

Young People are Wedded at Elmwood

Miss Dorothy Olson Married to Skyle Miller of Harrington, Kansas At Bride's Home.

The marriage of Dorothy Olson, daughter of Verena Olson, to Skyle Miller of Harrington, Kansas, took place at the home of the bride's mother last Sunday.

Rev. J. P. Clark performed the ceremony at 2:00 o'clock in the presence of immediate relatives and friends. About forty guests were present.

The scene was a pretty home wedding with an arch of orchid and white streamers with flowers fastened to the end of each. Large baskets of gladioli, sweet peas and ferns were used which completed the decorations.

The out of town guests were: Mrs. Lena Shilling and son, Oscar, of Omaha; Mr. and Mrs. J. J. Meier and Ruth Jean of Weeping Water; Mr. and Mrs. Earnest Hollenbeck of Peru; and Mrs. H. B. Hoyd and children.

Need of Starting Road to the New Bridge

Span Over the Missouri Will Be Completed Before Road If Matter Is Not Hurried

The construction of the highway that will lead from this city to the new Missouri river bridge is getting to be a matter that is needing pushing as the bridge is getting along nicely in its construction and needs a roadway that will lead to it.

The fall season may bring with it rain and a stormy condition that will make road construction impossible and this will further delay the road program and put the situation where the bridge will be ready but no road leading to it from this side of the river.

The state, county and city have agreed on a highway but this is held up by the fact that it is necessary to carry on negotiations with the Burlington for the use of a part of their right of way where the highway is entering the city, and so far the necessary agreements have not been made that will allow the construction of the road to be started.

SCOUTS WELCOME PRINCE

Arrow Park, England.—Fifty thousand boyish voices cheering in all languages roared welcome Friday to the prince of Wales, accompanied by Ambassador Dawes in the royal box, at the world Boy Scout jamboree here.

It was a great day for the scout troops and particularly exciting for the 1,300 American youngsters whose camp was inspected by the heir to the British throne, Ambassador Dawes made an informal surprise visit Friday afternoon.

The prince read a message to the assembled troops from his father, King George, who asked the boys to remember it chiefly upon coming generations the future peace of the world depends.

APPEAL OF \$7,500

Lincoln, Aug. 1.—Following a jury verdict in favor of a young wife who contended in court that her husband's parents caused a divorce between them, the older couple appealed to the supreme court, Thursday.

From a judgment of \$7,500 damages for alienation of affections, Mr. and Mrs. Elmer Williamson of Lincoln made the appeal. The judgment was given in district court to Mrs. Emma Williamson, wife of Alva Williamson, who has sued for \$30,000. The plaintiff and Alva Williamson were married at the home of the plaintiff at Lenox, Iowa, July 4, 1927.

Philippine Veterans May Receive Pay

Spanish War Vets of 1st Nebraska Plan to Start Move for Travel Pay Due Thirty Years

Local veterans of the Spanish-American war who served in the Philippines with the famous First Nebraska infantry and participated in the campaigns of the Philippine war that followed the close of the Spanish war, will be interested in the move that is being initiated at Lincoln for the purpose of securing the travel pay for the vets that has been due since 1899 or thirty years ago.

Approximately five hundred dollars per man with interest, will be received if the plans started by the veterans of a Foreign Wars is carried to a successful conclusion.

The move in Lincoln is being initiated simultaneously with similar moves by veterans in North and South Dakota, Kansas and Wyoming. It is announced that Iowa, Tennessee, Pennsylvania and Minnesota are also interested.

Commander Grossman of the Lincoln post of the Veterans of Foreign Wars, states that the claim of the veterans is a just one, which has been admitted as a debt of the government by a court of claims and by the comptroller of the currency.

Enlistment Ended with War. The purpose of the present move is to persuade congress to make an appropriation for the discharge of the obligation.

The situation resulting in the claim arose when peace was declared between the United States and Spain. Volunteer soldiers and enlisted "for the period of the war," and were entitled to discharge. But the Philippine insurrection broke out in February, 1899, and in March of that year, when discharge of the soldiers was due the government was without regular army troops to replace them to curb the insurrection.

The government asked the commander general, Otis, if he could re-enlist the volunteer soldiers, and this was called back that he thought this could be done if the government would pay travel allowances, at the end of the regular enlistment, to places where the soldiers were mustered in, in addition, to transportation to those places at the end of the second enlistment.

It was under this agreement that the soldiers remained for another six months' period, according to the claim; but when the men returned to the United States they were told at San Francisco that an act of congress would be necessary before they could get their money.

Committee Is Named

Congress never has passed the required act. In the movement to establish the present claim, Post Commander Grossman, with approval of Lester Anderson of Fremont, department commander, has appointed a committee composed of H. E. Clapp, state quartermaster of the Veterans of Foreign Wars; P. J. Cosgrave, former district judge and a captain in the First Nebraska; Frank D. Eager, former lieutenant colonel of the regiment, and F. L. Fassett, adjutant of Fraley post, all of Lincoln. Subcommittees will be appointed for the various cities and B. J. Newton is a committeeman for Omaha, with offices in the courthouse building.

Senator Howell and Congressman Sears are said to have promised Nebraska veterans that they will introduce bills in their respective houses at the December session to authorize the appropriation for the veterans.

Improvement of the Missouri River Starting

Section From Kansas City North to Sioux City to Be Made Ready for Barges

Although there has been considerable delay this year in the work of improving the Missouri river for navigation due to the long continued period of high water, which prevented active operations, the work is now in full swing and rapid progress is being made. Work is being done by the Government forces and under contract. There are now nine different contractors at work on the Missouri river and with the Government forces about 6,000 men are employed, including those engaged in supplying material for river work.

Some idea of the extent of this work is given by reviewing the enormous amount of equipment employed in this river work. At the present time the following equipment is in use on the river: two boats 30, quarter boats 33, barges 189, pile drivers 53, derrick boats 11, pontoons 31, grading machines 6, launches 39, steam shovels 5, air compressors 4, trucks 40, dredges 3 and skiffs 177.

New work now under way by both the Government and the contractors calls for 120,000 feet of revetment, 242,000 feet of dikes and 7,500 feet of retards. Besides this, repair work is being done on 72,000 feet of old revetment and 17,500 feet of dikes. Money allotted to the Missouri for the current fiscal year totals \$9,829,500.00.

Work on the Middle River, Kansas City to Sioux City, is starting in a big way and contracts on this section of the river have recently been let on undertaken by the Government, totaling \$1,536,000.00. The District Engineer's office has been making an intensive study of this section of the river and planning the improvement work. It is the confident belief that by the next season work will be under full headway on this section of the river.

Although there has been delay in the work this year it is still the opinion of the engineers that the channel work will be sufficiently advanced to justify the opening of the Barge Line Service of the Inland Waterways Corporation on the Missouri River as far as Kansas City in the spring of 1931.

LADY LEGISLATOR HERE

From Friday's Daily.—Mrs. and Mrs. William Gillespie of Omaha were in the city for a short time, motoring down to visit with Dr. E. J. Gillespie, a brother of the former. Mrs. Gillespie is perhaps better known as Mrs. Mable Gillespie, the lone lady member of the Nebraska legislature and three times elected to the house of representatives from Sarpy county where she has been a lifelong resident. Mrs. Gillespie has made a very notable record in the legislature and was one of the active leaders of the minority in the last session residing on a farm near Gretna.
