NO. 52

Death of Well Known Former Resident Here

Mrs. Walter Mutz Passed Away at Marysville, Missouri, Saturday Evening—Pioneer Here

From Monday's Daily—
The death of Mrs. Martha Caroline Mutz, wife of Walter W. Mutz and a former resident of this community, occurred Saturday evening at her home at Marysville, Missouri, following an illness of some duration, she having been failing in health for the past year and gradually growing more seriously ill until death came to her relief.

The deceased lady was formerly Miss Martha Caroline Hall, daughter of James and Elizabeth Hall, pioneer residents of the west and she was born at Osceola, Iowa, on November 7, 1854, and in which community she spent her childhood days and when the parents moved westward in 1864 they came to Nebraska and resided in Plattsmouth for some time where the deceased lady was a student in the local school, the family later returning to Iowa and locating in Mills county near Glenwood where they remained until 1879 when the parents returned to Cass county and located on the farm in Eight Mile Grove. The marriage of the deceased to Walter Mutz occurred in December 1875, in Mills county and for many years after that the family resided in this county and later located at Marysville, Missouri, where Mrs. Mutz has largely made her home.

The parents of Mrs. Mutz have preceded her in death, the mother passing away July 27, 1893 and the father on July 26, 1906, and there remains to mourn her loss the husband and nine children, Jessie Frances Mutz, instructor in domestic science in the Belmont school of Los Angeles, Miss Lou Allie Mutz of Los Angeles, also engaged in school work there, Guy B. Mutz of Marysville, Mrs. J. F. Chambers of Anson, Texas, Jay D. Mutz, John D. Mutz, Harry H. Mutz, Mrs. Ernest Harkness, all of Marysville and Mrs. Floyd M. Ambrose of Conception Junction, Missouri.

Of the family of Mrs. Mutz she is the fourth of eight children to pass away and the survivors are Dr. J. H. Hall of Plattsmouth, Sumner Hall of Pender, George Hall of near Elmwood and Mrs. Emma Craig of Morrill, Nebraska.

Mrs. Mutz was a devoted wife and mother and has lived to see her children attain a large measure of success and become prominent in business and educational work and highly esteemed in the communities where they make their homes.

The funeral services of Mrs. Mutz were held this morning at Marysville with the interment at the cemetery at that place.

RETURNS FROM CAMP

From Monday's Daily—
The group of Plattsmouth ladies and youngsters who have been in attendance the past week at the special school and swimming tests held by the Red Cross at Oak Park, at Seward, returned home yesterday and have enjoyed a week of the greatest pleasure amid the most attractive surroundings that this well known park affords.

The Red Cross held a number of swimming tests and in the beginner's course, in which the pupil is required to swim at least fifty feet, pins were awarded to Constance Rea, Anna May Sandin, Emily Lorenz, Lucille Meisinger and William Woolcott, Jr. The swimmer's pin in a more advanced group was given to Inga Reichstadt.

The special senior course in life saving was participated in by a number from all parts of the state and the local ladies to receive this award were Mrs. Ray Herring and Mrs. Lon Henry.

Yesterday the ladies of the party were joined by A. G. Bach and William Woolcott and who accompanied the members of the party back home. Those who spent the camping period at Oak Park were Mrs. Frank Mullen, Mrs. A. G. Bach, Mrs. Lon Henry, Mrs. William Woolcott, Constance Rea, Helen Woolcott, Emily Lorenz, Lucille Meisinger, Inga Reichstadt, Anna May Sandin, Josephine and Vitalis Murphy, of Weeping Water, and William Woolcott, Jr.

SUFFERS FRACTURED ARM

Dorothy Ann, little daughter of Mr. and Mrs. Robert Will, was injured on Friday afternoon while at the home of her grandparents, Mr. and Mrs. Edward Fitzgerald and the little lady is suffering a fractured left arm as the result of the accident. She had been riding a horse at the Fitzgerald farm and the horse sought the shade of a tree and in passing the trees Dorothy Ann was brushed from the back of the horse, alighting on her left arm and causing the fracture of one bone. Her uncle and aunt, Ed Fitzgerald, Jr., and Miss Marie, brought the injured child on into town and the broken arm was set and now she is doing very nicely.

