city.

CASS COUNTY BOY WINS SCHOLARSHIP

Sheldon Tefft, Son of Mr. and Mrs. Clarence E. Tefft of Weeping Water, Wins Honor.

From Tuesday's Daily—
Sheldon Tefft, son of Mr. and Mrs. Clarence E. Tefft of Weeping Water, a senior in the law college at the University of Nebraska won the Rhodes scholarship for Nebraska, it was announced at Lincoln Sunday. Mr. Tefft was graduated from the Weeping Water high school in 1918 and got his A. B. degree at the state university in 1922. He is twenty-two years of age.

Mr. Tefft comes from two of the pioneer and most distinguished families of Cass county, being a grandson of Hon. Orlando Tefft, of Avoca, long a prominent figure in the history of Cass county and also a grandson of Ansel Sheldon, one of the early settlers of the county and a leading figure in the life of the community in which he has lived for the past sixty years. A cousin of the young man, George L. Sheldon, was governor of the state from 1906 to 1908. While at the university Mr. Sheldon has made very fine grades and was a brilliant figure in the law college and also on the state debating team.

Over twenty made application at the state university. This number was reduced to five by the faculty committee. Mr. Tefft will be entitled to enter Oxford in October, 1924. Nebraska also has a second choice for scholarship at large, to fill one of the several vacancies caused by failure of some of the men from other states to qualify. Raymond D. Wood, son of L. L. Wood, a senior at the University of Nebraska has been selected as candidate for scholarship at large. He will receive his degree in mid-winter and will go to Northwestern where he won a scholarship.

HAPPY HUNDRED DINNER POSTPONED FOR THIS MONTH

Too Many Activities and Christmas Shopping Time to Permit the Third Monthly Dinner.

From Wednesday's Daily—
The "Happy Hundred" dinner which in the past two months has been an event looked forward to with the greatest of pleasure by the male population of the city, will be postponed for the month of December, the committee in charge announced today.

The committee was in the first instance disappointed in not securing Ex-Senator G. M. Hitchcock as the speaker and next found that the date for the banquet was running into a number of other activities, the Boy Scout lyceum, Bargain Wednesday, and "Kathleen" which the committee felt the public would like to enjoy all of these events and accordingly the present week was out of the question and from next week on to Christmas the stores will all be open in the evening and consequently there will be no opportunity for the meeting.

It is announced that the next gathering will be on January 8, 1924, at the parlors of the First Methodist church and a real treat is promised of the public.

STILL AT THE HOSPITAL

From Monday's Daily—
Mrs. A. Dove Asch of near Murray was here today for a few hours between trains looking after some matters of business. Mrs. Asch is still at the Immanuel hospital in Omaha where she is assisting in the care of her nephew, R. G. Baldwin, who has been there for several weeks suffering from an abscess on one of his lungs. Mr. Baldwin will have to remain at the hospital for two months longer and the aunt will remain there to help care for him until he is able to return home.

TRAVELING IS DISAGREEABLE

From Wednesday's Daily—
The visitors in the city today from out in the county report that the rain and sleet of the past few hours have made the roads rather slippery, especially from the vicinity of Murray north into Plattsmouth. Residents of near Union state that the roads there were not in bad shape from the dampness and travel very easy but the federal highway farther north slope hills. During the early part of last evening a number of cars were reported as being in the ditches and along the roadside, having skidded there on the wet and slippery roads, but no serious accidents were reported in this locality.
