OUR EVERYDAY FRIENDS

As the present year is closing, we are taking this opportunity of extending a most hearty greeting to our, friends over the county. we wish you all a most Merry Christmas and Happy New Year.

In our everyday work, we have met you and have been encouraged by your optimism and good nature; it has been a tonic and we have, when things did not look the best, taken courage and endeavored to work just a little bit harder.

The friends which we had and those we have made during the year, we consider one of our greater assets. Without them we could not have made the degree of success which has come to us. These friends have made

the work the more pleasant, and we appreciate the kindly greeting in the days' work as the weeks have come and We are wishing that the

coming year may crown you with abounding health, substantial prosperity and lasting friendships.