CAPTURE BOOZE CARGO

From Monday's Daily—
This morning Chief of Police Joe Libershal apprehended two men driving a Richardson county car, the occupants of the car having an extra load of stimulants on board as well as carrying an emergency cargo of three gallons and a pint of the corn juice. The elder man in the party was well along in years and was driving with a great deal of difficulty while the younger man was "all in" as he was as thoroughly drunk as a man could well be and to unload him from the car at the city jail was no mean task for the chief. Both men were beyond giving an answer to questions as to their names, residence or where they had accumulated the cargo of booze. The parties will be allowed to regain some degree of sobriety before they are arraigned before Judge C. L. Graves to answer to the charge of possession of booze.

Athletics Win Slug Fest from Benson Boosters

Trim Omaha Suburb by the Score of 12 to 9 in a Hitters Contest; Schliske Goes Good.

From Monday's Daily—
The Plattsmouth Athletics of this city yesterday afternoon won a real slugging match from the Benson Boosters on the latter's diamond at the Omaha suburb and with the score of 12 to 9 at the close of the battle after the Benson team had staged a desperate rally that for a time looked dangerous.

The hurling of Alex Schliske was of the best and he held the Benson team to but a few scattered hits in the opening portion of the game although in the last half the Benson batters were able to garner a few more hits but were unable to win.

The hitting of the Plattsmouth team featured the game and in the first four innings of the battle a lead of 8 to 0 was piled up by the Athletics and which was too large a margin for their foes to overcome as the Athletics snaggled a few off Cross, Tech high star, who had been sent to the mound in place of Kucera in the fifth inning. Kucera was hit freely and George Sedlacek scored the longest hit of the game, a three sacker while Louie Svoboda led the Plattsmouth hitters with four safe singles during the game.

The locals suffered the loss of several hits as the result of the fielding of Kucera, who was stationed at third base after leaving the box and his work in grabbing them off cut down the scoring of the Athletics to a large degree.

The Athletics will play the Benson Plumbers at that place on next Sunday and which should prove another red hot game.

GIVES DELIGHTFUL RECITAL

On Saturday evening the charming Glenn Perry home south of this city was the scene of a most delightful recital given by the three sacker Miss Helene Perry in dramatic art. The home was arranged in the summer towers and here the talented young people of the class gave their program which was of a very high type and in which each one did splendidly. Dorothea Mae Duxbury was heard in "My Garden" and "Some One Turn the Curtain" while little Miss Elizabeth Ann Willes, one of the younger pupils gave "Tobey Finds Out" and "Nice Food." Mary Katherine Willes offered "Pantomime," "An Impromptu Fairy Tale," and "Taint Nothern" to Laugh At." Flora Jane Boedeker gave two interesting numbers, "Out Fishin'" and "The Vanished Joy," Pauline Baake gave "Cause 'em Ten" and Louise Baake "Our Hired Girl." Margaret Ann Pittz was heard in "The Tartar" and Gertrude Vallery in "The Mustard Plaster." Rose Mary Frederick presented "The Dream of the Star" and Renee DeLes Dernier, "The First Quarrel."

DEATH OF BABE

From Monday's Daily—
Mr. and Mrs. Sam Fitchorn residing south of this city were called upon last evening to mourn the loss of their babe who was born Saturday morning and passed away after a few hours. The event has brought a very deep sorrow to the parents and friends. Mrs. Fitchorn was formerly Miss Virginia Goucheour, daughter of Mr. and Mrs. Claude Goucheour.

ENTERTAINS AT FAREWELL

From Monday's Daily—
Yesterday Mr. and Mrs. Joseph Powell of this city entertained at a very pleasant dinner party as a farewell to their daughter, Lydean, who departed last evening for the west to make her future home. Those who enjoyed the occasion were Mr. and Mrs. Dee Powell, of Louisville, Mrs. Lucille Stones and children, Mr. Simons of Omaha and Roy McMahan, of Lincoln.

Three Inch Rain Comes as Relief from the Heat

This Erection Visited by Storm That Comes as Welcomed Relief to the Suffering People

From Tuesday's Daily—
This morning at 3:30 a very intense electrical storm swept down on this community and brought in its wake a welcome relief from the intense heat that has gripped this part of the west all of the past week and with temperatures ranging from 95 to 105.

The storm did no damage, however, and was a welcome relief to vegetation that had suffered a great deal in the last week although the rain will delay the threshing crews in the wheat belt who have not as yet completed their work. The rain poured freely down the hills into the main section of the city as the storm was at its height but did no damage and was easily handled by the sewers in this storm.

This morning the temperature stood at 73, one of the coolest records for the past week and which was very much appreciated by the long suffering public that had endured the intense heat for the latter part of July.

The second storm struck this city at 9:30 and brought with it an inch and a half of rain which added to the water courses and creeks up to a flood stage and as the rainfall was diminishing the sewers on west 10th street overflowed from the burden of flood water and the stream of water found its way down Washington avenue to Sixth street where most of it was safely carried by the sewers but a part of the flood water found its way on down Main street but without damage. A slight overflow occurred also on Chicago avenue but this flood water was handled by the intakes at the box sewers before the water overflowed into Main street.

No damage was reported as the result of the freshet along the streets and the occasion made a very brief time for the youngsters who bareheaded waded in the swirling waters as they flowed along the streets.

FUNERAL OF W. C. YOUNG

From Monday's Daily—
The funeral of the late W. C. Young was held yesterday at the Sattler funeral home at Fourth and Vine streets and attended by a large number of the relatives and old friends of the departed. The services were conducted by a minister from Nebraska City and at the conclusion of the services the body was borne to Oak Hill cemetery, where it was consigned to the last long rest.

William C. Young was born at Rock Bluff, Nebraska, April 18, 1860. He departed this life July 26, 1929, at the age of 69 years, 3 months and 8 days. He was united in marriage to Dolly Eaton, December 20, 1898. To this union were born ten children. He leaves to mourn his departure his widow and ten children, also eight grandchildren.

The children are Mrs. Enos Royer, of Plattsmouth; Mrs. Walter Rorer, of Plattsmouth; Mrs. Walter Rorer, of Plattsmouth; Mrs. Thomas, Henry and Mrs. Arthur Bush, all of Burlington, Colo.; Roy, Sarah, Bert and Wilma, all at home. Three sisters also survive his passing, they being Mrs. Lottie Cannon, of Aurora; Mrs. Mollie Jones, of Lincoln and Mrs. Nettie Walker, of Lincoln. A host of friends are also left to mourn his departure.

Mr. Young had been in poor health for eight years. He was stricken with a severe stroke of paralysis eight months ago, which confined him to his home and from which he never rallied.

Card of Thanks

We wish to thank the many friends and neighbors for their assistance and sympathy during the sickness, death and burial of our dear husband and father, also for the floral offerings.—Mrs. W. C. Young and Children and Families.

BLOODHOUNDS HERE

The bloodhounds from Beatrice, Nebraska, were ordered here Saturday evening to join in the search for the assailant of Miss Mildred Fleming but as it required some three hours to reach this city, Mr. Fulton and the hounds did not arrive until after the arrest and confession of the young man wanted for the offense. The hounds attracted a great deal of attention and it was rather disappointing to many that they did not get to see the dogs do their trailing act. The hounds did not reach here until after 10 o'clock and by that time all need for their services had passed.

LOCAL SHOE MAN RETURNS

With the return of Mr. Clement Woster, the Fetzer Shoe store announces that now, better than ever before, are they qualified to give the people of this community a long needed service in better shot fitting and foot comforters.

Mr. Woster has just returned from Chicago after having completed a course at the Scholl Orthopedic Training school. He rejoins the Fetzer Shoe Co. organization as a specialist in foot comforters and merchandising.

Mr. Woster, when asked about his stay in Chicago, highly praised the Dr. Wm. M. Scholl Organization. He stated that the course is so complete, he invites all his friends who have foot troubles or ailments to drop in and see him at the Fetzer Shoe store, for he assures them that no matter what ailment or trouble they may have of their feet—he will give them relief.

His Mother and Father Met Here Forty-Five Years Ago—Mother Resided in This City

From Wednesday's Daily—
Harry Hugo, the proprietor of the Hugo Players company that is showing in this city this week, has a warm spot in his heart for Plattsmouth as this city was the place where forty-five years ago his parents met here and later were married and resided in this part of Nebraska for a number of years.

Henry W. Hugo, father of Harry, came here as a member of the Beach & Bauer ministrel shows some forty-five years ago and later located in this city where he had met Miss Ida M. Perkins, daughter of Mr. and Mrs. Willis Perkins, old time residents of this community. The young people deciding to wed, eloped from here to Hamburg, Iowa, where they were married and then returned to Plattsmouth where Mr. Hugo was engaged here in a "bakery" for some time and later they moved to Lincoln and it was in that city that Harry Hugo was born.

After a few years in Lincoln the family removed to Oklahoma where they resided for many years, and where the family was reared and the son, following in the footsteps of the father, engaged in the theatrical profession and has been very successful in the work. The memory of the early days has led Mr. Hugo to bring his company to Nebraska each year and where his parents met and where the state where many years ago the parents made their home.

HAVE CAR OVERTURN

Mr. and Mrs. S. S. Gooding well known residents of the city are suffering from the effects of an auto accident that befell them near the Platte river bridge Sunday when they were forced into the ditch by a "road hog."

Mr. Gooding was at the wheel of the car as they were en route to Omaha and when not far from the bridge one of the fast stepping boys came along with his car and was holding the center of the road and to avoid a head on collision Mr. Gooding was forced to turn out to the extreme right of the road and where his car skidded in the loose gravel and was overturned. Mr. and Mrs. Gooding were both severely shaken up and bruised and Mr. Gooding sustained a laceration on the nose that was painful and cut so that it was necessary to secure medical aid. Mrs. Gooding had her left hand injured to some extent in striking it against the car during the overturning. It is most fortunate that these two estimable people were not more seriously injured in the smashup.

RETURNS FROM THE WEST

From Monday's Daily—
Miss Mary Peterson, who has been visiting at Tacoma, Washington, and other points in the Pacific northwest, returned home last evening after a most delightful outing. While at Tacoma Miss Peterson visited at the home of her sister, Mrs. Frank Cook and family and with Mrs. James McBride, also a sister. The weather conditions were very pleasant there and much cooler than in this section of the country. Miss Peterson reports both the Cook and McBride family as doing nicely and enjoying life very much in their new home.

VERY HAPPY OCCASION

The home of Mr. and Mrs. John L. Hild west of Mynard was made very happy on Saturday evening when there came to their home a fine eight pound son, who will in the future make his home with them and share the joys and sorrows of life with them. The little one and the mother are both doing nicely and the event has been one to bring the greatest of happiness to the proud father and the many relatives and friends of the family.

Social Circle Club Visits at Larsh Estate

Picnic Party Held Amid the Scenes of One of the Beauty Spots of Eastern Nebraska

The Lewiston Social Circle club, one of the active social organizations of the progressive community had a most delightful gathering on Sunday, the occasion being the annual picnic party for the Circle and their families.

The location for the picnic was the beautiful and attractive estate of John Larsh east of Union, one of the most attractive spots in eastern Nebraska and where the natural charming surroundings have been enhanced by Mr. Larsh until it is a place of real beauty.

The members of the party inspected the Larsh home and also enjoyed a dessert of the hills that surrounded the vicinity of the Larsh home and which form a real picture of the wild life that once formed, all of this part of the west.

Mr. Larsh has his ponds stocked with fish and the members of the Social Circle club had the opportunity of witnessing the feeding of the fishes, and the sight of the trout and other game fish being fed was most interesting and the fish used to the presence of strangers did not allow the crowd to interfere with their luncheon.

The big feature of the day was of course the picnic dinner and when the bountiful baskets of the good things to eat were produced there was a real feast enjoyed and nothing left to be wished for in this line as the ladies had even provided the dessert of ice cream and cake for the picnic.

The Social Circle party was joined by the picnic party of Mr. and Mrs. R. E. Foster and who enjoyed the time with their joyful neighbors. Mrs. Richard Smith of South Dakota, who is visiting her parents, Mr. and Mrs. Art Penarley as well as Mr. and Mrs. Rue Frans of Syracuse were guests of the club for the day. Mrs. Frans being a sister of Miss Rachel Kendall, secretary-treasurer of the Social Circle.

The meeting of this organization will be held at the home of Mrs. Lula Wolf and it is wished that every member make an effort to be in attendance.

SEARCH FOR JAIL BREAKER

From Tuesday's Daily—
Local county and city police officers were busy yesterday on the lookout for Chester Thomson, who Sunday night saw his way out of the Otoe county jail at Nebraska City and made good his escape. The officers were unable to find any trace of the wanted man and he had evidently avoided this city.

Thomson, awaiting trial on charge of grand larceny, had been frustrated by Sheriff Carl Ryder of Otoe county in three previous attempts to break from his cell.

Thomson made his escape by sawing off a door of the third window from the east on the south side of the jail, which is in the basement of the court house. In order to make his escape it became necessary to cut away two steel latches having a width of two inches and a thickness of one-quarter of an inch, and two one-inch bolts that served as hinges. Sheriff Carl Ryder had been called to Syracuse because of an automobile wreck and left instructions to H. J. Lyon, deputy sheriff, to feed the prisoners. This was at 6 o'clock in the evening. Upon his return at 9 o'clock he heard pounding on the steam pipes in the basement. Making an investigation he was informed by John Krause and Elmer Graham, prisoners serving out fines for drunkenness, that Thomson had made his escape and had been gone about 20 minutes.

Description Broadcast.
Sheriff Ryder immediately spread the alarm that a desperate prisoner had escaped. All nearby villages and cities were notified of the escape and Henry Fields of Shenandoah volunteered to broadcast a description of Thomson, the missing prisoner.

It was believed that Thomson had confederates in bringing about his freedom, and that saws must have been slipped into him through the grating of the jail windows. It is even possible, the sheriff declared that outside parties may have assisted in sawing off the latches and bolts of the windows.

For several weeks Thomson displayed a surly temperament and kept himself in a large cell the greater portion of the time, but for the last two weeks had been unusually agreeable. His previous attempts to escape were nipped in the bud as Sheriff Ryder has made it a practice to inspect the jail closely every Monday morning.

Miss Clara Mae Morgan, who is making her home at Duncan, Oklahoma, arrived last evening from the south and will visit here with her mother, Mrs. Mae S. Morgan and other relatives for a time before returning to Oklahoma.

DOING A GOOD JOB

John C. Brittain, who was secured to look after the cleaning of the lamps and shades and the electrolier posts along Main and Sixth streets and the other parts of the electrolier district is now hard at work.

The work was started yesterday, and Mr. Brittain made good progress, taking advantage of the hot summer day to cover two blocks of the district. The electroliers have been painted a shade of green that makes much better appearance than the former dark paint and sets them off very strikingly. Jack and his assistant, Henry Trout also have painted the fire hydrants with the green and set this off with a red top that will warn the motorists not to park too near the fire plug. The job is one that adds a great deal to the appearance of the streets in the electrolier districts.

Charges Filed Today Against Ralph Hiner

Assault With Intent to Commit Murder Attempted Rape, Is Charge Preferred

From Wednesday's Daily—
This afternoon in the County court before Judge A. H. Duxbury, a complaint was filed by County Attorney W. G. Kleck charging Ralph Hiner with the crime of assault with intent to commit murder and attempt to commit rape, in attacking Miss Mildred Fleming at her home in this city on Saturday afternoon.

The young man charged with the crime is still in the Douglas county jail at Omaha to which place he was taken immediately after his arrest Saturday night by Sheriff Reed and his deputies.

The filing of the information will follow by the serving of the warrant on the youth at the jail at Omaha and his return to this city at a later date to be arraigned in the county court and to plea in the case as to his guilt or innocence.

Hiner made his way into the Fleming home on Saturday afternoon sometime between 3 and 4:30 Saturday afternoon and struck Miss Fleming with a large bolt, on the victim of the attack having some eleven lacerations on the head from the bolt and two of which resulted in skull fractures.

When arrested the young man acknowledged the crime but could ascribe no motive and his statement was that he found himself in the Fleming home and possessed of a great rage, rained blows on the head of the unfortunate girl, who sought to escape and it was not until she cried out "why did you hit me?" that caused him to regain his poise and he fled from the house.

MUST HAVE LICENSE

The drivers of automobiles in the state of Nebraska are going to be regulated under the law effective on September 1st to have a license duly issued by the state of Nebraska that will permit them to drive and without this they will be subject to a fine.

County Treasurer John E. Turner under whose department the issuance of the licenses must fall, has ordered the blanks that must be filled out by the applicant for a license in person and in the presence of the treasurer or some person acting under his direction. As soon as the applicant to make application for a license and his force will start in on the work of receiving the applications and issuance of the licenses.

Every driver of a car, truck or other motor vehicle must have these licenses by the 30th day of September or suffer the consequences of the law and the violation of the law will bring a stiff penalty for its neglect.

The fee charged for the licenses is seventy-five cents and under the ruling of the attorney general the treasurer or party designated to receive the applications shall retain a fee of twenty-five cents from this sum and the remainder is divided among the counties and the state. The work will be very heavy as it is estimated that there will average a license to two people to each car in the state as many families will have several to make application for the drivers license while using only one car.

Under the law no one will be allowed to operate a motor vehicle under any condition unless they have a license and to secure this they must be sixteen years of age or more and which will eliminate much of the practice of very young people driving cars.

DEATH OF MRS. BUSCHE

The death of Mrs. F. L. Busche, former wife of the well known paving contractor of Omaha, occurred Sunday at Long Beach, California, where Mrs. Busche has resided for the past two years following the separation with Mr. Busche. The deceased lady has been in poor health for some time and the death was not unexpected. The deceased lady is survived by two sons and two daughters, all residing in Omaha.

New Routing of D. L. D. Highway is Proposed

Ashland People Suggest Compromise to State Engineer Cochran's Plan

A compromise route for the D. L. D. highway to pass through the northwest part of Ashland, but avoiding the main business section, which would cross Platte river on a new bridge just below the one now in use and then angle directly across country to Gretna, running a mile and a half north of Mella, was proposed Saturday to Governor Weaver, State Engineer Cochran, and Federal District Engineer Shoemaker by a committee representing Ashland citizens and business interests.

This routing, if agreed upon, will take the place of the line laid out by the federal and state engineers, running along the south edge of the Burlington tracks from a point southwest of Ashland all the way to Gretna, and also of the one first proposed as an alternative thereto, about half a mile to the north. The Ashland people strenuously object to the "inners" route which they say would cut through the heart of the highway by a "Chinese wall," to wit the Burlington railroad embankment which allows only one entrance to the town through a passage underneath the tracks.

Counter objections were made to the road first offered as a substitute, on the ground that it would be a quarter of a mile longer, with more turns and curves, and would involve that amount when the highway is paved through to Omaha.

Saturday the Ashland committee, comprising C. N. Harnsberger, W. M. Walton and City Engineer C. E. Fulton, submitted revised plans for a shortened route which they declared is even more direct than the one favored by the federal and state engineers.

Would Save on Bridge

Their new route, they asserted, saves a quarter of a mile of distance as compared with the federal-state project and also crosses the Platte river where the channel is considerably narrower, which would materially diminish the necessary outlay for a new bridge.

Engineers Cochran and Shoemaker in looking over the plan, found that the route laid out by the Ashland group runs through a number of farms. They feared this would mean a big lot of damage claims to pay, which would offset any saving in construction cost. However, the proponents said they thought the right way could be secured largely through donations. They were willing to go out and make a canvass among the land owners with that object in view.

It was thereupon agreed in the conference that the plan will be sent by the state highway department to make a complete survey of the route that Ashland citizens are backing and prepare detailed cost estimates thereon. When these figures are determined, if the showing is favorable the state plan, it probably will be adopted.

Comparative expense is expected to be the final determining factor. As between the two routes first suggested, Federal Engineer Shoemaker has given notice that the United States bureau of public roads will pay only one-half the cost of the cheapest route. This means that if the state were to proceed with a project costing \$100,000 more it would have to bear the entire additional outlay.

Four or five days' time will be needed to make the survey, and after that the Ashland committee would like to have a week for its canvass among land owners. The showdown will come in about two weeks.

WILL ATTEND BUSINESS COLLEGE

From Monday's Daily—
This morning Vern Hendricks departed for Grand Island where he goes to attend the Grand Island Business college to take up the full course there and fit himself for this line of work. Mr. Hendricks was a student at Nebraska university for two years following his graduation from the local schools and has for the past four years been engaged in the work in the BRES shops here, serving as foreman the past year in the paint department. A very bright student and ambitious he will find a great opportunity in the business course that he is taking up. Mrs. Hendricks accompanied her son to Grand Island where she will enjoy a visit there with friends for a few days.

DEPART FOR COLORADO

From Monday's Daily—
Yesterday Mrs. Bertha Shopp and daughter and Louis Lohme departed in the car of Mrs. Shopp for the west, and will make a stay at Denver, where they will visit with William Shopp at the Fitzsimons hospital, where he is now receiving treatment from an illness of some duration. The party later expects to go to Yellowstone park for a short stay prior to their return home to this city.
